3

ECONOMICS - BACHELOR OF ARTS

The Bachelor of Arts major in Economics is the only bachelor of arts degree offered through the College of Business. It has the advantage of including a large number of general electives. This feature provides great flexibility to the student who, in addition to completing the courses for a major in economics, may wish to take a double major or take courses from a wide variety of other subjects of his or her own choosing. This program is suitable for, among others, students who plan to go to graduate school in economics, law, business, the social sciences or other areas.

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

General Education Grades of C- or better are required in general education communications courses. Area I: Communications English Composition - Level 1 Choose one from the following: ENGL 1110G Composition I ENGL 1110H Composition I ENGL 1110M Composition I English Composition - Level 2 Choose one from the following: SENGL 2210G Professional and Technical Communication Honors ENGL 2221G Writing in the Humanities and Social Science Oral Communication Choose one from the following: ACOM 1130G Effective Leadership and Communication in Agriculture COMM 1115G Introduction to Communication COMM 1130G Public Speaking HNRS 2175G Introduction to Communication Honors Area II: Mathematics MATH 1220G College Algebra (Foundation Requirement) 3 Area III/IV: Laboratory Sciences and Social/Behavioral Sciences 10 ECON 2110G Macroeconomic Principles (Credits are counted in Business Core) ECON 2120G Principles of Microeconomics (Credits are counted in Business Core) Area V: Humanitites 3 Area V: Creative and Fine Arts 2 General Education Elective MATH 1430G Applications of Calculus I (must earn a grade of at least C·) 1 Viewing A Wider World Courses 3 6 Departmental/College Requirements	Prefix	Title	Credits

Foundation Requirements 4

Choose one from the following:

If MATH 1350G is taken before MATH 1220G then the Statistics course will satisfy the Area II Requirement and MATH 1220G must be taken as a foundation requirement $^{\rm 1}$

Total Credits		
Electives, to bring the total credits to 120 ⁶		49
Second Language: (no	ot required)	
Additional ECON Upper Division Electives		6
ECON 450	International Economics	
ECON 449	Open Economy Macroeconomics	
ECON 332	Public Finance	
At least two electives r	nust be from the following:	6
ECON 457	Mathematical Economics	3
ECON 405	Introductory Econometrics	3
ECON 312	Intermediate Microeconomic Theory	3
ECON 311	Intermediate Macroeconomic Theory	3
ECON 304	Money and Banking	3
Major Courses ⁵		
ACCT 2110	Principles of Accounting I	3
A ST 311	Statistical Applications (Foundation Requirement - doesn't count as Gen.Ed)	
MATH 1350G	Introduction to Statistics	

- Students may be required to take MATH 1215 Intermediate Algebra, depending on their math placement. MATH 1220G College Algebra or MATH 1430G Applications of Calculus I or MATH 1350G Introduction to Statistics fulfills the general education requirement in math.
- ² See the General Education (https://catalogs.nmsu.edu/nmsu/general-education-viewing-wider-world/) section of the catalog for a full list of courses.
- See the Viewing a Wider World (https://catalogs.nmsu.edu/nmsu/ general-education-viewing-wider-world/#viewingawiderworldtext) section of the catalog for a full list of courses and how to fulfill this requirement.
- All Foundation Requirement Courses must be taken, or satisfied with transfer credits, regardless of which Mathematics or Statistics course satisfies the Area II General Education course: MATH 1220G, MATH 1430G and MATH 1350G or AST 311 must be completed.
- ⁵ Economics majors must earn a minimum cumulative GPA of 2.5 in the 27 credits of departmental requirements.
- ⁶ Elective credit may vary based on prerequisites, dual credit, AP credit, double majors, and/or minor coursework. The amount indicated in the requirements list is the amount needed to bring the total to 120 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-by-case basis and students should discuss elective requirements with their advisor.

A Suggested Plan of Study for Students

This roadmap assumes student placement in MATH 1220G College Algebra and ENGL 1110G Composition I. The contents and order of this roadmap may vary depending on initial student placement in mathematics and english. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change.
