

PUBLIC HEALTH - GRADUATE CERTIFICATE

The graduate certificate program in public health is not an official graduate degree offered by NMSU but rather a focused collection of courses that enrolled students complete in public health. These courses are designed to provide and/or enhance students' knowledge of and skills in public health practice. Those students who successfully complete the previously listed courses receive a certificate of completion statement on their official transcript and a formal certificate from the university.

Prefix	Title	Credits
Certificate Program Courses		
PHLS 5110	Community and Psychosocial Aspects of Public Health	3
PHLS 5130	Epidemiological Approaches to Disease Control and Prevention	3
Choose one Health Policy Elective from the following:		3
PHLS 5140	Health Services System: Administration and Organization	
PHLS 5160	Public Health Policy Analysis	
PHLS 5150	Environmental Public Health Issues	3
Elective ¹		3
Total Credits		15

¹ For those who have not had any statistics courses it is strongly recommended that they complete PHLS 5120 Biostatistical Applications in Public Health as their elective.

Note that students who complete the Graduate Certificate are eligible to sit for the Certified Public Health (CPH) examination.

Apply online at <http://gradschool.nmsu.edu> (<http://gradschool.nmsu.edu/>). International students are required to contact the Center for International Programs at (575) 646-5480.
