

BUILDING TRADES WOODWORKING - CERTIFICATE OF COMPLETION

The Woodworking Certificate Program is designed to provide participants with a comprehensive and hands-on experience in the art and craft of woodworking. This program is ideal for individuals seeking to develop their skills in woodworking, whether as a hobbyist or as a foundation for a potential career in the woodworking industry. Upon successfully completing the program, participants will receive a recognized certificate.

This credential not only showcases your commitment to mastering the art of woodworking but also serves as a valuable asset for those pursuing woodworking as a profession.

The 16 credit hour certificate in Building Trades Woodworking is designed to provide an introduction to the theory and skills necessary for the construction of wood based items such as furniture and cabinets.
