1. Students must take one Area III: Laboratory Sciences course, one Area IV: Social/Behavioral Science Course and an additional course in either area in order to fulfill the General Education requirements.
2. Students must take one Area V: Humanities course and one Area VI: Creative and Fine Arts Course in order to fulfill their General Education requirements. Students completing the Concentration in Culture and Language may take LING 2110G for their Area V requirement.
3. See the General Education (https://catalogs.nmsu.edu/nmsu/general-education-viewing-wider-world/) section of the catalog for a full list of courses.
4. Please note that immersion courses abroad are available through Study Abroad and may substitute for courses in the second language sequence. Language courses numbered 1110 and 1120 are needed for the basic foreign language requirement for the BA in Anthropology. Language courses numbered 2110 and 2120 are required for students pursuing the Concentration in Language and Culture.
5. Core courses ANTH 301 Cultural Anthropology, ANTH 315 Archaeological Method and Theory, and ANTH 355 Biological Anthropology may be taken in any order that best suits the student's academic development.
6. Summer course offerings commonly include ANTH 388 Archaeological Field School, ANTH 488 Advanced Archaeological Field School, which follows logically from the ANTH 315 Archaeological Method and Theory core class.

[7] Students are encouraged to Study Abroad or begin a minor in a related field, and a VWW course can often be an entry to a minor. Three credits of Study Abroad may substitute for one VWW requirement. Students completing the Concentration in Culture and Language may take LING 302V as one VWW requirement.

[8] Anthropology students often complete minors in related fields. It is recommended but not required.

[9] Please note that ANTH 399 Professionalism & Practice in Anthropology is a capstone course for the degree and ideally should be taken after completion or in conjunction with the Anthropology core courses.

[10] For summer field opportunities, consult a faculty advisor. Applications for summer field courses are usually due by mid-March.

[11] A minimum of 27 upper division credits in Anthropology is required overall. A minimum of 36 total credits in Anthropology is required for the B.A. degree.
