

INFORMATION SECURITY TECHNOLOGY - UNDERGRADUATE MINOR

A grade of C- or better is required in each course (no courses may be taken S/U). All prerequisites must be met before enrolling in a class. Engineering Technology students can meet most of the requirements for this minor by judicious selection of their electives. This minor is not meant to be a fully online minor.

Prefix	Title	Credits
Required Courses		
ICT 450	Ethical Hacking	3
BCIS 482	Management of Information Security	3
C S 272	Introduction to Data Structures	4
