EARLY CHILDHOOD EDUCATION

Associate Degree: Early Childhood Education

The Early Childhood Education associate degree program is designed to prepare students to become highly qualified teachers, assistant teachers, or family day care providers in professional child care for children ages birth through eight years. Students will gain a broad understanding of the specific needs of young children and develop strategies for meeting those needs. They may choose to continue their education at any four-year institution in New Mexico.

The DACC program includes the lower-division courses required for entry into the Teacher Education Program (TEP), a baccalaureate program at New Mexico State University. Alternatively, students may opt to transfer to a similar program at another four-year institution. Completion of this program does NOT guarantee admission into a Teacher Education Program at a four-year institution. Early in their second year of study at DACC, students should contact the four-year institution they have chosen to obtain application information.

Requirements and Limitations

1. Students in the Early Childhood Education Program are required to complete and pass a security background check in order to take practicum courses and complete field experiences. Past criminal violations may prevent a student from completing the degree and from being hired by school systems or other child care facilities upon graduation.

2. Students must complete all technical requirement courses as well as the following courses with a grade of C or better:
   - C EP 110G Human Growth and Behavior 3
   - ENGL 111G Rhetoric and Composition 4
   - ENGL 211G Writing in the Humanities and Social Sciences 3
   - MATH 120 Intermediate Algebra 3
   - MATH 111 Fundamentals of Elementary Mathematics I 3
   - MATH 112G Fundamentals of Elementary Math II 3

3. Students must have a 2.0 GPA to graduate from this program. However, because a 2.5 GPA is required for acceptance into the Teacher Education Program at NMSU, it is highly recommended that DACC students complete the Early Childhood Education program with a 2.5 cumulative GPA.

4. Any education course more than seven years old taken at NMSU, NMSU community colleges or other institutions will not be counted toward the student’s baccalaureate program. It is highly recommended that students request a review of their cumulative coursework by the appropriate department at NMSU. Any course not approved must be repeated by the student.

5. Completion of all requirements does not guarantee acceptance in the NMSU Teacher Education Program. Please see the NMSU College of Education Advising Center for more information.
