

# HUMAN DEVELOPMENT & FAMILY SCIENCE - BACHELOR OF SCIENCE

This major stresses the interrelationship of individuals across the life span and the impact of social and economic factors on the family system. Graduates are prepared for professional work with social and community agencies and other programs serving children and families. This degree program has been deemed a CFLE-approved academic program by the National Council on Family Relations. After successfully completing the required coursework, students are considered proficient in the ten Family Life Education Content Areas and may apply for provisional certification. Provisional CFLEs may achieve full certification as soon as they document sufficient work experience in family life education. You must work closely with an advisor. You must achieve a grade of C- or higher in your required core and minor courses, and must retake required courses with a grade lower than C-.

You must have a GPA of 2.5 or higher before enrolling in FCST 424 Field Experience: Issues and Ethics; and FCSC 348 Teaching in Informal Family and Consumer Sciences Settings. Students are recommended to declare a minor related to the FCST field such as CAST, CEPY, ECED, GERO, PHLS, PSYC, SOCI, SOWK and GNDR in order to solidify the minor/elective requirements below and the suggested roadmap.

## General Education Requirements

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.
