

GRAPHIC DESIGN

The graphic design field is bursting with extremely diverse career possibilities that span all areas of industry including the New Mexico film industry. Today's graphic design courses reflect this new world of visual communication where talented graphic designers are now limited only by their imagination

The Associate of Applied Science in Graphic Design degree and certificate programs are designed to teach students the skills required for a career in the continually expanding graphic design industry. The courses required for this degree are both centered in business, marketing, digital art and technology. Students begin by learning the basic principles of art and design as they are training in the use of industry standard software to enhance their skills.
