CREATIVE MEDIA DESIGN - ASSOCIATE OF APPLIED SCIENCE

60 credits

The Associate of Applied Science in Creative Media prepares students for entry-level work in the media industry. Students will develop a foundational workflow using industry standard software to create a multitude of digital media assets, along with gaining experience with project management and elevated computer literacy. The skillset and workflows obtained through this program can also be utilized in fields such as education, television/film, and game design.

Students must complete all University degree requirements, which include: General Education requirements and elective credits to total at least 60 credits. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

[1] Each course selected must be from a different area and students cannot take multiple courses in the same area.

[2] See the General Education (https://catalogs.nmsu.edu/grants/general-education/) section of the catalog for a full list of courses.

[3] Elective credit may vary based on prerequisites, dual credit, AP credit, and/or certificate coursework. The amount indicated in the requirements list is the amount needed to bring the total to 60 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-by-case basis and students should discuss elective requirements with their advisor.

Prefix	Title	Credits
General Education		
This degree requires courses from New Mexico General Education Areas I, IV, V, and VI for a total 13 credits. Courses listed are recommended and others can be found on the NM General Education list below.
