# **NMSU ONLINE CATALOG**

This catalog is the student's guidebook to earning a degree or other academic credential. The catalog contains three important parts: (1) the official listing of NMSU's academic programs and their requirements, (2) a listing of the courses offered at NMSU with descriptions and prerequisites, and (3) other information essential for student success including many of the rules and regulations that govern the student's academic journey at NMSU.

As with any other journey, advance planning is essential. To avoid wrong turns and lost time, each student must chart their own path, with the help of their academic advisors and this guidebook. Each student is responsible for planning an academic program of study in compliance with university, community college, college and departmental requirements as set forth in the Catalog. In addition, each student is obligated to abide by the Academic Rules and Regulations as set forth in the Catalog, as well as the Student Social Code of Conduct, as set forth in the Student Handbook (available through the Dean of Students website).

Upon proper application and payment of fees, students will be awarded academic degrees and designations when the completion of the academic program requirements is verified by the relevant NMSU academic unit. Degrees and designations may be awarded under any catalog in effect on the date of degree or designation completion, provided that the catalog year is the same or subsequent to the year in which the student was first enrolled.

The academic program requirements of each catalog are effective for a period of eight academic years. This 2023-2024 Catalog is effective summer 2023 through spring semester 2031. All other catalog content, including rules, regulations, course descriptions and prerequisites are effective only for the catalog's denoted academic year. While content changes are typically implemented between Catalog years, the catalog does not represent a contract and NMSU reserves the right to make modifications to the catalog at any time.

Academic programs at the New Mexico State University System are available to all students without regard to age, ancestry, color, disability, gender, national origin, race, religion, sexual orientation or veteran status.

> Associate Registrar: Gabrielle Martinez Graduation & Curriculum Data Specialist: Daniela Lucero

# **University Leadership**

### **NEW MEXICO STATE UNIVERSITY**

#### Chancellor

TBD, Chancellor

#### **Board of Regents**

Michelle Lujan Grisham, Governor of New Mexico, Ex Officio Regent from Santa Fe.

Ammu Devasthali, Appointed Regent from Las Cruces, NM for term December 31, 2028.

**Deborah Romero**, Appointed Regent from Santa Fe, NM for term December 31, 2026.

**Christopher Saucedo,** Appointed Regent from Albuquerque, NM for term expiring December 31, 2026.

**Dina Chacón-Reitzel**, Appointed Regent from Albuquerque, NM for term expiring December 31, 2024.

Garrett Moseley, Appointed Student Regent for term expiring December 31, 2024.

#### **Provost/Academic**

Shoho, Alan, Senior VP & Provost

Gray, Tara, Associate Provost for Faculty Development

McAteer, James, Associate Provost for Academic Affairs

Stovall, Shelly, Associate Provost for Institutional Effectiveness

Turner, Patrick, Associate Provost for Student Success

#### Vice Chancellor/Presidents/Provosts

Cifuentes, Luis, VP Research

Dictson, Derek, VP University Advancement

Johnston, Ruth, Vice Chancellor & COO

Kollmann, Sherry, Associate Vice Chancellor for Digital Learning

Scott, Renay, VP Student Success

Van Winkle, Kenneth, Associate Vice Chancellor External Relations/ Economic Development & Branch Executive Director

#### Deans

Camarena, Phame, Dean, Honors College and Crimson Scholars & Interim Dean of the Graduate School

Comerford, Kevin, Dean, Library

Flores, Rolando, Dean, Agricultural, Consumer and Environmental Sciences College

Ashenbaum, Bryan, Dean, Business College

Iwasaki, Yoshitaka, Dean, Health, Education and Social Transformation College

Pontelli, Enrico., Dean, Arts and Sciences College

Reddi, Lakshmi, Dean, Engineering College

### COMMUNITY COLLEGES ADMINISTRATION

#### Alamogordo

Cal, Mark P., VP Academic Affairs

TBD, VP Student Success

Salinas, Antonio A., VP Business & Finance

Dona Ana

Torres, Monica F., Campus President

Brooks, Kelly, VP Business & Finance

Woodley, Xeturah, VP Academic Affairs

Ledesma, Amadeo "Ike," VP Student Services

#### Grants

Chavez-Toivanen, Marlene, VP Academic Affairs

Clingman, Patrick, VP Student Services

# The History of the University

New Mexico State University (NMSU) was founded in 1888 as the state's land-grant university. Through serving the educational needs of New Mexico's diverse population, NMSU has provided comprehensive programs of education, research, extension education and public service. Upon its founding, NMSU was known as Las Cruces College and later renamed New Mexico College of Agriculture and Mechanic Arts. In 1960, the constitution of New Mexico formally recognized the institution as NMSU. Today, NMSU is a major institution of higher education. Throughout its history, the university has preserved many traditions of its land-grant origin while also increasing emphasis on the fine arts, humanities, social and natural sciences.

For more history, points of pride, and the ranking of New Mexico State University please visit the About NMSU (https://nmsu.edu/about/) page of the university website.

### Mission

The mission of the New Mexico State University system is to serve the diverse needs of the state through comprehensive programs of education, research, extension and outreach, and public service. As the state's land-grant and space-grant university, and as a Hispanic Serving Institution, NMSU fosters learning, inquiry, diversity and inclusion, social mobility, and service to the broader community.

# Vision

By 2025, the NMSU system will excel in promoting social mobility for our diverse student populations, achieve the highest Carnegie research status (R1), and maintain our Carnegie Community Engagement classification.

## Values

- Leadership: Promoting and creating the ability for Aggies to shape the future
- Excellence: Providing the highest level of education, research, outreach, and service
- Access: Welcoming diverse populations to higher education and to the NMSU community
- Diversity & Inclusion: Embracing our differences as an asset and actively seeking to include wide-ranging perspectives
- Student-Centered: Supporting the education of our students through every aspect of our university, every day

These values are encapsulated as: BE BOLD. Shape the future.

# Accreditation

New Mexico State University has been accredited by The Higher Learning Commission (HLC) since 1926. The HLC may be contacted at:

The Higher Learning Commission 230 North LaSalle St. Suite 7-500 Chicago, IL 60604-1411 Phone: (800) 621-7440

In addition, the university maintains various specialized and professional accreditations, as listed at the beginning of each college section in the catalog, and as found at https://accreditation.nmsu.edu/Accreditation %20at%20NMSU/Specialized%20Accreditation/index1.html.

# **NMSU Graduation and Retention Rates**

These rates may be found on the NMSU Institutional Research web site at: https://oia.nmsu.edu/.

# **Programs A-Z Programs offered at New Mexico State University**

Program are titled in the following styles:

- · Sociology Bachelor of Arts (Online)
  - Major Title (Animation and Visual Effects), will appear on diplomas and transcripts
  - Degree Title (Bachelor of Creative Media), will appear on diplomas and transcripts
  - · Online, these programs are a part of the NMSU-Online campus

\*Note: that some degrees will have emphasis, options, pathways, etc. appear on the degree page, but these items will not appear on transcripts.

# **Catalog Glossary**

### A

### Academic Calendar

A calendar designating important dates from the start of the fall semester and continuing through the completion of the following summer session.

### **Academic College:**

A degree granting academic unit, generally organized around subject matter, which house related academic Departments and degree programs.

#### **Academic Course:**

Courses that count as credit toward a degree, or other academic credential such as a certificate, concentration or minor.

#### Academic Department:

An academic unit, generally organized around subject matter, which house related degree programs and report to an Academic College.

### **Academic Integrity:**

Behavior that supports and affirms he fundamental values of honor, integrity and ethics.

### **Academic Probation I:**

Registration restrictions of no more than 13 credit hours applied when:

- An Undergraduate student on Academic Warning with a semester GPA less than 2.0, and the cumulative GPA remains below 2.0 at the conclusion of the semester or if the student maintains a semester GPA greater than 2.0 while on Academic Probation I but the cumulative GPA is still less than 2.0. Academic Probation I will also occur if a student falls below a 2.0 cumulative GPA from Good Academic Standing if Academic Warning already occurred in a previous term.
- A graduate student's semester GPA is above a 3.0 and the cumulative GPA drops below 3.0; or when the semester and cumulative GPA's drop below 3.0 and the previous academic standing is Graduate Academic Good Standing.

### **Academic Probation II:**

Registration restrictions of no more than 7 credit hours applied when:

- An undergraduate student falls below a semester 2.0 GPA and the cumulative GPA remains below a 2.0 while on Academic Probation I, or maintains a semester GPA greater than 2.0 while on Academic Probation II but the cumulative GPA is still less than 2.0.
- A graduate student's semester GPA and the cumulative GPA drops below as 3.0 and the previous academic standing is one of Graduate Academic Probation I or Graduate Re-admit on Probation I.

### Academic Standing:

Academic standing is defined by a student's grade point average (GPA). Academic standings at NMSU are:

- Good standing
- Warning
- Probation I

- Probation II
- Suspension

#### Academic Suspension:

Registration restriction barring students from enrolling in courses at NMSU for, at least, one semester when:

- An undergraduate student does not achieve a semester 2.0 GPA or higher, and the cumulative remains below a 2.0 while under Academic Probation II. Undergraduate students on Academic Suspension must sit out a minimum of 1 semester and apply for re-admission.
- A graduate student is unable to maintain a semester GPA of 3.0 or higher and the cumulative remains below 3.0 GPA while under Graduate Academic Probation II.

#### Academic Warning (Undergraduate Only):

Notification to an undergraduate student, after final grades are processed, that their cumulative grade point average is below the 2.0 minimum requirement to continue enrollment at NMSU. Issued only once, the first time an undergraduate student's cumulative GPA falls below 2.0 while in good academic standing.

#### **Academic Year**

A period of time from the start of the fall semester and continuing through the completion of the following summer session.

#### Accreditation / Accredited:

Formal recognition of an educational entity that maintains standards qualifying its graduates for further study or professional practice. A university, college or program can be certified as fulfilling certain standards of national and/or regional professional associations.

#### Admission:

The process of applying and meeting a set of requirements, established by the University, College, and/or degree program, that enable the student to be accepted.

### **Adjusted Credit Option (ACO):**

A policy that allows students who had previously experienced academic difficulty to make a fresh start. The adjusted credit option provides eligible undergraduate students who earned a low grade-point average (less than 2.0 cumulative) during their first few semesters to reset their GPA calculation. This option may be used only once and is not reversible. This option must be approved by the Director of the Center for Academic Advising and Student Support or the Associate Dean/VP for Academics at the student's academic college.

#### Administrative Withdrawal:

In the event that a student has stopped either attending class or stopped using the online Learning Management System, without formally withdrawing, the University reserves the right to remove the student from the class by means of an administrative withdrawal.

#### Advanced Placement (AP):

A group of standardized tests assessing college-level knowledge. At NMSU, AP scores may be evaluated for academic transfer credit in accordance with State of NM Higher Education Department guidance.

#### **Advising Document:**

An unofficial document of a student's academic record, including courses taken and grades earned from time of admission to end of the last semester attended.

#### Advisor:

A University employee who helps students make informed and responsible decisions in the pursuit of their academic goals.

#### Articulation:

The process of evaluating courses to determine whether coursework completed at one college will meet the requirements for admission, transfer credit, general education, or major preparation at another college.

#### **Articulation Agreement:**

Agreements between community and four-year colleges which indicate the acceptability of courses in transfer toward meeting specific degree requirements. See https://miniapps.nmsu.edu/transfer/.

#### Associate Degree (AA/AS/AAS):

A degree, usually, granted by a community college to students who complete a specified program of study totaling a minimum of 60 credit hours of coursework. Academic associate degrees are awarded in arts or science and are designed to prepare a student to transfer to a baccalaureate program and generally cover the first two years of a four-year degree. Applied associate degrees are professional programs designed to prepare students to enter the workforce in a specific field. Associate degrees are sometimes called *two-year degrees*, in contrast to a *four-year or bachelor's degree* awarded by a university.

#### Asynchronous Class (WB):

A class that is taught fully online, with no requirement for attendance at a specific day/time.

#### Audit:

A grade mode and enrollment status that carries no course credit. Auditing a class indicates a student is attending for the purpose of reviewing the information. No grades or credits are earned and audited courses cannot be used to meet pre- or co-requisite requirements or count in enrollment verification. Full tuition is charged.

### B

### Bachelor's (Baccalaureate) Degree (BA/BS):

A level of education marked by the completion of the equivalent of four or more years of full-time education (at least 120 credit hours of coursework) designed to provide the student with a broad educational base as well as knowledge in a specific field. The baccalaureate degree requires coursework to satisfy the New Mexico General Education requirements, New Mexico State University's Viewing a Wider World requirements, and the requirements of the major field of study. Bachelor of Arts (BA), Bachelor of Science (BS), and other named bachelor degrees are offered by NMSU and many other four-year universities.

#### **Basic Skills:**

All undergraduate students must demonstrate Basic Academic Skills in both English and mathematics before enrolling in any upper-division course (numbered 300 or higher). These requirements ensure that each student in the upper-division courses has the ability to succeed without compromising the learning experience of other students.

### **C** Career Tech

### Career Technical Courses (CTE):

Courses that provide students with relevant technical knowledge and skills through applied learning toward the completion of a certificate or applied associates degree.

### **Catalog:**

A student's official guide to programs, courses and policies.

### **Catalog Year:**

The degree requirements for each program are updated and published annually, by academic year. Students must meet the degree requirements in the Catalog that was published the year they were first admitted, or any year thereafter until they graduate. Catalogs expire eight (8) academic years after the year of initial publication.

#### **Canvas (Learning Management System):**

A web-based learning management system (LMS) used by NMSU faculty and students to access and manage online course learning materials and communicate about skill development and learning achievement.

### CCN (State of NM Common Course Number):

Common numbering system used to identify courses which are often required as lower division preparation for majors. The courses are taught at many colleges and universities in the State of NM. The CCN system allows counselors and students to determine equivalent courses offered at different colleges by referring to the common number.

#### **Certificate:**

An award granted upon completion of a prescribed series of courses preparing students for employment in selected occupation/vocational fields which require training beyond high school. A certificate indicates skill competency in a technical career area and may be earned while progressing toward degree.

- Certificate of Achievement (1 15 credit hours):
  - A program of study less than 16 credits and is not eligible for Federal financial aid. It must provide employment related and/ or career enhancing skills necessary to succeed in a job or a chosen field of study. These courses can be a subset of those required for a corresponding Certificate of Completion or Applied Associates Degree. These certificates are recorded on the student's transcript.
- Certificate of Completion (16+ credit hours):
  - A program of study of 16 or more credits that may be eligible for Federal financial aid and has been approved through the University academic review process. These courses can be a subset of those required for a corresponding Applied Associates Degree. These certificates are recorded on the student's transcript.

#### Challenge Exam:

Any enrolled student with a cumulative GPA of at least 2.0 currently attending classes may, with permission of the appropriate department, challenge by examination any undergraduate course in which credit has not been previously earned except an independent study, research or reading course, or any foreign language course that precedes the final course in the lower-division sequence. The fee for challenging a course is the same as the approved tuition rate. Courses may not be challenged under the S/U option.

#### **Class:**

A scheduled section of a course offered for student enrollment during a particular semester.

### **Class Delivery Modes:**

Classes at NMSU are delivered in a variety of modalities.

- CL (Classroom/Lecture): traditional in-person class meetings that occur on specified days and times in a specified location.
- LB (Lab): traditional in-person lab meetings that occur on specified days and times in a specified location.
- **HY (Online with In Person Meetings):** hybrid delivery that is offered both online and with required in-person class meetings that occur on specified days and times in a specified location.
- ONL (Online with Synchronous Meetings): online class meetings that require all students to meet virtually on specified days and times
- WB (Online with no Synchronous Meeting): online class meetings that do not require students to meet virtually
- IND (Independent Meeting): students and instructors schedule meetings on an as needed basis to discuss course content and student progress
- TD (Thesis/Dissertation): thesis/dissertation with implied meetings on an as needed basis to discuss course content and student progress
- PC (Practicum): practicum/clinical with implied meetings on an as needed basis to discuss course content and student progress

### **Classification:**

Student levels are determined by the number of undergraduate credit hours completed, or by the graduate level degree program to which a student is admitted:

- Freshman (1 28 credit hours)
- Sophomore (29 59 credit hours)
- Junior (60 89 credit hours)
- Senior (90+ credit hours)
- · Masters (Master level degree program)
- Doctoral (Doctoral level degree program
- Non-degree seeking
- · Dual credit (concurrent high school enrollment)

#### **Clinical:**

A temporary, hands-on work experience course specifically in clinical settings that allow students to practice skills learned in healthcare related areas of student in a real world environment under direct supervision of a qualified clinical professional.

#### **Cohort:**

A group of students that start and complete a degree or certificate program together.

### College:

See "Academic College"

### **College Level Examination Program (CLEP):**

A group of standardized tests assessing college-level knowledge. At NMSU, CLEP scores may be evaluated for academic transfer credit.

#### **Commencement:**

The ceremonial celebration for students who have completed their program of study at the end of the semester. Commencement and graduation are not the same thing (see "Graduation").

### **Community College:**

Postsecondary educational institution that typically offer college preparatory, workforce development, and adult education coursework.

### **Completion Rate:**

Ratio of courses completed versus attempted.

#### **Concentration:**

An area of emphasis or specialization within a program or study (major). A minimum of 12 credits within the concentration are required, although some majors may require more. At the baccalaureate level, at least 9 of these 12 credits must be numbered 300 or above; at the graduate level at least 9 of these 12 credits must be numbered 500 or above. A concentration will be indicated on the student's transcript.

### **Consent of Instructor:**

Student must receive consent of the class instructor prior to being allowed to register for the class / course section.

### **Corequisite:**

Courses that students must register for at the same time.

#### Course:

See "Academic Course"

#### **Course Exception:**

An exemption from a required course because competencies and/or learning objectives of the course have been, demonstrably, attained. An exception removes the course, and its associated credits, from a student's degree program requirements. All substitutions must be approved the Academic Associate Dean of the College awarding the degree.

### **Course Substitution:**

The replacement of a required course in a student's program with another course that meets the expected outcomes, has common general content, and is similarly aligned to the required course. All substitutions must be approved the Academic Associate Dean of the College awarding the degree.

#### **Credit Hour:**

A measure of credit earned for course completion. A unit is based on the number of hours of instruction per week required in the classroom and/ or lab or in independent study. A course earning three semester units will usually meet for three lecture hours a week. One credit hour is equal to 750 hours of instruction time per semester.

### Credit for Prior Learning (CPL):

Competency-based education that grants academic credit to students for pre-defined documented life experiences that indicate mastered competencies in an area of study, such as state licensures.

### **CRN (Course Reference Number):**

A five digit number identifying a particular class being offered for student registration.

### D

### Dean / Associate Dean (Academic):

The title of an administrative position in charge of an Academic College.

#### Dean of Students:

An administrative position, and office, that oversees the majority of student related experiences outside the college classroom, and can assist with classroom/academic related issues, as well.

### Dean's List:

A published list of students, who were enrolled in 12 or more credit hours and earned a GPA in the top 15% of their Academic College each semester.

#### Degree:

Recognition of completion of program of study. A diploma is issued and notation posted on the transcript.

### Degree Audit (DARS / STAR):

A system that produces individualized reports reflecting a student's academic progress toward a specific degree or credential. The degree audit is a tool for use throughout the academic career of student; from advising to graduation.

#### **Department:**

See "Academic Department"

### **Department Head / Department Chair:**

The title of an administrative position in charge of an Academic Department.

### **Developmental Courses:**

Courses that prepare students to complete required college level coursework in Math (CCDM), English (CCDE) and Writing (CCDW).

#### **Diploma:**

An official document issued by an educational institution signifying the recipient has successfully completed a particular program of study.

### Dropping/Withdrawing from Courses:

Officially withdrawing from a class through the online registration system, or in person with an academic advisor or at the Student Records Office. Classes may be dropped/cancelled according to the registration deadlines posted at https://records.nmsu.edu/students/important-dates.html.

### **Doctoral Degree:**

A degree requiring significant scholarly study beyond the master's. The individualized program of study is designed to meet the campus residency requirement and includes a minimum of 30 graduate course credits beyond the master's. If the Doctoral degree requires a dissertation, at least 18-credits of dissertation work must be included. The professional doctoral degree includes a practicum or special project that culminates in a written report which demonstrates a command of the relevant scholarly literature and links it to the specific clinical or practical experience.

### **Dual Credit:**

Students who are simultaneously enrolled in both high school and NMSU. Dual credit courses and grades appear on both the high school and college transcripts.

### E Elective:

Courses that are not used to meet a specific major, general education, or graduation requirements, but can be used to complete the total number of credit hours required for a degree.

### **Enrollment:**

Process by which students formally select classes each term.

#### **Exception:**

College determination to allow a student to graduate without completing a degree requirement.

### **Experiential Learning:**

A method of learning from experience that encourages reflection on the development of new skills and knowledge. Examples include internships, co-ops, study abroad, student exchange, practicums, clinicals, and field experience.

### F

### Faculty (Instructor):

Any employee who teaches classes at an educational institution.

#### Fees:

Costs, not included in tuition, to cover the cost of materials, equipment and services. Fees may be charged at the institutional level, College level, Department level, Degree/program level, and/or course level.

### FERPA (Family Educational Rights and Privacy Act):

A Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

### **Financial Aid:**

Federal and State funding to assist students with the cost of their college education.

A Department at each NMSU campus that coordinates and administers this funding.

### FAFSA (Free Application for Federal Student Aid):

Universal application for federal financial aid, typically required before consideration for any need based assistance is awarded.

### **Fractional Grading:**

Plus and minus designations added to traditional letter grades (A-, B+/B-, C+) used in calculating the grade point average.

### Freshman:

A student classification for undergraduate students who have completed less than 28 college credits, including transfer credits.

#### Full-time:

A schedule of 12 or more credit hours per semester for undergraduate students, and 9 or more credit hours per semester for graduate students.

### G

### General Education (GE):

A program of courses that provides students with a broad educational experience. Courses are typically introductory in nature and provide students with fundamental skills and knowledge in mathematics, English, arts, humanities, and physical, biological, and social sciences. Transfer students often take these classes while attending a community college. Completion of a general education program is required for the baccalaureate degree.

### **General Education (GE) Certification:**

An official transcript notation verifying that a student has completed courses satisfying all or a portion of the lower division General Education (GE) requirements.

### **Grade Appeals:**

It is the student's responsibility to communicate concerns they may have about any grade in a class to the instructor of the class. If the issue is not resolved, the student may formally appeal a final grade for the following reasons:

- Inconsistency between what is written in the syllabus and what is practiced.
- Grade miscalculation or other grading errors that cause a change to the final course grade.

Students may not appeal disagreements with teaching methodologies, instructor specific policies, specific course assignments, grade weighting methods, or attendance policies.

### Grade Mode:

A method of scoring academic achievement. Grade modes include, but are not limited to, traditional letter grades, S/U grades (satisfactory/ unsatisfactory), and audit.

### Grade Point Average (GPA):

The average of all grades received. Also called GPA. Term GPA is the average of the grades received in a single semester/term. Cumulative GPA is the average of all the grades earned over the course of a student's academic career at NMSU. Transfer grades are not included in the NMSU term and cumulative GPA calculations.

### Grading System:

Final grades are submitted at the end of each semester, by instructors, and processed by the University Student Records Office. Final grades are recorded on the students' transcripts and are available to students through the online student portal. Academic standing and GPA calculations are updated at the end of each term and, thereafter, as corrections are submitted by College Academic Associate Deans/ Campus VPs for Academic Affairs.

#### **Graduate Certificate:**

Graduate certificate programs require 12-18 credit hours of course work that is interrelated and designed to develop a focused skill or area of expertise but do not culminate in awarding of a degree. Courses that comprise the graduate certificate must be regular approved courses offered by the University and must be numbered 450 or above. A graduate certificate is indicated on the student's transcript.

#### Graduate level:

Courses offered beyond the bachelor's degree level (course numbers range between 450/4500 and 699/6999). Also, students who have received a bachelor's degree and who are enrolled in post-baccalaureate instruction.

#### **Graduation:**

Official confirmation that the requirements for degree were successfully completed, in accordance with the published catalog. Final degree certification is completed within the Academic College under which the degree program is offered. Then the University Student Records Office orders a diploma sent to the student and adds the degree information to the student's transcript.

#### **Graduation with Honors:**

Formal recognition accorded students with a cumulative GPA in the top 15% of the graduating class in their Academic College.

#### **Graduation with High Honors:**

Formal recognition accorded students with a cumulative GPA in the top 1.5% of the graduating class in their Academic College.

#### **Graduation with Highest Honors:**

Formal recognition accorded one student in each Academic College, with the highest cumulative GPA and greatest number of credits earned at NMSU of the graduating class.

## Η

#### Hybrid class:

**Class** delivery method that incorporates more than one modality, e.g., face-to-face **and** remote synchronous or asynchronous delivery. Face-to-face attendance is limited and may include alternating in-person and online synchronous or asynchronous attendance; may also provide recordings of lectures or experiential components for later reference to supplement concurrent transmission of lectures or experiential components. All students participate in all delivery modalities.

### Incomplete (I) Grade:

A grade that can be issued, as agreed upon by the instructor and the student, when circumstances prevent a student from completing the coursework by the end of the enrolled term. Coursework must be completed within one year of the assignment of the I grade. If an "I" grade is not removed by the established deadline, it will either become permanent or changed to a D/F, depending on the terms stated on the "I" Grade Information Form.

#### Independent Study:

Individualized learning, which allows student to work independently under the supervision of an assigned instructor on specific topics directly related to a course or program of study. The meeting time is arranged between the student and instructor.

### Instructor (Faculty):

Any employees who teaches classes at an educational institution.

#### Internship / Co-op:

A for credit temporary student learning hands-on work experience course with an industry partner that is directly related to the student's program of study. The experience must meet pre-determined learning objectives and focus on providing practical work experience, while developing professional skills. Internships are typically unpaid, while coop experiences tend to be paid experiences and vary in required work hours. Both types of experiences are generally completed within one semester.

### J

#### Junior:

A student classification for undergraduate students who have completed 60 to 89 college credits, including transfer credits.

### L

#### Lab:

A course, or portion of a course, focused on the application of an instructional strategy that allows students to interact directly with the material, models, and tools and collect data.

#### Late Registration Fee:

A fee charged to students who register for classes after the second day of the term.

### Lecture (Class):

A course in which content is primarily delivered through presentation of facts, principles, context, and/or interpretation. Instruction takes place in a traditional classroom setting and/or online format.

#### Lower Division:

Courses, usually, offered for freshmen/sophomore level credit (designated by course numbers between 100-299 and 1000-2999). Usually completed the first two years of college.

### М

### Master's Accelerated Program (MAP):

An opportunity for select undergraduate students to take graduate level courses that will apply to their future graduate degree at NMSU.

#### Master's Degree:

A degree beyond the bachelor's, also called a graduate degree. A minimum of 30 semester graduate course credits are required for the master's degree. Master's programs involving a thesis include no more than six and no fewer than four credits of thesis. At least 15 credits for the master's degree must be for work in courses in the department in which the student was admitted. Master of Arts and Master of Science degrees are most common, but there are also professional master's degrees, such as the MFA (Master of Fine Arts) or the MBA (Master of Business Administration). Usually takes two years of full-time enrollment to complete.

### Major:

A program of study comprising a specific group of courses compiled to provide the expected education or training in a specialized field. The subject area in which a student pursuing a college degree develops the greatest depth of knowledge.

#### **Maximum Time Frame:**

Calculation of maximum allowable hours related to limited financial aid eligibility. In general, the maximum is 150% of the required credit hours for the declared major/degree. This calculation includes all attempted hours, including repeated courses, ineligible courses, and transfer credits. Only developmental/remedial hours are excluded from the calculation.

### **Military Duty:**

Active or reserve duty students in the military who receive orders that will prohibit continued enrollment.

#### Minor:

No less than eighteen (18) undergraduate credits or nine (9) graduate credits in an area outside a student's major department.

#### my.NMSU:

NMSU's online student information portal that houses all online services, including registration, grades, financial aid, Canvas, MS Office 365, email, etc.

### Ν

### New Mexico State University Online (NMSU-0 / U0):

Fully online degree programs and support services for online learners under the University campus.

#### New Mexico State University System:

The University campus and three community college campuses (Alamogordo, Doña Ana, and Grants) governed by the NMSU Board of Regents.

#### **Non-Degree Status:**

Students who do not intend to earn a degree or certificate at NMSU, or who have not yet been accepted to a graduate program.

#### No Release of Information:

Students can request that their public directory information not be released to any public entity or being by completing the "No Release of Information" form found at https://records.nmsu.edu/forms/ inventory.html.

### **O** Official Transcript:

An official document of a student's academic record, including courses taken and grades earned from time of admission to end of the last semester attended. Official transcripts are printed on special paper and include a signature of the Registrar verifying the authenticity and accuracy of the document.

### Ρ

#### Part-time:

A schedule of less than 12 credit hours per semester for undergraduate students, and less than 9 credit hours per semester for graduate students.

#### **Placement Exams:**

Subject exams, administered to determine eligibility for waiver of prerequisites for specific courses. Placement exams do not award credit. Subject areas include, but are not limited to, Math, English, and Computer Science.

#### Practicum:

A temporary, hands-on work experience course integrated with academic instruction that prepares a student for specific pre-professional training in occupational fields such as education, healthcare, and the arts.

#### Prerequisite:

Course, test score, and/or grade level that must be completed before taking a specific course.

#### Prior Learning Assessment (PLA):

See "Credit for Prior Learning (CPL)"

#### **Priority Registration Dates:**

One

#### **Probation:**

See "Academic Probation I" "Academic Probation II" and "Student Code of Conduct".

### **Program of Study:**

See "Major".

### **Public Directory Information:**

Student information that can be released to the public without students' approval. Students can request to withhold their directory information by completing and submitting a "No Release of Information" form found at https://records.nmsu.edu/forms/inventory.html. NMSU has defined public directory information as:

- Name
- Aggie ID number
- · Class (i.e. Freshman, Sophomore, Junior, Senior)
- College and major
- Dates of attendance
- Degree(s) earned
- Honors and awards received, including selection to the dean's or chancellor's list, honorary organization, or the GPA range for the selection
- Address
- Telephone number
- NMSU e-mail address

- · Most recent previous educational institution attended
- · Participation in officially recognized activities and sports
- · The weight and height and age of members of athletic teams

### Q R Bea

#### Readmission

When a student does not enroll for three consecutive terms, they must submit another application for admission and get accepted again.

#### **Registration:**

Process by which students formally select classes and creates a financial obligation to pay tuition and fees.

#### **Repeating a Course for Credit:**

When an undergraduate student has enrolled in a course more than once, each enrollment and all grades will appear on the student's transcript. Once a student receives a grade of C- or higher (or CR for transfer credits), they will not be allowed to repeat the course for credit again. A student may obtain special permission, from the advisor, to repeat a course they have already received a grade of C- or better, but the grade earned will not be included in the GPA calculation. This policy does not apply to courses that can be repeated for credit, up to a maximum number of credits, such as special topics, internships, cooperative education and thesis/dissertation.

When a graduate student has enrolled in a course more than once, each enrollment and all grades will appear on the student's transcript. Every grade earned will be included in the GPA calculation.

#### **Restriction (Registration):**

Conditions that apply to courses, at the class/section level, to limit registration. Common restrictions include: department approval, instructor approval, major, program, student level, student classification, campus.

#### **Residency for Tuition Purposes:**

Status used in calculating tuition. Students are either a resident or nonresident of the State of NM. Students are also coded as in-district or out-of-district based on County. Community Colleges, within the NMSU system, assess tuition differently depending on whether students who contribute to the local property and/or income tax base. Learn more at https://records.nmsu.edu/students/residency.html.

#### **Residency Requirement:**

The minimum number of program credit hours a student is required to earn for coursework taken at NMSU to earn a degree from NMSU.

### S

#### Satisfactory Academic Progress (SAP):

Federal regulations require all students receiving financial aid to meet Satisfactory Academic Progress in order to maintain eligibility for financial aid. Undergraduate students must maintain a 2.0 cumulative GPA or greater on all hours attempted at NMSU. Graduate students must maintain a 3.0 cumulative GPA or greater. Undergraduate and Graduate students are required to pass and complete 70% of all hours attempted. Students receiving financial aid must complete their program of study within a reasonable timeframe. The maximum timeframe is 150% of the published length of the academic program or certificate

#### Schedule of Classes:

An online list of classes/sections offered in a term. The schedule includes class information such as course number, section number, meeting day(s)/time, the CRN (course reference number), instructor, course delivery mode, and notes.

#### Second Degree:

Enrollment classification for students who have earned one or more bachelor's degrees.

#### Section:

An individual course offering, distinguished from other sections by various attributes, such as meeting day, time, location, instructor, etc.

#### Semester:

A term, within an academic year, marking the beginning and end of classes. At NMSU, each semester is fifteen (15) weeks in length and there are two semesters (fall and spring) in an academic year.

#### Senior:

A student classification for undergraduate students who have completed 90 or more college credits, including transfer credits.

#### Social Security Number (SSN):

A 9-digit federal identification number required for specified college purposes and taxation reporting, but subject to privacy and nondisclosure protections.

#### Sophomore:

A student classification for undergraduate students who have completed 29 to 59 college credits, including transfer credits.

### Student Code of Conduct (Student Handbook):

The rights and responsibilities of NMSU students outlining the standards for social and academic conduct and providing the types of interim measures and sanctions which may be imposed for violation.

#### **Student Concerns Process:**

Visit https://report.nmsu.edu/.

#### Summer Session:

An academic term that is held between the end of spring and fall semesters.

#### S/U Grade Mode (Satisfactory/Unsatisfactory):

A grade mode that allows the student to attempt to earn course credit without having a course grade included in their grade point average calculations. Under S/U grading, the instructor assigns an S grade for satisfactory achievement of the course learning objectives (normally equivalent to the letter grade of C- or higher) and a U grade for unsatisfactory performance in the class.

Undergraduate limitations: Other than honors courses and courses officially designed as S/U, the following limitations apply to courses in which the S/U option is elected.

- No more than 7 credits per semester or 4 credits per summer session.
- · Not to exceed a total of 21 credits towards a degree.
- Not a required course for the student's major.

Graduate limitations: With an approval from their advisor and department head, graduate students in good academic standing may elect the S/U option, at the time of registration, for courses taken outside the major department, subject to the regulations stated below:

- No more than a total of 6 credits of elected S/U courses are permitted in the master's degree.
- Doctoral candidates may take an additional 6 credits under the S/U option after application to candidacy.

#### Substitution:

An approved exchange of course and credit where the faculty determine competencies and/or learning obectives of one course are comparable, but not equivalent, to those of the required course.

#### Suspension:

Status whereby a student is ineligible for enrollment at NMSU due to poor academic performance or disciplinary reasons.

#### Syllabus:

A course summary or outline distributed by an instructor, normally including topics to be covered, meeting and instructor information, assignment and deadlines, grading standards, attendance and other policies, and resources available to students.

### Synchronous Class (ONL):

A class that is taught fully online, with a requirement for attendance at a specific day/time.

# T

#### TBD:

Abbreviation for To Be Determined. When found in the Schedule of Classes, relates to class information that has not yet been determined, such as room or instructor.

#### Term:

A portion of an academic year. NMSU has three standard terms in an academic year. fall, spring and summer, and many abbreviated parts of term: MS1, MS2, SU1, SU2, etc.

### **Teaching Credential:**

A basic multiple or single-subject teaching credential obtained upon completion of a bachelor's degree and prescribed professional education requirements in four or more years of college.

### TOEFL (Test Of English as a Foreign Language):

An English exam for foreign students used for admission purposes and for placement in college English classes.

### **Traditional Grading:**

Letter grade (A, B, C, D or F) used in calculating the grade point average and recommended for courses required to meet degree requirements.

#### Transcript:

A student's academic record, including courses taken and grades earned from time of admission to end of the last semester attended. May be official or unofficial, depending on the purpose for which the student is using the document.

### Transfer Courses (Transfer Credits):

Earned credits at one institutions of higher education counting toward the academic record of a student at another institution of higher education. Grades are not transferred. Transfer coursework is articulated as CR (credit) for passing grades, NC (no credit) for non-passing grades, and CD (credit but repeatable) for passing with a grade of D.

#### **Tuition:**

The cost a student is expected to pay for receiving instructional services at a school, college, or university. The charge is based on course type, credit hour and student's residence classification.

# U

### **Upper Division Courses:**

Courses, usually, offered for junior/senior level credit (designated by course numbers between 300-499 and 3000-4999). Usually completed the second two years of a four-year degree. These courses are not offered by community colleges and they often require completion of prerequisite courses. Also refers to junior and senior students.

### **Undergraduate:**

Courses offered at the bachelor's degree level (course numbers range between 100/1000 and 499/4999). Also, an enrolled student who has not completed a baccalaureate degree.

### **Unofficial Transcript (Advising Document):**

An unofficial document of a student's academic record, including courses taken and grades earned from time of admission to end of the last semester attended. Unofficial transcripts are NOT printed on special paper and DO NOT include a signature of the Registrar verifying the authenticity and accuracy of the document.

# W

### Wait List:

An automated function that enables students to indicate their interest in registering for a particular class/section that is already at full capacity. Students are notified, by email to their NMSU email address, when a spot opens and only have 24 hours from the receipt of the email to add themselves to the class. If the student does not add themselves to the class/section during that 24 hour window, the system automatically notifies the next student on the waitlist.

#### Warning:

Notification to a student, after final grades are processed, that their cumulative grade point average is below the requirement to continue enrollment at NMSU (2.0 for undergraduate students, 3.0 for graduate students).

### Withdraw from a Course (Drop):

Officially withdrawing from a class/section through the online registration system, or in person with an academic advisor or at the Student Records Office. Classes may be dropped/cancelled according to the registration

deadlines posted at https://records.nmsu.edu/students/importantdates.html.

### Withdraw from the University:

Officially dropping all courses and ceasing to be a student at any campus in the NMSU system.

### Work Study:

State and federally funded programs that makes part-time jobs available to students with financial need.

# The NMSU System Academic Regulations

The following regulations are effective with the publication of all the NMSU system catalogs, this includes the Las Cruces-Academic Catalog, NMSU Online, Alamogordo Community College, Dona Ana Community College, and the Grants Community College catalogs. All regulations in this section of the catalog pertain to all the campuses housed within the NMSU System. This means that information for students pursuing Associate Degrees/Certificates, Bachelor's Degree, and Graduate Degrees/Certificates is within this section of the catalog.

The regulations section is broken down into different areas:

- · Academic Programs of Study
- Registration
- Academic Performance and Progress
- Grading
- Withdrawals
- Degree Applications, Graduation & Commencement
- Academic Standing and Probation
- Academic Misconduct and Grievances
- The University Student Records Office

## **Academic Programs of Study**

NMSU offers Associate, Baccalaureate, Master's and Doctoral degrees. NMSU also offers Certificates at the associate and graduate levels. Requirements for specific degrees and other designations are set forth by this catalog for the NMSU-Las Cruces (main) campus and the corresponding catalogs for the NMSU Community Colleges (Alamogordo, Dona Ana, and Grants).

# **Additional Degree Designations**

As part of a degree program, students may also earn additional degree designations indicating fields of study such as majors, minors or concentrations. A major is defined as a recognized area of study in which there is an extensive and well-developed curriculum offered at the university, as well as adequate library resources and support services. A minor is based on courses that encompass a recognized supplementary field of study outside the student's major. A concentration is based on a collection of coursework in an area that is part of a major program of study. Degrees and additional designations awarded, limited to majors, minors, and concentrations, will be noted on the student's transcript.

# **Catalog Effective Period**

The annual catalog edition is effective Summer Session I through Spring Semester and is considered active for an eight-year period for all campuses. Curricular requirements (course requirements and the number of credits required) for a specific degree or other designation may be met by completing all of the course requirements as set forth by the catalog in effect at first matriculation, or any subsequent catalog, provided the selected catalog is considered active when the requirements for graduation are met. For all other matters, the current catalog is controlling. NMSU reserves the right to withdraw courses at any time, change fees, rules, calendar, curriculum, degree programs, degree requirements, graduation procedures and any other requirements affecting students. Except as otherwise stated here, changes will become effective whenever the proper authorities so determine and will apply to both prospective students and those already enrolled.

# Application for Degree/Graduation or Certificate

Upon completion of all requirements for degrees and certificates, students will not receive their degrees automatically. In order to receive the degree or certificate, students must submit an application and pay the required fee in the semester in which the student expects to graduate or complete the degree or certificate requirements. Specified in the academic calendar for each semester is the deadline for all applications. The application must indicate/ note all designations earned. After awarding of the degree, you cannot add any additional designations.

Students who will be completing two degrees/certificates in the same semester must apply for graduation and pay the fee for each degree separately. Students applying for graduate degrees or certificates must satisfy requirements as described in the Master's, Certificates, and Doctoral Degree sections below.

Students who do not meet requirements or elect not to graduate after filing an application need to re-apply in a subsequent semester and pay another fee.

# **Multiple Degrees and Designations**

A student may earn more than one degree or multiple degree designations by completing all of the requirements in an appropriate catalog for each degree or designation. Students meeting requirements for more than one degree must apply for and pay the application fee for each degree to be awarded. Upon completion of all requirements, multiple majors for a single degree (e.g., B.A., Major in Art; Major in Anthropology) and multiple bachelor's degrees (e.g., B.A. and B.S.) will be noted on the student's academic record/transcript and may also be granted at one commencement.

## **Degree Revocation**

The Board of Regents reserves the right to revoke a degree should it be determined upon investigation that the degree requirements were not adequately met. A degree revocation must be in accordance with NMSU policy and related rules.

## **Honorary Degrees**

Ceremonial Honorary Degrees may be awarded in accordance with NMSU policy and rules as outlined in the NMSU Regents Policy Manual and the related Administrative Rules and Procedures.

# **Community College Certificate**

A Community College may offer two types of certificates, the Certificate of Achievement and/or the Certificate of Completion. Certificates may be awarded independently from any degree program.

#### **Certificate of Achievement**

The Certificate of Achievement is a program of study less than 16 credits and is not eligible for Federal financial aid. This Certificate provides employment-related and/or career-enhancing skills necessary to succeed in a job or a chosen field of study. These courses can be a subset of those required for a corresponding Certificate of Completion or Applied Associates Degree. These certificates are recorded on the student's transcript. The following requirements apply to all certificates of achievements:

- Minimum Credit Hours: The number of credit hours varies from certificate to certificate but must be fewer than 16 credits. Students must successfully complete the total number of credit hours outlined in the respective catalogs and sections describing these certificates.
- 2. **GPA requirement:** Students must successfully complete all courses for the certificate as outlined in the catalog and have a cumulative GPA of 2.0 or greater in all courses required for the certificate, but may have a cumulative GPA of less than 2.0 for courses taken outside of the certificate.
- 3. **Residency:** A minimum of 6 credits earned toward the certificate must be completed at NMSU or one of its community colleges. If the certificate requires fewer than 6 credits, all credits must be completed at NMSU or one of its community colleges. Individual academic programs may have additional requirements.

### **Certificate of Completion**

The Certificate of Completion requires a minimum of 16 credits (other Title IV requirements must be met to be eligible for financial aid) and has been approved through the academic review process. These courses can be a subset of those required for a corresponding Applied Associates Degree. These certificates are recorded on the student's transcript.

Requirements for certificates are found in the respective catalogs and sections concerning these programs. The following requirements apply to all certificates.

- 1. **Minimum Credit Hours**: The number of credit hours varies from certificate to certificate. Students must successfully complete the total number of credit hours as outlined in the respective catalogs and sections describing these certificates.
- 2. **GPA requirement:** Students must successfully complete all courses for the certificate as outlined in the catalog. In addition, students must have a cumulative GPA of 2.0 or better in all courses taken at NMSU or one of its community colleges.
- 3. **Residency:** A minimum of 6 credits earned toward the certificate must be completed at NMSU or one of its community colleges.

#### Associate's Degree

Associate's degrees are of two types. The academic associate's degree prepares students to transfer to a baccalaureate program and generally includes credits toward the first two years of a four-year degree. Academic associate's degrees include the Associate of Arts, the Associate of Science, and other named degrees that link to a specific major (the Associate of Education, for example). Other associate degrees, typically called Associate of Applied Science, prepare students for entry into the workforce. Credits for these programs may or may not apply toward a four-year degree. Associate degree-seeking students who are interested in a dual degree should consult with their academic advisor. The Associate of Arts and the Associate of Science degrees may not be earned together. The Associate degrees.

Students interested in transferring to NMSU or another four-year institution should check the appropriate sections of the university catalog for more information.

Requirements for the two-year associate degrees are found in the respective catalogs and sections concerning these degrees. The following requirements apply to all associates degrees:

- 1. **Minimum Credit Hours:** a minimum of 60 credits (excluding "N" suffix courses). Some programs of study require coursework in excess of the 60 credit-hour minimum.
- New Mexico General Education- state mandated general education courses (as specified in General Education section); such courses are designed with a "G"
  - a. For Associates Degrees: 32-35 credits
  - b. For Applied Associates Degrees: 15-18 credits
- 3. **GPA requirement:** Students must have a cumulative GPA of 2.0 or better in all courses taken at NMSU or one of its community colleges.
  - a. For Associates Degrees: students must earn a C- or better in classes they take to meet the Basic Skills requirement (ENGL 1110G and one of several math course options).
  - b. For Applied Associate Degrees: Basic Skills requirements do not apply, but if the student plans to pursue a Bachelor's degree at any point in the future it would be highly recommended.
- 4. **Residency** A minimum of 15 of the 60 credits for the associate's degree must be completed at NMSU or one of its community colleges. Individual academic programs may have additional requirements.
- 5. **Major**: All requirements for at least one major field of study as specified in the college and departmental sections of the respective catalog.

#### **Associate Major**

An associate major, consisting of at least 18 credits, may include courses from more than one department. Requirements for the Associate Majors are specified in the respective Community College Catalogs.

# **Baccalaureate Degree (Bachelor's Degree)**

A baccalaureate or bachelor's degree provides students with a broad educational base and knowledge in a specific major field. Each college has unique degree requirements that are listed in the college's designated section of this catalog. In addition to the College and Department requirements, students must complete each of the following degree requirements for every Bachelor's Degree awarded by NMSU:

- 1. Minimum Credit Hours: a minimum of 120 credits (excluding "N" suffix courses)
- 2. **GPA requirement-** a minimum cumulative GPA of 2.0 in all courses taken at NMSU
- 3. New Mexico General Education- 32-35 credits of state-mandated general education courses (as specified in the General Education section); such courses are designed with a "G"
- New Mexico State University's Viewing a Wider World- 6 credits of Viewing a Wider World courses; such courses are designated with a "V", or alternatives as specified in the Viewing a Wider World section
- 5. **Upper Division Courses-** a minimum of 48 credits in courses numbered 300-499/3000-4999.
- Residency Of the last 36 credits earned toward award of the degree:
   a. 30 credits must be completed at NMSU
  - b. 21 credits must be upper-division (300/3000 or above) and

c. 12 of the 21 upper-division credits must be within the student's major.

NOTE: colleges or departments may require that more than 12 upperdivision credits be within the major and they may direct that a certain number of these credits be course specific.

7. **Major** – all requirements for at least one undergraduate major field of study, other than a supplemental major, as specified in the college and departmental sections of the catalog. As an undergraduate student seeking a baccalaureate degree you are expected to declare a major before earning 45 credit hours toward your degree. You should complete your general education requirements within your first 90 credit hours earned

# Second Baccalaureate Degree (Bachelor's Degree)

Students seeking a second bachelor's degree must complete all college, department, and major requirements for the second bachelor's degree including residency. General Education requirements, including Viewer a Wider World, are waived for a second bachelor's degree because those requirements are considered completed within the first bachelor's degree earned. Credits earned toward a previous degree may be used to complete those requirements subject to any college and departmentspecific limitations as described in the catalog.

#### **Bachelor's Degree Designations**

#### **Undergraduate Major**

An undergraduate major consists of 24 or more credits within the major field, of which 18 credits must be upper-division courses, and may include courses from more than one department. Additional major requirements are specified in the college and department's designated sections of this catalog.

#### **Supplemental Major**

A supplemental major consists of 24 or more credits of interdisciplinary coursework, of which at least 18 credits must be upper-division (300/3000-499/4999), and no more than 9 credits may be from the student's major course of study. Additional requirements for supplemental majors are specified in the catalog listing of the departmental/college sections.

#### **Undergraduate Minor**

An undergraduate minor consists of 18 credits of course work, of which 9 credits must be upper-division (300/3000-499/4999). A minor encompasses courses that may be in a single department or interdisciplinary and are in a recognized field of study outside the student's declared major. At least 9 upper-division credits of a minor must be completed at NMSU. Additional requirements for minors are specified in the college and department's designated sections of this catalog. Minors cannot be earned after the degree has been conferred.

#### **Undergraduate Concentration**

A concentration consists of 12 or more credits of coursework in a specialty area that is related to a specific major field of study. At least 9 of the 12 credits must be upper-division (300/3000-499/4999), and at least 9 credits must be completed at NMSU. Additional requirements for concentrations are specified in the college and department's designated sections of this catalog.

### **Distance Education Bachelor's Degree Completion Program**

A Bachelor Degree Completion Program allows students who have met the lower division requirements (100/1000 and 200/2000 level) of an undergraduate degree program to complete the remaining upper-division credits (300/3000 and 400/4000 level) through distance delivery courses offered by NMSU Las Cruces. Only selected degrees are available as degree completion programs. Students must complete all required lower-division (100/1000 and 200/2000 level) credits before they can be admitted to the Bachelor's Degree Completion Programs. The program(s) normally require two years of upper-division (300/3000 and 400/4000 level) coursework.

### **Graduating with Honors**

For information about graduating with Honors, please refer to the Recognition of Academic Achievement section of this catalog.

### **Graduate Degrees**

All graduate degrees are subject to the rules and regulations of the Graduate School. Degrees will be certified by the Graduate School only upon the complete review and clearance of the candidate's program of study.

#### **Graduate Degree Designations**

#### **Graduate Major**

A graduate major may include courses from more than one department, but at minimum, it must consist of at least 30 graduate credits. Additional requirements may be imposed by the State of New Mexico and New Mexico State University as specified in this Catalog.

#### **Graduate Minor**

A graduate minor is based on at least 9 graduate credits in courses encompassing a recognized field of study outside the student's major. Departments may require certain courses to be a part of a minor and may exclude other courses. Minors cannot be earned after the degree has been conferred.

#### **Graduate Concentrations**

A concentration is a collection of coursework in a specific area that is part of a degree program of study at NMSU. At the graduate level at least 9 of these 12 credits must be numbered 500/5000 or above. Only approved concentrations within a student's department or program may be noted on a transcript.

Concentrations will not be added to a transcript after a degree is awarded. In order for the approved concentration to be noted on the student's transcript, the following conditions must be met:

- 1. Request the concentration at the time they file their official program of study.
- 2. Identify the concentration on their official Application for Degree.

#### **Graduate Certificates**

A Graduate Certificate program requires 12-18 credits of course work that is interrelated and designed to develop a focused skill or area of expertise but does not culminate in the awarding of a degree. Courses that comprise a graduate certificate must be regular approved courses offered by the University and must be numbered 450/4500 or above. A graduate certificate is indicated on the student's transcript.

#### **Master's Degree**

New Mexico State University offers both academic and professional master's degrees. A link to the list of all master's degrees is provided in the Graduate School section of this catalog. (https://catalogs.nmsu.edu/nmsu/graduate-school/)

Underprepared students may be required to take additional general or discipline-specific undergraduate or graduate courses to prepare them for the advanced academic work necessary for success in graduate-level courses in their chosen field.. This may result in an extended graduation date.

#### Admissions to the Master's Degree

The admission of a student into the Graduate School does not imply admission to candidacy for an advanced degree. The major department in which the student intends to become a candidate for a master's degree must determine the student's ability to pursue studies at the graduate level. Please see the Department(s) for specific requirements.

#### **Program of Study**

In the absence of a degree audit at the completion of one year of enrollment, each new graduate student should prepare a complete program of study in consultation with the student's advisor for programs. Students should check with their Program Director prior to completing either, the Graduate School only needs to receive one or the other.

#### **Application to Candidacy**

The program of study will formally list the curriculum requirements for degree completion and is required for application to candidacy. The program of study must be approved by the advisor, department, and academic dean and submitted to the Graduate School. The Program of study may specify the Catalog at the time of graduation, as long as the catalog is considered active. Otherwise, the current Catalog will be listed.

An Application for Admission to Candidacy must be filed with the Graduate School. This must be done before the completion of 12 credits of graduate coursework. The student must have a minimum cumulative GPA of 3.0 at the time the application is submitted. The application may specify the Catalog at the time of graduation, as long as the catalog is considered active. Otherwise, the current Catalog will be listed.

The student's program of study must:

- 1. Meet the requirements of the chosen catalog, including the regulations of the Graduate School and of the major department.
- 2. Be signed by the student, the student's advisor, department head, minor faculty if applicable, and academic dean.
- 3. List each course prefix/number, short title, credit hours and grades if available.

If the program of study does not comply with the departmental requirements or the potential degree audit, the program of study must be approved by the Dean of the Graduate School. . The Program of Study is not required for master's programs if defined within the Star Degree Audit.

#### **Credit Hour Requirement**

A minimum of 30 credits is required for the master's degree. Most master's degrees require at least 15 credits in courses numbered 500/5000 or above. This includes thesis credits for any master's programs that include a thesis option. Master's programs involving a thesis, must include, either a minimum of 4 credits or a maximum of 6 credits of thesis. Please see the "Thesis" section for more information. At least 15 credits for the master's degree must be for work in courses within the student's department. Additional credits may be selected from other fields to fit into a logical and justifiable program. However, courses that are used to remove deficiencies or satisfy prerequisites cannot be counted as requirements for a master's degree.

#### **Coursework Requirement**

Students must take coursework from a variety of faculty. Students may not take more than half of the minimum credits required for a master's degree with the same professor, excluding thesis credits.

All graduate students must register for a minimum of 1 credit of graduate coursework in their final semester. Please see the Tuition, Fees and Other Expenses section for more information.

A student taking an oral examination must enroll for at least one credit for that term (fall, spring, or summer terms).

#### **Thesis Option**

A thesis in the major field is recommended and may be required at the discretion of the department. A minimum of 4 credits and a maximum of 6 credits may be counted toward the requirements for a master's degree. The final examination shall consist of an oral defense of the student's thesis as well as a general examination of the candidate's field of study.

• Continuous Enrollment- once registered, a student must continue to register for a minimum of 1 credit in thesis or graduate coursework each regular semester until the thesis is approved by the Graduate School and submitting electronically into ProQuest.

#### **Graduate Committee for Thesis Option**

The graduate committee for the master's degree consists of a minimum of three faculty members who hold, at least, a master's degree and meet the following criteria:

- 1. Committee chair:
  - a. Must be from the student's home department
  - b. Must be a graduate faculty member

#### 2. Committee member(s):

- a. May be from outside the student's home department
- b. Student's with a declared minor- may have the representative from a related area or be appointed by the Dean of the Graduate School.
- c. Must be a graduate faculty member

#### 3. Dean's Representative:

- a. Must be a representative from a related area or appointed by the Dean of the Graduate School
- b. Must be a graduate faculty member

#### **Finalizing the Master's Thesis**

After successful completion of the final examination, electronic submission of the approved thesis must be submitted to ProQuest ETD, no later than the deadline posted to the Graduate School website. The form and style of the thesis must comply with the guidelines provided in preparing your manuscript for submission, located here (https://gradschool.nmsu.edu/Current%20Students/thesis-anddissertation.html). The guidelines also contain detailed information on the thesis submission and approval process. The thesis is not complete until the Graduate School has accepted it electronically.

#### **Professional Degree and Non-Thesis Final Examination**

Each candidate will be given a final examination conducted by their graduate committee in accordance with the schedule provided by the

Graduate School. The department is responsible for ensuring that the Report of Results for the Master's Professional or Non-Thesis Final Exam form is submitted to the Graduate School no later than ten working days after the exam.

The final examination format for the professional degrees and nonthesis option will be determined by the department, with the approval of the Dean of the Graduate School. If a department does not specify an examination format, the final examination will consist of an oral defense of the candidate's field of study.

At the time of the final examination, a graduate student must have a cumulative GPA of at least a 3.0 and must be enrolled for a minimum of one credit hour in the final semester; or if the student is writing a thesis, he or she must have completed all course work for the master's degree.

NOTE: the cumulative GPA, will be calculated from NMSU graduate coursework only.

Any candidate who fails the final examination may either.

- 1. Be granted a second examination, written or oral, after a lapse of at least one semester, only with a recommendation from the student's advisor and approval from the Dean of the Graduate School.
- 2. Be excluded from further candidacy for the degree.
- 3. Failure in the second examination disqualifies a candidate from obtaining the degree.

Students in professional or non-thesis options may be required to pay a special exam fee in lieu of registering for 1 credit of graduate coursework. Please see the Tuition, Fees and Other Expenses section for more information.

#### **Time Limit**

Students must complete the master's degree program within seven years (or eight successive summers) of the start of the degree, including completion of the master's thesis or final project. Inclusion of any coursework over seven years old at the time of the final examination will be at the department's discretion.

#### Master's Accelerated Program (MAP)

The master's accelerated program allows for academically qualified undergraduate students to begin working on a master's degree during their junior and senior years while completing a bachelor's degree. Typically, a bachelor's degree requires four years to complete and a master's degree requires two more years. The master's accelerated programs allow students to complete a graduate program in an accelerated manner.

Undergraduate students may apply for acceptance to a Master's Accelerated Program available at New Mexico State University after completing 60 semester hours of undergraduate coursework of which a minimum of 25 semester credit hours must be completed at New Mexico State University and apply towards the undergraduate major. The grade point average must be a minimum of 2.75; departments participating in the master's accelerated program may have requirements that exceed these minimum requirements. It is the student's responsibility to meet with their financial aid advisor. Awards may be adjusted to reflect enrollment in an undergraduate/graduate program.

Graduate departments within the colleges may allow academically qualified undergraduate students to substitute a maximum of 12 graduate course credits for elective courses in an undergraduate degree program. Graduate programs can use up to 12 credits of NMSU coursework (450/4500 level or higher) that can logically be applied toward completing a master's program of study. A grade of B or higher in this coursework will be required .

#### **Program Participation Requirements:**

- 1. Students must obtain prior approval by the graduate program
- 2. Student's course work must be general or discipline electives in the student's undergraduate course of study.
- Students will enroll in approved graduate-level courses. If the course(s) requires instructor approval, it is the students responsibility to obtain the necessary approval
- 4. Students participating in MAP are required to submit a completed Master's Accelerated Program Referral Form to the Graduate School by the first Friday of classes, with all required signatures.
- 5. Students participate in the Developing New Scholars Program (DNSP) through the Graduate School. The DNSP program provides formal mentoring supporting the application process to Graduate School. Upon awarding of the Bachelor's degree and formal admissions into a master's/graduate program at NMSU, the approved credits (up to 12) will be recorded on both the undergraduate and the graduate transcript.

#### Interdisciplinary Master's Degree

Interdisciplinary studies, at New Mexico State University, are intended for individuals specializing in programs that require integrating more than one discipline to fully engage in the field of study. The programs provide a mechanism to address emerging scholarship, innovation, research, and allow graduate students to engage in emerging technologies that optimize their education outside the traditional disciplinary boundaries. An Interdisciplinary study takes advantage of traditional academic training within specific departments and also allows students to customize their own career preparation. In these programs, a coherent common core is expected to combine existing courses across disciplines to meet unique objectives.

The interdisciplinary studies option should not be used in cases where the applicants' objectives can be realized by admission to a specific department with a degree program, and inclusion of up to two minor areas in the program of study.

#### Admission

Students interested in pursuing an Interdisciplinary Master's Degree (IMAS) degree must meet with the Graduate School for advisement. The advisement session will include information on completing the IMAS admission application:

- 1. Develop a proposal for interdisciplinary studies
- 2. Create the IMAS graduate committee
- Once the student's graduate committee is designated, the committee can require additional materials such as a statement of interest, letters of recommendation, GRE or GMAT scores and a personal interview.
- 4. Complete the IMAS referral form and procure committee members IMAS program approval.
- 5. Procure academic department head IMAS referral form approval.
- 6. Submit IMAS referral form and proposal for interdisciplinary studies to Graduate School for admissions.

#### **Degree(s)** Awarded

Students receive a Master of Arts (MA) or a Master of Science (MS) and a concentration in the designated interdisciplinary study area.

Other conditions for being awarded a degree within the interdisciplinary studies program are:

- 1. The student must present a written description of the program concept consisting of the following, as well as, the designated degree being sought and a name of the interdisciplinary area:
  - a. The objective of the program of study should include, proposed areas of skill development and proposed courses in more than one graduate degree granting department at NMSU.
  - b. A justification for not using an existing degree program.
- The student's program of study must include a minimum of 30 graduate-level credits and a maximum of 36 graduate-level credits. Students may take six credits in departments that do not grant a graduate degree, but the courses must be numbered 450/4500 or above and be pertinent to the program of study.
- 3. The majority of the departments involved in the student's program will be master's degree granting departments. The student is expected to take at least 15 credits in the primary area of study within one department. The department selected by the student will receive a copy of the student's application for admissions to the Graduate School. In addition, the student is required to select a minor area of study in another department that consists of at least 9 graduate credit hours.
- 4. The student will form a committee composed of members of the graduate faculty and select an advisor who will chair the committee. The chair must be from the primary department where the student has taken at least 15 credit hours listed in the proposal submitted. The other committee member must be from the department in which the student has selected a minor area of study from the approved list.
- 5. The student will be required to submit the Candidacy Form after they have satisfactorily completed 12 credits.
- 6. The program will meet all requirements of a master's degree, with the interpretation, that "major field" includes courses from two or more departments and in the designated interdisciplinary study area.
- 7. The program of study will include the completion of a research thesis or project. The work may be submitted in the form of a publishable manuscript, technical report, thesis or creative option.
- 8. The student may enroll on a part-time basis keeping in mind that coursework cannot be more than seven years old at the time of the final examination.
- 9. The student will be administered a final comprehensive exam that is consistent with the department selected for the primary area of study. For example, if a department requires a written exam, the student in the interdisciplinary masters will also be required to take a written exam.
- The final oral comprehensive exam will consist of questions pertinent to the area of study and the defense of the research thesis or project. In both cases, an integrated approach to the areas of study chosen should be followed.
- 11. All other rules for graduate study at NMSU must be followed.

#### **Thesis/Non-thesis Option**

As with any graduate student, the student in interdisciplinary studies can select to follow a thesis or non-thesis option. Students enrolled in the thesis option register for six thesis credits. Students not wishing to follow the thesis option will be required to complete a project report. The project must reflect the interdisciplinary nature of the program which the student is pursuing.

#### **Comprehensive Exam**

Students in interdisciplinary studies take a comprehensive exam composed of questions designed by the student's committee. The committee consists of two individuals in the area of study, the dean's representative who must be outside of the department/program/ interdisciplinary study option, and a committee chair.

#### Second Master's Degree

A student who has earned one master's degree at NMSU may be allowed to count a maximum of six semester credits earned on the first degree toward a second master's degree, if those credits fit into a logical graduate program. The number of shared credits may be increased for joint degree programs.

#### **Teacher Licensure**

Students wishing to take graduate courses for licensure, renewal of licensure, or for personal enrichment must be fully admitted to a department to do so. Undeclared students may not register for teacher licensure classes.

Endorsement is available at both the elementary and secondary levels in bilingual education, TESOL (Teaching of English as a Second Language), reading, and special education. Endorsement is also available in early childhood education at the elementary level. Contact curricinstr@nmsu.edu for more information.

#### **Specialist in Education**

The specialist in education degree is available for experienced members of the education profession who have maintained a 3.3 grade-point average while pursuing this degree or its equivalent. Programs are available in curriculum and instruction, as well as, school psychology. Emphasis is placed on the development of the competencies needed for professional specialization in a given field. Students must complete the general application for the Graduate School and they should also check with the admitting department for specific departmental requirements.

#### **Residency and Credit Requirements**

The specialist in education degree requires a minimum of 30 credits including research, intern experiences and graduate courses. Twenty-four of these credits must be completed at NMSU to meet the campus residency requirements.

Students must maintain a 3.0 GPA, no more than 6 credits of C level work are allowed for this program.

#### **Program of Study**

After the completion of one year of enrollment, each beginning graduate student should prepare a complete program of study with the student's advisor. The program of study can be tentative, should be kept in the student's file within the department, and is not considered an "Application for Admission to Candidacy."

#### **Major Field**

All course work taken for the degree should apply directly, through a logical program of study, to the specialty which candidate has selected. Each department is responsible for defining the required sequence of courses.

#### Candidacy

Following the successful completion of 12 credits the student is eligible for admission to candidacy. With the achievement of candidacy, a committee is appointed to work with the candidate on the remainder of the program. The committee consists of three members of the graduate faculty in the College of Education.

#### Internship

Each candidate will earn from three to six semester credits in an internship. This experience will consist of supervised performance of duties related to the candidate's specialty. The student's department will determine the structure of the internship and a research project will be conducted in conjunction with the internship.

#### **Oral Examination**

The oral examination committee will consist of the student's committee and a dean's representative appointed from the graduate faculty by the dean of the Graduate School. This committee will conduct an oral examination at the conclusion of the research project and no earlier than the candidate's last semester of enrollment.

The examination will consist of a defense of the project along with general questions on subject matter related to the candidate's field of study. Any candidate who fails the oral examination may upon the advisor's recommendation and with the graduate dean's approval, be granted a second examination after a lapse of at least one semester. Failure in the second examination disqualifies the candidate from obtaining the degree.

#### **Time Limit**

The specialist in education degree must be completed within seven years following admission to the program. Inclusion of any coursework over seven years old at the time of the final examination will be at the department's discretion.

#### **Doctoral Degrees**

The doctoral degree requires significant scholarly study beyond the master's program.

Prospective candidates are expected to hold bachelor's or master's degrees from accredited institutions, based on curricula that include the prerequisites for graduate study in the department of their subject. To be considered for admission to a doctoral program, the applicant must have a grade-point average of at least 3.0. Prospective candidates are urged to consult the department in which they wish to study for information concerning specific requirements.

#### Professional Doctoral Degrees Doctor of Economic Development (DED)

Students enrolled in the Doctor of Economic Development are required to complete and pass a comprehensive examination. Since a dissertation is not required, students are expected to complete an internship experience and a project paper as defined by their program. They can embark on the project paper once they have completed and passed their comprehensive examination. Students are not required to take 700/7000 level dissertation hours. However, they are expected to complete at least 12 credits at the 600/6000 level including ECDV 694 Internship and ECDV 699 Doctoral Project.

#### Doctor of Education (Ed.D)

The degree of Doctor of Education demonstrates proficiency in a program of graduate study in which the emphasis is in preparation for performance in professional education. This program is intended primarily for students pursuing careers in which teaching, administration or school services are predominant rather than those in research. The Ed.D. Degree in curriculum and instruction is offered in the Department of Curriculum and Instruction; the degree in educational administration is offered in the Department of Educational Leadership and Administration.

The requirements for doctoral degrees in the two departments of the College of Education have the following distinguishing elements:

- The qualifying examination consists of a written and an oral section, both of which are administered prior to admission to the program. Acceptance for doctoral admission is equivalent to the successful completion of the qualifying examination. Residency of at least two consecutive semesters cannot commence until the semester after the qualifying examination is successfully completed.
- 2. Comprehensive examinations usually are administered three times annually. The written examination tests the major and related areas of concentration and is administered after successful completion of the orals within two weeks' time. A student who fails any part of the comprehensive examination may present him or herself for reexamination of the failed part of the exam before moving on to the next part.
- 3. The major area of study must be within the College of Education

A minimum of nine credits constitutes the related area. The courses can be taken in any department of the university with the approval of the student's committee. The related area must be specifically planned with the major and minor departments in order for the doctoral fields to be mutually supportive. Any transfer credit or predoctoral course work to be included in the related field must have the approval of both the major and minor department at the outset. Specified course work in both research and statistics is required for this degree. Other requirements are described in the departmental sections of this catalog.

#### **Doctor of Nursing Practice (DNP)**

Students holding a Bachelor's degree in Nursing are required to complete and pass all required course work for the DNP program, as well as, complete and pass their comprehensive examination. Since a dissertation is not required, they are expected to complete an internship experience and a project paper as defined by their program. They can embark on the project paper once they have completed and passed their comprehensive examination. They are not required to take 700/7000 level dissertation hours. However, they are expected to complete at least 12 credits at the 600/6000 level including NURS 6990 Advanced Practice Nursing Immersion credits sufficient to complete the DNP Final Project.

Students who hold a Master's of Science in Nursing are required to complete the following:

- 1. All course work requirements
- 2. Their comprehensive exam (with passing marks)
- 3. The DNP Project.

Post- MSN DNP students must complete at least 6 credits at the 600/6000 level, including NURS 6990 Advanced Practice Nursing Immersion credits sufficient to finish the DNP Project. Finalized projects must be uploaded to a national DNP Project repository approved by the Graduate Faculty of the School of Nursing in order to achieve the DNP degree.

#### Doctor of Philosophy (Ph.D.)

The Doctor of Philosophy degree requires distinguished attainment in both scholarship and original research. The doctoral degree requires significant scholarly study beyond the master's that is tailored to the needs and interests of the student. The degree is granted in recognition of the candidate's high attainments and ability in the special field, shown by work on the required examinations covering both the general and the special fields. The individualized program of study is designed to meet the campus residency requirement, includes a minimum of 30 graduate credits, and includes the preparation of a dissertation. A candidate for the Ph.D. degree is expected to maintain a higher level of work than the grade-point average of 3.0, plus at least 18 credits of dissertation work (700/7000-level courses).

#### **Interdisciplinary Doctorate**

Students interested in pursuing an Interdisciplinary Doctorate (IDOC) degree program must meet with the Graduate School for advisement. The advisement session will include information on completing the IDOC admission application.

The following requirements for admission to the interdisciplinary doctorate degree program are:

- Students wishing to study in the interdisciplinary doctoral degree program must apply and be accepted into a doctorate-granting department.
- 2. A master's degree or equivalent program of study that includes at least 30 credits of graduate course work with a minimum cumulative GPA of 3.0.
- Twelve credits of graduate course work must be completed at NMSU in order to apply for admission into the interdisciplinary doctorate degree program. Additional course work is required for degree completion.
- 4. Evidence of outstanding academic achievement in graduate school.
- 5. A written description of the program concept prepared by the student consisting of:
  - a. Areas in which competency is required
  - b. Purposed readings and course work and how these relate to required competencies
  - c. Objectives and an outline for thesis research
  - d. Justification for not using an existing departmental degree program
- 6. Student must select an advisor from his/her department to help structure and chair a committee consisting of at least five faculty members from the graduate faculty list who are willing to work on the interdisciplinary degree program. The committee must include at least two members from each of the two doctorate-granting departments. The committee chair will convene a meeting to review and approve the proposed program.
- 7. The Graduate School will send an Admission Referral document, signed by all the committee members, to the heads of all the departments from which the student proposes to use more than 8 credits of course work, or from the department which the faculty are requested to serve on the proposed committee.
- 8. Once the Admission Referral document has been approved by all departments, the committee chair will convene a meeting of the committee to review the student's program and make changes as necessary. In addition, the committee will set the format and date for the qualifying exam. An effort should be made to incorporate the interdisciplinary nature of the program into the qualifying exam.
- 9. Students have satisfied the requirements for admission to the program once the qualifying exam has been passed and the respective department heads approve the Admission Referral memorandum. Formal acceptance into a doctoral program may be required in order to receive financial assistance.

- 10. The number of courses required for degree completion will vary depending on the student's program of study, please see the department for more specific requirements. However, Interdisciplinary doctorate degree students must meet the requirements for residency, registration, the comprehensive examination, the Final Examination, the dissertation and the declaration of approved minor.
- 11. The dissertation work shall include at least 18 credits of a 700/7000-level course.

#### **Completing your Doctoral Degree Program**

Any student who fails to abide by the regulations in this section will be considered withdrawn from the university. In order to resume their studies, the student must formally apply for readmission to the Graduate School and satisfy any requirements that are in effect at the time of reapplication. Readmission information can be located here (https://apply.nmsu.edu/apply/?id=1c3c41ea-b5f9-48ef-83c3-b085794ba277).

#### **Declaration of Approved Minor**

Any doctoral applicant for candidacy may declare up to two approved minors in addition to the major area of study. Demonstration of competency in the minor area will be required at both comprehensive and final examinations.

#### **Qualifying Examination**

Doctoral students must pass a qualifying examination that is scheduled by the student's advisor and is administered by the major department. Its purpose is to determine the areas in which the student shows strength or weakness, as well as the ability to assimilate subject matter presented at the graduate level. A student may not register for dissertation credits prior to the successful completion of the qualifying examination.

The following conditions apply to students who wish to take the qualifying examination:

- For students who enter the Graduate School with little or no previous graduate experience but wish to proceed directly to the doctorate, the qualifying examination should be taken after 12 credits of graduate work
- For students who enter with a master's degree or equivalent from another university, or another department, the qualifying examination should be taken before completing one semester of graduate work.
- For students who earn their master's degree at New Mexico State University and will continue in the same department, the department may allow the master's final examination to serve as the doctoral qualifying examination or may require a separate examination.

Based on the result of the qualifying examination, the department will take one or more of the following actions:

- 1. Admit the student to further work toward the doctorate
- 2. Recommend that the program be limited to the master's degree
- 3. Recommend a re-evaluation of the student's progress after the lapse of one semester
- 4. Recommend discontinuation of graduate work

In all cases, the Graduate School shall be notified by the department of the results of the qualifying examination.

Students will be admitted to the doctoral program once the qualifying examination is passed. The student's advisor and department head will then appoint the doctoral committee to prepare the student's preliminary doctorate program of study. The student must submit the program of study to the Graduate School immediately following admission into the doctoral program and before registering for additional coursework.

#### **Doctoral Graduate Committee**

The doctoral committee will comprise at least four graduate faculty members who hold doctoral degrees. The following rules apply to the composition of the committee:

- The committee chair must be from a discipline within the student's major area.
- At least one additional member of the committee must also be from a discipline within the student's major area.
- If an approved minor is declared, at least one (but no more than two) members of the committee must be from the minor area.
- At least three committee members must be members of the graduate faculty and be from a doctorate-granting department
- · Only one member may be outside of the student's department.
- One member of the committee must serve as the dean's representative. In programs where more than one department participates, the dean's representative may not be from any of those departments. The dean's representative may be one of the following
  - the member from the related area
  - a member from the minor area
  - An independent member, not from the student's department, that is appointed by the Dean of the Graduate School.

Departments may structure committees that include more than the minimum number of members, as long as the following conditions are satisfied. No changes can be made to the doctoral committee membership without prior approval from the Dean of the Graduate School.

Additional voting and nonvoting members may be any person approved or appointed by the Dean of the Graduate School

All members of the committee will attend the comprehensive oral and final defense for the student's dissertation.

#### Program of Study

Students should file the Program of Study Form once they have:

- Completed 1 year of enrollment while at NMSU that are beyond the master's degree
- · Successfully completed the qualifying examination

The Program of Study Form should be completed and submitted to the Graduate School before registering for any additional courses. The individualized program of study is designed to meet the campus residency requirement and includes a minimum of 30 graduate credits beyond the master's.

If the Doctoral degree requires a dissertation, at least 18 credits of dissertation work must be included. The professional doctoral degree includes a practicum or special project that culminates in a written report which demonstrates a command of the relevant scholarly literature and links it to the specific clinical or practical experience.

#### **Comprehensive Examination**

The Graduate School should receive the Program of Study and the Committee for Doctoral Students Form and the Doctoral Qualifying Examination Form. Students will be admitted to the comprehensive examination only after the following conditions are met

- 1. Completion of adequate course work, to the satisfaction of the major department and the Graduate School
- 2. The graduate committee determines the student is adequately prepared for the examination
- 3. Successful completion of all language requirements (where applicable)

Students must be registered for 3 credits of graduate course work during the semester in which they take the comprehensive examination. A student taking an oral examination must enroll for at least one credit for that term (fall, spring, or summer terms).

The Doctorate of Philosophy Examination or Professional Doctorate Examination Form must be on file at the Graduate School at least ten working days prior to the proposed date for the examination. The examination must be part written and part oral. The oral examination results will be reported to the Graduate School by the Dean's Representative of the committee.

Any student who fails the comprehensive examination may either be terminated from the doctoral program or upon recommendation of the committee and approval of the Dean of the Graduate School, be granted a second examination after a lapse of at least one semester.

NOTE: Generally, there should be a time-lapse of at least one year between the comprehensive and final oral examination. However, due to the type of research required and the method of administering the written comprehensive in some departments, such a time lapse is not always practical. In all cases there must be one semester between the comprehensive and the final oral examinations.

#### **Time Limit for the Comprehensive Examination**

If more than five years have passed since the date of the comprehensive examination, the candidate will be required to take another comprehensive examination before admission to the final examination.

#### Advancement to Candidacy

Advancement to Candidacy recognizes that the student has demonstrated the ability to sustain a level of scholarly competency commensurate with the successful completion of degree requirements. Upon advancement to candidacy, the student is cleared for the final stages of the graduate program which may include a dissertation, project or written examination.

For advancement to candidacy the following criteria must be met

- 1. Successful completion of the comprehensive examination
- 2. Recommendation of the graduate committee
- 3. Approval of the Dean of the Graduate School

Upon receiving advancement to candidacy, students must establish residency and follow the Dissertation Registration Requirements (see Residency Requirements below).

#### **Residency Requirements**

The minimum campus residency requirements for the doctoral degree include enrollment in a minimum of 9 credit hours of program course work, including a minimum of 3 credit hours of dissertation, in at least two semesters of classes taught at NMSU. In some cases the minimum credit hour enrollment for the two semesters required to establish residency may vary based on the instructional delivery of the program, and must have prior approval from the Dean of the Graduate School.

#### **Dissertation Registration during Fall/Spring Sessions**

After becoming a candidate, students must continue to register for at least 3 credits of dissertation or graduate course work, each spring/ fall semester until the dissertation is approved by the Graduate School and the dissertation format review has been completed. The total number of dissertation hours must be 18 credits. The doctoral committee can impose additional requirements for courses numbered 700/7000.

A student who fails to abide by these regulations will be considered withdrawn from the university and in order to resume studies, must formally apply for readmission and satisfy the requirements in effect at the time of reapplication.

#### **Dissertation Registration during Summer Sessions**

If the final examination is to be held during the summer or the dissertation is to be completed during the summer, students must register for one credit during the summer session in which the final examination will be held or the dissertation will be completed.

#### **Dissertation Leave of Absence**

Students may seek a leave of absence from their dissertation. A leave of absence requires that a student must get prior approval from the Dean of the Graduate School, which means the student must receive permission for the leave of absence before discontinuing their formal studies.

#### **Final Examination**

*NOTE:* If more than five years have elapsed since the student passed the comprehensive examination, the candidate will be required to take another comprehensive examination before admission to the final examination.

Every student working toward the doctoral degree will submit a dissertation embodying the results of original research. The dissertation is expected to demonstrate the student's ability in independent investigation and to be a contribution to human knowledge. The dissertation shall display a mastery of the literature of the subject field, present an organized and coherent development of ideas with a clear exposition of results, and provide a critique of the limits and validity of the student's conclusions.

When a complete draft of the dissertation has been prepared, the student's doctoral committee (appointed after the qualifying examination) will conduct the final examination. The final examination is concerned primarily with the research work of the student as embodied in the dissertation, but it may be much broader and extend over the candidate's entire field of study. The intention of the final examination is to verify that the candidate has a satisfactory grasp of the major subject as a whole and has a general acquaintance with the fields of knowledge represented by the course of study. The final examination is oral and is open to the public.

Every student meeting the final examination qualifications must be enrolled in a minimum of 1 credit hour in order to defend. The final examination must be completed in accordance with the schedule provided in the academic calendar. Ten working days before the examination is taken the department must submit the form requesting this examination to the Graduate School. This form may be found by visiting the Graduate School website (https://gradschool.nmsu.edu/ Current%20Students/Graduate%20Forms.html) and departmental offices. Students must ensure that each member of the examining committee receives a copy of the dissertation, no later than seven working days before the date of the final examination.

Any candidate who fails the final oral examination may either be terminated from the doctoral program or upon recommendation of the committee and approval of the Dean of the Graduate School, be granted a second examination after a lapse of at least one semester. Failure in the second examination disqualifies the candidate from obtaining the degree.

#### **Finalizing the Doctoral Dissertation**

After successful completion of the final examination, electronic submission of the approved dissertation must be submitted to ProQuest ETD, no later than the deadline posted to the Graduate School website. The format review of dissertation will be performed electronically by the Graduate School. The form and style of the dissertation must comply with the regulations given in Preparing your manuscript for submission located on the Graduate School's website (https://gradschool.nmsu.edu/Current%20Students/thesis-and-dissertation.html). The dissertation is not complete until the required forms are received at the Graduate School. Required forms may be found here (https://gradschool.nmsu.edu/Current%20Students/Graduate %20Forms.html).

## Registration

Registration at NMSU is a process that includes: (1) academic advising, (2) registering for classes, online or with your academic advisor, and (3) payment of tuition and fees. For first time freshman and transfer undergraduate students (at the Las Cruces campus), the registration process occurs during Aggie Welcome/Transfer Student Orientations. For currently enrolled Undergraduate students and all Graduate students registration occurs in collaboration with your advisor or online through the myNMSU portal. For detailed instructions and questions about registration which are not addressed on the website, please contact the University Student Records Office (USRO) (https://records.nmsu.edu).

## **Admission Requirement**

No person will be allowed to register for courses until formally admitted to NMSU through the Community College, International Programs, Undergraduate or Graduate Admissions processes.

## **Class Schedule**

Each semester and summer session, the University Student Records Office provides an online schedule of classes which can be accessed through myNMSU or the NMSU website. Note that not all courses listed in this catalog are offered every semester.

# **Registration Schedule by Classification**

Several groups of students (e.g. Crimson Scholars, Students with Disabilities, Veterans) receive priority dates for course registration. For other students, registration dates are determined by the student's current classification at the time of registration. A student's classification is determined by the number of credits completed, and does not include courses in progress. A student's classification depends upon the number of credits completed toward graduation. Sophomore classification is achieved with successful completion of 28 credits; Junior classification, 60 credits; Senior classification, 90 credits.

# **University Credits**

The unit of university credit is the semester hour, which is based upon one hour of lecture class or a minimum of two hours of practice/lab per week during one semester, and assumes a minimum of two hours additional, by the student, outside of class. The number of credits associated with each course is indicated in the course schedule.

# **Course Load for Undergraduate Students**

The full-time course load in a regular semester (fall or spring) for a main campus undergraduate students is 12-18 credits. A full-time course load for a summer term is 9-12 credits, with a maximum of 6 credits per session. Some scholarships have a 15 credit course load eligibility requirement. Each student is responsible for meeting their own scholarship eligibility requirements.

An overload is classified as more than 18 credits for a regular semester and more than 12 credits for the summer term. A one-credit course in physical education or supplemental instruction will not create an overload. Registration for a course overload requires written permission from an Associate Director of the Center for Academic Advising and Student Support (CAASS) or the Associate Dean for Academics in the student's academic college. A "Change of Schedule (https:// records.nmsu.edu/\_files/sro-forms/Change%20of%20Schedule %20Form.pdf)" form is required and available on the University Student Records Office website (https://records.nmsu.edu). Freshmen and students with a grade of D or F, or a cumulative grade-point average of less than 2.5, in either of the last two semesters, are not eligible for overloads. Concurrent enrollment in non-NMSU courses at other postsecondary institutions requires prior approval from the Associate Dean for Academics in the student's college, and these courses are counted as part of a student's class load.

# **Course Load for Graduate Students**

A full-time course load in a regular semester (fall or spring) is 9 credits, with a maximum of 15 graded credits. A full-time course load for a summer term is 6 credits with a maximum of 9 credits.

## **Course Numbering**

The course numbering system at NMSU indicated the levels as follows:

- 100-299/1000-2999 Lower Division (Las Cruces and Community College Campuses)
- · 300-499/3000-4999 Upper Division (Las Cruces Campus)
- 450-499/4500-4999 Senior and graduate courses (Las Cruces Campus)
- 500-799/5000-7999 Graduate courses (Las Cruces Campus)

All undergraduate students must demonstrate Basic Academic Skills in both English and mathematics before enrolling in any upper-division course (numbered 300/3000 or higher). These requirements ensure that each student in the upper-division courses has the ability to succeed without compromising the learning experience of other students.

# **Class Delivery**

Classes at NMSU are delivered in a variety of modalities. Students may see any of the following schedule types when viewing the class schedule through myNMSU or the NMSU website.

- CL (Classroom/Lecture): traditional in-person class meetings that occur on specified days and times in a specified location.
- LB (Lab): traditional in-person lab meetings that occur on specified days and times in a specified location.
- **HY (Online with In Person Meetings):** hybrid delivery that is offered both online and with required in-person class meetings that occur on specified days and times in a specified location.
- ONL (Online with Synchronous Meetings): online class meetings that require all students to meet virtually on specified days and times
- WB (Online with no Synchronous Meeting): online class meetings that do not require students to meet virtually
- IND (Independent Meeting): students and instructors schedule meetings on an as needed basis to discuss course content and student progress
- TD (Thesis/Dissertation): thesis/dissertation with implied meetings on an as needed basis to discuss course content and student progress
- PC (Practicum): practicum/clinical with implied meetings on an as needed basis to discuss course content and student progress

# **Prerequisites and Corequisites**

Some courses require advance or concurrently acquired specific knowledge and skills. Prerequisite(s) and corequisite(s) for each courses are indicated in the course description section of this catalog. Students must have completed (or be presently enrolled in the prerequisite(s)) courses in order to register for a course with prerequisites. Where a student was allowed to register for a course while completing the prerequisite(s), and then subsequently fails to successfully complete a prerequisite course, the student shall be dis-enrolled from the course requiring the prerequisite. In the case of a corequisite, a student must enroll in the courses during the same semester. In some instances, where a course has an enforced "pre/corequisite" the student can elect to either take the requirement before registering for the course, or take the courses at the same time.

## **Registration Changes**

Subject to any registration "holds" and any applicable deadlines, students may change their course registration online. Caution should be exercised as registration changes may negatively impact eligibility for scholarships, financial aid or athletic participation, the student's ability to progress through their degree program in a timely manner, and the student's obligations with respect to tuition and fees.

The University Student Records Office publishes an online schedule of "Important Dates for Students (https://records.nmsu.edu/students/ important-dates.html)" for each semester. The student is responsible for reviewing and adhering to the Important Dates, including the deadlines to add, drop or withdraw from course(s) for the relevant semester.

Adding Courses: There are two different types of deadlines for adding courses:

- 1. Last day to add a class without instructor's signature during this period courses may be added online through myNMSU, or through your academic advisor (if necessary).
- Last day to add a class with instructor's signature during this period courses may only be added with either the "Change of Schedule (https://records.nmsu.edu/\_files/sro-forms/Change%20of %20Schedule%20Form.pdf)" form signed by the instructor (available

online on the University Student Records Office website (https://records.nmsu.edu)).

Or students taking classes online and who do not live in the Las Cruces Area must email the instructor, using the NMSU email, in order to get permission to be added to the course. If the instructor approves the addition, the approved response must be sent to either the student's academic advisor or to record\_grade@nmsu.edu with the student's name, ID number and course CRN number they are wanting to add.

Withdrawing from Courses: There are two different types of deadlines for withdrawing from courses:

- Last day to drop without a "W" grade during this period, the student can drop the course and not have it appear on their official transcript in any form, and the student will have no financial obligation related to the course (students will receive a 100% refund if tuition has been paid for the course).
- Last day to drop with a "W" grade during this period, the student can withdraw from the course, but the course will appear on their official transcript with the withdrawal (W) designation as the grade, and the student will be responsible for the full tuition and fees related to that course.

Students are responsible for initiating official withdrawal from any course(s) they do not intend to complete. Students who experience extraordinary circumstances that prevent timely registration changes should consult with their Academic Associate Dean or the Registrar. For more information about the process for adding or withdrawing from a course(s), please speak with your academic advisor or contact the University Student Records Office.

Any student attending under Veteran Educational Assistance must notify the Military and Veteran's Programs office before processing registration changes to determine if changes will affect their enrollment status or benefits.

A student found insufficiently prepared for a course they are enrolled in may be transferred to a more elementary course in the same subject any day before the last day to withdraw from an individual course.

# Waitlisting

Waitlisting is available for all courses across the NMSU system, except for labs that are linked to a specific lecture class. Waitlisting is an electronic list of students who are waiting to register for a filled course. Once students are put onto the waitlist, the process to get into that course is as follows:

- 1. A currently enrolled student must drop the course for a seat to become available.
- 2. The first student on the waitlist is notified through their NMSU email.
- 3. The notified student has 24 hours to log in to their myNMSU and register themselves for the class.
- 4. If the first student fails to register within their allotted 24 hours, then the first student is dropped from the waitlist and the next student on the waitlist is notified. This continues until the empty seat is filled.

A student who fails to register for the class during their allotted 24 hours is automatically dropped from the waitlist and can add themselves back onto the bottom of the waitlist for that course.

Students cannot be added to the waitlist after the first day of classes. Instructor overrides can only be made after the second day of class, at which point the instructor's signature is required on either the "Change of Schedule (https://records.nmsu.edu/\_files/sro-forms/Change%20of %20Schedule%20Form.pdf)" form to add a course.

# Graduate Registration Requirements for Summer

Students who have scheduled their final examination, or who are completing their thesis during a summer session, must be registered for one credit hour during the same summer session. In order to graduate during a summer session, the student must have filed the Application for Degree by the deadline posted on the Academic Calendar.

# **Repeating Courses for A Change in Grade**

See the Grading portion of the Academic Regulations section of this catalog.

# **Substitutions and Waivers**

Students registering for their final semester must have all course substitutions and/or waivers of degree requirements approved before two weeks after the last date of registration for full or summer terms.

# Auditing a Course (No Credit)

An audited course is one in which the student registers for the learning experience but does not seek to earn academic credit for the course. A student seeking to audit a course must register and pay tuition and fees for the course and have the consent of the instructor to take the class in audit form. A student who has registered to audit a course may be dis-enrolled from the course at any time before the registration deadline expires if necessary to accommodate a student taking the course for credit. After the last day to register, the student cannot change the course option from audit course to a for credit bearing course.

Audited courses are not used in determining a maximum class load (overload) for undergraduate students in good academic standing, however, the audited course will be counted as part of the maximum allowable course load for graduate students and undergraduate students who are on academic probation.

# Academic Performance and Progress Attendance and Student Performance

Academic success is closely correlated to student participation and attendance. Accordingly, students are expected to attend all their classes regularly. Each course instructor will establish the specific attendance and course requirements via the course syllabus. Only students who are currently enrolled in a course for either credit or audit are permitted to attend the classes officially. However, individual instructors may allow an occasional visitor and may allow a student who formally withdrew from the course to continue to participate for the remainder of the semester.

# Absences from Class and Failure to Complete Assignments

Students who must miss class due to accident or illness or other circumstances beyond their control should consult the course syllabus and the instructor for guidance. Students may be administratively withdrawn from a course due to excessive absences (consecutive absences in excess of the number of class meetings held within a week or any number of absences, including failing to use the online Learning Management System, which are impairing the student's performance), or for persistent failure to complete assignments. In such cases, the Instructor may recommend administrative withdrawal by providing a completed "Student Absence/Lack of Progress Report" form to the Academic Associate Dean. If the Academic Associate Dean agrees with the recommendation of the course instructor, the student will be administratively withdrawn from the course. To appeal the decision see the Administrative Withdrawal (http://catalogs.nmsu.edu/nmsu/ regulations-policies/#withdrawalstext) section.

Any absences due to the student's participation in a university-sponsored event (e.g. ASNMSU president representing NMSU at legislative session, student-athletes competing in NMSU scheduled athletic events, or students attending educational field trips and conferences) will be excused and deemed an "Authorized Absence". Authorized absences do not relieve the student of the course assignments or responsibilities and instructors may require students to complete course work before the absence. Before the student's absence, the student will provide the instructor(s) with written notice of the dates of expected absence.

# **Classroom Conduct**

Each instructor has the authority to establish and enforce reasonable rules of conduct in their courses. A student who engages in behavior that interferes with the educational environment of the class may be administratively dis-enrolled with the approval of the academic Department Head and Academic Associate Dean for the course, and with notification to the Provost. Any student who has been administratively dis-enrolled from a class may appeal that decision to the Dean of the College where the course was offered within ten days after notification of the dis-enrollment.

# **Student Performance Assessment**

Individual student performance and learning outcomes in a course are measured and evaluated by the course instructor and reported to the student in the form of grades. Each instructor has the authority to establish assignments and other assessments (such as exams and quizzes) and assign grades based on the student's performance. The instructor determines the final grades for the course and reports to the University Registrar as described in the grading section of this catalog. Any student who believes that their academic performance has been evaluated unfairly may appeal the grade through the University's Academic Appeals process (https://report.nmsu.edu/decision-tree/) as provided in this Catalog.

## **Academic Program Assessment**

New Mexico State University is committed to providing its students with a quality education and a supportive learning environment. Academic Program Assessment is a continuous improvement process achieved by identifying a program's desired learning outcomes, evaluating the extent to which students in the program collectively achieve those outcomes, and then implementing changes to enhance and improve the collective program outcomes. For assessment to be effective, students must be actively aware of and engaged in assessment activities.

Academic Program Assessment requires participation of students who are expected to provide feedback on personal, professional and academic development and to participate in a variety of assessment exercises. Assessment activities may be a part of regular graded course assignments, or may require students to engage in other activities as outlined in the course syllabus. Assessments may include course projects, exams, exit interviews, standardized tests, surveys, focus groups, etc. Data gathered through these assessments is published only in aggregate form. Learn more about NMSU's Academic Program Assessment at https://assessment.nmsu.edu/

# **Exam Week and Final Examinations**

NMSU designates the last week of each semester as "Exam Week" during which each course has only a single 2 hour meeting time for a mandatory culminating activity which may be a final examination or some other course-related activity. The University Student Records Office (USRO) establishes the Final Examination Schedule (https:// records.nmsu.edu/students/final-examination-schedule.html) for each semester. Examinations are typically held in the course's standard lecture/lab room. Some departments hold Departmental Exams where all students for all sections of a particular course must take the final examination simultaneously. The Final Examination Schedule indicates the Department Exam dates, times, and location. For courses not scheduled to meet at the specific times listed under "Regular Class Time" on the USRO's Final Examination Schedule, the instructor and course department coordinate examination dates, times and locations with NMSU's Academic Scheduling office (575) 646-4790. Final exams for weekend courses are held during the regular class period on the last day of class.

The final exam or culminating activity must not be rescheduled for a different date, time or location, except with the department head's permission and the enrolled students' unanimous consents. During the week before Exam Week, instructors cannot hold examinations lasting more than one class period.

Any student having more than three examinations scheduled in any one day may, no later than the week before exam week, notify the instructor of the examination scheduled latest in the day to obtain an alternative date for that examination. (If the fourth exam is a departmental exam, the instructor of the third exam will make alternate arrangements for that exam upon request.)

Students who believe that their instructor(s) have not honored Exam Week requirements may appeal to the instructor's department head.

# **Developmental Evaluation**

The academic skill level of all entering first-time students at the time of registration is evaluated based on ACT scores, SAT scores, and/or alternative placement assessments. The student's eligibility to enroll in university-level English and Mathematics courses depends on this evaluation. Students without adequate preparation for university-level courses must take developmental courses. Developmental courses are included on the transcript and will be included in the calculation of the GPA, but the developmental course credits do not count towards a degree.

# **Basic Academic Skills**

All undergraduate students must demonstrate Basic Academic Skills in both English and mathematics before enrolling in any upper-division course (numbered 300/3000 or higher). These requirements ensure that each student in the upper-division courses has the ability to succeed without compromising the learning experience of other students. The completion of the Basic Academic Skills requirements does not necessarily result in the award of academic credit nor satisfaction of university general education requirements in English and mathematics. (Students should consult the General Education Courses and Requirements section in this chapter for these requirements.)

Transfer students with 45 or more credits are allowed to enroll in upperdivision courses for only one semester before satisfying the Basic Academic Skills requirements. The Basic Academic Skills requirements may be satisfied in a variety of different ways as listed below:

# English Basic Skill Demonstration Options (achieve one of the following):

- ACT English Score of 30
- Coursework ENGL 1110G, or equivalent, completed with a grade of C- or higher.

Equivalents: the following are deemed equivalents to ENGL 1110G for the purpose of satisfying Basic Academic Skills in English:

- ENGL 1110H completed with a grade of C- or higher
- ENGL 1110M required for International students who took the TOEFL examination
- CLEP Exam score of 57 or higher in freshman college composition
- English Advanced Placement (AP) Exam score of 3, 4, or 5
- English Composition Transfer Credits 3 or more credits with a grade of C- or above, transferred from accredited postsecondary institutions (International students may be required to take ENGL 1110M Composition I Multilingual as noted above.)

**Credits from Non-accredited Institutions** - As a general rule, NMSU does not accept credits from non-accredited institutions. Students with 3 or more credits of college-level English composition with a grade of C- or higher from a non-accredited institution may, however, challenge the Basic Academic Skills requirement in English and ENGL 1110G Composition I course requirement by submitting a theme paper written under the supervision of, and demonstrating achievement of ENGL 1110G Composition I learning outcomes as determined by, the Department of English.

# Mathematics Basic Skill Demonstration Options (achieve one of the following):

- · ACT Mathematics Score of 23
- Coursework any one of the following courses or course combinations completed with a grade of C- or higher in each course:
  - MATH 1130G Survey of Mathematics
  - MATH 1215 Intermediate Algebra
  - MATH 1220G College Algebra
  - Any mathematics course numbered 1250G or above (prefix MATH) excluding MATH 1996 Topics in Mathematics and MATH 2992 Directed Study
- Basic Skills Exam Passing Score offered twice a semester by the Department of Mathematical Sciences
- Calculus AB, Calculus BC or Statistics Advanced Placement (AP) Exam score of 3, 4, or 5

**IMPORTANT NOTE:** Basic Academic Skills Demonstration fulfillment options may not appear on the transcript, result in the award of academic credit, or satisfy general education requirements. The Basic Academic Skills requirements are used solely to determine eligibility for enrollment in upper-division courses. All students should seek to complete the Basic Academic Skills requirements as early in their academic program as possible. Students who postpone completing Basic Academic Skills may be unable to progress toward degree completion in a timely manner.

# Independent Study and Directed Reading Courses

Independent study courses and directed reading (other than those designated in the catalog with a subtitle), are for students capable of and sufficiently motivated to undertake self-directed study with limited oversight of a faculty member. Only students who have completed at least 28 credits at NMSU under traditional grading, with a cumulative GPA of 2.5 or better, can enroll in independent study courses. No student is entitled to enroll in independent study and enrollment requires the consent of an instructor who agrees to supervise and evaluate the student's learning activities in the course. Students seeking registration in an independent study course should prepare an independent study proposal to present to the individual faculty member(s) in the relevant discipline for consideration. At a minimum, the proposal should include the topic of study, a brief survey of the literature or other resources on the subject, and a description of the proposed written product or another tangible outcome of the independent study. The relevant academic department for the discipline may have additional requirements. Each college determines the maximum number of credits that may be earned in independent study courses.

# **Adjusted Credit Option**

The adjusted credit option provides eligible undergraduate students who earned a low grade-point average (less than 2.0 cumulative) during their first few semesters to reset their GPA calculation. This option may be used only once and is not reversible. These are the consequences of exercising the Adjusted Credit Option:

- All of the student's academic history pre-dating the request, including all NMSU course credits previously attempted or completed, transfer coursework, CLEP, ACT, advanced placement, special examination, and/or military service are included in the adjustment and designated as "ADJUSTED CREDITS" on the transcript. These credits are no longer included in the cumulative grade point average calculation.
- 2. Courses carrying an academic grade of S, CR, C- or better, earned prior to the grading period in which the student requested this option, are treated as earned academic credit and need not be repeated, except where a higher grade is required in the student's academic program.
- Courses carrying an academic grade of U, CD, D or F, earned prior to the grading period in which the student requested this option, remain on the student's transcript, but no academic credit is provided for these courses. The student must repeat these courses to obtain academic credit.
- 4. The student's academic transcripts will continue to reflect all coursework, including courses falling under the adjusted credit option. In no circumstances will a transcript be issued that does not include all courses attempted at this university.
- 5. The student's current academic status, eligibility for employment, and financial aid may be impacted. Probationary status and eligibility for on-campus employment are not affected by the exercise of the adjusted credit option.
- 6. The repeat rule for courses starts anew.
- 7. The student will not be eligible for the award of an associate degree until earning thirty (30) or more additional credits after exercise of the Option.

8. The student is eligible for University honors at graduation upon completing a minimum of 60 academic credits at NMSU, after the adjusted credit option is exercised, with a resulting grade point average that satisfies University regulations for honors.

After carefully considering the consequences indicated above, eligible students may exercise the Adjusted Credit Option by paying a fee of \$10 and submitting an adjusted credit option application to the University Student Records Office. Application forms are available on the University Student Records Office website and can be approved by the Director of the Center for Academic Advising and Student Support or the Associate Dean for Academics in the student's college or the Academic Vice President at the Community Colleges. Only students meeting the following criteria are eligible to exercise the Option:

- 1. No awarded baccalaureate degree
- 2. Enrolled as a degree-seeking or non-degree undergraduate student
- 3. A cumulative grade-point average of less than 2.0 at NMSU
- 4. Fewer than 60 credits accumulated (including both transfer and NMSU credits)

### **Credit by College Level Examination Program (CLEP)**

Before or during a student's enrollment at NMSU, credits may be earned through the College Level Examination Program (CLEP) of the College Entrance Examination Board. CLEP is a national program of credit by examination that offers the opportunity to earn credits for college-level achievement wherever or however the student learned. Earned CLEP credit will be treated as transfer credit without a grade, will count toward graduation, and may be used in fulfilling specific curriculum requirements. A current NMSU CLEP policy and test schedule information is available through Testing Services DACC East Mesa, RM 210. Testing Services may be reached at: (575) 528-7294.

# **Credit by Examination**

Any enrolled student with a cumulative GPA of at least 2.0 currently attending classes may, with permission of the appropriate department, challenge by examination any undergraduate course in which credit has not been previously earned except an independent study, research or reading course, or any foreign language course that precedes the final course in the lower-division sequence. The department in which the course is being challenged shall determine the manner of administering the examination and granting permission. Students may not enroll in a single course, challenge it by examination, and drop it during the drop/ add period, unless they enroll in an additional course. In exceptional cases in which a student demonstrates outstanding ability in a course in which they are already registered, they may be permitted to challenge the course. A student desiring to apply for special examination may obtain the necessary forms from the University Student Records Office. The fee for challenging a course is the same as the approved tuition rate. Courses may not be challenged under the S/U option. The special examination privilege is based on the principle that the student, exclusively, has the responsibility for preparing for a special examination.

# **Credit for Military Service**

New Mexico State University will award academic credit to United States military personnel for courses and Military Occupational Specialties (MOS), based on the American Council of Education Guide (ACE) as well as through national standardized tests, such as CLEP, AP, PEP and DANTES. Credit for military training is in accordance with NMSU Faculty

Senate Legislation Proposition 24-07/08, which was passed in May 2008. Military Training and Military Occupational Specialties (MOS) must have a recommendation evaluation by ACE (in the ACE Guide) for credit to be awarded. Courses accepted for transfer credit become part of the student's official NMSU transcript and academic record. If a student wishes to appeal a decision regarding the acceptance of military training/ education and/or MOS for academic credit, the student must submit a written statement of appeal to the Dean of the College to which the student has applied. The Dean will review the merits of the appeal and render a decision. The decision of the Dean is final.

Only Primary MOS (s) are eligible for academic credit in the initial review and evaluation. Credit for Duty and/or Secondary MOS may qualify for academic credit if the student petitions the college's Academic Dean. Primary MOS is the primary specialty of a soldier and reflects the broadest and most in-depth scope of military experience. Veterans, active-duty personnel, National Guard and Reservists who are current students or students applying for admission to New Mexico State University may be granted academic credit on a case-by-case basis upon evaluation of military transcripts - the Joint Service Transcript (jst.doded.mil) and the Community College of the Air Force transcripts. Course equivalencies and credit hours awarded for a particular NMSU degree are determined by colleges and/or academic departments. Credit hours may be awarded for specific courses toward degree requirement, or as elective credit. The number of credit hours awarded will be determined by the college and/or academic department.

NOTE: Students submitting military transcripts for credit evaluation must keep in mind the Maximum Time Frame policy. See Financial Aid (http:// catalogs.nmsu.edu/nmsu/financial-aid-scholarship-services/) Section.

## **Graduate Course Deficiencies**

Students admitted with departmental deficiencies may be required to take diagnostics tests and additional qualifying examinations. They must complete satisfactorily, in a manner specified by the major department, all undergraduate course deficiencies as prescribed by the department responsible for the graduate program. Courses taken to satisfy deficiencies will be listed on the undergraduate transcript; however, these course grades will not be calculated in the student's graduate GPA or graduate hours. With the permission of the student's advisor and the head of the department, courses to meet undergraduate deficiencies may be taken under a S/U option (with S being a grade satisfactory to the professor), and such courses will not affect the maximum number of S/U graduate credits permitted.

## **Short Courses for Graduate Students**

Short course(s) that are numbered 450/4500 and above have been approved to carry graduate credit. Graduate students must be registered for the short course(s) to receive graduate credit. Concurrent enrollment of graduate students in regular and short courses for the fall/spring semesters is allowed, provided the combined total credits does not exceed 15. All short courses carrying one-semester credit will be graded on a S/U basis, and these credits will be counted toward the student's limit of S/U credits.

# **Challenging Graduate Courses**

A graduate student may challenge a graduate course by examination, please see the Graduate School for more information.

# Grading University Grading System

Each course department or instructor establishes the system for assessing student performance in achieving course learning objectives. Students should consult the course syllabus for a description of the grading system used in each course. At the conclusion of each course, instructors are required to report a final grade reflecting the instructor's assessment of each student's performance. Shortly after the end of the term, students can access their grades through the MyNMSU portal. No other grade notification will be issued. The final grade is reported on the student transcript. Instructors may elect whether to use fractional grading (the use of the plus and minus) in assigning final letter grades.

The NMSU system for final grades is expressed in letters, which carry grade points that are used in calculating the cumulative grade-point average, as shown in this table:

Letter Grade	Grade Points per Unit of Credit
A+	4.0
A	4.0
A-	3.7
B+	3.3
В	3.0
В-	2.7
C+	2.3
С	2.0
C-	2.0
D+, D, D-	1.0
F	0
W- Withdrawal	0
N- Grade not submitted	0
CR- Credit authorized, but not letter grade	0
IP- In progress	0
RR- Progress in undergraduate course	0
PR- Progress in graduate thesis	0
S- Satisfactory work <sup>1</sup>	0
U- Unsatisfactory work	0
I- Incomplete work	0
AU- Audit	0

<sup>1</sup> S grades are grades that are satisfactory to the professor and are normally equivalent to the letter grade of C- or higher.

Any courses for which only CR, S or PR is awarded, but no traditional letter grade is given, will be included in the total number of earned hours but is not computed in the grade-point average. Traditional letter grades are those which are used in the grade point average determination: A+, A, A-, B+, B, B-, C+, C, C-, D+, D, D- and F. In computing the overall grade-point-average, the total credits in which grades of A+ through F have been assigned is divided into the total number of grade points earned.

# Midterm and Six-Week Early Performance Grades

A Six-Week Early Performance Grade (sometimes referred to as Midterm Grade) for courses numbered 100/1000-299/2999 will be posted and available to students through the MyNMSU portal. The purpose of the early grade posting is to ensure that students have an opportunity to address any performance issues. Students should be mindful that the Six-Week Early Performance Grade reflects a students' performance on only that portion of the total coursework that has been graded at that time. Any student who is doing poorly, or not as well as they would like, should meet with the instructor to discuss how they can improve. Students who have concerns about their progress in multiple courses or who are considering withdrawal from course(s) must meet with their academic advisor.

In courses numbered 300/3000 or higher, the posting of Early Performance Grades is optional and may occur through the online course management system rather than the MyNMSU portal. However, prior to the last day to withdraw from a course, upon request, instructors will provide information to students about their progress in the course.

# **Retention of Grading Records**

Individual assignments and exams that are not returned to students should be retained by the instructor or department through the end of the subsequent regular semester. The records used to compute individual final grades should be retained for two years after the completion of a course. If a final grade is appealed, these records are kept for at least two years after the completion of the appeal. Departments, colleges, or the library may require that records be kept for longer periods.

### Minimum Grade Requirement for Undergraduate Students

Undergraduate degrees require a cumulative GPA of 2.0 or higher for degree completion. Although D+, D, or D- can be considered passing, some departments have higher grade requirements for the courses within their program and/or their program as a whole. Students should check with their departments regarding specific course grading requirements for their particular degree program.

# Minimum Grade Requirement for Graduate Students

Graduate degrees require a cumulative graduate G.P.A. of 3.0 or higher. Although B- and C grades (including C+ and C-) earned at NMSU may be counted toward the requirements for a graduate degree in some programs, this grade does not reflect acceptable graduate-level performance and may cause the cumulative G.P.A. to fall below the 3.0 required for graduate students. Some departments have higher grading requirements for courses in their programs. Students should check with their departments regarding specific course grading requirements for their particular degree program.

Courses in which a student earns a D or F grade do not ever satisfy graduate degree requirements; however, these grades will be calculated in determining the students' cumulative grade-point average. To obtain academic credit, students must retake courses in which a grade of D or F was earned.

# S/U Grading

S/U grading allows the student to attempt to earn course credit without having a course grade included in their grade point average calculations. Under S/U grading, the instructor assigns an S grade for satisfactory achievement of the course learning objectives (normally equivalent to the letter grade of C- or higher) and a U grade for unsatisfactory performance in the class.

#### **Designated S/U Courses**

Each academic college may designate courses in which the grading will be on the basis of S or U for all students enrolled in the courses. Credits in designated S/U courses are not included in the limitations on the number of S/U credits a student may take and are not subject to the student eligibility requirements described below.

#### Election of the S/U Grading Option - Undergraduate Students

In courses other than those designated as S/U for all students, eligible individual students may elect the S/U Grading Option, subject to the regulations stated below. To be eligible for the S/U (satisfactory/ unsatisfactory) Grading Option, undergraduate students must meet the eligibility requirements and obtain the approval of an academic advisor. Eligibility requires the completion of 28 credits at NMSU under traditional grading, with an overall average of 2.5 or better. (Upon approval of the adjusted credit option, students must re-establish eligibility.) Nondegree seeking students may take courses under the S/U option without regard to eligibility requirements. However, these courses may not be subsequently applied toward an undergraduate degree at NMSU.

The S/U option must be elected as part of the course registration and may not be added once the course registration period closes. Other than honors courses and courses officially designed as S/U, the following limitations apply to courses in which the S/U option is elected:

- 1. No more than 7 credits per semester or 4 credits per summer session.
- 2. Not to exceed a total of 21 credits towards a degree.
- 3. Not a required course for the student's major.

Students electing the S/U option should be mindful that upon a change of majors, the new major department may require a traditional grade for a course within that major that was previously completed with an S grade. In such cases, the student may request that the original instructor process a change of grade form to apply a traditional grade, however, if more than 2 years have elapsed or if the instructor is no longer at NMSU, such a change will not be possible and the student may be required to retake the course or obtain a traditional grade through a course challenge.

#### Election of the S/U Grading Option Election - Graduate Students

With approval from their advisor and department head, graduate students in good academic standing may elect the S/U option, at the time of registration, for courses taken outside the major department, subject to the regulations stated below:

- 1. No more than a total of 6 credits of elected S/U courses are permitted in the master's degree.
- 2. Doctoral candidates may take an additional 6 credits under the S/U option after application to candidacy.

## **I Grade Designation**

The letter grade of I (incomplete) is given for passable work that could not be completed due to circumstances beyond the student's control

that develop after the last day to withdraw from the course. In no case is an I grade to be used to avoid assigning D, F, U or RR grades for marginal or failing work. Examples of appropriate circumstances include documented illness, documented death or crisis in the student's immediate family, unexpected military deployment and similar circumstances. Other job-related circumstances are generally not appropriate grounds for assigning an I grade. Students requesting an I grade are responsible for providing satisfactory evidence of such circumstances. (In the case of medical records, instructors should review the information provided, note that adequate medical documentation was provided for review, and return the documentation to the student. Under no circumstances should the instructor retain any medical records or indicate the specifics of any medical condition in the academic records.) The refusal to grant an I grade may be appealed in the same manner as any other final grade.

To assign an I grade, the instructor must complete the "I grade Information Form (https://records.nmsu.edu/\_files/sro-forms/I%20Grade %20Information%20Form.pdf)" by the deadline for final grade submission in the semester the student was enrolled in the course, and have the form delivered to the associate dean of the course college. The instructor must indicate on the form whether the student will be given the option to complete the remaining coursework and have the I grade changed to the earned letter grade. If so, the instructor should indicate the steps necessary to complete the remaining coursework. The I grade form should either be signed by the student in person or digitally, or the associate dean must send a copy of the document to the student's official permanent address or university email address, as recorded in the University Student Records Office, with a notation on the form that the student was not available for signature.

The I grade will be permanent in instances where (1) the instructor did not provide an option to complete the coursework, (2) the instructor left NMSU before completion of the coursework and grade change, or (3) the student failed to complete the coursework by the relevant deadline, and the instructor did not indicate that the I grade would be changed to the earned grade upon failure to complete. In such instances, the student will be required to re-enroll in the course to receive credit (in which case the permanent I grade and the subsequently earned letter grade will both appear on the transcript).

The student is entitled to have the I grade removed from the transcript only if, within 12 months or any earlier deadline established by the instructor on the "I Grade Information Form" and before graduation, the student completes the remaining coursework, as specified on the I Grade Form, in a manner satisfactory to the instructor. If the student fails to complete the coursework, the instructor may change the I grade to any appropriate grade (including D, F, or U) only if the instructor stated that this would occur on the "I Grade Information Form." The instructor should assign whatever grade was earned for the entire course.

To change the I grade, the instructor must complete a "Change of Grade Form," obtain the signature of the associate dean for the course, and submit the form to the University Student Records Office.

## **RR Grade**

The RR grade may be assigned only in undergraduate developmental courses (CCDE, CCDL, CCDM & CCDR) and indicates that the student has made substantial progress toward completing the requirements of the course. It carries neither penalty nor credit, so a student must re-enroll and successfully complete the course in order to earn credit. The grade

of RR may be received only once in any given course, and is a permanent notation on the student's transcript.

# **W** Grade Designation

The W grade is assigned only in courses when the student withdraws or is administratively dis-enrolled from the course after the last day to drop the course. The W grade is permanent.

# **Effect of Change of Grade**

The effect of a change of grade on a student's academic standing (academic warning, probation or suspension) depends on the date the transaction is officially recorded on the student's academic record. If the transaction is recorded before the student begins another semester, the grade change (such as replacing the I grade with an earned grade) is included in the grade-point average calculation to establish the student's academic standing. If the transaction is recorded after the student begins another semester, for the purpose of calculating academic standing, the new grade is included with any other grades earned for the semester in which the grade change is processed.

### **Repeating Courses for a Change in Grade**

**Undergraduate students:** may repeat courses, for a change in grade, when the original grade earned was a D or F. Las Cruces Main Campus students are not allowed to count repeated courses towards the minimum 15 credits required to retain merit-based institutional scholarship. Once a grade of C- or better is earned, the course will then be substituted in the calculation of the grade-point-average and students will no longer be able to repeat that course for change of grade purposes. Student transcripts will continue to show the grade awarded for each course attempt. If the student's original grade was a D and he/she repeats the course, but receives a F, the second grade will not be substituted for the original.

**Graduate students:** may repeat courses to achieve a higher grade, but the grade assigned for each attempt will remain on the transcript and will be counted in the grade point average calculation.

# **Grade Point Average**

Grade point average (GPA) calculations are based solely on courses taken at NMSU or under an approved National Student Exchange.

# **Grading in Graduate Research**

In grading both master's and doctoral research, thesis and dissertation work in progress, the instructor reports for each enrollment period the grade PR (progress) or U (unsatisfactory) rather than a traditional letter grade. These assigned grades are permanent notations on the student's transcript. Only those credits graded PR (Progress) accumulate toward the minimum number of research credits required.

PR indicates that the student has devoted an adequate amount of time to the work scheduled but does not indicate the quality. U indicates that the student has stopped work or is doing work of unacceptable quality.

At the conclusion of the final oral examination, or when the thesis/ dissertation is submitted for the final signature of the graduate dean, the instructor will report the final S or U grade for that semester. If the thesis/ dissertation and the performance in the final oral examination are found to be acceptable, the instructor will report an S (satisfactory) grade. If the thesis/dissertation or the performance in the final oral examination is found to be unacceptable, the instructor will report an U (unsatisfactory) grade. If a student accumulates a total of two U (unsatisfactory) grades in courses numbered either 599/5999, 600/6991, 700/7000, or any other graduate level project/research type courses with S/U grading, the student will be placed on provisional status. If three U (unsatisfactory) grades are reported for these courses, the student will be dismissed from the Graduate School.

# Withdrawals

For more information regarding how withdrawals impact tuition refunds, please see the Tuition, Fees & Other Expenses (http:// catalogs.nmsu.edu/nmsu/tuition-fees-expenses/#newitemtext) section of the catalog.

# Withdrawal from a Single Course

Any student wishing to formally withdraw from a single course, after the last day to drop has passed, can do so through their Academic Advisor or the University Student Records Office. All such withdrawals will be registered on the student's transcript with the "W" grade indication.

For students wishing to withdraw from all courses, please see the section on Withdrawal from NMSU.

# Leave of Absence from the Graduate School

Students who are working on advanced degrees and plan to have an interruption in studies, for a calendar year, should request for a leave of absence through their department head. The student must submit a formal letter through their department head to the Dean of the Graduate School, an email will not be accepted. The request should include the beginning date and the anticipated ending date for the period of absence.

A graduate student on leave of absence will be expected not to use university facilities and place no demands upon the university faculty and staff, and, therefore will pay no fees. Time spent in the "leave-of-absence" status will not be counted toward the advanced degree time limits.

A graduate student who fails to register for one calendar year without obtaining a leave of absence from the Graduate School will be considered withdrawn from the university, by the Graduate School. In order to resume their studies after such absences, the student must go through the formal readmission process.

# **Administrative Withdrawals**

If a student has stopped attending class without formally withdrawing, stopped using the online Learning Management System, or has a history of persistent unexcused absences or failures to complete assignments, the University reserves the right to remove the student from the class by means of an administrative withdrawal. An administrative withdrawal may be requested under the following circumstances, excluding absences excludes through University policy:

- 1. At the beginning of the semester, if a student misses the first two (2) class meetings or online activities.
- 2. At any point in the semester, if a student misses four (4) consecutive class meetings or online activities.
- 3. If over the course of the semester, the student persistently fails to attend class or fails to complete assignments.

In NO case is an administrative withdrawal used to avoid the assigning of D, F, U or RR grades for marginal or failing work. Administrative

withdrawals are subject to the same refund rules as student initiated withdrawals (100% refund prior to census and no refund after census)/

To request consideration for an administrative withdrawal, the instructor must complete the Student Absence/Lack of Progress Report (https://records.nmsu.edu/\_files/sro-forms/Student%20Absence %20or%20Lack%20of%20Progress%20Report%20-%20Administrative %20Withdrawal.pdf), found on the forms page of the University Student Records Office webpage, and route for approvals. The University Student Records Office is ultimately responsible for processing the administrative withdrawal.

Upon receipt of a fully approved Student Absence/Lack of Progress Report, from the Dean's Office, the Student Records staff will notify the student that they will be withdrawn from the class within 48 hours unless they appeal the action. This notification will be sent to the student's official NMSU email address. Students wishing to appeal the administrative withdrawal, should reply to the Student Records' notification email, with a valid reason for non-attendance / noncompletion of coursework, within 48 hours of the email delivery time stamp.

If the appeal circumstances are determined reasonable and accepted, the student will not be withdrawn from the class and will be expected to actively participate in all future meetings and coursework. The Student Records Office will notify the instructor, Department Head and Associate Dean of the determination, via official NMSU email.

When an administrative withdrawal is initiated for a student who is representing the university at an official out-of-town event any administrative withdrawals will become effective upon the student's return from the event or five days after the drop slip fully approved form is submitted to the Student Records Office.

# **Military Withdrawal**

New Mexico State University understands that our military students may be called to active duty, specialized training, or disaster relief efforts with little notice. U.S. active duty military students wishing to withdraw from all their classes must present their orders and their request for full withdrawal, as indicated below. However, the below policy does not pertain to a student's basic and/or annual training. A student who has an order for training is encouraged to formally request, through the proper military chain of command, a postponement of their orders until the summer or the end of the semester they are currently enrolled in. If a student's request for postponement is denied, the student may then follow the steps below but must provide documentation that their postponement request was formally denied.

All NMSU students that have been called for active duty must take the following steps to withdraw from all their classes:

- Military and Veterans Programs (MVP): TA/VA students ordered to Active Duty must provide a copy of orders to the MVP office, in Corbett Center Student Union, Room 244, or by email mvp@nmsu.edu. To assist in reporting accurate information to their military service or the VA Regional Office, the student should also provide, in writing, the last day of class attendance.
- NMSU University Student Records: All students presenting their orders to the University Student Records Office, (575) 646-3411, or records@nmsu.edu, will receive a military withdrawal from classes and full tuition and fees refund for that semester.

3. **Bookstore**: Students who still have their receipts for textbooks purchased the semester in which they are called to active duty will be given a full refund for these textbook purchases when they present their orders. Please contact the bookstore for assistance at (575) 646-4431 or nmsu@bkstr.com.

## **Student Medical Withdrawal**

A student medical withdrawal applies to a student who becomes seriously ill, injured or hospitalized and is therefore unable to complete an academic term for which they are enrolled. This action applies to all courses a student is registered for in the affected semester(s). The student cannot select which courses they want to withdraw from and which they want to remain registered for when exercising this option. The students' attending physician must provide a letter, on official letterhead with an original signature, stating the date(s) within the semester that the student was under medical care and must withdraw because of that medical condition. This letter must be submitted within the semester or no later than one academic year after the end of the term for which the withdrawal is being requested.

Once the information is reviewed a final determination will be made if the student is eligible for the consideration of tuition or other refunds (students receiving funds awarded by the University Financial Aid and Scholarship Services should be aware of policies regarding withdrawal from the University). At the Las Cruces campus, medical withdrawal begins and ends at the University Student Records Office. At all other campuses, medical withdrawal begins at the Student Services Office but is ultimately finalized with the University Student Records Office on the Las Cruces campus.

### Medical Conditions of a Family Member Withdrawal

A student who is withdrawing because of a medical condition of an immediate family member must submit a letter from the family member's attending physician. This action applies to all courses a student is registered for in the affected semester(s). The student cannot select which courses they want to withdraw from and which they want to remain registered for when exercising this option. It must be on official letterhead with an original signature, stating the date(s) within the semester that the student's immediate family member was under medical care and that the student must withdraw to attend to the immediate family member's medical condition. This letter must be submitted within the semester or no later than one academic year at the end of the term for which the withdrawal is being requested.

Immediate family member, in this instance, includes a spouse; a domestic partner, as defined in the NMSU Policy Manual 7.04; a child, parent or legal guardian; a sister or brother and a grandparent or a grandchild. Familial relationships that are created by law are also included (i.e. mother/father in law; half or step siblings); any other relationships can be considered on a case-by-case basis.

Once the information is reviewed a final determination will be made if the student is eligible for consideration of tuition or other refunds (Students receiving funds awarded by the University Financial Aid and Scholarship Services should be aware of policies regarding withdrawal from the University.) At the Las Cruces campus, medical withdrawal begins at the University Student Records Office. At all other campuses, medical withdrawal begins at the Student Services Office.

## Withdrawal from NMSU

Withdrawal from any NMSU campus is an official procedure that must be:

- 1. Initiated by the student (using the Withdrawal form)
- 2. Have all necessary signatures (as indicated on the form)
- 3. Be approved and processed through the University Student Records Office

Students who withdraw from all courses for the semester should do through the University Student Records Office. However, students who are unable to come in person may submit an e-mail using their NMSU e-mail account to records@nmsu.edu. Students who leave without following the official procedure are graded appropriately by the instructor.

Applicable dates for the last day to withdrawal are published on the approved university academic calendar or under important dates at: http://registration.nmsu.edu (https://records.nmsu.edu/faculty-and-staff/academic-calendar.html).

A student who withdraws from all classes for the semester will retain access to their NMSU account per current policy but will lose access to other services and privileges available to enrolled students.

Financial information concerning drops and withdrawals can be found at https://uar.nmsu.edu/refunds/withdrawals.html. Financial Aid Recipients should contact University Financial Aid and Scholarship Services before withdrawing. Students receiving funds awarded by the University Financial Aid and Scholarship Services should be aware of policies regarding withdrawal from the University.

The Federal Higher Education Act requires the University to calculate a Return of Federal Student Aid Funds for students who withdraw (officially or unofficially) from all classes on or before the 60 percent attendance point in the semester. Using a pro-rata schedule, the percentage of the semester attended is used to calculate the amount of the student's earned versus unearned Federal student aid funds. The unearned portion of Federal student aid funds will be returned to the appropriate aid program(s). Students withdrawing from classes are responsible for payment of any balance due after the required return of Federal student aid funds.

## Graduation and Commencement Graduation Requirements

For specific graduation requirements for any degree offered at NMSU please see the Degrees, Majors, Minors and Other Academic Programs of Study (http://catalogs.nmsu.edu/nmsu/regulations-policies/ #academicprogramsofstudytext) section, as well as the departmental sections for those requirements. These requirements will include the minimum GPA, total credits and specific course requirements for graduation.

# **Applying for a Degree**

Any students that are in their final semester of classes are considered degree candidates and are required to submit an "Application for Degree" as well as pay graduation fees for each degree being sought. The application for Degree form is available online through the myNMSU website. It must be completed and submitted by the designated deadline for that semester. The fees for the Las Cruces campus are all listed in the Tuition, Fees and other Expenses (http://catalogs.nmsu.edu/nmsu/tuition-fees-expenses/) section of the catalog. Once a student submits the application, the fee will be included in the total cost for the semester

or session in which the candidate anticipates completing their degree requirements.

If degree requirements are not completed during the semester/ session the student originally applied for, the student must then reapply and pay the appropriate fees. A \$50 late fee applies to applications received after the application deadline, and no applications will be accepted after the posted deadline date.

A student must specify which catalog they are using for their degree requirements in order for the university to determine if the requirements are met and if a degree can be certified. The latest date for substitution or waiver of required courses for degree candidates is two weeks after the last date of registration for full or summer terms.

# Attendance at the Commencement Ceremony

Commencement is a symbolic ceremony, that students can elect to participate in after they have applied for their degree (https:// commencement.nmsu.edu/apply-to-graduate/). Participation in commencement does not, in itself, mean that a student is considered an NMSU graduate. In order to be awarded a degree, a student must fulfill university requirements as determined by academic colleges. The degree will reflect the graduation date from the application for degree in which all degree requirements were determined by the academic colleges.

The academic colleges will confirm students' eligibility to participate in the commencement ceremony that is held at the end of the fall and spring semesters. Eligible candidates who are in the process of completing their final degree requirements and degree recipients from the previous summer session will participate in the fall ceremony. Students who are in the process of completing their final degree requirements in the spring can participate in the spring ceremony. However, degree candidates who wish to participate in a spring commencement, prior to completing degree requirements in summer school may do so if they meet the following conditions:

- 1. Receive permission from the Academic Dean of their college
- 2. Show a minimum cumulative grade-point average of 2.0
- 3. Only need 12 or fewer credit hours to complete their degree requirements
- 4. These remaining credit hours are being offered in the upcoming summer schedule of classes
- 5. Submit a degree application and approved petition form (available in the Dean's office of the student's primary major) by the late application deadline to apply for a degree in the spring semester.

# **Academic Regalia**

Each college may approve distinctive symbols to be worn by the top 10 percent of its graduates at commencement. Only one symbol may be worn by each graduate. In addition, the student with the highest honors in each college may wear a crimson- colored gown. No other symbolic additions to academic regalia are allowed without the approval of the Academic Deans Council.

# Diploma

All fees and bills owed the university must be paid in full before a student may receive a diploma or official transcripts. The degree title and major(s) will be printed on the diplomas, in accordance to the degree application award, determined by the academic colleges. Academic honors will also be printed on the diplomas below the degree and major(s). The name on the diploma will reflect the student's current official NMSU records. Name changes are only processed for currently admitted students.

Diplomas will be mailed to graduates approximately eight weeks after the individual colleges certify the degree requirements and the final grades have been processed by the University Student Records Office. The diploma will be mailed to the address specified on the degree application, unless an address change was requested before the last day of the semester.

### Academic Standing, Probation and Suspension Undergraduate Academic Standing

When a student does not maintain adequate academic standing, he/ she is placed in Academic Warning. If the student's academic standing does not improve, the placement progresses to Academic Probation I. Continued unimproved academic standing moves a student into Academic Probation II, then finally, Academic Suspension. Each stage imposes more structure and limitations on the student in order to help them return to normal academic standing. The intent is not to punish, but to help the student return to normal academic standing and success. Since some of these limitations involve limitations on the number of credit hours, students on Probation or Suspension may be subject to loss of financial aid. It is the student's responsibility to determine the impact of their changed academic standing on their financial aid. Notification to students of academic warning, probation, or suspension appears on the student's grade report at the end of each grading period.

# **Undergraduate Academic Warning**

Issued only once, the first time a student's cumulative GPA falls below a 2.0 while in good academic standing. The University Student Records Office will notify the student of the consequences should the cumulative grade point remain below a 2.0 at the conclusion of the semester. A student on Academic Warning remains eligible for all extracurricular activities as governed by the rules of the specific activity.

While under Academic Warning the following restrictions may apply:

- 1. The student cannot enroll in more than 15 hours of coursework during the semester.
- 2. The student may be required to enroll in a 3-credit hour special study skills/time management course specifically designed for students on Academic Warning, or an equivalent course approved by the appropriate associate dean or CAO of their campus.
- Students may be required to enter into a contract with their advisor, approved by their department head that places further stipulations on Academic Warning. The contract may include, but is not limited to the following:
- 4. The student may be required to take at least one repeat course to try to improve their GPA.
- 5. Except for the special study skills/time management course, the student's coursework may be restricted to their major.
- 6. The student may be required to get tutoring help.
- 7. The student may be required to see an academic counselor on a specified time schedule.

8. The number of credit hours a student may register for may be restricted (due to extenuating circumstances such as the student's workload commitments).

The associate dean or CAO may place the student on Academic Probation I should the student not adhere to the stipulations of the contract.

If the student's semester GPA is less than 2.0, and the cumulative GPA remains below 2.0 at the end of the semester on Academic Warning, the student is placed on Academic Probation I. If the semester GPA is greater than 2.0 but the cumulative GPA is still less than 2.0, the student will remain on Academic Warning. If the cumulative GPA is greater than a 2.0 at the end of the semester then the student is returned to good academic standing.

# **Undergraduate Academic Probation I**

This occurs when a student under Academic Warning has a semester GPA less than 2.0, and the cumulative GPA remains below 2.0 at the conclusion of the semester or if the student maintains a semester GPA greater than 2.0 while on Academic Probation I but the cumulative GPA is still less than 2.0. Academic Probation I will also occur if a student falls below a 2.0 cumulative GPA from Good Academic Standing if Academic Warning already occurred in a previous term.

Under Academic Probation I the following conditions apply:

- 1. The student cannot enroll in more than 13 hours of coursework during the semester. *Note: Students falling below 12 credits in any one semester will jeopardize their financial aid.* Should this occur, students should see the associate dean in their college as soon as possible to try to implement corrective measures.
- 2. The student may enter into a contract or individualized education plan with their advisor and be approved by the associate dean or CAO that place further stipulations on Academic Probation I. The associate dean or CAO may place the student on Academic Probation II or Academic Suspension should the student not adhere to the contract stipulations.
- Students on Academic Probation receiving educational benefits from the Veterans' Administration must obtain counseling from the Military & Veterans Programs Office.
- 4. Students admitted under special provisions whose transcripts indicate less than a 2.0 GPA are admitted on Academic Probation I.

The student must maintain a semester GPA equal to or greater than 2.0 until such time that the cumulative GPA is greater than 2.0 at which time the student goes back to good academic standing. Until the transition happens the student remains on Academic Probation I. The student will be placed on Academic Probation II if they cannot maintain a 2.0 semester GPA, and the cumulative remains below a 2.0 GPA, while under Academic Probation I. A student on Academic Probation I remains eligible for all extracurricular activities as governed by the rules of the specific activity.

## **Undergraduate Academic Probation II**

Academic Probation II is issued in two ways.

• The first is when a student falls below a semester 2.0 GPA and the cumulative GPA remains below a 2.0 while on Academic Probation I.

• The second is when a student maintains a semester GPA greater than 2.0 while on Academic Probation II, but the cumulative GPA is still less than 2.0.

The following restrictions are in place for student's in Academic Probation II:

- 1. The student cannot enroll in more than 7 credit hours of coursework during the semester.
- 2. As with rule 2 under Academic Warning and Academic Probation I and at the discretion of the associate dean or CAO, the student will be required to enter into a contract with their advisor, approved by the associate dean or CAO, to place further stipulations on Academic Probation II.

The associate dean or CAO may place the student on Academic Suspension should the student not adhere to the stipulations of the contract.

The student must maintain a semester 2.0 GPA or higher until the cumulative GPA reaches a 2.0 or higher, at which time they are placed on good academic standing. A student unable to maintain a semester GPA of 2.0 or higher, and the cumulative remains below 2.0 GPA, while under Probation II will be placed on Academic Suspension. A student on Academic Probation II remains eligible for all extracurricular activities as governed by the rules of the specific activity.

### **Continuing in Probationary Status**

Students may continue to enroll while on Academic Probation I or II provided they maintain a semester GPA of 2.0 or higher. If they withdraw from the university while on Academic Probation, they continue on that same level of Academic Probation.

### **Removal of Academic Probation**

Such academic standing is removed when the cumulative GPA is raised to 2.0 or higher, with the following exceptions:

- 1. a transfer student may not remove probation by summer work alone;
- If an I grade is removed after the student has enrolled, the new grade's effect on academic standing is based on its inclusion with grades for the term for which the student is enrolled;
- 3. exercise of the Adjusted Credit Option does not change academic status until subsequent grades are earned.

# **Academic Suspension**

When a student does not achieve a semester 2.0 GPA or higher, and the cumulative remains below a 2.0 while under Academic Probation II, the student is placed on Academic Suspension. Students under Academic Suspension are not allowed to take NMSU courses while under suspension. Students on Academic Suspension must sit out a minimum of 1 semester and apply for re-admission.

Under certain conditions, a student may be re-admitted at NMSU under regular status while under Academic Suspension when satisfactory progress has been demonstrated at another college or university (see Readmission- Degree Seeking). Credits earned at another university or college while under Academic Suspension from NMSU or another university or college will be accepted at NMSU only after the student demonstrates satisfactory progress over a period of two semesters after being re-admitted or admitted to NMSU. Acceptance of transfer credits that count toward degree requirements is still governed by the rules established by the student's respective college or campus.

### Summer Attendance Impact on Academic Standing

A student may use summer classes to get a warning or probationary status removed. Students suspended at the close of the spring semester may have their Academic Suspension rescinded if they attend a summer session at NMSU or one of its Community College campuses. Such attendance must raise the combined spring semester and summer GPA to 2.0 or better. Under no circumstances may a student on Academic Warning or Academic Probation be allowed to register for an overload. The current academic status is continued if the student withdraws from the university and the probation or suspension status applies to all subsequent enrollments until the cumulative GPA is 2.0 or higher.

# Graduate Academic Probation and Suspension

Graduate Academic Standing is based on the student's semester GPA and cumulative GPA. The student must maintain a cumulative GPA of 3.0 or higher to remain on Graduate Academic Good Standing. A student may not remain eligible for all extracurricular activities or Graduate Assistantship as governed by the rules of the specific activity.

**Graduate Academic Probation I**: A graduate student is placed on Graduate Academic Probation I when the student's cumulative GPA drops below 3.0 and the previous academic standing is Graduate Academic Good Standing. If a student on Probation I earns a semester GPA above 3.0 but the cumulative GPA remains below 3.0, the student continues on Graduate Academic Probation I

**Graduate Academic Probation II**: If the semester GPA of a continuing or re-admitted graduate student on Graduate Academic Probation I drops below 3.0 then the student is placed on Graduate Academic Probation II

**Graduate Academic Suspension**: If the graduate student cannot maintain a semester GPA of 3.0 or higher and the cumulative remains below 3.0 GPA while under Graduate Academic Probation II, the student will then be placed on Graduate Academic Suspension.

Students on Graduate Academic Suspension are barred from enrolling in graduate-level courses at NMSU while on suspension. Graduate students on Graduate Academic Suspension must sit out a minimum of one semester. Graduate students on suspension who wish to continue Graduate School after suspension must re-apply to the department and Graduate School. The student must also petition College Academic Dean or the Graduate School Dean, based on the major and degree the student is pursuing to be removed from Graduate Academic Suspension. At this time the graduate academic suspension status will be evaluated for possible readmission to the department. Should the suspension be lifted, the graduate student is placed on Graduate Academic Probation II or Graduate Re-admit on Probation II until such time that the graduate cumulative GPA equals or exceeds 3.0.

If you have questions about your academic standing, please contact your department academic advisor or Graduate Dean's office.

# Academic Misconduct and Grievances Student Academic Code of Conduct

The Student Academic Code of Conduct (SACC), applicable to both undergraduate and graduate students, provides procedures for reviewing and resolving of alleged or suspected academic misconduct within a reasonably prompt time frame. The full SACC is found in the university's published Administrative Rules and Procedures (ARP), specifically ARP 5.10 and ARP 5.11.

While it is essential to refer to the detailed governing rules in the ARP, the process is summarized as follows: An institution-wide Academic Conduct Officer is responsible for processing each case of alleged academic misconduct. The accused student is provided notice of the allegation and has the right to participate during the fact-finding process. The student may contest the investigative findings or sanction in a formal review before a university Hearing Panel. Either party to the matter has the right to a final appeal of the results or a Level II sanction to the Office of the Provost.

The SACC distinguishes between Level I Sanctions and Level II sanctions, depending upon the severity of the offense and other factors. The Level I sanction includes a formal warning. Graduate students' offenses and repeat undergraduate offenses are subject to a Level II sanction, even if less severe. Level II sanctions consist of a notation of academic misconduct on the student's academic transcript.

The full policy, examples of academic misconduct, report form and a flowchart of the procedures for resolving alleged student academic misconduct is available at:

#### Policies

- ARP 5-10 (https://arp.nmsu.edu/5-10/)
- ARP 5-11 (https://arp.nmsu.edu/5-11/)

#### **Examples of Academic Misconduct and Report Form**

# University Student Records Office Privacy Rights

The following information has been designated as directory information and is subject to release to the public under the Buckley Amendment (PL 98-380), "The Family Educational Rights and Privacy Act of 1974." student's name, class level, college and major, dates of attendance, degree(s) earned, honors and awards, address, telephone number, NMSU email address, Aggie ID number, most recent previous educational institution attended, place of birth, and some information about students involved in recognized activities and sports.

Other information regarding disclosure of student data is posted on the University Student Records Office website (https://records.nmsu.edu) and in the University Student Records Office (USRO), in compliance with the Act.

Requests for withholding directory information must be filed in writing with the USRO. A student may choose to hide his/her address and phone number from the campus phonebook through the myNMSU portal. This will only hide the information from the public but the records will still be officially kept within the USRO.

# Social Security Numbers in Student Records

As required by law, social security numbers are collected from prospective and current students who are either applying for admission to the university or plan to seek employment on campus. The social security number is a confidential record and is maintained as such by the university in accordance with the Family Educational Rights and Privacy Act.

In addition, the university is mandated by federal tax regulations to provide tuition and fee payment information to the student and the Internal Revenue Service so that applicable educational tax credits may be computed. The social security number is required for tax reporting purposes.

# **Change in Demographic Information**

Students wishing to make a legal name change, citizenship change, social security number update or a gender update can do so through the University Student Records Office (USRO). All students will need to fill out the "Demographic Change form" located at https://records.nmsu.edu/ forms/inventory.htmland provide one of the following documents to the USRO. Legal name changes will only be processed for students currently enrolled at NMSU or any of its Community Colleges.

- 1. Legal name change: students will need one legal documentation with the new name on it. This can be a Government Issued ID (drivers license, state card or valid passport), a Birth Certificate, a Court Order, a Marriage Certificate/Divorce Decree or a Certificate of Naturalization/1551 Card. *Note: Documentation is not required to add/ delete hyphen, space, apostrophe, or to abbreviate a middle name to initial.*
- 2. Citizenship change: Certificate of Naturalization or I551 card.
- Social Security Number Update: students will need to provide an original signed Social Security Card. Unsigned cards will not be accepted.
- 4. **Gender Update**: students will need to bring a Government Issued ID (drivers license, state ID card or valid passport) and a Revised Birth Certificate

Students may update their "preferred name", which is the name used in lieu of a student's legal name, on certain documents, such as, the email display name, learning management system, the phonebook, class rosters and advisee lists. This can be done by the student through the myNMSU portal and does not need to be done at the USRO.

For more information about the specific documents that are needed please contact the University Student Records Office at (575) 646-3411.

### **Changes in Residency Status for Tuition Purposes**

The University Student Records Office (USRO) does not determine the laws and rulings for determining Residency, these are state laws that the USRO simply administers. An individual must establish legal residency in New Mexico before he or she is entitled to pay in-state tuition rates.

The student's initial residency status is determined at the time of admission, any changes to this status must be initiated by the student through the USRO. A continuing student, classified as a non-resident, who has satisfied the requirements to establish residency may submit a Petition for In-State Residency Tuition Classification along with the required supporting documentation to the USRO Office. Petitions must be filed on or before the third Friday of the semester for which the student is requesting resident tuition.

For specific information about the process of petitioning for In-State Residency or for information about who is eligible for residency for tuition purposes please visit the https://records.nmsu.edu/students/ residency.html website or the University Student Records Office on the Las Cruces campus.

# **Official Transcripts**

An official transcript is the University's certified statement of your complete NMSU academic record in chronological order by semester and year. It includes the student's coursework, grades and any degrees that were awarded. Any credit hours earned through transfer work are listed as the equivalent course at NMSU. Grades are not transferred, nor are they used to calculate the NMSU grade point averages. Official transcripts will not be released if the student is in debt to the university.

Transcripts can either be ordered in person at the University Student Records Office or online at https://records.nmsu.edu/forms/ transcripts.html, there will be a fee for these that may vary depending on the total number of transcripts ordered and the type of delivery method that is selected. A student can request two types of transcripts an electronic one, which is sent as a secured PDF or a printed hard copy that can be delivered in a sealed envelope.

The name that will appear on the student's transcript will match the name on the student's official NMSU record. Name changes will only be processed for students currently enrolled at NMSU or any of its Community Colleges.

# **Purging of Student Files**

All academic files for students who attend NMSU are kept for five (5) years following the student's final term enrolled. Only archival documentation will be retained. The files of students who do not enroll within one year after being admitted are destroyed.

# Admissions

#### NMSU Global Campus Undergraduate Admissions

#### **Contact Information**

NMSU Global Campus Undergraduate Admissions MSC 3A New Mexico State University P.O. Box 30001 Las Cruces, NM 88003-8001 (575) 646-3121 global.nmsu.edu

Under the policies and conditions set forth below, a student may be accepted for undergraduate admission to NMSU as either.

- · A degree-seeking student or
- A nondegree student under the policies and conditions as set forth in this section.

### **Degree-Seeking Students**

Requirements for admission as a degree-seeking student:

- Application for admission—NMSU Global Campus applicants enjoy a waived application fee.
- NMSU Global Campus has a zero-credit entry and no GPA Requirement.
- Students are required to self-report their GPA in the application. Other option is for students to provide an unofficial high school transcript.
- ACT and/or SAT Scores are optional for admissions, however, scores will be used for scholarship consideration and for math and English placement.
- If applicable, official post-secondary education transcripts sent directly from each institution attended to NMSU Undergraduate Admissions.
- All applicants with tentative admission are required to submit a final, official high school transcript showing a graduate date before a final admission decision is granted.

#### Admission Requirements, Undergraduate

To be considered for admission, students must submit the following documents:

- Undergraduate application.
- Transcript Request Release Form to allow us to request U.S. transcripts directly from previous accredited institutions OR Official U.S. transcripts OR Transcript Waiver Form (indicating previous accredited institutions being waived).
- Applicants using Military Education Benefits should consult their Admission Counselor or Academic Advisor regarding previously attempted academic credits.
- Attestation Form verifying graduation or anticipated graduation from a high school or successful completion of a high school equivalency exam. Students may submit one of the following credentials as proof of high school completion:
- High school diploma
- General Education Development (GED) credential
- A state-authorized high school equivalent certificate such as the High School Equivalency Test (HiSET) or the Test Assessing Secondary Completion (TASC)
- · Homeschooled documentation (see Homeschool Admission Policy)
- A conferred associate or bachelor's degree from an accredited institution listed by the Council for Higher Education Accreditation (CHEA) or the Department of Education (DOE/DAPIP).

Additional admission criteria may apply. Students should check for any specific requirements for their program of interest.

#### **NMSU Global Aggie Welcome and Orientation**

Students new to NMSU Global Campus who have never taken an online course should complete the "Global Aggie Orientation" course before they complete their first online course.

#### Nondegree-Seeking Students How to Apply as a Nondegree Seeking Student

Nondegree admission is designed to meet the needs of students who do not wish to pursue a degree at NMSU. Courses taken in this status may not be used to meet university admission requirements. Students interested in using nondegree credit for initial teacher certification or certification in a new field must contact the College of Education. Students on nondegree status are ineligible to:

- Receive financial aid or student employment
- · Participate in student government or intercollegiate athletics
- · Receive benefits from any veterans' program
- Transcripts from previous institutions, high school, and/or results of college entrance exams may be required to assure readiness for university-level courses.

Nondegree students are subject to the same university regulations as degree-seeking students.

#### **Changing from Nondegree Status**

A nondegree student in good academic standing at NMSU must submit a formal application for a change of status from nondegree to degreeseeking. Requirements for regular admission must be met. Nondegree students may not transfer more than 90 credits from this status to any undergraduate degree program except for students participating in a high school concurrent enrollment program.

#### How to Apply for Readmission

Former students of the NMSU system, who have been out of school for more than two consecutive semesters, are required to make a formal application for readmission. Applications should be submitted to the office of NMSU Global Campus Undergraduate Admissionsbefore the start date of the semester for which the student plans to enroll.

A student who has attended other institutions during an absence must have official transcripts sent directly to NMSU Global Campus Undergraduate Admissions and must be eligible to return to the college or university they last attended. Transcripts must be received before the date of registration. Admission status at the time of readmission will generally be determined by previous NMSU academic standing. However, academic performance at other institutions attended during the applicant's absence from NMSU may be taken into consideration in determining the student's admission status.

#### **Credit for Prior Learning**

To learn more about our Credit for Prior Learning opportunities, go to https://global.nmsu.edu/go/cpl/index.html

See https://arp.nmsu.edu/4-61/ for more information.

#### **Out-of-State Students and Legal Jurisdiction**

By applying for admission/enrollment, the student agrees that New Mexico law prevails and all litigation will be in federal or state court in New Mexico.

#### **Application Materials**

All documents submitted as part of the official admissions process become the property of NMSU and will not be returned to the student. Application materials are retained for one calendar year for students who apply but do not attend.

#### **Rolling Application Deadlines**

With six entry points into NMSU Global Campus programs, we offer a rolling application deadline. This allows you the freedom to choose when you start or restart your college career.

# **Transfer Students**

NMSU Global Campus evaluates eligible courses for NMSU transfer equivalency from postsecondary institutions that are regionally accredited or are candidates for regional accreditation. Credits from nonaccredited institutions may be evaluated, by the student's academic college, after the student has shown acceptable performance at NMSU for two semesters of full-time enrollment. Academic colleges, within NMSU, may have additional requirements for course transfer. Please contact the Student Records Office (https://records.nmsu.edu/) for more information.

Transfer students are subject to the same graduation requirements as all NMSU baccalaureate-degree (bachelor's) seeking students. Thirty (30) of the last 36 credit hours for every degree to be awarded from NMSU must be earned at NMSU.

#### **Community/Junior College Transfers**

Community/Junior college transfer students may be admitted and classified on the basis of acceptable credits earned at a two-year institution. However, transfer students are subject to the same graduation requirements as all NMSU Global cCampus baccalaureateseeking students. This includes the required minimum number of 48 upper division credits from courses numbered 300 or above and the requirement that the last 30 credits must be earned through this university.

**NOTE:** Students currently enrolled at an NMSU Community College (Alamogordo, Doña Ana, or Grants) are not considered transfer students. If a student wants to change campuses, they must submit aChange of Campus#form.

#### **Transfer Students - Admission Requirements**

- Transfer students must provide official transcripts sent directly from the University Student Records Office of each previously attended institution to the NMSU Admissions Office or official transcripts will be accepted if delivered in person only if in a sealed envelope from the granting institution and with current issue date. Official transcripts must be received before the date of registration.
- Students who have not earned credit for the first semester of college English or Math may be required to provide ACT or SAT scores directly to the NMSU Admissions Office. If ACT or SAT scores are not available students can take the English Placement Questionnaire and Math Placement Exam provided by NMSU.
- 3. Students with 24 or more college credit hours must have a cumulative grade point average (GPA) of at least 2.0.
- 4. Students with 24 or fewer college credit hours must fulfill the transfer and freshman admission requirements.
- 5. Students must be eligible to return to their last college or university.
- Any student who conceals the fact that he/she has attended another college or university and has not submitted a transcript for each institution—whether or not credit was earned—will be subject to immediate suspension.
- 7. NMSU will uphold academic and judicial suspensions from other colleges and universities.

#### **Transfer of International Credit**

Applications for admission that include the transfer of credits earned at a non-U.S. university must include a professional foreign credit evaluation report from a member institution of the National Association of Credential Evaluation Services (NACES)#for every transcript from a foreign secondary school and/or university attended.

#### **General Requirements for Transfer Credits**

Credit will be awarded for transfer courses as follows:

- 1. Grades earned in courses taken at other institutions are not included in the calculation of the NMSU GPA, except for grades earned by approved National Student Exchange students.
- 2. A grade of D or better is required to grant NMSU credit for courses identified as having an NMSU equivalent.
- 3. Colleges or departments may require a grade of C- or higher for courses required in their programs.
- 4. Each college determines which transferred courses are applicable toward a degree or a minor.
- 5. Transcripts may need to be reevaluated when students transfer from one NMSU campus or College to another.
- Currently enrolled students must obtain prior approval from their academic department head and dean before courses taken at another institution will be applied toward meeting NMSU graduation requirements.

#### **Accelerate Your Transfer Experience**

NMSU maintains a database (https://miniapps.nmsu.edu/transfer (https://miniapps.nmsu.edu/transfer/)) of commonly transferred courses from numerous institutions. Courses included in the database at the time the student is admitted to NMSU Global Campus will automatically transfer to NMSU, provided the student follows all guidelines (see Currently Enrolled NMSU Students below). If a transferred course does not exist in the database, it is the student's responsibility to provide the departmental faculty with sufficient materials (e.g., catalog description, syllabi, etc.) to determine if any of the department's courses may be equivalent to the credits being transferred.

#### **Currently Enrolled NMSU Students**

Currently, enrolled students must obtain prior approval from their academic department head and dean before courses taken at another institution will be applied toward meeting NMSU graduation requirements.

#### **Graduate Transfer Credits**

For more information about transferring graduate credits please visit theGraduate School#section of this catalog.

#### **Evaluation of Transfer Credits**

NMSU has 3 levels of course credit transfer. Once a student has been admitted to NMSU, they are awarded credit for equivalent courses accordingly. Following award of credit as described in Levels 1 and 2 (below), application of any additional credit transfer via specific Program Articulation agreements will be approved by the student's academic department and dean, including additional courses in the major that may count toward a degree or a minor but, are not included in a Program Articulation.

#### Level 1

Automatic course-to-course equivalency credit transfer from colleges/ universities in the state of New Mexico, per the New Mexico Higher Education Department (NM HED) articulation modules. Eligible credits for Level 1 transfers will be automatically applied to the student's transcript, provided minimal grade requirements are met. Level 1 equivalency includes

- 1. New Mexico State Common Core general education courses
- 2. New Mexico State articulated academic programs (e.g., Business, Early Childhood Education, and NM Nursing Education Curriculum).

#### Level 2

Faculty established NMSU course-to-course equivalency transfer.

- 1. Equivalency is determined by the designated departmental faculty in the department/program in which the equivalent course is offered, and may include a review of course description, syllabus and/or interaction with the other institution. If a course equivalency does not exist in the database, it is the student's responsibility to provide departmental faculty with sufficient materials to determine if any of the department's courses may be equivalent to the credits being transferred.
- 2. Credit for courses transcripted with NMSU equivalency may/will count toward the degree/major.
- 3. Credit for courses with no NMSU equivalence will be transcripted as 100E (lower level) or 300E (upper level) and may or may not count as credit toward a specific degree. Departmental faculty may accept the "E" course as elective credit toward the degree, or as a substitute for a course not applied universally.

#### Level 3

Specific Program Articulation between an NMSU program/department and a program/department at another institution.

- Program Articulation with other institutions is monitored at the department/program level in accordance with articulation agreements and may include credit transfers that are applicable only to the specific degree articulated (i.e., credit for courses may change depending on degree student declares).
- Because Level 3 transfer credit is degree specific, transcripts must be re-evaluated when a student changes their major or college. Level 3 transfer credits are not applied universally.

#### **Transfer Credit Appeal Process**

All New Mexico public post-secondary institutions are required to establish policies and practices for receiving and resolving complaints from students or from other complainants regarding the transfer of coursework from other public institutions in the state. A copy of NMSU's transfer credit policy may be obtained from the University Student Records Office or from the Deputy Secretary for Academic Affairs, Higher Education Department, 2048 Galisteo St., Santa Fe, New Mexico 87505-2100.

# **Military Veterans Programs (MVP)**

New Mexico State University (NMSU) is a military and veteran-friendly university that strives to provide the best possible service for our military, veteran, and their dependents as they pursue their educational goals. NMSU Military and Veterans Programs promotes lifelong learning and professional development by offering:

• In-state tuition rates for active-duty military and their dependents stationed at regional military installations (including Ft. Bliss); or those eligible for U.S. Department of Defense (DoD) Tuition

Assistance (TA) or U.S. Department of Veterans Affairs (VA) education benefits

- Easily transferable military credits that count toward degrees at NMSU
- · Facilitation of MyCAA military spouse benefits and DoD TA
- Advocacy from admission to graduation
- · Student Veteran Housing for student veterans and their families
- · Priority registration for military and veteran students
- Aggie Green Zone Training, educating faculty and staff about our military and veteran students and the unique value they bring to campus
- · SALUTE National Honor Society for student veterans
- · Connection with the Student Veterans Organization (SVO) of NMSU
- · Scholarships and Internship opportunities
- Veteran Mentorship Program, helping first-year student veterans transition to an academic setting successfully
- Processing of TA and VA education benefits
- Student Computer Lab and Lounge

NMSU degree programs are approved by the State Approving Agency (SAA) at the New Mexico Higher Education Department. Eligible students may receive education benefits from the U.S. Department of Defense or the U.S. Department of Veterans Affairs.

For further information contact:

Military and Veterans Programs MSC 4740, PO Box 30001 Las Cruces, NM 88003-8001 (575) 646-4524 http://mvp.nmsu.edu

# **MVP Student Computer Lab and Lounge**

The MVP Computer Lab is available to military, veteran, and dependent students. The lab has six computers with several common access card (CAC) readers. A CAC reader enables students to access military websites in order to complete their TA requests. The Computer Lab is open Monday through Friday from 8 am - 5 pm. We offer free efax, copy, and printing services to further accommodate our students. The MVP Student Lounge is equipped with comfortable furniture, a coffee station, a kitchen (microwave/refrigerator) area, and a place to study and relax between classes. Students enjoy a free cup of coffee while doing their homework and network with like-minded students.

### **Costs** Active-Duty

Active-duty military personnel (U.S. Armed Forces) stationed in New Mexico or at Fort Bliss, Texas may complete a "Resident Tuition Application for Active Military, Veterans and Dependents of the U.S. Armed Forces" waiver to qualify for in-state tuition. Spouses and children of active-duty personnel who are stationed in New Mexico and Fort Bliss, Texas who are not otherwise entitled to claim in-state residency, may apply for in-state tuition by submitting a "Resident Tuition Application for Active Military, Veterans and Dependents of the U.S. Armed Forces" waiver to the Military and Veterans Programs. Applications are available at the Military and Veterans Programs, online at http://mvp.nmsu.edu, or through the University Student Records Office. Please contact MVP on the required documents needed to complete the waiver application.

### **NMSU Online**

NMSU Online (http://online.nmsu.edu) includes 100% online undergraduate and graduate degrees, certificates, and courses within the NMSU system. NMSU Online programs are designed to serve students who may not be able to pursue an education through traditional means. Plus, online programs give students maximum flexibility. Active Duty students admitted to NMSU Online are assessed the Active Military \$250 per credit hour cost fixed rate. Please contact MVP or NMSU Online at online@nmsu.edu or 800.662.6678 for more information.

### **Dependents Receiving VA Educational Benefits**

Per NM 2015 HB 427:

A spouse or child of a veteran of the armed forces is entitled to pay tuition and fees at the rate provided for New Mexico residents; provided that the spouse or child is eligible for benefits pursuant to the federal Post-9/11 Veterans Educational Assistance Act of 2008 or any other federal law authorizing educational benefits for a veteran and the dependents of a veteran. Applications are available at the Military and Veterans Programs, online at http://mvp.nmsu.edu, or through the University Student Records Office. Please contact MVP on the required documents needed to complete the waiver application.

#### Veterans

Veterans receiving U.S. Department of Veterans Affairs education benefits are eligible for in-state tuition through the Veterans In-State Tuition Act by submitting a "Resident Tuition Application for Active Military, Veterans and Dependents of the U.S. Armed Forces" waiver. For further information concerning approved programs and application process, eligible persons should contact Military and Veterans Programs.

Veteran students enrolled under the following programs are responsible for their tuition and fees in the same manner as a nonveteran student:

- Montgomery GI Bill®-Active Duty (CH 30)
- Survivors' and Dependents' Educational Assistance (CH 35)
- Montgomery GI Bill®-Selected Reserve (CH 1606)

GI Bill<sup>®</sup> is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at https://www.benefits.va.gov/ gibill. (https://nam01.safelinks.protection.outlook.com/? url=https%3A%2F%2Fbenefits.va.gov%2Fgibill %2Findex.asp&data=01%7C01%7Cemz0724%40nmsu.edu %7C5845cd850ebe483b899f08d833db4ce9%7Ca3ec87a89fb84158ba8ff11bace1eb %7C1&sdata=dodHbJeg6EwzrzZbjmlbt%2BB6bAsHp8eFnUZyFpUNZPQ %3D&reserved=0)

### Allowing Veterans to Attend or Participate in Courses Pending VA Payment

### Background

Section 103 of Public Law (PL) 115-407, 'Veterans Benefits and Transition Act of 2018,' amends Title 38 US Code 3679 by adding a new subsection (e) that requires disapproval of courses of education, beginning August 1, 2019, at any educational institution that does not have a policy in place that will allow an individual to attend or participate in a course of education, pending VA payment, providing the individual submits a certificate of eligibility for entitlement to educational assistance under Chapter 31 or 33.

#### Pending Payment Compliance

In accordance with Title 38 US Code 3679(e), New Mexico State University adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post-9/11 G.I. Bill<sup>®</sup> (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from VA. New Mexico State University <u>will not</u>:

- Prevent the student's enrollment;
- · Assess a late penalty fee to the student;
- · Require the student to secure alternative or additional funding;
- Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

- · Produce the VA Certificate of Eligibility (COE) by the first day of class;
- · Provide a written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies

GI Bill<sup>®</sup> is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at https://www.benefits.va.gov/gibill.

## **Responsibility of Students Receiving VA Education Benefits**

Students must pursue a degree in a specific program in order to be eligible for VA education benefits. Students must submit their degree plans or Student Academic Requirements (STAR) Degree Audit Report and Concise Student Schedule to Military and Veterans Programs in order to be certified. For continued certification, students must submit their degree plans or STAR Degree Audit Report and Concise Student Schedule to MVP every semester they plan to use VA education benefits.

Students using VA Education Benefits must notify MVP when any of the following occur:

- Dropping or adding course(s)
- Withdrawing from course(s)
- Withdrawing from the University
- Discontinuing regular class attendance
- · Changing programs (academic majors/minors)

VA education benefits are payable for regular attendance in courses that are part of the student's program (major/minor) curriculum. VA education benefits are not payable for.

- · Classes not attended regularly
- Repeating a course for which a passing grade meets degree requirements
- Classes for which credit is received through successful completion of a proficiency test or grade by examination
- · Classes are taken on an audit basis
- · Classes that are dropped or withdrawn from
- Classes are taken that are not part of the student's program (major/ minor) curriculum

# **Tuition Assistance**

Federal Tuition Assistance (TA) is a benefit paid to eligible members of the Army, Marines Corps, Navy, Air Force, Coast Guard, and Space Force. The Department of Defense (DoD) has given each service the ability to pay up to \$250 per semester credit hour of the actual cost of tuition (no fees) during the fiscal year (Oct. 1 - Sept. 30). TA must be requested and approved before the start date of the course. Refer to your service portal for specific TA deadlines and procedures. TA is paid directly to the school by the individual military services.

Service members must first be admitted to NMSU before they may enroll in any classes at NMSU. Prior to applying, speak with your military service or Educational Services Officer to know your education options and make an informed decision. Please be aware of NMSU admission and registration process:

- 1. Service members must apply online to be admitted,
- Login to my.NMSU.edu (http://my.NMSU.edu) to register for classes, and
- Request TA through your service online portal. Each service has its own criteria for eligibility, application process, and restrictions. Refer to our website for service login information: http://mvp.nmsu.edu/ tuition-assistance (https://mvp.nmsu.edu/military-members/federaltuition-assistance.html)

It is important to request TA for the same class and section number as enrolled in NMSU for tuition and grading purposes. Only enrollments requested and approved through their service online portal will be eligible for TA. Refer to our website for further information or contact the Military and Veterans Programs for assistance.

### **State Tuition Assistance**

New Mexico National Guard Tuition Scholarship Program (NMGTSP) also referred to as State Tuition Assistance (STA). The scholarship provides eligible members of the New Mexico National Guard an opportunity to complete a bachelor's degree or below. Air National Guard yearly cap is \$8,000. Army National Guard yearly cap is \$4,000. STA fiscal year is from July 1 – June 30. STA is paid directly to the school and is invoiced after the term's Last Day to Drop a Course without a "W" (100% refund). Refer to our website for STA deadlines and procedures at https:// mvp.nmsu.edu/military-members/state-tuition-assistance.html or contact the Military Veterans Programs for assistance.

### **MyCAA Spouse Scholarship**

The My Career Advancement Account (MyCAA) Scholarship Program is a career development and employment assistance program. MyCAA is a program that provides financial assistance for military spouses that would like to pursue a license, certification, or up to an associate degree (excluding Associate Degrees in General Studies, Liberal Studies, and Interdisciplinary Studies that do not have a concentration). MyCAA provides a maximum education benefit of \$4,000 with an annual fiscal year (Oct. 1 – Sept. 30) cap of \$2,000 to assist eligible military spouses. Refer to our website for MyCAA eligibility and procedures at https:// mvp.nmsu.edu/military-members/mycaa-spouse-scholarship.html or contact Military and Veterans Programs for assistance.

# Regulations

Note: These regulations apply to all campuses of NMSU and are effective with the publication of this catalog. Tuition amounts, fees, and similar items subject to annual review and change are all effective with the current catalog.

### **Credit for Military Service**

New Mexico State University will award academic credit to United States military personnel for courses and Military Occupational Specialties (MOS), based on the American Council of Education Guide (ACE) as well as through national standardized tests, such as CLEP, AP, PEP, and DANTES. Credit for military-training is in accordance with NMSU Faculty Senate Legislation Proposition 24-07/08, which was passed in May 2008. Military Training and Military Occupational Specialties (MOS) must have a recommendation evaluation by ACE (in the ACE Guide) for credit to be awarded. Courses accepted for transfer credit become part of the student's official NMSU transcript and academic record. If a student wishes to appeal a decision regarding the acceptance of military training/ education and/or MOS for academic credit, the student must submit a written statement of appeal to the Dean of the College to which the student has applied. The Dean will review the merits of the appeal and render a decision. The decision of the Dean is final.

Only Primary MOS (s) are eligible for academic credit in the initial review and evaluation. Credit for Duty and/or Secondary MOS may be eligible for academic credit if the student petitions the college's Associate Dean. Primary MOS is the primary specialty of a soldier and reflects the broadest and most in-depth scope of military experience. Veterans, active-duty personnel, National Guard, and Reservists who are current students or students applying for admission to New Mexico State University may be granted academic credit on a case-by-case basis upon evaluation of military transcripts - the Joint Service Transcript (https://jst.doded.mil/jst (https://jst.doded.mil/jst/)) and the Community College of the Air Force transcripts. Course equivalencies and credit hours awarded for a particular NMSU degree are determined by colleges and/or academic departments. Credit hours may be awarded for specific courses toward degree requirement, or as elective credit. The number of credit hours awarded will be determined by the college and/or academic department.

Note: Students submitting military transcripts for credit evaluation must keep in mind the Maximum Time Frame policy, see the Financial Aid Section (https://fa.nmsu.edu/satisfactory-academic-progress/) for more information.

### Graduate Student Status (Training Time)

VA education benefits are determined by the number of graduate credits of enrollment for a given semester or summer session. Listed below are the credit hours that determine student status (training time) for graduate students.

Fall and Spring semester, for 16- week terms, full-time enrollment includes 9 or more credit hours. Students are considered three-fourths time if they are enrolled in 7 to 8 credit hours. Half-time enrollment is 5 to 6 credit hours. Students enrolled in less than 5 credit hours are reimbursed for tuition and allowable fees only. For 8 week terms, full-time enrollment includes 5 or more credit hours. Students are considered three-fourth time if they are enrolled in 4 credit hours. Half-time enrollment is 3 credit hours. Students enrolled in less than 1-2 credit hours are reimbursed for tuition and allowable fees only.

There are several sessions within the summer term. For the 10-week summer session, full-time enrollment is 6 or more credit hours. Students are considered three-fourths time if they are enrolled in 4 to 5 credit hours. Half-time enrollment is 3 credit hours. Students enrolled in less than 1-2 credits hours are reimbursed for tuition and allowable fees only. For the 8-week summer session, full-time enrollment is 5 credit hours or more credit hours. Students are considered three-fourths time if they are enrolled in 4 credit hours. Half-time enrollment is 3 credit hours. Students enrolled in less than 1-2 credits hours are reimbursed for tuition and allowable fees only. For the 5-week summer session, full-time enrollment is 4 credit hours or more credit hours. Students are considered threefourths time if they are enrolled in 3 credit hours. Half-time enrollment is 2 credit hours. Students enrolled in less than 1 credit hour are reimbursed for tuition and allowable fees only.

# **Military Withdrawal**

New Mexico State University understands that our military students may be called to active duty, specialized training, or disaster relief efforts with little notice. U.S. active duty military students wishing to withdraw from all their classes must present their orders and their request for full withdrawal, as indicated below. However, the below policy does not pertain to a student's basic and/or annual training. A student who has an order for training is encouraged to formally request, through the proper military chain of command, a postponement of their orders until the summer or the end of the semester they are currently enrolled in. If a student's request for postponement is denied, the student may then follow the steps below but must provide documentation that their postponement request was formally denied.

All NMSU students that have been called for active duty must take the following steps to withdraw from all their classes:

- Military and Veterans Programs (MVP): TA/VA students ordered to Active Duty must provide a copy of orders to the MVP office, in Corbett Center Student Union, Room 244, or by email mvp@nmsu.edu. To assist in reporting accurate information to their military service or the VA Regional Office, the student should also provide, in writing, the last day of class attendance.
- 2. **NMSU University Student Records**: All students presenting their orders to the University Student Records Office, (575) 646-3411, or records@nmsu.edu, will receive a military withdrawal from classes and full tuition and fees refund for that semester.
- 3. **Bookstore**: Students who still have their receipts for textbooks purchased the semester in which they are called to active duty will be given a full refund for these textbook purchases when they present their orders. Please contact the bookstore for assistance at (575) 646-4431 or nmsu@bkstr.com.

### Veterans' Attendance and Satisfactory Progress

The U.S. Department of Veterans Affairs requires all veterans receiving VA education benefits to make satisfactory progress and systematic advancement toward an educational objective or be liable for overpayments. Satisfactory progress and regular class attendance are expected of such students.

If a veteran receiving benefits is suspended for academic reasons, benefits are terminated and will be restored only after readmission to NMSU.

If the university has liability claims filed against it as a result of a veteran failing to meet compliance requirements of the U.S. Department of Veterans Affairs, the university will not release any academic records on the veteran until the veteran has reimbursed the federal government for funds drawn in violation of those requirements.

A student receiving VA education benefits who is pursuing a degree program offered by New Mexico State University should adhere to the curriculum of that program. Failure to do so will result in the student being certified for less than full-time status or becoming liable for an overpayment.

### **Military Experience Waiver**

Prior to graduating, during the student's junior and/or senior year, NMSU students are required to take two 3-credit Viewing a Wider World (VWW) upper-division (300-400 level) courses. These courses strongly emphasize the international character and multicultural influences in the fields of study and strengthen information retrieval skills. There are two options that NMSU allows for replacing one of the two courses (3 credits) of VWW requirement with another form of educational experience, these are: (Study Abroad Experience or Military Experience for students who have served at least four weeks of U.S. Military Foreign/Sea Service in a foreign country.

Steps needed to request a Military Experience Waiver (replacing 3 credits of VWW):

- 1. Obtain a copy of your DD Form 214 or Memo from your Commanding Officer proving your 4-week deployment
- 2. Provide the above copy to your college academic advisor to request a waiver
- 3. Wait for your college to approve and confirm

Note: Credits are not being waived, only one of the two courses is being waived within the requirement. You may still need to complete three credits in consultation with your academic advisor. Please contact the MVP or your academic advisor for questions and concerns.

# **Resources for Students**

### Veteran Mentorship Program

Many students who make the transition from the Military to Higher Education, suddenly experience a shift in lifestyles and cultures. This culture shift during their first-year is a crucial time in their lives, and the NMSU Veteran Mentorship Program will help foster a smooth transition.

Vision: The NMSU Veteran Mentorship Program will help our first-year student veterans make a smooth transition and succeed academically.

#### Goals:

- Help first-year student veterans successfully transition to an academic setting.
- Help first-year student veterans be aware of various financing options.
- Help first-year student veterans understand the process needed to receive VA education benefits.
- Help first-year student veterans be aware of various resources at NMSU and in the community.

For more information on the Veteran Mentorship Program or to speak with our Mentor, please visit: https://mvp.nmsu.edu/veteran-mentorshipprogram.html

### **Military and Veteran Housing**

New Mexico State University is one of the first in the nation to offer on-campus housing specifically designated for student veterans and their families transitioning out of the military and into student life. The Department of Housing & Residential Life has worked in conjunction with the Student Veterans Organization of NMSU to offer affordable housing on campus to student veterans attending the university. For more information, please contact Housing and Residential Life: (575) 646-3202, housing@nmsu.edu, http://housing.nmsu.edu.

### Service Members Opportunity Consortium (SOC)

The NMSU system has been designated a Servicemembers Opportunity Colleges (SOC) Consortium university. As a member of SOC, NMSU has committed itself to fully supporting and complying with SOC principles and criteria, ensuring that service members and their families share in the postsecondary educational opportunities available to other citizens. Those eligible are provided with appropriately accredited educational programs, courses, and services. The flexibility of programs and procedures particularly in admissions, counseling, credit transfer, course articulation, recognition of other applicable learning experiences, including those gained in the military, scheduling, course format, and residency requirements are provided to enhance access of service members and their families to undergraduate education programs. All SOC rules and regulations apply, including:

- Credit for military training and experience NMSU recognizes and uses ACE Guide in evaluating military training experiences
- Reduced academic residency requirements 25% maximum for most programs; 30% for 100% online programs
- · No final year or semester requirement
- Credit for nationally-recognized testing programs such as CLEP (General and Subject exams), DSST (DANTES Standardized Subject Tests)

For further assistance contact:

Military and Veterans Programs MSC 4740, PO Box 30001 Las Cruces, NM 88003-8001 (575) 646-4524 http://mvp.nmsu.edu

### **Reserve Officer Training Corps (ROTC)**

The Reserve Officer Training Corps is a commissioning program designed to attract, motivate and train qualified students for military service as officers. The ROTC program is represented on the NMSU campus by the Department of Military Science (U.S. Army) and the Department of Aerospace Studies (U.S. Air Force).

Curricula in the Departments of Military Science and Aerospace Studies are divided into basic and advanced courses of two years each. Enrollment in the basic course is voluntary and involves no obligation. Participation in the advanced courses is on a contractual basis and leads to military service as a commissioned officer. Elective academic credit is granted by the University for ROTC classes.

Students with prior military service or Junior ROTC experience may receive credit, although not academic credit, for all or portions of the basic courses.

All qualified cadets enrolled in ROTC receive a stipend that varies dependent upon the year the cadet is in the program. Scholarships, which pay full college tuition as well as various laboratory, textbook, and incidental fees, are available on a competitive basis.

For more detailed information about the ROTC programs, see the College of Arts and Sciences departments of Aerospace Studies (https:// catalogs.nmsu.edu/nmsu/arts-sciences/aerospace-studies/) and Military Science (https://catalogs.nmsu.edu/nmsu/arts-sciences/military-

science/) in this catalog. Additional information may be obtained by contacting the departments directly at:

(575) 646-4030 (Army) (575) 646-2136 (Air Force)

### **Aggies Green Zone**

Green Zone is defined as a military zone that has been secured as a "safe" place for military personnel. Military and Veterans Programs created the Aggies Green Zone to help foster a safe and supportive environment where students feel welcomed and trusted, from their transition from the military and throughout their educational journey. The Aggies Green Zone training program aims to help faculty and staff understand the needs, experiences, and cultural issues affecting military and veteran students.

### **Aggies Green Zone Allies**

Aggies Green Zone Allies are sympathetic faculty and staff members that military, veteran, and dependent students can reach out to for support. Allies are not expected to be experts in military and veteran matters, but they can make a positive impact by lending a sympathetic ear and connecting students with appropriate resources.

Faculty and Staff receive an Allies designation after participating in the Aggies Green Zone online and workshop training programs, and their contact information are listed on the MVP website. For more information, please visit: https://mvp.nmsu.edu/aggies-green-zone/green-zone-allies.html

# **International Students**

International students are an important and valuable part of the NMSU community. International students enjoy all the rights, privileges and protections of domestic students. They are subject to all the same responsibilities and regulations as their fellow domestic students. However, some special policies are applicable only to international students. The Office of International Student and Scholar Services (ISSS) is responsible for ensuring the visa and admissions requirements are met and explaining university standards for admission.#Some students, may also work directly with the Office of Education Abroad.

# Federal#Regulations

An international student is any individual attending NMSU while present in the United States on a non-immigrant student visa (F-1, F-2, J-1, J-2, H-4, NATO visas, and possibly others such as students in temporary protected status).

Lawful permanent residents (green card holders) should present documentation of their status to University#Student Records#and go through the same admission process as U.S. citizens.

The United States Department of Homeland Security has established rules for students in non-immigrant status, such as those with F-1 or J-1 visa types. Some of these rules include:

- 1. For immigration purposes, each student must maintain full-time student status
- 2. Full time status for fall and spring semesters is defined as 12 or more credits for undergraduates (only 3 online credits can apply to the full-time requirement).

- Full time status for summer is defined according to NMSU requirements (only 3 online credits can apply to the full-time requirement for students beginning their program in the summer).
- 4. Exceptions possible for final semester. #Consult ISSS officials for more details.
- 5. International students may not work off campus without authorization. On-campus employment may be authorized under certain conditions.
- 6. All international students must maintain an up-to-date record in the ISSS Office. This record must indicate the student's current living address, phone number, and email address.
- 7. Prior to admission, a prospective international student must demonstrate the following:
- 8. #Academic ability to succeed in the chosen course of study.
- 9. #Adequate financial support to complete the chosen course of study.
- 10. #English language proficiency as defined by the university.

# University Procedures for International Students

### **Regular Undergraduate Admission (Degree Seeking)**

International students are subject to the same admissions standards as all other NMSU students, but some additional requirements apply. This section addresses those additional requirements. Visithttps:// isss.nmsu.edu/#for more information.

Applications for admission that include the transfer of credits earned at a non-U.S. university must include a professional Foreign Credential Evaluation (FCE) report from a member institution of theNational Association of Credential Evaluation Services (NACES)#for every transcript from a foreign secondary school and/or university attended. The ISSS department highly recommends that applicants consider using SpanTran for their FCE. NMSU has worked with SpanTran to provide applicants with clear understand of which evaluation is needed. SpanTran provides an applicant portal to track and access evaluations. SpanTran is a long standing member of NACES. For more information please visithttps://spantran.com/web/

#### English Language#Proficiency Requirements

For full undergraduate admission to the university, NMSU requires a score of 520 (paper-based) or 68 (internet-based) or better on the Test of English as a Foreign Language (TOEFL), or#a score of 6.0 on the International English Language Testing System (IELTS), or a score of 95 on the Duolingo English test for all international students both non-degree and degree seeking.

A waiver of the TOEFL/IELTS requirement may be considered for.

- 1. Students who are native speakers of English.
- 2. Students from the following countries will be exempt from providing a TOEFL score for admission purposes. However, NMSU retains the right to require the applicant/student to take the English Language Placement Test if deemed necessary: Anguilla, Antigua, Australia, Bahamas, Barbados, Barbuda, Belize, Bermuda, Botswana, Caicos Islands, Cameroon (Anglophone), Canada (except Quebec), Cayman Islands, Christmas Islands, Cook Island, Dominica, England, Eritrea, Fiji, Gambia, Ghana, Grand Cayman Islands, Grenada, Grenada and the Grenadines, Guernsey, Guyana, Ireland, Israel, Jamaica, Jersey, Kenya, Kiribati Islands, Lesotho, Liberia, Malawi, Malta, Mauritius,

Micronesia (Federated States of), Montserrat, Namibia, Nauru, New Zealand, Nigeria, Norfolk Island, Papua New Guinea, Philippines, Scotland, Sierra Leone, Singapore, Solomon Islands, South Africa, St. Christopher, St. Helena, St. Kitts and Nevis, St. Lucia, St. Vincent & Grenadines, Swaziland, Tanzania, Trinidad & Tobago, Tristan da Cunha Island, Turks & Caicos Islands, Uganda, Virgin Islands, Wales, Zambia, Zimbabwe

- 3. Students completing high school in the United States who (a) have attended the high school for at least two full years and (b) have scored in at least the 75th percentile in English on the ACT.
- 4. Students transferring from a two-year college, community college, or university in the United States who have earned a minimum of 30 acceptable semester credits (45 acceptable quarter credits) with a GPA of 2.0 or better (acceptable credit means classes that require a high proficiency in both written and oral English).
- 5. Students scoring a 70%---(3) or better in English with the International Baccalaureate.

The university reserves the right to require any prospective international student to meet the TOEFL or IELTS requirement.

#### **English Language Placement Test**

Placement in writing classes for international students is determined by the results of the English Language Placement Test (ELPT).

Based on the results of the ELPT, the student is either assigned toENGL#1105M#(a bridge course designed to ensure success inENGL#1110M), or is allowed to enroll directly into ENGL 1110M (for multilingual students).#Please note that these classes are only available on NMSU's Las Cruces Campus. International students excused from ENGL 1105M will be required to take ENGL 1110M. The student may then be required to complete one or more regular English classes as required for a particular degree. Completing basic English courses at other U.S. institutions does not automatically satisfy the ENGL 1110M requirement. Equivalencies for ENGL 1105M and equivalencies for ENGL 1110M or ENGL 1110G are determined by the University Student Records Office, who may refer exceptional cases to the English Department in the College of Arts and Sciences.

In cases of dramatic discrepancies between TOEFL/ IELTS scores and the ELPT, the ELPT results shall determine placement.

#### **Proof of Financial#Support**

The university reserves the right to require advance deposit of funds for any period deemed reasonable prior to granting admission. Each prospective international student must submit a current financial support document with his/her application. This document must show that:

- 1. The person providing the financial support has the necessary funds.
- 2. The funds can be transferred from the student's home country to the United States.
- 3. Proof of adequate financial support should be sent directly to ISSS.

#### Admission#Restrictions

International student admission may be prohibited based on one of the following conditions:

- 1. The dean of a chosen college, the department head of a chosen major, and the President of a Community College campus may refuse to grant admission.
- 2. There may be a disproportionate number of international students or a disproportionate number of a particular nationality in one department, college or community college.
- 3. Academic advisors may not be available.
- 4. Sufficient classroom-based courses are not available to maintain visa status (e.g. courses are online).

All application material, including letters of recommendation, transcripts, national examination scores, transcripts from colleges or universities (with an English translation), and test scores (including the TOEFL or#IELTS) should be sent directly to the NMSU International Student and Scholar Services Office atisss@nmsu.edu. Please note that transcripts, test scores and foreign credential evaluations sent directly from an applicant/student to NMSU will be considered unofficial. To be considered official, transcripts, test scores and foreign credential evaluations must come directly from the school, testing agency or evaluation agency. All documents can be emailed toisss@nmsu.edu.

#### New International Student Orientation (NISO)

New International Student Orientation (NISO) is a mandatory online orientation course for new undergraduate and graduate international students to NMSU. Orientation takes place each semester before classes begin.

NISO covers important legal rules and requirements students must follow to maintain their F-1 status, as well as information about acclimating to New Mexico State University and the Las Cruces community. During NISO, new international students are required to submit certain documentation and physically check in with the International Student and Scholar Services office. New international students should activate their NMSU email addresshttps://myaccount.nmsu.edu/activation#and reach out to the ISSS office atisss@nmsu.edu#for specific NISO dates and further orientation information.

### For full consideration for undergraduate admission, applicants are subject to the following deadlines: Date / Semester

July 1 (application initiated) - Fall Semester

July 15th (all documents submitted) - Fall Semester

October 1st\* (Study Abroad and CELP Programs) - Spring Semester

November 15th (application initiated) - Spring Semester

December 1st (all documents submitted) - Spring Semester

**Financial Aid Deadlines** 

\*Admissions to summer terms in not available to new undergraduate international students due to the limited number of face to face course offerings.

\*New international graduate students seeking admission to summer terms are encouraged to work closely with their department and The Graduate School to assure that the student is enrolled in a schedule that meets federal enrollment guidelines

\*Contact the Office of Education Abroad for exchange program admission deadlines.

# **Graduate International Students**

For more information on graduate international student procedures, please visit theGraduate School#section of this catalog.

### **Miscellaneous Regulations**

1. All international students are required to have student health insurance. Insurance will be automatically billed to the student's account each semester.#(See https://isss.nmsu.edu/newly-admitted-students/ health-insurance.html#for more information.)

2. New international students are not permitted to register until all ISSS requirements are met, including attending orientation and taking the English Language Placement Test (when applicable, see English Language Proficiency Requirements section). #All international students, are therefore, required to report #to the campus to which they were admitted. The following are the offices that #a student may need to report#to:

a. Las Cruces campus: International Student & Scholar Services, 152 Breland Hall Tel. (575) 646-2834,isss@nmsu.edu.# (Note: #Exchange students need to report to the Office of Study Abroad in 132 Garcia Center.)

b. Doña Ana Community College: International Student & Scholar Services, 152 Breland Hall (exchange students need to report to the Office of Study Abroad in 132 Garcia Center)

c. Alamogordo Community College: Office of Student Services, Student Services Building, second floor

d. Grants Community College: Office of Student Services, Walter Martinez Building, Main Office Complex

3. Students in non-degree exchange J-1 visa status must be engaged full time in a prescribed course of study.#Consult#OEA for more details.

4. All international students are required to register at the Aggie Health and Wellness Center within a week of arriving to undergo a TB test or submit results of a current TB test done in the home country within a week of arriving.#Guidelines will be provided by the Aggie Health and Wellness Center.

#### International Exchange Students

An Exchange Student is defined as a visiting student, who is coming to NMSU for one semester to one Academic Year, but is not seeking a degree.#An Exchange Student typically comes to NMSU from one of NMSU's partner universities or from one of NMSU's partner consortiums.

All international exchange students are required to be enrolled in NMSU approved health insurance.#Office of Education Abroad will enroll the students and bill the insurance amount to the student's account.

Exchange Students are required to attend a mandatory Orientation before courses begin.#This will be scheduled and facilitated by the Office of Education Abroad; abiding by guidelines set forth by the US government per J-1 visa requirements.

Exchange students are subject to the same English Language Proficiency policies outlined in the section on University Procedures for International Students.

# Application Process for International Exchange Students

Prior to admission to NMSU, a prospective international exchange student must be nominated from their home university, complete an application with the Office of Education Abroad (OEA) and submit their required documents. The process is as follows:

1. Nomination for exchange must be submitted by the Home University to the Incoming Exchange Coordinator by March 15 for Fall semester and September 15 for Spring semester. Please see your home university exchange coordinator for more information and to complete the nomination process.

2. Once nomination is received, students will be directed to make an account at the OEA website:https://isss.nmsu.edu/

3. The student is then required to complete the Exchange Student Nomination Form Questionnaire and upload the following documents:

- Passport
- Transcripts (in English)
- Financial Document showing proof of \$5000 per semester attended.ISEP students do not have to provide the financial documents
- Current TOEFL scores (2 years or less), see below for acceptable scores.

4. All international students, regardless of status, must apply for Admissions to NMSUhttps://isss.nmsu.edu/future-students/ undergraduate-admissions/step-1.html.#Once the Student's OEA application has been approved,OEA Staff will submit the documents listed above to Admissions on behalf of the student.

#### **Academic Restrictions**

The majority of the NMSU catalog applies to Exchange Students, with the following exceptions:

- · Exchange students must take the English Language Placement Test.
- Courses must be taken at Main Campus only.#Community college courses, including DACC are not available to Exchange Students.
- The Nursing Department is the only department that is strictly off limits to exchange students, with case-by-case exception by the department and this would have to be approved well in advance of the student being nominated.
- Exchange students are required to abide by all pre-requisite requirements and class size restrictions (i.e, if a course is closed when the student goes to register, an exception cannot be made)
- Online courses are restricted due to visa requirements (no more than 3 credits can be taken online. Additional fees will apply.).

# **Tuition, Fees & Other Expenses**

All costs are given for one term/semester. The university reserves the right to change any of the charges without notice.

# **Campus Tuition Rates**

For a full listing of all tuition rates from the NMSU System please see theUniversity Accounts Receivable#website.

# **Additional Fees**

All costs are given for one term/semester. The university reserves the right to change any of the charges without notice.

# **Campus Tuition Rates**

For a full listing of all tuition rates from the NMSU System please see the University Accounts Receivable (https://uar.nmsu.edu/tuition\_fees/) website.

# **Additional Fees**

Course Delivery Fee (per credit)	\$25.00
Certificate degree fee	\$10.00
Bachelor or Associate degree fee	\$35.00
Master or Doctorate degree fee	\$45.00
Degree application late filing fee	\$50.00
Late Registration Fee Base Cost	\$25.00
Engineering Technology Fee	\$36.00-145.00

# **Course Fees (Fees Assessed Per Course)**

See the Course Fee (https://uar.nmsu.edu/tuition\_fees/) page for a list of courses with additional fees.

# **Mandatory International Student Fees**

All international students are required to have health insurance coverage. International student health insurance is provided by GeoBlue unless otherwise covered by comparable health and accident insurance approved by the International Student Services. International students will be required to purchase health insurance for spring and summer during spring registration unless they have applied for spring graduation. (See below) All international undergraduate students will be assessed a \$36 International Student Program Fee each semester.

### **Optional Fees** Wellness/Fitness Fee - Rates may Increase for 2022-2023

Options for enrolled students who reside in driving distance to the NMSU Las Cruces Campus include:

	Wellness	Fitness
Term pass for student enrolled in 6-11 credits	\$79.00	\$40.00
Term pass for student enrolled in 1-5 credits	\$105.00	\$53.00
Single visit for student enrolled in 1-11 credits	\$35.00	\$5.00

The Wellness fee grants access to the Student Health Center with charges accruing for medications, lab work, testing or procedures. The Fitness fee grants access to the Student Activity Center.

# **Health Insurance**

Students who have access to the Campus Health Center may choose to purchase a commercial insurance policy offered through the Health Insurance Marketplaces established by the Affordable Care Act (ACA). These exchanges are intended to provide consumers with a new way to shop for, compare costs and coverage benefits, and enroll in insurance coverage. For more information visit: www.healthcare.gov (https:// www.healthcare.gov) or www.bewellnm.com (http://www.bewellnm.com)

# Late Registration Fee

A late registration fee of \$25 is imposed if registration has not been completed before the late-registration period begins. Failure to make scheduled payments with the University Accounts Receivable on due dates will result in additional liability.

# **Payment of Charges**

By enrolling in classes at NMSU Global Campus, a student makes a financial commitment to pay the tuition and fee charges associated with his/her enrollment. The enrollment action constitutes a financial obligation between the student and NMSU and that all proceeds of this agreement will be used for education purposes and constitute an education loan pursuant to 11 U.S.C 523(a) (8). Terms and Conditions of Course Registration are posted on the University Accounts Receivable (UAR) website and available at time of Registration. Payments can be made by mail, web, telephone, or in person at University Accounts Receivable. Cash, checks, money orders and limited types of credit cards are accepted. All financial aid received must be paid towards balances owed. Additional penalty charges will be assessed for failure to make payments when due. The University reserves the right to #cancel registration of any student who fails to pay, when due, any indebtedness to the institution #if not completed by the deadlines as outlined on the UAR website under important dates related to your Student Account. Transcripts and diplomas will be withheld until all financial obligations are paid in full. Students are prohibited from registering for a term/ semester until all previous debts due to the University are paid in full.

# **Payment Plan**

For current information, please visit the Payment Plan website athttps:// student-accounts.nmsu.edu/

# Tuition Adjustments, Refunds and Forfeitures

Students officially withdrawing from all courses or dropping a course(s) during a semester or term are eligible for a 100-percent refund of tuition and fees through the deadlines listed online as outlined on the University Student Records#website under Important Dates for Students for each term. Students withdrawing from a course(s) after that deadline will not be eligible for a refund and will remain liable for payment of full tuition and fee charges. Non-attendance does not constitute an official course drop or withdrawal. It is the student's responsibility to withdraw from the university and/or drop a course if he/she decides to not attend once enrollment has taken place. All charges due to NMSU must be paid before refunds or adjustments will be permitted.

In cases of academic or disciplinary suspension, eligibility for tuition refunds and adjustments will depend on the conditions of the suspension and will be entirely at the option of the institution. Should unforeseen

circumstances beyond the reasonable control of New Mexico State University result in curtailing classes, closing residence facilities, or otherwise withdrawing services that are a normal function of the institution, refunds of any nature will be at the discretion of the college/ university administration.

Residence hall rentals and dining hall charges may be refunded in accordance with schedules adopted by these departments.

# **Delinquent and Prior-Term Balances**

NMSU reserves the right to cancel the registration of any student who fails to pay, when due, any indebtedness to the institution.

Transcripts will be withheld until all financial obligations are paid in full.

### Dishonored Financial Transactions -Checks, Credit Cards, ACH Transactions

The University charges a penalty on all dishonored cash instruments. Personal checks will not be accepted from students who have had previously dishonored checks.

# **Estimating Other Expenses**

In addition to the direct costs stated above, other expenses per semester may include such items as textbooks and supplies (estimated at \$625) and personal expenses (estimated at \$1,251).

# **Cooperative Education**

Students participating in the Cooperative Education Program who receive academic credit pay the same tuition and fees as regularly enrolled students. Work phase students who are assigned to campus or a nearby off-campus workstation may pay for the student wellness/fitness as if they were a part-time student enrolled in 1-5 credits.

# Ways to Qualify for Lower Tuition Rates

Resident or nonresident status is determined in accordance to a uniform definition established for all New Mexico institutions by the Higher Education Department, State of New Mexico, NM Administrative Code (NMAC) 5.7.18. The University Student Records Office administers residency. Information on the following programs and offices that administer the reduced rate program may be obtained from the University Admissions, the University Financial Aid and Scholarship Services.

- · American Indian Agreement
- Athletic Grant
- · Colorado-Arizona Reciprocal Agreement
- Dual Credit
- · Fire Fighter and Peace Officer Survivor Scholarship
- · Foreign Military Dependent
- Foreign Military Spouse
- · Foreign Military Stationed in New Mexico
- Foster Care
- Graduate Assistantship
- Immigrant Student (NM HS GRAD)
- · Military Dependent
- Military Spouse

- Military Stationed in New Mexico
- NM Competitive Scholarship
- Part-time Students
- Senior Citizen Waiver
- Summer Session
- Texas 135
- Veteran Waiver
- WRGP
- Western Undergraduate Exchange

WUE states include Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, North Dakota, Oregon, South Dakota, Utah, Washington, Wyoming and the Commonwealth of the Northern Mariana Islands. For more information about any of the above ways to qualify for lower tuition rates please contact the University Accounts Receivable Office or the University Student Records Office.

For more information, contact:

University Accounts Receivable, MSC 4570 New Mexico State University PO Box 30001 Las Cruces, NM 88003-8001 Phone: (575) 646-4911 https://uar.nmsu.edu/tuition\_fees

# **Financial Aid & Scholarship Services**

University Financial Aid and Scholarship Services administers a broad spectrum of grants, scholarships, work-study funds, and loans in an attempt to meet the financial need of the university's students.

University Financial Aid and Scholarship Services awards financial aid to students according to their individual calculatedneed. Studentneed#can be determined by expected family contribution and college costs. All information provided to the University Financial Aid and Scholarship Services is regarded as confidential.

Students applying for financial aid must complete a Free Application for Federal Student Aid (FAFSA) designed to determine, in accordance with state and federal guidelines, the difference between what the student and/or family is expected to contribute and the cost of attending any campus within the NMSU System. Among the factors that determine the family's Expected Family Contribution (EFC) are:

- Annual-adjusted gross income based on your/your parents tax return as reported to the Internal Revenue Service (IRS);
- 2. Savings, stocks, and/or bonds;
- 3. Other assets in the form of a business, farm or real estate;
- 4. Nontaxable income and benefits; and
- 5. Income and assets.

Students applying for financial aid should complete a FAFSA by visitinghttp://www.studentaid.gov/fafsa

Please refer to the NMSU-Las Cruces, Financial Aid and Scholarship Services web site for more information on aid and policies atfa.nmsu.edu.

# **General Eligibility Requirements**

To receive financial aid you must be admitted to NMSU as a degree seeking student in an eligible degree or certificate program and demonstrate that you are qualified to obtain an education by:

- Having a high school diploma or recognized equivalent such as a General Education Development (GED) certificate or
- Completing a high school education in a home-school setting approved under state law or
- If you were enrolled in an eligible program at a college or career school prior to July 1, 2012, you may show you are qualified to obtain a financial aid by either.
- Having passed an approved ability-to-benefit test (if you don't have a diploma or GED, a college can administer a test to determine whether you can benefit from the education offered at that school); or
- Completing six credit hours or equivalent course work toward a degree or certificate (you may not receive aid while earning the six credit hours)
- Be enrolled or accepted for enrollment as a regular student working toward a degree or certificate in an eligible program.
- Be a U.S. citizen or eligible noncitizen (state funded scholarships are available to undocumented students).
- Have a valid Social Security number. If you don't have a Social Security number, you can find out more about applying for one atssa.gov.
- Must be meeting satisfactory academic progress (SAP).
- Sign a statement on the FAFSA certifying that you will use Federal student aid only for educational purposes.
- Sign a statement on the FAFSA certifying that you are not in default on a federal student loan and that you do not owe money back on a federal student grant.
- · Register with the Selective Service, if required.

#### **Financial Aid Awards**

All financial aid awards are based on information provided by the student and/or parents, availability of funds, and eligibility requirements. Any award may be revised based on changes in enrollment, cost of attendance, application for graduation, family contribution or#satisfactory academic progress. Withdrawals or reductions in enrollment may affect an award or any future awards. Financial Aid will not pay for audited courses or some repeats.

#### Grants

The Federal Pell Grant is a federal grant available to undergraduate students with documented financial need. If the Pell Grant is insufficient to pay educational expenses, the student may be eligible to receive other types of aid, including a Federal Supplemental Educational Opportunity Grant (SEOG) or Leveraging Education Assistance Partnership Program Grant (LEAP), and/or other miscellaneous grants. These grants are awarded to undergraduate students who demonstrate exceptional financial need. Funds are limited and are awarded based on need and the priority date.#For more information, contact University Financial Aid and Scholarship Services or visit the university's financial aid website at:fa.nmsu.edu/.#Generally, grants do not have to be repaid.

### **Work-Study Programs**

The Federal and New Mexico State Work-Study Programs provide employment awards for eligible students. Funds are limited and are awarded based on need and the priority date.#A work-study award does not guarantee employment. Students are responsible for applying for available positions using the NMSU Handshake application atnmsu.joinhandshake.com/.

For more information on the U.S. Department of Education student aid programs, go tostudentaid.ed.gov#or see the NMSU Financial Aid web site atfa.nmsu.edu.

### **Scholarships and Other Aid**

Many students finance part of their education with scholarships, which may be awarded for academic achievement, special skills, talent and/or based on the applicants calculated financial need.

The NMSU System offers a variety of scholarships to incoming freshman, transfer, continuing and graduate students. State, institutional and private scholarships may also be available but amounts, deadlines and eligibility requirements vary. For more information, contact University Financial Aid and Scholarship Services or visit the university's scholarship web site atfa.nmsu.edu/scholarships

To be considered for most scholarships through the NMSU System you are required to apply online through Scholar Dollar\$, atscholarships.nmsu.edu#each academic year. One scholarship application serves all students in the NMSU system, regardless of campus.

### **Federal Direct Subsidized Loans**

This is a loan program for eligible undergraduate students who demonstrate financial need. The U.S. Department of Education pays the interest on a Direct Subsidized Loan while the student is enrolled in school at least half-time.

All#undergraduate students who borrow for the first time after July 1, 2013 are subject to a maximum time period to receive Federal Direct Subsidized Loans.#Students may not receive Federal Direct Subsidized Loans for more than 150% of the published length of their academic program (measured in academic years).#A complete explanation of Subsidized Loan usage limits is available at:fa.nmsu.edu/loans/federal-direct-loans.

### **Federal Direct Unsubsidized Loans**

Loans that are not need-based and offered to eligible undergraduate and graduate students. Unlike other federal loans, interest accrues while the student is attending school.

### **Federal Direct Loan Requirements**

Students receiving a subsidized or unsubsidized Federal Direct Loan, must complete an online Entrance Counseling session and a Master Promissory Note (MPN) before NMSU will issue the funds. In addition, students are required to complete the Student Loan Acknowledgment every academic year. Once Federal Loan Borrowers graduate, or withdraw from the institution, they must complete the Exit Counseling to avoid delays in receiving their transcripts or diplomas. Students may complete all these requirements atstudentaid.gov.

Repayment of a Federal Direct loan begins six months after graduation or six months after enrollment drops below half-time (less than 6 credits for undergraduate students and less than 5 credits for graduate students).

### Withdrawals

Recipients of financial aid grants and loans who stop attending class, drop credit-hours, or withdraw may be required to return all or a portion of awarded Title IV funds. Further information regarding the Return of Title IV funds is available on the NMSU-Las Cruces web site atfa.nmsu.edu/ return-of-title-iv-funds.

### **Financial Aid Satisfactory Academic Progress**

Federal regulations require that financial aid recipients meet certain academic standards to be eligible for federal financial aid. To ensure that financial aid recipients are making satisfactory academic progress (SAP), academic transcripts are reviewed at the end of each term to determine eligibility for the next term. All terms of attendance are reviewed, including periods in which the student did not receive financial aid. All transfer credit hours are taken into account when satisfactory progress is reviewed. The Financial Aid SAP standards are not the same as the NMSU System's #Academic Standards of Progress criteria. Students may learn more by visitinghttp://fa.nmsu.edu/sap

### Elements of Financial Aid Satisfactory Academic Progress

- Qualitative Progress: Undergraduate students must maintain a cumulative GPA of at least 2.0 (a C- average). Graduate students must maintain a cumulative GPA of at least 3.0 (a B average).
- Completion Rate: Students must complete a minimum of 70 percent of all coursework (registered credit hours) attempted within the NMSU System. Any course with a grade of withdraw (W), incomplete (I), repeats (RR), failure (F), audit (AU), or no credit (NC) are considered as attempted but not considered completed coursework. Repeated courses are included in the calculation.
- Maximum Time Frame: Students must complete their program within 150 percent of the published length required by the program. Students who have reached the maximum allowable time will be suspended from receiving financial aid. Limited developmental/ remedial hours are excluded from this calculation. Total attempted hours including repeated courses and transfer coursework are included in the student's maximum time frame calculation.

### **Financial Aid Warning**

"Warning" is a status assigned to a student the first semester they fail to meet the standards of satisfactory academic progress (SAP) measured as Qualitative Progress and Completion Rate. If the student has not returned to satisfactory standing after this warning semester, they will be suspended from further financial assistance until satisfactory progress standards are met.

### **Financial Aid Suspension**

Students are suspended from receiving financial aid if they do not meet satisfactory academic progress standards for financial aid purposes.

Students on financial aid suspension will not receive any form of federal or state financial aid (grants, loans, work study). Financial aid eligibility is reinstated when all standards of satisfactory progress are met.

### **The Appeal Process**

Students suspended from financial aid may appeal the suspension if there are extenuating circumstances affecting their progress. Students who would like to appeal the suspension must submit an appeal form, available at:fa.nmsu.edu. They must also submit all supporting documentation to University Financial Aid and Scholarship Services.

A committee will review the appeal and may grant reinstatement of financial aid based on the extenuating circumstances that directly contributed to the deficient academic performance. To receive timely decisions from the committee, students are encouraged to submit appeals and supporting documentation by the priority date found atfa.nmsu.edu/sap.

### **Contact Information**

For more information, contact:

Las Cruces Campus Financial Aid Office MSC 5100 PO Box 30001 Las Cruces, NM 88003-8001 Phone: (575) 646-4105 http://fa.nmsu.edu/

# General Education & Viewing a Wider World

### **The New Mexico General Education Requirements**

General Education at NMSU provides all students with a broad foundation and common framework upon which to develop knowledge and skills, social consciousness and respect for self and others, thus enabling them to function responsibly and effectively now and in the future. General education courses at NMSU can be identified by the G suffix.

In accordance to state law (Post-Secondary Education Articulation Act) (https://www.srca.nm.gov/parts/title05/05.055.0006.html), the New Mexico Higher Education Department has established a state-wide model for General Education. Within the General Education model, is nine credits of electives that will be determined at an institutional level. The current approved NMSU General Education courses are listed below under each of the six general education areas.

Prefix	Title	Credits
Area I: Communication	ns	10
Select one course from	n each sub group:

This requirement can be met with any "G" course in any area, excluding Area I: Communications and any crosslisted courses, that exceeds the minimum requirement. or

Total Credits		32-35
or ENGR 100GH	Introduction to Engineering Honors	
ENGR 100G	Introduction to Engineering	

<sup>1</sup> For Area III: Laboratory Sciences and Area IV: Social/Behavioral Sciences, students <u>must</u> take one course from each for a total of 7 credits.

Students will then take an additional course in either Area III or Area IV for 3-4 credits depending on the students selection (i.e. Area III is 4 credits, Area IV is 3 credits).

# Alternatives for Meeting General Education Requirements (9 credit hour rule)

Students taking nine or more credits in a specific subject area, even though the courses are not designated as General Education courses, will have met the general education requirements for that subject area. The courses can meet both major and general education requirements for the degree. For example, a student may complete ARTS 2610 Drawing II, ARTS 1240 Design I and ARTS 1250 Design II (9 hours) and thereby satisfy one course from the Area VI: Creative and Fine Arts category even though none of those courses carries a G suffix. Please check with the Center for Academic Advising and Student Support.

### NMSU Viewing a Wider World Requirements

The Viewing a Wider World (VWW) requirement fosters intelligent inquiry, abstract logical thinking, critical analysis, as well as the integration and synthesis of knowledge. The program strives for literacy in writing, reading, speaking and listening. It teaches mathematical structures, acquainting students with precise abstract thought about numbers and space. The program also encourages an understanding of science and scientific inquiry, as it provides a historical consciousness, including an understanding of one's own heritage as well as respect for other peoples and cultures. To achieve its goals, the program includes an examination of values and stresses the importance of a carefully considered values system as it fosters an appreciation of the arts and general education. It provides the breadth necessary to have a familiarity with the various branches of human understanding. All VWW courses can be identified by the "V" suffix.

Prior to graduating, NMSU students are required to take two courses from separate colleges from the Viewing a Wider World list in the Catalog. These courses are upper-division (300-400 level) Viewing a Wider World courses and should be taken in a student's junior and/or senior year. One of the two courses must be in a college other than their own. The other course may be taken within their home college, but this course:

- 1. must be in a different department from their major department;
- 2. must not be cross-listed with a course in their home department;
- 3. cannot be counted as one of the requirements for the student's major.

These courses strongly emphasize the international character and multicultural influences in the fields of study and strengthen information retrieval skills. There are two options that NMSU allows for replacing 3 credits of VWW requirement with another form of educational experience, these are:

- 1. **Study Abroad Experience** consisting of at least four weeks of a Study Abroad program or university coursework in a foreign country earning 3 credits.
- 2. **Military Experience** for students who have served at least four weeks of military service in a foreign country.

The Military and Veterans Programs Office website (https:// mvp.nmsu.edu/military-members/military-experience-waiver.html) provides the instructions on how to request the waiver for Military Experience replacing 3 credits of VWW.

NOTE: This list is under continuous revision. Please check with the office of the college associate dean or with college advisors for additional eligible courses. Honors courses have a specific college designation based on course content. These are listed near the end of this section.

### Alternatives for Meeting Viewing a Wider World Requirements

Students taking nine or more credits in a specific subject area, even though the courses are not designated as Viewing a Wider World courses, will have met the VWW requirements for that subject area.

The 9 credit hours must be in 300- to 400-level courses in one prefix area. For example, 9 upper-division ECON credits would fulfill one VWW area for students majoring in programs other than Economics.

# **NMSU Global Campus**

NMSU Global Campus (http://global.nmsu.edu (http://global.nmsu.edu/)) i

The Office of Digital Learning administers NMSU Global Campus, extending the reach of New Mexico State University (NMSU) beyond face-to-face traditional programs to provide opportunities for students to meet their academic, professional, and personal learning goals. NMSU Global Campus is designed to remove geographic divides nationally and internationally to meet the needs of the adult and post traditional learner looking to complete a degree. All programs are offered 100% online.

NMSU Global Campus offers 70+ programs available across the five NMSU System campuses with Associate, Applied Associate, Bachelor, Master and Doctorate degrees as well as Certificates and Graduate Certificates. NMSU Global Campus programs are delivered 100% online, and in technology-mediated formats.

Visit NMSU Global Campus (http://global.nmsu.edu/) or contact global@nmsu.edu (online@nmsu.edu) or 888.729.6678.

# **Communication Disorders - Bachelor** of Science in Communication Disorders (Online)

The Communication Disorders curriculum provides specialized preparation for students who would like to work as Speech-Language Pathology Assistant (SLP-A) and those who plan to enter a graduate program in speech-language pathology or audiology. Students supplement their academic study of typical communication development, communication disorders, and clinical management with observation of the clinical experience in the department's Edgar R. Garrett Speech and Hearing Center and/or via alternative clinical education such as virtual patients. Students must maintain a grade of B or better in all Speech Language Hearing Sciences (SPHS) courses and maintain a cumulative GPA of 3.2 or higher, to remain in the program.

The undergraduate program fulfills all educational requirements needed for certification as Speech-Language Pathology Assistant (SLP-A) by the American Speech-Language-Hearing Association. Details regarding certification are available from the American Speech-Language-Hearing Association (http://www.asha.org/certification/) (ASHA), and for those seeking a license as Apprentice in Speech-Language (ASL) in New Mexico, information can be found on the website of the New Mexico Regulations & Licensing Department (http://www.rld.state.nm.us/boards/ speech\_language\_pathology\_audiology\_and\_hearing\_aid\_dispensing\_practices.asp

Professional employment opportunities for speech-language pathologists and audiologists are numerous within settings such as school systems, community clinics, medical centers, hospitals, private practice, residential programs, and schools for individuals with disabilities.

# **Program Requirements**

Required coursework (120 credits; minimum 48 upper-division credits)

Electives to meet the 120 minimum credit hours for this degree can either come from any minor that a student chooses to pursue or any other elective courses not counting elsewhere towards the degree. Recommended minors for this degree are Linguistics, Spanish, or Counseling and Educational Psychology.

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300/3000 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

<sup>1</sup> The VWW Course must be outside the College of Health, Education and Social Transformation and be facilitated through the NMSU Online section offerings see the Viewing a Wider World (http:// catalogs.nmsu.edu/nmsu/general-education-viewing-wider-world/ #viewingawiderworldtext) section of the catalog for a complete list of VWW Courses and refer to the Course Schedule for the available campus offerings.

# **Applied Studies - Bachelor of Applied Studies (Online)**

The Bachelor of Applied Studies (BAS) degree is designed specifically for students who have already procured an Associates degree in an Applied Studies field. The BAS promotes the mission and purpose of NMSU by making available flexible degree options and by providing a pathway of study for community college graduates with technical and applied degrees from an accredited institution. The BAS degree helps minimize credit loss for associate degree graduates when pursuing a baccalaureate degree at NMSU by requiring a fewer number of upperdivision credits. The student population targeted for this program differs significantly from traditional degree programs at NMSU. The BAS offers opportunity for current and prospective students and welcomes those employed full-time, veterans, active duty military personnel or active duty family members, transfers from other institutions, those returning to college after time away, and students wishing to complete their upperdivision coursework at a distance.

# **To Declare a BAS**

Students entering the BAS program are required to:

- Have an Associate of Applied Science or a similar degree from a regionally accredited institution
- Have completed the English and Mathematics Basic Skills Requirements of NMSU (see Regulations - Basic Academic Skills) (http://catalogs.nmsu.edu/nmsu/regulations-policies/)
- Declare the BAS degree by the last date to drop with a "W" in a student's final semester of study (see the NMSU Academic Calendar for date)

#### **Degree Requirements**

To graduate with the Bachelor of Applied Studies degree, you must complete at minimum 120 credit hours (or more, depending on the number and type of credits acquired in your Associate degree and as determined by your academic advisor). (*Note: The NMSU College of Business allows a maximum of 30 business credit hours to count towards the BAS degree. Also, the only College of Business minor allowed is the Business Administration Minor.*)

Within the total credit hours, you must

- Complete the university's general education requirements (http:// catalogs.nmsu.edu/nmsu/general-education-viewing-widerworld/) (at least 32-35 credit hours of approved New Mexico Common Core courses).
- Complete a minimum of 36 credit hours of upper-division courses (300-499 level), including six credits of Viewing a Wider World (VWW) from courses in two separate colleges at NMSU. You may substitute three credits of VWW with credits taken in study abroad. All 36 upperdivision credits must have a grade of C- or better.

• Not have completed the requirements, or be a candidate, for another baccalaureate degree.

In addition, it is strongly recommended that students take one or more of the Interdisciplinary Studies courses designed specifically for the Bachelor of Applied Studies and the Bachelor of Individualized Studies degrees: INTR 300 Foundations of Interdisciplinary Studies and/ or INTR 301 Interdisciplinary Research: Theory & Practice. These courses prepare BAS and BIS students to better plan and conceptualize their degree as they prepare to move into their professional careers or graduate school.

#### Second Language Requirement

For the Bachelor of Applied Studies there is no second language requirement for the degree.

# **Communication Studies - Bachelor of Arts (Online)**

In addition to completing the general education requirements of the university and the college, students majoring in communication studies are required to complete 21 credits of core COMM courses and 15 credits of COMM electives for a total of 36 credits. Any exception to these policies requires department head approval.

All COMM courses must be completed with a grade of C- or better.

#### **Undergraduate Course Rotation:**

#### Fall

COMM 310 Communication Theory and Discovery

COMM 376 Communication and Culture

COMM 384 Interpersonal Communication

#### Spring

COMM 351 Persuasion Theory and Practice

COMM 370 Organizational Communication

COMM 495 Communication Internship

### Requirements

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

- <sup>3</sup> Taught face to face in even years and online in odd years
- Taught face to face in odd years and online in even years
- <sup>5</sup> Always taught online
- <sup>6</sup> Elective credit may vary based on prerequisites, dual credit, AP credit, double majors, and/or minor coursework. The amount indicated in the requirements list is the amount needed to bring the total to 120 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-by-case basis and students should discuss elective requirements with their advisor.

#### Second Language Requirement

For the Bachelor of Arts in Communication Studies there is a one year second language requirement, the options to complete this requirement are listed below. The number of credits that a student needs to take may vary depending on what level they come in with. Please speak with an advisor for more information as to which courses you will need to take to fulfill the second language requirement for this degree.

#### Option 1:

Prefix	Title	Credits
Complete one of the fo	llowing sequences:	
CHIN 1110	Mandarin Chinese I	4-8
& CHIN 1120	and Mandarin Chinese II	
FREN 1110	French I	4-8
& FREN 1120	and French II	
GRMN 1110	German I	4-8
& GRMN 1120	and German II	

JAPN 1110 & JAPN 1120	Japanese I and Japanese II	4-8
SPAN 1110 & SPAN 1120	Spanish I and Spanish II	4-8
PORT 1110 & PORT 1120	Portuguese I and Portuguese II	3-6
For Heritage Speakers:		
SPAN 1210 & SPAN 1220	Elementary Spanish for Heritage Learners I and Spanish for Heritage Learners II	3-6
or SPAN 2210	Spanish for Heritage Learners III	
Option 2:		
Prefix	Title	Credits
Complete the following C- or better):	g sequence for American Sign Language (with a	
SIGN 1110 & SIGN 1120	American Sign Language I and American Sign Language II	3-6
Option 3:

or FREN 1120 or GRMN 1120 or JAPN 1120 or SPAN 1120 <i>OR</i> Challenge or complete courses: PORT 1120	French II German II Japanese II Spanish II the 1120/1220/2210 level for the following Portuguese II	
or FREN 1120 or GRMN 1120 or JAPN 1120 or SPAN 1120 <i>OR</i> Challenge or complete courses: PORT 1120 or SPAN 1220	French II German II Japanese II Spanish II the 1120/1220/2210 level for the following Portuguese II Spanish for Heritage Learners II	

#### **Option 4:**

Participate in an experiential learning study abroad course sponsored by NMSU or an approved International Internship that enhances the students' cultural competency through cultural understanding and experience. Please meet with the head of the Department of Communication Studies for information. Students must pass the course with a C- or higher.

#### Option 5:

Pass (with a C-or higher) any three-credit, upper-division course (numbered 300 or above) taught in a second language by the department of Languages and Linguistics.

#### **Option 6:**

Obtain college certification of completion of two years of a second language at the high school level with a grade of C- or higher in the second-year level.

#### Option 7:

By obtaining certification of a working knowledge of a Native American language from the American Indian program director.

#### **Option 8:**

By obtaining, from the head of the Department of Languages and Linguistics, certification of a working knowledge of a second language if such language is not taught at NMSU.

#### Option 9:

In the case of a foreign student who is required to take the TOEFL exam admission, the dean will automatically waive the second language requirement.

### A Suggested Plan of Study for Students

This roadmap assumes student placement in MATH 1130G Survey of Mathematics and ENGL 1110G Composition I. The contents and order of this roadmap may vary depending on initial student placement in mathematics and English. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change.

Total Credits		120

#### **Total Credits**

- The department requires 6 credits of English Composition Level 2 coursework, 3 credits will count towards the General Education requirement, the other 3 credits will count as Non-Departmental requirements. ENGL 112 will only be accepted to fulfill one of the English Composition Level 2 requirements and is only allowed for transfer students.
- MATH 1220G. MATH 1350G or MATH 2350G are preferred but any Mathematics course that is higher level than MATH 1220G, excluding MATH 1130G Survey of Mathematics, or higher than MATH 1350G is also accepted.

\*students may need to take any prerequisites needed to enter of the allowable Mathematics course(s) first.

- See the General Education (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/) section of the catalog for a full list of courses.
- 4 Students can take an Upper-Division PHIL course to meet departmental requirements, however, if this option is chosen, the student will have to take another general education humanities course to fulfill the general education humanities requirement.
- See the Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/ general-education-viewing-wider-world/#viewingawiderworldtext) section of the catalog for a full list of courses.
- 6 Prior to enrolling in upper division courses, lower division courses must be completed or final courses must be in progress.
- Not to include CJUS 393 Internship in Criminal Justice, or any criminal justice required course. Courses that fall under multiple content areas may only be counted once. Please visit our website for specific courses in each of these content areas http://crimjust.nmsu.edu.
- 8 Elective credit may vary based on General Education course selection, second language requirements, prerequisites, dual credit, AP credit, double majors, and/or minor coursework. The amount indicated in the requirements list is the amount needed to bring the total to 120 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-bycase basis and students should discuss elective requirements with their advisor.
- For transfer students only.

\*A student must earn a C- or better to receive credit for any departmental and nondepartmental requirement for the BC J degrees.

### Second Language Requirement

For the Bachelor of Criminal Justice with a major in Criminal Justice there is a two year second language requirement (or the completion of MATH 1511G), the student must do one of the following:there is a two year second language requirement, the options to complete this requirement are listed below. The number of credits that a student needs to take may vary depending on what level they come in with. Please

speak with an advisor for more information as to which courses you will need to take to fulfill the second language requirement for this degree.

Option 1: Prefix	Title	Credits
Complete one of the fo	llowing sequences:	
CHIN 1110 & CHIN 1120 & CHIN 2110 & CHIN 2120	Mandarin Chinese I and Mandarin Chinese II and Mandarin Chinese III and Mandarin Chinese IV	3-14
FREN 1110 & FREN 1120 & FREN 2110 & FREN 2120	French I and French II and French III and French IV	3-14
GRMN 1110 & GRMN 1120 & GRMN 2110 & GRMN 2120	German I and German II and German III and German IV	3-14
JAPN 1110 & JAPN 1120 & JAPN 2110 & JAPN 2120	Japanese I and Japanese II and Japanese III and Japanese IV	3-14
SPAN 1110 & SPAN 1120 & SPAN 2110 & SPAN 2120	Spanish I and Spanish II and Spanish III and Spanish IV	3-14
PORT 1110 & PORT 1120	Portuguese I and Portuguese II	3-6
For Heritage Speakers:		
SPAN 1210 & SPAN 1220 & SPAN 2210	Elementary Spanish for Heritage Learners I and Spanish for Heritage Learners II and Spanish for Heritage Learners III	3-9
Option 2:

Complete the following C- or better):	sequence for American Sign Language (with a	
SIGN 1110	American Sign Language I	3
SIGN 1120	American Sign Language II	3
SIGN 2110	American Sign Language III	3
Option 3: Prefix	Title	Credits
Challenge the 2120 lev	el for the following courses:	
CHIN 2120	Mandarin Chinese IV	3
or FREN 2120	French IV	
or GRMN 2120	German IV	
or JAPN 2120	Japanese IV	
or SPAN 2120	Spanish IV	
OR		
	10 level for the following courses:	6
PORT 1120 or SPAN 2210	Portuguese II Spanish for Heritage Learners III	3

#### **Option 4:**

Pass a three-credit, upper-division course (numbered 300 or above) taught in a second language by the department of Languages and Linguistics.

#### **Option 5:**

Obtain college certification of completion of three years of a second language at the high school level with a grade of C- or higher in the second-year level.

#### Option 6:

By obtaining certification of a working knowledge of a Native American language from the American Indian program director.

#### Option 7:

By obtaining, from the head of the Department of Languages and Linguistics, certification of a working knowledge of a second language if such language is not taught at NMSU.

#### **Option 8:**

In the case of a foreign student who is required to take the TOEFL exam admission, the dean will automatically waive the second language requirement.

# A Suggested Plan of Study for Students

This roadmap assumes student placement in MATH 1220G, or MATH 1350G or MATH 2350G and ENGL 1110G. The contents and order of this roadmap may vary depending on initial student placement in mathematics and english. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change.

- <sup>1</sup> Math Placement:MATH 1220G College Algebra or MATH 1350G Introduction to Statistics orMATH 2350G Statistical Methods is the starting Math course for the degree, however, students may need to complete any prerequisites prior to enrolling into one of these courses.
- <sup>2</sup> See the General Education (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/) section of the catalog for a full list of courses.
- <sup>3</sup> One of the following is required for the major. PHIL 1145G Philosophy, Law, and Ethics, PHIL 2230G Philosophical Thought, PHIL 1120G Logic, Reasoning, & Critical Thinking, and PHIL 2110G Introduction to Ethics
- <sup>4</sup> Second Language: options for completing the second language requirement can be located on the Requirements (http:// catalogs.nmsu.edu/nmsu/arts-sciences/criminal-justice/criminaljustice-bachelor-criminal-justice/#requirementstext) tab for this degree.
- <sup>5</sup> Elective credit may vary based on prerequisites, dual credit, AP credit, double majors, and/or minor coursework. The amount indicated in the requirements list is the amount needed to bring the total to 120 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-by-case basis and students should discuss elective requirements with their advisor.
- <sup>6</sup> CJUS 300 Introduction to Criminal Justice Research can be taken in either the Fall or Spring semesters of Year Two.
   The following courses may substitute for CJUS 300: POLS 300 Political Research Skills, PSYC 310 Experimental Methods, SOCI 3150 Social Research: Methods
- <sup>7</sup> CJUS 300 Introduction to Criminal Justice Research and CJUS 301 Advanced Research Methods should ideally be taken in separate semesters
- <sup>8</sup> Recommended: 1 credit of PHED, LSAT Prep or FYEX coursework
- <sup>9</sup> See the Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/ general-education-viewing-wider-world/#viewingawiderworldtext) section of the catalog for a full list of courses

# Economics (Energy Economics) -Bachelor of Business Administration (Online)

This program is especially suitable for students interested in a career in the energy sector. This degree prepares you for jobs in the energy sector, including those in administration, and those leading eventually to positions of executive responsibility.

the concentration in energy economics must complete the following: ECON 345 (https://catalogs.nmsu.edu/search/? P=ECON%20332) Energy Economics (3 cr.), ECON 335v (https:// catalogs.nmsu.edu/search/?P=ECON%20336) Business and Government (3 cr.), ECON 445 (https://catalogs.nmsu.edu/search/?P=ECON %20401) Oil and Natural Gas Economics (3 cr.), and ECON 471 (https:// catalogs.nmsu.edu/search/?P=ECON%20450) Electricity Economics (3 cr.).

In addition to completing general education, (http://catalogs.nmsu.edu/ nmsu/general-education-viewing-wider-world/) College of Business foundation and business core (http://catalogs.nmsu.edu/nmsu/ business/), Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/ general-education-viewing-wider-world/#viewingawiderworldtext) requirements, and general electives (see above), every candidate for the

BUSA 1110

Intro to Business

bachelor of business administration in economics must complete each of these courses with a grade of C- or better.

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

<sup>1</sup> Prerequisites are required, students are responsible for checking and fulfilling course prerequisites listed in the catalog.

<sup>2</sup> See the General Education (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/) section of the catalog for a full list of courses.

<sup>3</sup> Elective credit may vary based on prerequisites, dual credit, AP credit, double majors, and/or minor coursework. The amount indicated in the requirements list is the amount needed to bring the total to 120 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-by-case basis and students should discuss elective requirements with their advisor.

<sup>4</sup> See the Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/ general-education-viewing-wider-world/#viewingawiderworldtext) section of the catalog for a full list of courses.

<sup>5</sup> Upper Division ECON electives are typically only offered during certain semesters, so students must plan accordingly.

Fall: ECON 337V Natural Resource Economics, ECON 432V Economics of Health Care, ECON 449 Open Economy Macroeconomics

Fall/Summer: ECON 457 Mathematical Economics Spring: ECON 384V Water Resource Economics

<sup>6</sup> International Business Double Majors: Students may not receive credit for both ECON 489 Senior Economics Seminar and I B 489 Senior Seminar in International Business For this reason, students majoring in both Economics and International Business must consult with the Department Head to arrange a suitable substitution.

# Gender and Sexuality Studies -Bachelor of Arts (Online)

The undergraduate major in Gender and Sexuality Studies specializes in the examination of gender; gender identity; queer and transgender studies; feminisms; and social justice from interdisciplinary perspectives. Students develop a strong understanding of how interconnected social formations such as race, class, age, nation, citizenship, ability, and other categories of difference are constructed and intersect with gender and sexuality. Our courses equip students with analytical skills and knowledge to engage power structures critically and transform lives and communities.

Gender and Sexuality Studies readies students for further study in the field at the graduate level as well as advanced study in a variety of disciplines. We offer a plan of study that integrates humanities and social sciences methods and objects of study, including areas of concentration such as human rights and transnational migration; socially engaged literature, film, and other creative media; and transnational and decolonial methodologies.

Gender and Sexuality Studies students prepare for careers in such fields as advocacy and social organizing, community development, creative writing, criminal justice, education, filmmaking and video production, health care, human resources, journalism, law, music production, social services, and visual arts. Many students declare a double major in Gender and Sexuality Studies with another discipline to enhance career opportunities and learning.

Courses are offered both online and on campus. In addition to the B.A., Gender and Sexuality Studies offers an undergraduate minor and graduate minor.

Degree requirements for the major include

- · 9 credit hours of required Gender & Sexuality Studies courses;
- · 18 credit hours of Gender & Sexuality Studies electives; and
- 9 credit hours from a number of cross-listed courses offered both by Gender & Sexuality Studies and by other programs/departments.
- The total credit hour requirement for the major is 36 credit hours with 21 hours at the upper division level. All requirements must be completed with a grade of C- or higher.

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

ECON 2110G Macroeconomic Principles (C- or better )		,	

Students may be required to take MATH 1215 Intermediate Algebra, depending on their math placement. MATH 1220G College Algebra or MATH 1430G Applications of Calculus I or MATH 1350G Introduction to Statistics fulfills the general education requirement in math.

See the General Education (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/) Section of the catalog for a full list of courses 3

See the Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/ general-education-viewing-wider-world/#viewingawiderworldtext) Section of the catalog for a full list of courses

No more than 9 credits may be taken in any one prefix

- · Accounting (ACCT)
- Business Administration (B A)
- Business Computer Information Systems (BCIS)
- Business Law (BLAW)
- Economics (ECON)

- Entrepreneurship (ENTR)
- Finance (FIN)
- International Business (I B)
- Management (MGT)
- Marketing (MKTG)

5 Elective credit may vary based on prerequisites, dual credit, AP credit, double majors, and/or minor coursework. The amount indicated in the requirements list is the amount needed to bring the total to 120 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-bycase basis and students should discuss elective requirements with their advisor.

Note: The general business option is offered through a 2+2 Online Distance Education Degree Completion Program as well. Program information is available on the College of Business website: http:// business.nmsu.edu/academics/undergraduate/online-programs (https:// business.nmsu.edu/academic-programs/undergraduate-programs/ online-undergraduate-program.html)

### A Suggested Plan of Study for Students

This roadmap assumes student placement in MATH 1220G College Algebra and ENGL 1110G Composition I. The contents and order of this roadmap may vary depending on initial student placement in mathematics and English. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change.

#### First Year

Semester 1		Credits
MATH 1220G	College Algebra (C- or better) <sup>1</sup>	3
BCIS 1110	Introduction to Information Systems (C- or better)	3
Choose from one of th	e following: <sup>1</sup>	4
ENGL 1110G	Composition I (C- or better) <sup>1</sup>

1 These courses have prerequisites and it is the student's responsibility to check and fulfill all course prerequisites listed for these courses.

- 2 See the General Education (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/) section of the catalog for a full list of courses.
- 3 See the Viewing a Wider World (http://catalogs.nmsu.edu/ nmsu/general-education-viewing-wider-world/ #viewingawiderworldtext) section of the catalog for a full list of courses. 4
- No more than 9 credits may be taken in any one prefix
  - Accounting (ACCT)
  - Business Administration (B A)
  - Business Computer Information Systems (BCIS)

- Business Law (BLAW)
- Economics (ECON)
- Entrepreneurship (ENTR)
- Finance (FIN)
- International Business (I B)
- Management (MGT)
- Marketing (MKTG)

### Hotel, Restaurant and Tourism **Management - Bachelor of Science** (Online)

### **Core Courses**

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

HRTM 2110	Safety, Sanitation and Health in the Hospitality Industry	1
HRTM 1130	Introduction to Hospitality Management	3

#### Total Credits

<sup>1</sup> MATH 1350G Introduction to Statistics is required for the degree but students may need to take any prerequisites needed to enter MATH 1350G first.

- <sup>2</sup> See the General Education (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/) section of the catalog for a full list of courses. Please consult your HRTM faculty mentor to select appropriate courses.
- <sup>3</sup> Viewing A Wider World Requirement Two courses in two different colleges, with at least one from outside ACES. See list of approved courses in the catalog. (300+ level courses with a "V" behind them.) See the Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/#viewingawiderworldtext) section of the catalog for a full list.
- <sup>4</sup> Complete during final semester.
- Departmental Electives (the following are typical offerings):
  - HRTM 412 Beverage Management
  - HRTM 413 Restaurant Operations Management
  - HRTM 414 Wine Appreciation
  - HRTM 416 Hotel, Restaurant and Tourism Industry Purchasing, Selection, and Procurement
  - · HRTM 420 Club Management and Marketing
  - · HRTM 431 Hotel Operations II
  - · HRTM 432 Hotel Revenue and Sales Management
  - HRTM 435 Resort Management
  - · HRTM 436 Sustainability in the Hospitality Industry
  - · HRTM 443 Meetings, Conventions and Special Events
  - HRTM 444 Entertainment Business and Venue Management

- HRTM 450 Special Topics
- HRTM 492 Special Problems
- <sup>6</sup> It is highly recommended that students take BFIN 341 Financial Analysis and Markets as an elective course. You will need assistance from HRTM to receive a prerequisite waiver to enroll in it.

<sup>7</sup> It is strongly suggested that students use their elective credits to earn a minor such as Marketing, Business Administration, Food Science and Technology, Human-Animal Interaction, or a Language. \*Elective credit may vary based on prerequisites, dual credit, AP credit, double majors, and/or minor coursework. The amount indicated in the requirements list is the amount needed to bring the total to 120 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-by-case basis and students should discuss elective requirements with their advisor.

### A Suggested Plan of Study for Students

This roadmap assumes student placement in ENGL 1110G Composition I. The contents and order of this roadmap may vary depending on initial student placement in mathematics and English. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change.

### Human Development and Family Science - Bachelor of Science (Online)

This major stresses the interrelationship of individuals across the life span and the impact of social and economic factors on the family system. Graduates are prepared for professional work with social and community agencies and other programs serving children and families. This degree program has been deemed a CFLE-approved academic program by the National Council on Family Relations. After successfully completing the required coursework, students are considered proficient in the ten Family Life Education Content Areas and may apply for provisional certification. Provisional CFLEs may achieve full certification as soon as they document sufficient work experience in family life education. You must work closely with an advisor. You must achieve a grade of C- or higher in your required core and minor courses, and must retake required courses with a grade lower than C-. You must have a GPA of 2.5 or higher before enrolling in FCST 424 Course FCST 424 Not Found; and FCSC 348 Teaching in Informal Family and Consumer Sciences Settings. Students are recommended to declare a minor related to the FCST field such as CAST, CEPY, ECED, PHLS, PSYC, SOCI, SOWK and GNDR in order to solidify the minor/elective requirements below and the suggested roadmap.

### **General Education Requirements**

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

- <sup>5</sup> A 2.5 GPA is required to enroll in either course and students must complete the course, that is selected, with a C- or better.
- <sup>6</sup> See the Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/ general-education-viewing-wider-world/#viewingawiderworldtext) section of the catalog for a full list of courses

### Individualized Studies - Bachelor of Individualized Studies (Online)

The Bachelor of Individualized Studies (BIS) prepares students for 21<sup>st</sup> century challenges. This degree serves students desiring an academic degree not already offered at NMSU. Students served by the BIS are those with extensive, comprehensive or eclectic academic and career interests. Self-motivated and self-directed students work closely with an advisor to select classes each semester with the intent of graduating in a timely manner, ideally with at least one minor. Recommended and chosen courses should be organized to meet the unique educational needs of the student, be it professional advancement within an existing career, academic preparation for graduate or professional programs, a strategy for career change, or a plan for efficiently utilizing prior university credits to complete a Bachelor Degree.

A well-designed individualized curriculum emphasizes the value of approaching complex issues from multiple perspectives, equipping students with the requisite critical and analytical skills to become effective problem solvers in their chosen fields of study or career. Each student should select courses designed to integrate academic and career goals into a cohesive degree program.

Extensive flexibility in program design implies increased individual responsibility for the BIS student. BIS students must be active participants in their academic experience, simultaneously pursuing a skill-set demonstrating:

- · Coherent expression of ideas in writing;
- Capacity to conduct systematic and objective inquiry within their program of study;
- Ability to tolerate ambiguity within the design and implementation of a program of study;
- · Proactive communication with the academic advisor;
- Commitment to effective follow-through on tasks related to program of study design and implementation.

### To Declare a BIS

Students entering the BIS degree program work in consultation with a BIS advisor and complete a series of courses building on the applicant's existing coursework and complementing the applicant's education or career goals.

**Deadline for Declaring BIS Major**: Students must declare the BIS degree by the last date to drop with a "W" in a student's final semester of study (see NMSU Academic Calendar for date).

### **Degree Requirements**

To graduate with the Bachelor of Individualized Studies degree, you must complete a minimum 120 credit hours (or more, as determined in consultation with your academic advisor). (*Note: The NMSU College of Business allows a maximum of 30 business credit hours to count towards the BAS degree. Also, the only College of Business minor allowed is the Business Administration Minor.*)

BIS students must also

- Complete a minimum of 48 credit hours of upper-division courses (300-499 level), including six credits of Viewing a Wider World (VWW) (http://catalogs.nmsu.edu/nmsu/general-education-viewing-widerworld/#viewingawiderworldtext) from courses in two separate colleges at NMSU. You may substitute three credits of VWW with credits taken in study abroad. A minimum of 36 of the 48 required upper-division credits must have a grade of C- or better.
- Complete the University's General Education Core Requirements (minimum of 32 credit hours of approved New Mexico General Education courses (http://catalogs.nmsu.edu/nmsu/general-education-viewingwider-world/)).
- Not have completed the requirements, or be a candidate, for another baccalaureate degree.

In addition, it is strongly recommended that students take one or more of the Interdisciplinary Studies courses designed specifically for the Bachelor of Applied Studies and the Bachelor of Individualized Studies degrees: INTR 300 Foundations of Interdisciplinary Studies and/ or INTR 301 Interdisciplinary Research: Theory & Practice. These courses prepare BAS and BIS students to better plan and conceptualize their degree as they prepare to move into their professional careers or graduate school.

#### Second Language Requirement

For the Bachelor of Individualized Studies there is no second language requirement for the degree.

### Information and Communication Technology - Bachelor of Information and Communication Technology (Online)

#### (120 credits)

The Bachelor of Information and Communication Technology (ICT) (https://et.nmsu.edu/academics%20/information-communicationtechnology.html) degree focuses on designing, implementing, and managing various information systems. The curriculum includes the fundamentals of operating systems, system integration, computer networking, software development, security, cloud technologies, and project management practices. Advanced Information Technology topics are also included and differently emphasized according to the selected degree concentration:

 No Concentration (http://catalogs.nmsu.edu/nmsu/engineering/ engineering-technology-surveying/information-and-communicationtechnology-bachelor-information-communication-technology-online/) (this option) - provides the ability to choose from various advanced courses on Cyber Defense, Network Technologies, and Software Development topics.

- Cyber Defense Concentration (http://catalogs.nmsu.edu/nmsu/ engineering/engineering-technology-surveying/information-andcommunication-technology-cyber-defense-bict-online/) - focused on cyber security and defense, including ethical hacking and digital forensics;
- Network Technologies Concentration (http://catalogs.nmsu.edu/ nmsu/engineering/engineering-technology-surveying/informationand-communication-technology-network-technologies-bict-online/) focused on computer network design, configuration, and security;
- Software Development Concentration (http://catalogs.nmsu.edu/ nmsu/engineering/engineering-technology-surveying/informationand-communication-technology-software-development-bict-online/) focused on the design, application, deployment, and maintenance of software;

The ICT program is a distance education program and does not require on-campus visits. Students who are successful in distance education programs typically are self-motivated, do not rely heavily on face-to-face instruction, work independently, and can remain on schedule. Students must have familiarity with and access to:

- · a high-speed Internet connection,
- · a sound card, 12G of RAM minimum,
- · a microphone/Webcam,
- · Microsoft Operating System 8.1 or newer and Office ®.

The ICT program is accredited under NMSU's umbrella accreditation by the Higher Learning Commission (https://accreditation.nmsu.edu/) of the North Central Association of Colleges and Schools. Students must complete all university degree requirements, including General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Requirements may be met with transfer credits from any previous program or institution.

### Pathway: 4-year Bachelor's Degree

This pathway is designed with the traditional student in mind. Students have the flexibility to pursue the degree as a main campus student, or they may choose to complete the degree online.

### Information and Communication Technology (Cyber Defense) - Bachelor of Information Communication Technology (Online) (120 credits)

The Bachelor of Information and Communication Technology (ICT) (https://et.nmsu.edu/academics%20/information-communicationtechnology.html) degree focuses on designing, implementing, and managing various information systems. The curriculum includes the fundamentals of operating systems, system integration, computer networking, software development, security, cloud technologies, and project management practices. Advanced Information Technology topics are also included and differently emphasized according to the selected degree concentration:

- No Concentration (http://catalogs.nmsu.edu/nmsu/engineering/ engineering-technology-surveying/information-and-communicationtechnology-bachelor-information-communication-technologyonline/) - provides the ability to choose from various advanced courses on Cyber Defense, Network Technologies, and Software Development topics.
- Cyber Defense Concentration (http://catalogs.nmsu.edu/nmsu/ engineering/engineering-technology-surveying/information-andcommunication-technology-cyber-defense-bict-online/) (this option) focused on cyber security and defense, including ethical hacking and digital forensics;
- Network Technologies Concentration (http://catalogs.nmsu.edu/ nmsu/engineering/engineering-technology-surveying/informationand-communication-technology-network-technologies-bict-online/) focused on computer network design, configuration, and security;
- Software Development Concentration (http://catalogs.nmsu.edu/ nmsu/engineering/engineering-technology-surveying/informationand-communication-technology-software-development-bict-online/) focused on the design, application, deployment, and maintenance of software;

The ICT program is a distance education program and does not require on-campus visits. Students who are successful in distance education programs typically are self-motivated, do not rely heavily on face-to-face instruction, work independently, and can remain on schedule. Students must have familiarity with and access to:

- · a high-speed Internet connection,
- · a sound card, 12G of RAM minimum,
- · a microphone/Webcam,
- · Microsoft Operating System 8.1 or newer and Office ®.

The ICT program is accredited under NMSU's umbrella accreditation by the Higher Learning Commission (https://accreditation.nmsu.edu/) of the North Central Association of Colleges and Schools. Students must complete all university degree requirements, including General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Requirements may be met with transfer credits from any previous program or institution.

### Pathway: 4-year Bachelor's Degree

This pathway is designed with the traditional student in mind. Students have the flexibility to pursue the degree as a main campus student, or they may choose to complete the degree online.

See the General Education (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/#viewingawiderworldtext) section of the catalog for a complete list of courses. The number of credits provided assumes MATH 1220G College Algebra placement or higher.

- <sup>2</sup> The ICT 350V Introduction to Personal Computer Security and Privacy course is part of the required curriculum for the ICT degree. It does not count towards the Viewing a Wider World (http:// catalogs.nmsu.edu/nmsu/general-education-viewing-wider-world/ #viewingawiderworldtext) Requirements (6 credits). Visit the c (http:// catalogs.nmsu.edu/nmsu/general-education-viewing-wider-world/ #viewingawiderworldtext)atalog's Viewing a Wider World (http:// catalogs.nmsu.edu/nmsu/general-education-viewing-wider-world/ #viewingawiderworldtext) section for a complete list of Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/general-educationviewing-wider-world/#viewingawiderworldtext) Requirements. These courses will form part of the required 48 upper-level credit hours taken as part of the ICT program at NMSU.
- <sup>3</sup> The provided selection of Technical Electives will lead to an ICT concentration on Cyber Defense, one of the three concentration options. See the NMSU Catalog for information on other concentration options. Concentrations are *optional* educational sequences that students may choose to focus on in IT-related areas. A Technical Electives pre-approved list for each concentration is provided in this catalog.
- <sup>4</sup> Elective credit may vary based on prerequisites, dual credit, AP credit, double majors, or minor coursework. The amount indicated in the requirements list is needed to bring the total to 120 credits and may appear in variable form based on the degree. However, students may need to complete more or less on a case-by-case basis, and students should discuss elective requirements with their academic advisor.

### Information and Communication Technology (Network Technologies) - Bachelor of Information and Communication Technology (Online) (120 credits)

The Bachelor of Information and Communication Technology (ICT) (https://et.nmsu.edu/academics%20/information-communication-technology.html) degree focuses on designing, implementing, and managing various information systems. The curriculum includes the fundamentals of operating systems, system integration, computer networking, software development, security, cloud technologies, and project management practices. Advanced Information Technology topics are also included and differently emphasized according to the selected degree concentration:

- No Concentration (http://catalogs.nmsu.edu/nmsu/engineering/ engineering-technology-surveying/information-and-communicationtechnology-bachelor-information-communication-technologyonline/) - provides the ability to choose from various advanced courses on Cyber Defense, Network Technologies, and Software Development topics.
- Cyber Defense Concentration (http://catalogs.nmsu.edu/nmsu/ engineering/engineering-technology-surveying/information-andcommunication-technology-cyber-defense-bict-online/) - focused on cyber security and defense, including ethical hacking and digital forensics;
- Network Technologies Concentration (http://catalogs.nmsu.edu/ nmsu/engineering/engineering-technology-surveying/informationand-communication-technology-network-technologies-bictonline/) (this option) - focused on computer network design, configuration, and security;
- Software Development Concentration (http://catalogs.nmsu.edu/ nmsu/engineering/engineering-technology-surveying/informationand-communication-technology-software-development-bict-online/) focused on the design, application, deployment, and maintenance of software;

The ICT program is a distance education program and does not require on-campus visits. Students who are successful in distance education programs typically are self-motivated, do not rely heavily on face-to-face instruction, work independently, and can remain on schedule. Students must have familiarity with and access to:

- a high-speed Internet connection,
- a sound card, 12G of RAM minimum,
- · a microphone/Webcam,
- · Microsoft Operating System 8.1 or newer and Office ®.

The ICT program is accredited under NMSU's umbrella accreditation by the Higher Learning Commission (https://accreditation.nmsu.edu/) of

the North Central Association of Colleges and Schools. Students must complete all university degree requirements, including General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Requirements may be met with transfer credits from any previous program or institution.

### Pathway: 4-year Bachelor's Degree

This pathway is designed with the traditional student in mind. Students have the flexibility to pursue the degree as a main campus student, or they may choose to complete the degree online.

#### A Suggested Plan of Study for Students

This roadmap assumes student placement in MATH 1220G College Algebra. The contents and order of this roadmap may vary depending on initial student placement in mathematics and previous English coursework that was transferred in. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change.

- <sup>4</sup> Elective credit may vary based on prerequisites, dual credit, AP credit, double majors, or minor coursework. The amount indicated in the requirements list is needed to bring the total to 120 credits and may appear in variable form based on the degree. However, students may need to complete more or less on a case-by-case basis, and students should discuss elective requirements with their academic advisor.

### Information and Communication Technology (Software Development) - Bachelor of Information and Communication Technology (Online) (120 credits)

The Bachelor of Information and Communication Technology (ICT) (https://et.nmsu.edu/academics%20/information-communicationtechnology.html) degree focuses on designing, implementing, and managing various information systems. The curriculum includes the fundamentals of operating systems, system integration, computer networking, software development, security, cloud technologies, and project management practices. Advanced Information Technology topics are also included and differently emphasized according to the selected degree concentration:

- No Concentration (http://catalogs.nmsu.edu/nmsu/engineering/ engineering-technology-surveying/information-and-communicationtechnology-bachelor-information-communication-technologyonline/) - provides the ability to choose from various advanced courses on Cyber Defense, Network Technologies, and Software Development topics.
- Cyber Defense Concentration (http://catalogs.nmsu.edu/nmsu/ engineering/engineering-technology-surveying/information-andcommunication-technology-cyber-defense-bict-online/) - focused on cyber security and defense, including ethical hacking and digital forensics;
- Network Technologies Concentration (http://catalogs.nmsu.edu/ nmsu/engineering/engineering-technology-surveying/informationand-communication-technology-network-technologies-bict-online/) focused on computer network design, configuration, and security;
- Software Development Concentration (http://catalogs.nmsu.edu/ nmsu/engineering/engineering-technology-surveying/informationand-communication-technology-software-development-bictonline/) (this option) - focused on the design, application, deployment, and maintenance of software;

The ICT program is a distance education program and does not require on-campus visits. Students who are successful in distance education programs typically are self-motivated, do not rely heavily on face-to-face instruction, work independently, and can remain on schedule. Students must have familiarity with and access to:

- · a high-speed Internet connection,
- · a sound card, 12G of RAM minimum,
- · a microphone/Webcam,
- · Microsoft Operating System 8.1 or newer and Office ®.

The ICT program is accredited under NMSU's umbrella accreditation by the Higher Learning Commission (https://accreditation.nmsu.edu/) of the North Central Association of Colleges and Schools. Students must complete all university degree requirements, including General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Requirements may be met with transfer credits from any previous program or institution.

### Pathway: 4-year Bachelor's Degree

This pathway is designed with the traditional student in mind. Students have the flexibility to pursue the degree as a main campus student, or they may choose to complete the degree online.

### Pathway: 4-year Bachelor's Degree A Suggested Plan of Study for Students

This roadmap assumes student placement in MATH 1220G College Algebra. The contents and order of this roadmap may vary depending on initial student placement in mathematics and previous English coursework that was transferred in. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change.

### Information Systems - Bachelor of Business Administration (Online)

Every candidate for this major must fulfill the following requirements in addition to the general education common core, College of Business foundation and business core (http://catalogs.nmsu.edu/nmsu/ business/), Viewing a Wider World requirements and general electives. Please note that some of the courses listed may have a prerequisite which would require a student to take an additional course. Substitutions for some of these courses may be considered if a student makes this request to the department.

#### **Course Requirements**

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

<sup>1</sup> Students may be required to take MATH 1215 Intermediate Algebra, depending on their math placement. MATH 1220G College Algebra or MATH 1430G Applications of Calculus I or MATH 1350G Introduction to Statistics fulfills the general education requirement in math.

<sup>2</sup> See the General Education (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/) section of the catalog for a full list of courses.

<sup>3</sup> See the Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/ general-education-viewing-wider-world/#viewingawiderworldtext) section of the catalog for a full list of courses and how to fulfill this requirement.

<sup>4</sup> All Foundation Requirement Courses must be taken, or satisfied with transfer credits, regardless of which Mathematics or Statistics course satisfies the Area II General Education course: MATH 1220G, MATH 1430G and MATH 1350G orA ST 311 must be completed.

<sup>5</sup> Elective credit may vary based on prerequisites, dual credit, AP credit, double majors, and/or minor coursework. The amount indicated in the requirements list is the amount needed to bring the total to 120 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-by-

case basis and students should discuss elective requirements with their advisor.

### A Suggested Plan of Study for Students

This roadmap assumes student placement in MATH 1220G College Algebra and ENGL 1110G Composition I. The contents and order of this roadmap may vary depending on initial student placement in mathematics and English. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change.

### Journalism and Media Studies -Bachelor of Arts (Online)

This program is specifically developed to accommodate the schedules of professionals or students who cannot take classes at campus but want to finish degree in Journalism and Media Studies. The fully online format is flexible and can be accessed from anywhere/anytime to make it possible for students to continue working and earning their degree.

Below are the requirements for completing the Bachelor of Arts with a major in Journalism and Media Studies under NMSU Online, with a focus on either strategic communications or multimedia journalism. For information on how to complete the program, please see the roadmaps tab. (http://catalogs.nmsu.edu/nmsu/arts-sciences/journalism-mediastudies/journalism-media-studies-bachelor-of-arts/#roadmaptext)

Students are required to complete

- 15 hours of core courses, JOUR 105G Media and Society, JOUR 110 Media Writing I, JOUR 201 Introduction to Multimedia Journalism, JOUR 210 Copyediting and JOUR 493 Media Law
- then complete a minimum 30 hours of courses in the department, bringing the allowable minimum of 42 hours.

Students must complete at least 69 hours of courses outside the department.

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

- <sup>2</sup> See the Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/ general-education-viewing-wider-world/#viewingawiderworldtext) section of the catalog for a full list of courses
- <sup>3</sup> Students must complete 30 credits of non-core courses, including at least one course from each category listed above, introductory professional course, intermedia professional course, capstone course, and media course. Number of credits listed next to each category is

recommended, not required. Entry into courses is subject to successful completion of appropriate prerequisites.

- <sup>4</sup> All introductory classes, except JOUR 310 Media Writing II and JOUR 374 Introduction to Public Relations, do not require any prerequisite class to get into these classes. Students must successfully finish JOUR 210 Copyediting to get into JOUR 310 Media Writing II and JOUR 110 Media Writing I to get into JOUR 374 Introduction to Public Relations
- <sup>5</sup> Students should take at least one class from media courses.
- <sup>6</sup> Elective credit may vary based on prerequisites, dual credit, AP credit, double majors, and/or minor coursework. The amount indicated in the requirements list is the amount needed to bring the total to 120 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-by-case basis and students should discuss elective requirements with their advisor.

#### Second Language Requirement

or SPAN 1120

Spanish II

For the Bachelor of Arts in Journalism and Media Studies there is a one year second language requirement, the options to complete this requirement are listed below. The number of credits that a student needs to take may vary depending on what level they come in with. Please speak with an advisor for more information as to which courses you will need to take to fulfill the second language requirement for this degree.

Option 1:		
Prefix	Title	Credits
Complete one of the f	following sequences:	
CHIN 1110 & CHIN 1120	Mandarin Chinese I and Mandarin Chinese II	4-8
FREN 1110 & FREN 1120	French I and French II	4-8
GRMN 1110 & GRMN 1120	German I and German II	4-8
JAPN 1110 & JAPN 1120	Japanese I and Japanese II	4-8
SPAN 1110 & SPAN 1120	Spanish I and Spanish II	4-8
PORT 1110 & PORT 1120	Portuguese I and Portuguese II	3-6
For Heritage Speakers.		
SPAN 1210 & SPAN 1220	Elementary Spanish for Heritage Learners I and Spanish for Heritage Learners II	3-6
or SPAN 2210	Spanish for Heritage Learners III	
Option 2:		
Prefix	Title	Credits
Complete the followin C- or better):	ng sequence for American Sign Language (with a	
SIGN 1110	American Sign Language I	3
SIGN 1120	American Sign Language II	3
Option 3:		0 ľ.
Prefix	Title	Credits
-	evel for the following courses:	
CHIN 1120	Mandarin Chinese II	4
or FREN 1120	French II	
or GRMN 1120	German II	
or JAPN 1120	Japanese II	

OR

Challenge the 1120/1220/2210 level for the following courses:			
PORT 1120	Portuguese II		
or SPAN 1220	Spanish for Heritage Learners II		
or SPAN 2210	Spanish for Heritage Learners III		

3

#### **Option 4:**

Pass a three-credit, upper-division course (numbered 300 or above) taught in a second language by the department of Languages and Linguistics.

#### Option 5:

Obtain college certification of completion of three years of a second language at the high school level with a grade of C- or higher in the second-year level.

#### Option 6:

By obtaining certification of a working knowledge of a Native American language from the American Indian program director.

#### Option 7:

By obtaining, from the head of the Department of Languages and Linguistics, certification of a working knowledge of a second language if such language is not taught at NMSU.

#### **Option 8:**

In the case of a foreign student who is required to take the TOEFL exam admission, the dean will automatically waive the second language requirement.

### A Suggested Plan of Study for Students

This roadmap assumes student placement in MATH 1130G Survey of Mathematics MATH 1130G Survey of Mathematics MATH 1130G Survey of Mathematics and ENGL 1110G Composition I. The contents and order of this roadmap may vary depending on initial student placement in mathematics and English. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change.

Below are the roadmaps for the Bachelor of Arts with a Major in Journalism and Media Studies, the department has four focus areas that students can follow to complete their degree in an area of study that benefits them: a general journalism and media studies, advertising, broadcasting and multimedia/photojournalism focuses. *These are not considered official concentrations and will not appear on a student's transcript or within their student record.* 

#### **General Focus**

### Marketing - Bachelor of Business Administration (Online) Marketing Major

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

Note: The marketing major is <u>also</u> offered through an Online Distance Education Degree Completion Program. Program information is available on the College of Business website: http://business.nmsu.edu/academics/ undergraduate/online-programs/ (https://business.nmsu.edu/academicprograms/undergraduate-programs/online-undergraduate-program.html)

<sup>1</sup> These courses have prerequisites and it is the students responsibility for checking and fulfilling all course prerequisites listed for these courses.

- <sup>2</sup> See the General Education (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/) section of the catalog for a full list of courses.
- <sup>3</sup> See the Viewing a Wider World (http://catalogs.nmsu.edu/ nmsu/general-education-viewing-wider-world/ #viewingawiderworldtext) section of the catalog for a full list of courses.
   <sup>4</sup> Most but net all upper division MI/TC equipage are offered online.
- <sup>4</sup> Most, but not all, upper-division MKTG courses are offered online. However, most MKTG courses that are offered online are only offered once per year. Most online courses that are available for *on-campus majors* to take (i.e., not through the *NMSU-O campus*) have substantially limited enrollment – please plan accordingly.

<sup>5</sup> While this course can *currently* be substituted for by other upperdivision MKTG courses, it is likely to be required in future catalogs and taking it is strongly encouraged.

## Psychology - Bachelor of Arts (Online)

## **General Requirements**

Students must complete all University degree requirements, which include: General Education requirements (http://catalogs.nmsu.edu/nmsu/general-education-viewing-wider-world/),Viewing a Wider World requirements (http://catalogs.nmsu.edu/nmsu/general-education-viewing-wider-world/#viewingawiderworldtext), and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

Students must receive a C- or better in courses.

Second Language: (required- see below)	
Electives, to bring the total credits to 120 <sup>9</sup>	31-35
Total Credits	120

- <sup>1</sup> Either MATH 1350G Introduction to Statistics, MATH 2350G Statistical Methods is required for the degree but students may need to take any prerequisites needed to enter MATH 1350G or MATH 2350G first.
- <sup>2</sup> See the General Education (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/) of the catalog for a full list of courses
- <sup>3</sup> See the Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/ general-education-viewing-wider-world/#viewingawiderworldtext) section of the catalog for a full list of courses
- <sup>4</sup> PSYC 310 Experimental Methods: prerequisite of PSYC 1110G Introduction to Psychology and and either MATH 1350G,MATH 2350G, or A ST 311.
- <sup>5</sup> Additional electives to bring total credits in psychology to at least 34, with at least 24 of those 34 credits being upper division.
- <sup>6</sup> PHIL 346 Philosophy of Mind or PHIL 351 Philosophy of Science recommended
- <sup>7</sup> Students who are considering graduate study are strongly encouraged to take math classes beyond the minimum statistics course requirement.
- <sup>8</sup> A course that includes a laboratory is highly recommended, and is required if intended to satisfy Gen Ed Area III
- <sup>9</sup> Elective credit may vary based on General Education course selection, second language requirements, prerequisites, dual credit, AP credit, double majors, and/or minor coursework. The amount indicated in the requirements list is the amount needed to bring the total to 120 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-by-case basis and students should discuss elective requirements with their advisor.

### **Second Language Requirement**

For the Bachelor of Arts in Psychology there is a two year second language requirement, the options to complete this requirement are listed below. The number of credits that a student needs to take may vary depending on what level they come in with. Please speak with an advisor for more information as to which courses you will need to take to fulfill the second language requirement for this degree.

#### Option 1:

Prefix	Title	Credits
Complete one of the f	ollowing sequences:	
CHIN 1110 & CHIN 1120 & CHIN 2110 & CHIN 2120	Mandarin Chinese I and Mandarin Chinese II and Mandarin Chinese III and Mandarin Chinese IV	3-14
FREN 1110 & FREN 1120 & FREN 2110 & FREN 2120	French I and French II and French III and French IV	3-14

Option 5: Math Track			
Prefix	Title	Credits	
MATH 1220G	College Algebra	3	
MATH 1250G	Trigonometry & Pre-Calculus	4	
MATH 1511G	Calculus and Analytic Geometry I	4	
MATH 1521G	Calculus and Analytic Geometry II	4	
Total Credits		15	

#### Option 6:

Pass a three-credit, upper-division course (numbered 300 or above) taught in a second language by the department of Languages and Linguistics.

#### Option 7:

Obtain college certification of completion of three years of a second language at the high school level with a grade of C- or higher in the second-year level.

#### **Option 8:**

By obtaining certification of a working knowledge of a Native American language from the American Indian program director.

#### **Option 9:**

By obtaining, from the head of the Department of Languages and Linguistics, certification of a working knowledge of a second language if such language is not taught at NMSU.

#### Option 10:

In the case of a foreign student who is required to take the TOEFL exam admission, the dean will automatically waive the second language requirement.

### A Suggested Plan of Study for Students

This roadmap assumes student placement in MATH 1350G Introduction to Statistics and ENGL 1110G Composition I. The contents and order of this roadmap may vary depending on initial student placement in mathematics and English. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change.

## Public Health - Bachelor of Public Health (Online)

### **Departmental Requirements**

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 300 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework. You are required to complete the following Public Health Sciences core courses.

Prefix	Title	Credits
General Education

<sup>1</sup> See the General Education (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/) section of the catalog for a full list of courses

<sup>2</sup> MATH 1350G Introduction to Statistics or MATH 2350G Statistical Methods is required for the degree but students may need to take any prerequisites needed to enter MATH 1350G or MATH 2350G first.

<sup>3</sup> See the Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/ general-education-viewing-wider-world/#viewingawiderworldtext) section of the catalog for a full list of courses

<sup>4</sup> Students are encouraged to select additional PHLS courses to satisfy the elective requirement. Students with an associate degree in an allied health field may transfer up to 24 credit hours of electives.

<sup>5</sup> Elective credit may vary based on prerequisites, dual credit, AP credit, double majors, and/or minor coursework. The amount indicated in the requirements list is the amount needed to bring the total to 120 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-by-case basis and students should discuss elective requirements with their advisor.

### **Additional Requirements**

All students are required to complete an exit survey please see the department for more information.

### A Suggested Plan of Study for Students

This roadmap assumes student placement in MATH 1215 Intermediate Algebra and ENGL 1110G Composition I. The contents and order of this roadmap may vary depending on initial student placement in mathematics and English. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change.

### Social Work - Bachelor of Social Work (Online)

The BSW program prepares you for a beginning professional level of generalist social work practice with an understanding and appreciation of the cultural diversity of the Southwest.

To be admitted as a BSW candidate, you must formally apply for admission to the program. A 2.5 grade-point average is required for the application. Consult the pre-social work major advisor, located in the Center for Academic Advising and Student Support. The deadline for submitting applications is the last Friday in January. The program is fully accredited by the Council on Social Work Education (CSWE).

### **General Education Requirements**

Students need to complete the New Mexico State University general education requirements before applying to the Bachelor of Social Work program. The School of Social Work requirements include SOWK 2110G Introduction to Human Services & Social Work .

Once accepted into the program, students also need to meet a Cultural Emphasis requirement (6 credits). If the Cultural Emphasis classes are also Viewing a Wider World classes, you still need to complete the total number of specified upper-division credits necessary for graduation. Highly recommended electives for social work students include courses in sociology, history, Spanish, psychology, family life, child development, English, philosophy, anthropology, computer science, criminal justice, government and economics. Electives must be sufficient to bring total credits to 120, including 48 upper-division credits, for graduation.

### **Departmental Requirements**

Preparation for entry-level professional social work requires a thorough knowledge of theory and skills; therefore, the high number (57) of core social work credits is required. A grade of C- or better is required for all social work courses.

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements (6 credits), and elective credits to total a minimum of 120 credits with 48 credits in courses numbered 300 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

BIOL 1120G Human Biology/ BIOL 1120L Human Biology Laboratory or BIOL 1130G Introductory Anatomy & Physiology (non-majors) must be completed before starting the S WK program and require a grade of Cor better.

**Total Credits** 

2 See the General Education (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/) section of the catalog for a full list of courses

- 3 Elective credit may vary based on prerequisites, dual credit, AP credit, double majors, and/or minor coursework. The amount indicated in the requirements list is the amount needed to bring the total to 120 credits and may appear in variable form based on the degree. However students may end up needing to complete more or less on a case-bycase basis and students should discuss elective requirements with their advisor.
- Either A ST 251G Statistics for Business and the Behavioral Sciences/STAT 251G Statistics for Business and the Behavioral Sciences, STAT 271G Statistics for Psychological Sciences or A ST 311 Statistical Applications is required for the degree but students may need to take any prerequisites needed to enter the course first. \*students who choose to take A ST 311, will need to take an additional Mathematics General Education course in order to meet the requirement.
- 5 CEPY 1120G Human Growth and Behavior and SOWK 2110G Introduction to Human Services & Social Work: must be completed before starting the S WK program and require a grade of C- or better.
- See the Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/ general-education-viewing-wider-world/#viewingawiderworldtext) section of the catalog for a full list of courses

NOTE: Students need to submit a formal application packet to the School of Social Work in January and be accepted into the program before they may take junior or senior year courses.

A grade of C- or better is required for all social work courses.

### Sociology - Bachelor of Arts (Online) **Departmental Requirements**

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 120 credits with 48 credits in courses numbered 3000 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

1 MATH 1130G Survey of Mathematics is required for the degree but students may need to take any prerequisites needed to enter MATH 1130G first.

2 See the General Education (http://catalogs.nmsu.edu/nmsu/generaleducation-viewing-wider-world/) of the catalog to view the full list of courses that can be selected to complete this requirement. Area II and Area III courses can be taken at a NMSU Community College Campus (Alamogordo - AL; Dona Ana - DA; Grant - GR)

3 See the Viewing a Wider World (http://catalogs.nmsu.edu/nmsu/ general-education-viewing-wider-world/#viewingawiderworldtext)

Section of the catalog to view the full list of courses that can be selected to complete this requirement.

4 The six credits of SOCI 4000 electives does not include SOCI 4999 Sociology Senior Seminar. SOCI 4992 Directed Readings can be applied to this requirement. A maximum of six credits of SOCI 4992 Directed Readings is allowed. In addition, for those in the Master's Accelerated Program, SOC 500 electives can be used to meet the six credit requirement.

In addition, substitution/waivers for courses may be available upon consultation with the Department Head in the Department of Sociology. In all cases, the total number of sociology credits (courses with SOC prefix) must be a minimum of 33.

### Second Language

For the Bachelor of Arts in Sociology there is no second language requirement for the degree.

### A Suggested Plan of Study for Students

This roadmap assumes student placement in MATH 1130G Survey of Mathematics and ENGL 1110G Composition I. The contents and order of this roadmap may vary depending on initial student placement in mathematics and english. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change.

or HIST 1120G	United States History II	
HIST 1110G	United States History I	3
	Requirements (in addition to Gen.Ed/VWW)	
MATH or A ST electi	ve numbered 300+ <sup>7</sup>	3
MATH elective numb	pered 300+	3
MATH elective numb		3
or A ST 311	Statistical Applications	
STAT 371	Statistics for Engineers and Scientists I	3

<sup>1</sup> Prerequisite for admission to Teacher Preparation Program (TEP)

<sup>2</sup> MATH 1511G Calculus and Analytic Geometry I is required for the degree but students may need to take any prerequisites needed to enter MATH 1511G Calculus and Analytic Geometry I first.

<sup>3</sup> The 9 credits of Upper-Division MATH courses that are apart of the Concentration/Teaching Field coursework will meet the 2nd VWW requirement.

<sup>4</sup> Course requires field experience

<sup>5</sup> Course requires admission to Teacher Education Program (TEP)

<sup>6</sup> SPED 4811 requires minimum of 90 practicum hours; EDUC 4996 requires a minimum of 100 practicum hours

<sup>7</sup> If students take a MATH 300+ course instead of a A ST this course will also count as the second VWW requirement. If they take the A ST course they will need to take either an additional MATH course or an additional VWW course.

#### **Teaching Field: Science**

Students must complete all University degree requirements, which include: General Education requirements, Viewing a Wider World requirements, and elective credits to total at least 130 credits with 48 credits in courses numbered 3000 or above. Developmental coursework will not count towards the degree requirements and/or elective credits, but may be needed in order to take the necessary English and Mathematics coursework.

#### A Suggested Plan of Study for Students

This roadmap assumes student placement in ENGL 1110G Composition I and the MATH course listed in Semester 1 of the First Year of each Teaching Field roadmap. The contents and order of this roadmap may vary depending on initial student placement in mathematics and English. It is only a suggested plan of study for students and is not intended as a contract. Course availability may vary from fall to spring semester and may be subject to modification or change.

Additional Requireme	nts	
	500 level or above) from any departments and	15
two courses (500 leve	l or above) from any college: <sup>2</sup>	
Total Credits		30

- <sup>1</sup> Students can take the courses from any departments (including MAE Department) in the College of Engineering.
- <sup>2</sup> Students can take the courses across campus (including the College of Engineering).

### **Academic Advisor and Final Exit Survey**

Newly admitted Aerospace Engineering Masters of Engineering (online) students will be assigned the Graduate Program Coordinator as an academic advisor.

All students must take Professional Master's Degree Exit Survey to graduate, which will be conducted by the Graduate Program Coordinator and will be taken after completing all coursework.

# Agriculture (Agribusiness) - Master of Agriculture (Online)

The Master's of Agriculture with Concentration in Agribusiness degree provides students with the skills and knowledge necessary to successfully manage modern businesses operating in the food and fiber supply chain. The program curriculum has been developed with an emphasis on providing economic and business analytical knowledge and skills for students and industry professionals with a broad range of disciplinary backgrounds.

Candidates for the Master of Agriculture (MAG) with a concentration in Agribusiness must successfully complete a minimum of 33 graduate credits.

All students in the MAG program must successfully complete the following:

Prefix	Title	Credits
<b>Required Courses</b>		
AEEC 503	Introduction to Quantitative Methods	3
AEEC 506	Economic and Financial Analysis of Agribusiness	3
AEEC/BFIN 511	Advanced Derivative Markets	3
AEEC 545	Advanced Agricultural Policy	3
AEEC 550	Advanced Microcomputer Applications in Agriculture	3
AEEC 551	Advanced Agribusiness Marketing	3
AEEC 556	Advanced Agribusiness Management	3
AEEC 590	Special Topics (Global Food Supply Chain Management)	3
Technical Courses (6	) <sup>1</sup>	6
Technical Course	1	
Technical Course	2	
Creative Component	or Thesis (3-6 hrs) <sup>2</sup>	3-6
AEEC 598	Creative Component Project	
AEEC 599	Master's Thesis	
Total Credits		33-36

Students in consultation with their Graduate Committee Chair and with the approval of the Department Graduate Committee Chair, select two technical agriculture courses. These courses may come from another discipline or college or maybe taught within the Department of Agricultural Economics and Agricultural Business. <sup>2</sup> In lieu of AEEC 598 Creative Component Project or AEEC 599 Master's Thesis, students can take 2 additional courses approved by their committee chair and the Department's Graduate Committee chairperson.

A thesis (AEEC 599 Master's Thesis, 4-6 credits) is not required but can replace the creative component. The course AEEC 596 Individual Study can be included as one of the 3-4 elective choices for 3 credits with any additional credits in AEEC 596 having approval of the student's graduate chair. An oral defense must be scheduled and completed as prescribed by the Graduate School. The defense must be preceded by a seminar to present major findings of the creative component or thesis research to faculty, fellow students, and the interested public.

### Agricultural and Extension Education - Master of Arts (Online)

To be admitted to the graduate program in Agricultural and Extension Education, the student must have a baccalaureate degree from an accredited college or university with an academic record that clearly demonstrates an ability to pursue graduate studies in this field. As a general rule, applicants will not be admitted to the program unless they have a 3.0 (out of a possible 4.0) cumulative point-hour ratio for all previous academic work, though the records of potential students will not be examined strictly from an academic perspective. Students with a GPA of 2.5-2.99 may be considered for admission on a provisional status.

The AXED Graduate Studies Committee reviews each application and decides whom to admit into the master's program. Master's degree students are admitted each semester.

The committee will consider only those applicants from whom all of the admission materials have been received. It is the applicant's responsibility to ensure that all materials are received to meet graduate school and departmental requirements.

### Agricultural and Extension (Agricultural Strategic Communications) - Master of Arts (Online)

Prefix	Title	Credits
<b>Required Courses</b>		
AXED 5110	Management of Change, Diffusion, and Adoption of Innovations	3
AXED 5320	Risk and Crisis Communications in Agricultural, Consumer, and Environmental Sciences	3

AXED 5994	Creative Component	3

New Mexico State University master's accelerated program provides **the opportunity for academically qualified undergraduate students** to begin working on a master's degree **during their junior and senior years** while completing a bachelor's degree. Typically, a bachelor's degree requires four years to complete, and a master's degree requires an additional two years. The master's accelerated programs allow students the opportunity to complete a graduate program in an accelerated manner. Students can take up to 12 credits of AXED graduate courses and get dual course credit that can be applied to both an undergraduate and master's degree. You can also check the NMSU catalog for additional information about our programs.

#### **MAP Requirements**

- The Graduate School allows qualified junior or senior students to substitute its graduate courses for required or elective courses in an undergraduate degree program and then subsequently count those same course as fulfilling graduate requirements in a related graduate program.
- Undergraduate students may apply for acceptance to the accelerated master's program after completing 60 semester hours of undergraduate coursework of which a minimum of 25 semester credit hours must be completed at NMSU.
- · The grade point average must be at a minimum of 2.75.
- Students must receive a grade of B or higher in this coursework to be counted for graduate credit. If a grade of B- or lower is earned, it will not count toward the graduate degree.

#### **AXED Courses Eligible for MAPS:**

Upon approved enrollment to the AXED MAP Program, the following courses may be taken in the undergraduate program of study

Prefix	Title	Credits
AXED 5150	Strategic Communications Campaigns and Evaluation	3
AXED 5320	Risk and Crisis Communications in Agricultural, Consumer, and Environmental Sciences	3
AXED 5510	Research Methods	3
AXED 5110	Management of Change, Diffusion, and Adoption of Innovations	3
AXED 5170	Keys for Agricultural and Rural Development	3
AXED 5310	New Mexico Water Issues	3

# **Business Administration - Master of Business Administration (Online)**

The Master of Business Administration (MBA) program is a professional program designed to provide students with a solid background in business practices and the problem-solving and people skills needed to become successful leaders in the global business environment. Program graduates are prepared for administrative or managerial positions in a wide variety of organizations, both private and governmental. The business and accounting programs at NMSU, including the MBA program, are accredited by AACSB International - The Association to Advance Collegiate Schools of Business.

The MBA program is offered in a traditional classroom with some online delivery and in a cohort-based distance program with a synchronous online component.

Details are available at http://business.nmsu.edu/mba (http://business.nmsu.edu/mba/).

#### Admissions

Applicants must meet the basic admission requirements of the Graduate School before they are considered for admission to the MBA program. To be considered for admission to the MBA program, applicants must meet one of the following criteria:

- 1. Have an undergraduate degree with a GPA of at least 3.0 from a regionally accredited U.S. College or University; or
- Have achieved a minimum Graduate Management Admission Test (GMAT) score of 400 and a combined GMAT score and undergraduate GPA such that (GPA x 200)+ GMAT is greater than or equal to 1050; or
- 3. Have a graduate degree from a regionally accredited U.S. college or university; or
- 4. Have a Professional Certification in one of the following: Certified Public Accountant (CPA): Certified Management Account (CMA), Chartered Financial Analyst (CFA), Certified Financial Planner (CFP), or Project Management Professional (PMP) with an official copy of the certificate; or
- 5. Have completed at least five years of relevant, full-time, post-degree, professional work experience with an undergraduate GPA of at least 2.50 from a regionally accredited U.S. college or university.

As an alternative to the GMAT, students may submit a GRE score which can be converted to the equivalent GMAT score. (Information about the GMAT can be found at www.mba.com.) If a GMAT score is required, the official score must be submitted to the MBA Program Office at least one month prior to initial enrollment in the program. GRE scores are sent directly to the NMSU Graduate School.

A maximum of 9 credit hours of the required MBA courses may be completed prior to the student's acceptance into the MBA degree program.

**Note:** Regardless of the pathway to admission, all students must have an undergraduate degree and complete the Background Knowledge courses with a grade of "B" or better in each course.

### **Background Knowledge**

Although the MBA program is designed to encourage participation by students with a variety of educational backgrounds, the curriculum is fast paced. As a consequence, a minimum level of background knowledge is expected of all entering students, and those who lack the necessary background in any of the knowledge areas will be required to make up their deficiencies early in the program. Students may complete no more than 9 credits of required MBA courses prior to completion of the background knowledge courses.

Background knowledge may be demonstrated by successful completion (with a grade of A or B) of undergraduate courses in managerial accounting, financial accounting, macroeconomics, finance, statistics and calculus. At NMSU, the relevant courses are

Prefix	Title	Credits
ACCT 2110	Principles of Accounting I	3
ACCT 2120	Principles of Accounting II	3

ECON 2110G	Macroeconomic Principles	3
BFIN 341	Financial Analysis and Markets	3
MATH 1430G	Applications of Calculus I	3
Choose one from the fo	ollowing:	3
MATH 1350G	Introduction to Statistics	
A ST 311	Statistical Applications	

As an alternative to the three-credit courses above, students may take one-credit courses in the summer to satisfy the background knowledge requirements. These courses are ACCT 500 Concepts in Accounting, B A 500 Macroeconomic Essentials, B A 501 Quantitative Tools for the MBA, and BFIN 500 Concepts in Finance. For more information on these intensive summer courses contact the MBA Office.

#### Program Requirements (36 credits)

The MBA program consists of twelve courses beyond the background knowledge requirements. Eleven are required courses:

Prefix	Title	Credits
<b>Required Courses</b>		
ACCT 503	Accounting for Managers	3
BCIS 502	Business Information Systems	3
BLAW 502	Legal Environment of Business	3
ECON 503	Managerial Economics	3
BFIN 503	Financial Management	3
MGMT 502	Operations Management	3
MGMT 503	Organizational Behavior and Management Processes	3
MGMT 512	Quantitative Analysis for Business Decisions	3
MGMT 590	Strategic Management	3
MKTG 503	Marketing Management	3
B A 590	Professional Paper/Presentation	3
Elective course <sup>1</sup>		3
Total Credits		36

<sup>1</sup> This elective must be selected from the approved course list on the MBA web page.

The Graduate School requires that students maintain a minimum cumulative GPA of 3.0 in all courses taken as a graduate student at NMSU. The MBA program requires, in addition, that every candidate for the MBA degree must graduate with at least a minimum cumulative GPA of 3.0 in all courses required for the General MBA degree.

The following course sequencing requirements must be satisfied:

- B A 590 Professional Paper/Presentation must be completed during the final term of the student's program and is only open to students who have been accepted into the MBA degree program. ACCT 503 Accounting for Managers, BLAW 502 Legal Environment of Business, BFIN 503 Financial Management and MKTG 503 Marketing Management must be completed prior to enrollment in B A 590 Professional Paper/Presentation.
- MGMT 590 Strategic Management must be completed at the end of the student's program of study and is only open to students who have been accepted into the MBA degree program. All MBA coursework other than B A 590 Professional Paper/Presentation must be completed prior to or during the same term as MGMT 590 Strategic Management.

Students requesting transfer credit for any graduate courses taken before admission to the MBA program must submit appropriate written justification, including course descriptions, syllabi, transcripts, etc. Up to nine credits of transfer work can be applied to meet MBA requirements if the credits were earned in a program accredited by AACSB International. Transfer credits for courses taken after admission to the program are generally not permitted, but advance approval should be requested and may be granted in exceptional situations.

#### Final Examination for the Degree:

A student may satisfy the Graduate School's requirement for a final exam by completing the General MBA Degree's necessary coursework and supplemented or modified requirements for the concentration selected. The following two criteria must be met by the end of their final semester or at the end of a subsequent semester during which graduate-level courses are taken or retaken to meet the specified cumulative GPA.

(1) The student must have a minimum cumulative GPA of 3.0 based on all courses taken as a graduate student at NMSU, including those taken as part of the MBA program (required courses, elective course(s), and courses to fulfill the requirements of an MBA concentration or approved course substitution).

(2) The student must complete all required courses (36 credit hours) with a minimum cumulative GPA of 3.0 for the General MBA (11 required courses and 1 elective course, approved course substitutions, and any approved transfer courses).

A student who fails to meet one or both previous criteria may, during one or more subsequent semesters, take or retake additional graduate-level or MBA-specific courses to increase the cumulative GPA, thereby satisfying the Graduate School's requirement for a final exam.

Note 1: The General MBA program (excluding concentrations) consists of eleven required courses and one elective course (totaling 36 credits). The MBA elective course consists of 1 graduate business elective (numbered 500 or above) as listed on the MBA web page.

Note 2: The College of Business reserves the right to change the published requirements. Any such changes will be announced and will not be retroactive. Currently, MBA courses are offered once each year except for the elective and some concentration courses. Always consult an academic advisor or department head before registering for classes.

A thesis is not required. With special approval, however, a degree candidate may elect to write a thesis with at least 6 credit hours earned under B A 599 (https://catalogs.nmsu.edu/search/?P=B%20A%20599) Master's Thesis in lieu of B A 590 (https://catalogs.nmsu.edu/search/?P=B%20A%20590) Professional Paper/Presentation.

**Concentrations**: Students in the on-campus MBA program may elect to pursue one of several MBA concentrations:

- Agribusiness (http://catalogs.nmsu.edu/nmsu/business/businessadministration/business-administration-agribusiness-masterbusiness-administration/)
- Finance (http://catalogs.nmsu.edu/nmsu/business/businessadministration/business-administration-finance-master-businessadministration/)
- Heath Services Management
- Information Systems (http://catalogs.nmsu.edu/nmsu/business/ business-administration/business-administration-informationsystems-master-business-administration/)

• Public Utility Regulation (http://catalogs.nmsu.edu/nmsu/business/ business-administration/business-administration-public-utilityregulations-master-business-administration/)

#### **Business Administration (Health Services Management) - Master of Business Administration (Online)**

#### Program Requirements (42 credits)

The MBA program consists of twelve courses beyond the background knowledge requirements (http://catalogs.nmsu.edu/nmsu/business/ business-administration/business-administration-master-business-administration/). Eleven are required courses:

Prefix	Title	Credits
<b>Required Courses</b>		
ACCT 503	Accounting for Managers	3

Juli Creuits

<sup>1</sup> This elective must be selected from the approved course list on the MBA web page.

The Graduate School requires that students maintain a minimum cumulative GPA of 3.0 in all courses taken as a graduate student at NMSU. The MBA program requires, in addition, that every candidate for the MBA degree must graduate with at least a minimum cumulative GPA of 3.0 in all courses required for the General MBA degree.

The following course sequencing requirements must be satisfied:

- B A 590 (https://catalogs.nmsu.edu/search/?P=B%20A%20590) Professional Paper/Presentation must be completed during the final term of the student's program and is only open to students who have been accepted into the MBA degree program. ACCT 503 (https://catalogs.nmsu.edu/search/?P=ACCT%20503) Accounting for Managers, BLAW 502 (https://catalogs.nmsu.edu/search/? P=BLAW%20502) Legal Environment of Business, BFIN 503 (https:// catalogs.nmsu.edu/search/?P=BFIN%20503) Financial Management and MKTG 503 (https://catalogs.nmsu.edu/search/?P=MKTG %20503) Marketing Management must be completed prior to enrollment in B A 590 (https://catalogs.nmsu.edu/search/?P=B%20A %20590) Professional Paper/Presentation.
- MGMT 590 (https://catalogs.nmsu.edu/search/?P=MGMT%20590) Strategic Management must be completed at the end of the student's program of study and is only open to students who have been accepted into the MBA degree program. All MBA coursework other than B A 590 (https://catalogs.nmsu.edu/search/?P=B%20A%20590)

Professional Paper/Presentation must be completed prior to or during the same term as MGMT 590 (https://catalogs.nmsu.edu/search/? P=MGMT%20590) Strategic Management.

Students requesting transfer credit for any graduate courses taken before admission to the MBA program must submit appropriate written justification, including course descriptions, syllabi, transcripts, etc. Up to nine credits of transfer work can be applied to meet MBA requirements if the credits were earned in a program accredited by AACSB International. Transfer credits for courses taken after admission to the program are generally not permitted, but advance approval should be requested and may be granted in exceptional situations.

**Final Examination for the Degree:** A student may satisfy the Graduate School's requirement for a final exam by completing the General MBA Degree's necessary coursework and supplemented or modified requirements for the concentration selected. The following two criteria must be met by the end of their final semester or at the end of a subsequent semester during which graduate-level courses are taken or retaken to meet the specified cumulative GPA.

(1) The student must have a minimum cumulative GPA of 3.0 based on all courses taken as a graduate student at NMSU, including those taken as part of the MBA program (required courses, elective course(s), and courses to fulfill the requirements of an MBA concentration or approved course substitution).

(2) The student must complete all required courses (36 credit hours) with a minimum cumulative GPA of 3.0 for the General MBA (11 required courses and 1 elective course, approved course substitutions, and any approved transfer courses).

A student who fails to meet one or both previous criteria may, during one or more subsequent semesters, take or retake additional graduate-level or MBA-specific courses to increase the cumulative GPA, thereby satisfying the Graduate School's requirement for a final exam.

Note 1: The General MBA program (excluding concentrations) consists of eleven required courses and one elective course (totaling 36 credits). The MBA elective course consists of 1 graduate business elective (numbered 500 or above) as listed on the MBA web page.

Note 2: The College of Business reserves the right to change the published requirements. Any such changes will be announced and will not be retroactive. Currently, MBA courses are offered once each year except for the elective and some concentration courses. Always consult an academic advisor or department head before registering for classes.

A thesis is not required. With special approval, however, a degree candidate may elect to write a thesis with at least 6 credit hours earned under B A 599 (https://catalogs.nmsu.edu/search/?P=B%20A%20599) Master's Thesis in lieu of B A 590 (https://catalogs.nmsu.edu/search/? P=B%20A%20590) Professional Paper/Presentation.

MBA students who want to have a concentration in Health Services Management must complete the following three Public Health courses (one of which fulfills the MBA elective requirement). For the Health Services Management Concentration, B A 590 Professional Paper/ Presentation (required of all MBA students) will include a health services management project.

Prefix	Title	Credits
<b>Required Courses</b>		
PHLS 5320	Health Services Organization and Delivery	3

PHLS 5340	Public Health Law and Ethics	3
PHLS 5820	Health Informatics	3
B A 590	Professional Paper/Presentation (credits will count for the MBA standard requirements as well)	3

<sup>1</sup> This elective must be selected from the approved course list on the MBA web page.

The Graduate School requires that students maintain a minimum cumulative GPA of 3.0 in all courses taken as a graduate student at NMSU. The MBA program requires, in addition, that every candidate for the MBA degree must graduate with at least a minimum cumulative GPA of 3.0 in all courses required for the General MBA degree.

The following course sequencing requirements must be satisfied:

- B A 590 Professional Paper/Presentation must be completed during the final term of the student's program and is only open to students who have been accepted into the MBA degree program. ACCT 503 Accounting for Managers, BLAW 502 Legal Environment of Business, BFIN 503 Financial Management and MKTG 503 Marketing Management must be completed prior to enrollment in B A 590 Professional Paper/Presentation.
- 2. MGMT 590 Strategic Management must be completed at the end of the student's program of study and is only open to students who have been accepted into the MBA degree program. All MBA coursework other than B A 590 Professional Paper/Presentation

must be completed prior to or during the same term as MGMT 590 Strategic Management.

Students requesting transfer credit for any graduate courses taken before admission to the MBA program must submit appropriate written justification, including course descriptions, syllabi, transcripts, etc. Up to nine credits of transfer work can be applied to meet MBA requirements if the credits were earned in a program accredited by AACSB International. Transfer credits for courses taken after admission to the program are generally not permitted, but advance approval should be requested and may be granted in exceptional situations.

#### Final Examination for the Degree:

A student may satisfy the Graduate School's requirement for a final exam by completing the General MBA Degree's necessary coursework and supplemented or modified requirements for the concentration selected. The following two criteria must be met by the end of their final semester or at the end of a subsequent semester during which graduate-level courses are taken or retaken to meet the specified cumulative GPA.

(1) The student must have a minimum cumulative GPA of 3.0 based on all courses taken as a graduate student at NMSU, including those taken as part of the MBA program (required courses, elective course(s), and courses to fulfill the requirements of an MBA concentration or approved course substitution).

(2) The student must complete all required courses (36 credit hours) with a minimum cumulative GPA of 3.0 for the General MBA (11 required courses and 1 elective course, approved course substitutions, and any approved transfer courses).

A student who fails to meet one or both previous criteria may, during one or more subsequent semesters, take or retake additional graduate-level or MBA-specific courses to increase the cumulative GPA, thereby satisfying the Graduate School's requirement for a final exam.

Note 1: The General MBA program (excluding concentrations) consists of eleven required courses and one elective course (totaling 36 credits). The MBA elective course consists of 1 graduate business elective (numbered 500 or above) as listed on the MBA web page.

Note 2: The College of Business reserves the right to change the published requirements. Any such changes will be announced and will not be retroactive. Currently, MBA courses are offered once each year except for the elective and some concentration courses. Always consult an academic advisor or department head before registering for classes.

A thesis is not required. With special approval, however, a degree candidate may elect to write a thesis with at least 6 credit hours earned under B A 599 (https://catalogs.nmsu.edu/search/?P=B%20A%20599) Master's Thesis in lieu of B A 590 (https://catalogs.nmsu.edu/search/? P=B%20A%20590) Professional Paper/Presentation.

Students in the on-campus MBA program may elect to pursue a concentration in Information Systems and must take additional coursework beyond that required to complete the MBA degree program. BCIS 502 (https://catalogs.nmsu.edu/search/?P=BCIS%20502) Business Information Systems is a required MBA course and a prerequisite for each of the courses in the concentration.

Any of these courses may also be used to fulfill the MBA elective requirement.

#### **Chemical Process Industry - Master** of Engineering in Chemical Process Industry (Online)

The MECPI is a 30 credit hour coursework and/or project-based degree with flexibility of program design for professionals in the Chemical Process Industry. Proposals for the MECPI may be submitted at https:// chme.nmsu.edu/academics/grad/mecpi-degree-plan-proposal/. MECPI requirements are as follows:

Prefix CHME Coursework	Title	Credits
A minimum of 12 cre from the following:	dits of CHME 500+ courses, 6 credits must come	12
CHME 501	Graduate Thermodynamics for Chemical Engineers	
CHME 506	Graduate Transport Phenomena(s)	
CHME 516	Graduate Numerical Methods in Chemical Engineering	
CHME 542	Graduate Reactor Analysis and Design (s)	
CHME 595, CHME requirement	596, and CHME 597 cannot be used to fulfill this	
Three credits in Indus	strial Safety Coursework	3
CHME 548	Industrial Safety (Recommended) <sup>1</sup>	
Professional Commun	ications Course	
CHME 594 & CHME 690	Professional Communication in Chemical Engineering and Graduate Seminar (both are recommended) <sup>2</sup>	
Open Electives		
any areas such as ch economics, fundame	ed to take a minimum of 6 credits of electives from memical engineering, other engineering, business, ntal sciences, environmental sciences, etc., to be personal MECPI theme or emphasis.	6
Optional Engineering	Project Sequence or CHME Coursework <sup>3</sup>	6
CHME 595	Chemical Process Design and Business Analysis	
CHME 596	Chemical Process Industries Research	
CHME 597	Advanced Chemical Process Industry Analysis	
A minimum of 3 cred	its in professional communication	3
Total Credits		30

- <sup>1</sup> CHME 548 Industrial Safety is recommended, though other course options with similar content can be proposed.
- <sup>2</sup> CHME 594 Professional Communication in Chemical Engineering and CHME 690 Graduate Seminar are recommended to fulfill this requirement, but students may propose 500+ level communications courses beyond CHME to fulfill this requirement.
- <sup>3</sup> Students will define and execute an engineering project through their employer while taking the following 3-semester course sequence (after completion of a minimum of 9 credit hours of CHME coursework toward the MECPI)

MECPI students may replace the project with an additional 6 credit hours of CHME coursework.

Students accepted into the MECPI program may use the online MECPI degree plan proposal form (https://chme.nmsu.edu/academics/ grad/mecpi-degree-plan-proposal/) to request a tailored curriculum personalized to their individual needs based on their current or planned employment in the chemical process industries.

	Total Credits	30
	Credits	5

<sup>1</sup> Students are expected to take a minimum of 6 credits of electives from any area such as chemical engineering, other engineering, business, economics, fundamentals sciences, environmental sciences, etc., to be consistent with their personal MECPI theme or emphasis.

<sup>2</sup> MECPI students may replace the project (CHME 595, 596, 597) with an additional 6 credit hours of CHME coursework (CHME 450 and above).

### **Civil Engineering - Master of Engineering in Civil Engineering** (Online)

The Master of Engineering degree in Civil Engineering (M.E. in CE) (ONLINE) is a coursework only degree that requires a total of 30-31 credit hours consisting of one general elective course (3 credit hours); seven technical electives in Civil, Environmental, and/or Agricultural Engineering (21-22 credit hours); and two electives from engineering disciplines outside the department and/or other areas of interest outside the college (6 credit hours).

Prefix	Title	Credits
General elective cours	se <sup>1</sup>	3
C E 490	Introduction to Artificial Intelligence for Civil Engineers	
C E 510	Introduction to Nondestructive Testing	
C E 514	Numerical Methods in Civil Engineering	
C E 535	Technical Communication for Engineers	
CE, ENVE, and A EN el	ective courses <sup>1, 2</sup>	21-22
Seven courses to be s (numbered 450-599) <sup>3</sup>	elected from the following list of courses	
Environmental Enginee	ring	
ENVE 459	Environmental Microbiology	
ENVE 487	Air Pollution Control Systems Design	
ENVE 550	Aquatic Chemistry	
ENVE 551	Unit Processes/Operation of Water Treatment	
ENVE 552	Unit Processes/Operation of Wastewater Treatment	
ENVE 557	Surface Water Quality Modeling	
Geotechnical Engineeri	ng	
C E 470	Design of Municipal and Hazardous Waste Landfills	
C E 479	Pavement Analysis and Design	
C E 506	Advanced Soil Mechanics	
C E 507	Design of Earth Retaining Structures	
C E 508	Advanced Soil Behavior	
C E 509	Deep Foundations	
C E 579	Ground Improvement	
C E 585	Slope Stability Analysis and Design	
Structural Engineering

M E 570	Engineering Analysis I	
M E 580	Engineering Analysis II	
Total Credits		30-31

Course offered online in the Fall, Spring, or Summer semester

<sup>2</sup> Electives should be chosen from at least 2 different areas (e.g., geotechnical and structural, environmental and water resources/ agricultural)

<sup>3</sup> Up to 12 credit hours of undergraduate courses numbered 450-499 may be applied towards the M.E. in CE degree

<sup>4</sup> Courses listed represent only a partial list of engineering electives that may be taken outside the department; courses in other areas of interest outside the college may be taken including, but not limited to, environmental science, mathematics, statistics, geography, soil science, geology, business, economics, and management (all M.E. in CE electives must be approved by graduate advisor and department head)

New Mexico State University master's accelerated program provides **the opportunity for academically qualified undergraduate students** to begin working on a master's degree **during their junior and senior years** while completing a bachelor's degree. Typically, a bachelor's degree requires four years to complete, and a master's degree requires an additional two years. The master's accelerated programs allow students the opportunity to complete a graduate program in an accelerated manner. You can also check NMSU's catalog for additional information about our programs.

Please talk to an CE faculty advisor about your MAP plan and develop a course plan in consultation with the advisor. The faculty advisor should preferably be from the CE area of your interest.

#### **MAP Requirements**

- The Graduate School allows qualified junior or senior students to substitute its graduate courses for required or elective courses in an undergraduate degree program and then subsequently count those same course as fulfilling graduate requirements in a related graduate program.
- Undergraduate students may apply for acceptance to the accelerated master's program after completing 60 semester hours of undergraduate coursework of which a minimum of 25 semester credit hours must be completed at NMSU.
- The grade point average must be at a minimum of 2.75.
- Students must receive a grade of B or higher in this coursework to be counted for graduate credit. If a grade of B- or lower is earned, it will not count toward the graduate degree.

#### Accepted MAP Courses

The following courses are accepted for use in the MAP program, any other courses may be considered after a consultation with an advisor. An exception will need to be made to the degree audit in order for the additional course(s) to be included on both the Undergraduate and Graduate degrees.

Prefix	Title	Credits
C E 452	Geohydrology	3-4
C E 457	Foundation Design	3
C E 479	Pavement Analysis and Design	3
C E 483	Surface Water Hydrology	3
C E 510	Introduction to Nondestructive Testing	3
ENVE 451	Unit Processes/Operation of Water Treatment	3

NOTE: No more than 4 courses from the list above can be applied in the MAP for the Master of Engineering in Civil Engineering (MECE) degree.

#### Clinical Psychopharmacology -(Postdoctoral) - Master of Science (Online)

The curriculum for the Postdoctoral Master of Science in Clinical Psychopharmacology (MSCP) degree program is modeled on the American Psychological Association (APA) recommended curriculum, adopted in 1998, set forth by the Blue Ribbon Task Force (comprised of national experts in psychopharmacology including physicians, psychiatrists, Department of Defense Demonstration Project prescribing psychologists, neuroscientists, pharmacists and nurses). In addition, the NMSU program adheres to all regulations set forth by the New Mexico Board of Psychologist Examiners and the New Mexico Board of Medical Examiners. And is designed in congruence with New Mexico state law for prescribing psychologists. The program is dynamic, changing with the field, and has been modified according to recommended revisions of the American Psychological Association in 2009, then again in 2019 (https://www.apa.org/education/grad/rxp-designation-criteria.pdf).The MSCP is an APA Designated Postdoctoral Psychopharmacology Education and Training Program. New Mexico State University is only one of three university programs in the country with said designation status.

This program includes two separate degree tracks: clinical and nonclinical.

#### **Non-Clinical Track**

The non-clinical track includes two (2) years of coursework and requires the ASPPB governed, national Psychopharmacology Examination for Psychologists (PEP).

#### **Program of Study:**

Prefix	Title	Credits
RXPP 6110	Introduction to Psychopharmacology for Psychologists I	3
RXPP 6120	Introduction to Psychopharmacology for Psychologists II	3
RXPP 6210	Clinical Psychopharmacology I	3
RXPP 6220	Clinical Psychopharmacology II	3
RXPP 6230	Clinical Psychopharmacology III	3
RXPP 6310	Pathophysiology for Psychologists I	3
RXPP 6320	Pathophysiology for Psychologists II	3
RXPP 6330	Pathophysiology for Psychologists III	3
RXPP 6410	Psychopharmacological Treatment in Special Populations I	3
RXPP 6420	Psychopharmacological Treatment in Special Populations II	3
RXPP 6996	Selected Topics	3
Total Credits		33

#### **Clinical Track**

The clinical track includes two (2) years of coursework (including handson experiential lab training in neurosciences, pathophysiology, and physical assessment), embedded supervised clinical fieldwork, and a final Capstone Examination/Project.

#### **Program of Study:**

Prefix	Title	Credits
RXPP 6110	Introduction to Psychopharmacology for Psychologists I	3
RXPP 6120	Introduction to Psychopharmacology for Psychologists II	3
RXPP 6210	Clinical Psychopharmacology I	3

RXPP 6996	Selected Topics	3
RXPP 6520	Supervised Experience in Psychopharmacology II	3
RXPP 6510	Supervised Experience in Psychopharmacology I	3

#### Communication Studies (Analysis and Decision-Making) - Master of Arts (Online)

The professional master's degree in organizational leadership is designed to equip students to develop effective leadership skills in individual, group, team, and organizational contexts for professionals who work in organizations of any type (private, government, non-profit). The concentration in Analysis and Decision-Making is designed to enhance professional skillsets in a time of dynamic change in global business, diversity, technology, and digital skills. The degree requires 30 credit hours of coursework, at least 15 credits of coursework must be completed in the Communication Studies Department, and the final 3 credits of coursework must be project hours (COMM 598 MA PROJECT). All courses are offered online and taught asynchronously in 8-week formats. If a student utilizes option two below, any concentration or certificate can be combined with 15 hours of communication studies courses to complete

This multidisciplinary concentration in Analysis and Decision-Making requires 15 credits of coursework across three colleges and departments. All courses are offered online and taught asynchronously in 8-week formats. A GPA of 3.0 or better must be maintained overall and grades in each course must be a B or better.

# **Communication Studies (Leadership Communication) - Master of Arts (Online)**

The professional master's degree in organizational leadership is designed to equip students to develop effective leadership skills in individual, group, team, and organizational contexts for professionals who work in organizations of any type (private, government, non-profit). The program will help students master effective leadership in a time of dynamic change in global business, diversity, technology, and digital skills. The degree requires 30 credit hours of coursework, at least 15 credits of coursework must be completed in the Communication Studies Department, and the final 3 credits of coursework must be project hours (COMM 598 MA PROJECT). All courses are offered online and taught asynchronously in 8-week formats. If a student wishes up to 15 credits of courses taken outside of Communication Studies can count toward the degree as long as the Leadership Communication Concentration is completed in Communication Studies.

This concentration requires 15 credits of coursework in Communication Studies. All courses are offered online and taught asynchronously in 8-week formats. A GPA of 3.0 or better must be maintained overall and grades in each course must be a B or better. Two courses (6 credits) with numbers 450+ can be counted.

# **Criminal Justice - Master of Criminal Justice (Online)**

All candidates, regardless of chosen degree option, must complete a final examination. Examination requirements vary by degree option. Please contact the director of the MCJ program or consult the Department of Criminal Justice website (https://crimjust.nmsu.edu/graduate-programs/ criminal-justice-grad.html) for details.

#### **Thesis Option (33 Credits)**

Thesis students must submit a thesis proposal to their faculty committee for approval and subsequently complete the approved thesis project. An approved thesis proposal is one wherein the thesis committee determines the student demonstrates a comprehensive understanding of the nexus of theory, method, and policy as it applies to the proposed thesis project. At the discretion of the thesis committee the proposal may be considered inadequate and the student is required to revise and resubmit the thesis proposal until the committee determines the proposal is satisfactory. The final examination minimally includes a defense of the completed thesis, but may also include a general examination based upon the candidate's program of study. The minimum coursework requirements are displayed below.

Prefix	Title	Credits
<b>Required Courses</b>		15
CJUS 511	Nature of Crime	
CJUS 514	Advanced Race, Crime, and Justice	
CJUS 525	Issues in Ethics, Law, and Criminal Justice	
CJUS 501	Research Methods in Criminal Justice	
or CJUS 555	Advanced Feminist Research Methods	
CJUS 541	Seminar in Criminal Justice Policy Analysis and Planning	
Master's Thesis Credits		
CJUS 599	Master's Thesis	6
<b>General Electives</b>		
Select 12 credits from	General Electives. <sup>1</sup>	12
Total Credits		33

<sup>1</sup> Students may not count CJUS 593 Internship or CJUS 592 Independent Research credit toward their elective requirement. No more than three total credits of CJUS 591 Directed Readings in Criminal Justice coursework may be used as electives; a minimum of 3 of the 12 credit general elective requirement must come from the Department of Criminal Justice.

A minor is optional (contact the director of the MCJ program or consult the Department of Criminal Justice web site, https://crimjust.nmsu.edu/, for details) and may result in more than 33 total credits for the degree.

#### **Focused Coursework Option (36 Credits)**

Focused coursework students must pass a written comprehensive examination following completion of the required courses. Students not passing the examination will be required to wait until the following semester to retake the examination. The minimum course requirements are displayed below.

Prefix	Title	Credits
<b>Required Courses</b>		15
CJUS 511	Nature of Crime	
CJUS 514	Advanced Race, Crime, and Justice	
CJUS 525	Issues in Ethics, Law, and Criminal Justice	
CJUS 501	Research Methods in Criminal Justice	
CJUS 541	Seminar in Criminal Justice Policy Analysis and Planning	
CJus Electives		
Select 12 credits from electives from courses offered by the 12 Department of Criminal Justice, to be selected in consultation with a student's advisor. <sup>1</sup>		
General Electives/Minor		
An additional 9 credits of electives, to be selected in consultation with a student's advisor. $^{2}$		
Total Credits		36
1		

- No more than three total credits of CJUS 593 Internship or CJUS 591 Directed Readings in Criminal Justice courses may be used as Criminal Justice electives. CJUS 592 Independent Research may not be used as Criminal Justice Electives for this option.
- <sup>2</sup> No more than three credits of C J 593 Internship or C J 591 Directed Readings may be used to fulfill the general elective requirement. C J 592 Independent Research may not be used as Criminal Justice Elective for this option.

A minor is optional (contact the director of the MCJ program or consult the Department of Criminal Justice web site, https://crimjust.nmsu.edu/, for details) and may result in more than 36 total credits for the degree.

#### **Minimum Grade Requirement**

Students must earn a minimum B- grade in all required core courses, excluding elective credits. This applies to both options: Thesis and Focused Coursework as well as to both programs: On-Campus (traditional) and Online.

### **Data Analytics - Master of Data** Analytics (Online)

The admission requirements for the degree program requires incoming students to have a minimum mathematical preparation at the level of Linear Algebra (MATH 2415 Introduction to Linear Algebra or equivalent course, such as E E 200 Linear Algebra, Probability and Statistics Applications).

The curriculum for the degree program is composed of 34 graduate credits.

### Data Analytics (Digital Agriculture) -Master of Data Analytics (Online)

The admission requirements for the degree program requires incoming students to have a bachelor degree and a minimum mathematical preparation at the level of Linear Algebra (MATH 2415 Introduction to Linear Algebra or equivalent course, such as E E 200 Linear Algebra, Probability and Statistics Applications).

The curriculum for the degree program is composed of 30 graduate credits.

### **Economics - Master of Arts (Online) Economics - Master of Arts (no Concentration**)

Candidates for the Master of Arts in economics must successfully complete a minimum of 30 graduate credits (concentrations may require more than 30 graduate credits). At least 12 credits beyond the core courses (AEEC 501 Microeconomic Theory, AEEC 502 Macroeconomic Theory, AEEC 540 Econometrics I) must be earned by taking courses taught by economics faculty members in the Department of Economics, Applied Statistics and International Business. At least two of the three core courses must be completed at NMSU. Twenty-one of the credits must have one of the four following prefixes: AEEC, ECON, ECDV, or AG

E. At least twenty-four of the credits must be associated with courses numbered 500 or above. All students must meet the requirements specified in the general regulations and requirements for admission to the Graduate School and to candidacy. Students preparing to enter the program are encouraged to complete the following:

- 1. one course in intermediate microeconomic theory and one course in macroeconomic theory with minimum grades of B;
- 2. one course in college-level calculus; and
- 3. one course in statistics, including simple regression.

Those students not having completed these courses may be admitted with the requirement that the deficiencies be completed at the beginning of the graduate program.

The Master of Arts in Economics (regulatory economics) may be completed either face-to-face or online

### All students in the program must successfully complete a minimum of 30 credits including the following:

Prefix	Title	Credits
Required Course	es	
AEEC 501	Microeconomic Theory	3
AEEC 502	Macroeconomic Theory	3
AEEC 540	Econometrics I	3
Electives, subject to the restrictions above.		21
Total Credits		30

#### Notes:

- 1. No more than one course with a grade less than B can be used to fulfill the requirements for the MA Econ degree.
- 2. ECON 503 Managerial Economics cannot be counted toward the major in Economics.
- 3. A maximum of nine hours of approved transfer credit (with minimum grades of A) may be applied toward the degree.

Teaching and research assistantships are available to qualified applicants; however, admission to the program does not imply or guarantee an assistantship. It is not necessary to have an undergraduate degree in economics to enter the graduate program or to receive financial assistance.

The Masters of Arts in Economics (no concentration) may be completed either face-to-face or online.

### Economics (Econometric) - Master of Arts (Online)

Candidates for the Master of Arts in economics must successfully complete a minimum of 30 graduate credits (concentrations may require more than 30 graduate credits). At least 12 credits beyond the core courses (AEEC 501 Microeconomic Theory, AEEC 502 Macroeconomic Theory, AEEC 540 Econometrics I) must be earned by taking courses taught by economics faculty members in the Department of Economics, Applied Statistics and International Business. At least two of the three core courses must be completed at NMSU. Twenty-one of the credits must have one of the four following prefixes: AEEC, ECON, ECDV, or AG E. At least twenty-four of the credits must be associated with courses numbered 500 or above. All students must meet the requirements specified in the general regulations and requirements for admission to the Graduate School and to candidacy. Students preparing to enter the program are encouraged to complete the following:

- 1. one course in intermediate microeconomic theory and one course in macroeconomic theory with minimum grades of B;
- 2. one course in college-level calculus; and
- 3. one course in statistics, including simple regression.

Those students not having completed these courses may be admitted with the requirement that the deficiencies be completed at the beginning of the graduate program. Those students interested in the concentration in regulatory economics are advised to complete two courses in collegelevel statistics.

Teaching and research assistantships are available to qualified applicants; however, admission to the program does not imply or guarantee an assistantship. It is not necessary to have an undergraduate degree in economics to enter the graduate program nor to receive financial assistance.

### All students in the program must successfully complete a minimum of 30 credits including the following:

Prefix	Title	Credits
<b>Required Courses</b>		
AEEC 501	Microeconomic Theory	3
AEEC 502	Macroeconomic Theory	3
AEEC 540	Econometrics I	3
Electives, subject to the restrictions above.		21
Total Credits		30

#### Notes:

- 1. No more than one course with a grade less than B can be used to fulfill the requirements for the MA Econ degree.
- 2. ECON 503 cannot be counted toward the major in Economics.
- 3. A maximum of nine hours of approved transfer credit (with minimum grades of A) may be applied toward the degree.

Prefix	Title	Credits
Additional Required C	ourses for a Concentration in Econometrics	
AEEC 540	Econometrics I	3
ECON 545	Econometrics II	3
Select 6 graduate credits of A ST (Applied Statistics) at the 500 level $^{ m 1}$		6
Total Credits		12

Excluding A ST 505 Statistical Inference I, independent study, thesis, project and dissertation credits.

### **Economics (Public Policy) - Master of Arts (Online)**

Candidates for the Master of Arts in economics must successfully complete a minimum of 30 graduate credits (concentrations may require more than 30 graduate credits). At least 12 credits beyond the core courses (AEEC 501 Microeconomic Theory, AEEC 502 Macroeconomic Theory, AEEC 540 Econometrics I) must be earned by taking courses taught by economics faculty members in the Department of Economics, Applied Statistics and International Business. At least two of the three core courses must be completed at NMSU. Twenty-one of the credits must have one of the four following prefixes: AEEC, ECON, ECDV, or AG E. At least twenty-four of the credits must be associated with courses numbered 500 or above. All students must meet the requirements specified in the general regulations and requirements for admission to the Graduate School and to candidacy. Students preparing to enter the program are encouraged to complete the following:

- 1. one course in intermediate microeconomic theory and one course in macroeconomic theory with minimum grades of B;
- 2. one course in college-level calculus; and
- 3. one course in statistics, including simple regression.

Those students not having completed these courses may be admitted with the requirement that the deficiencies be completed at the beginning of the graduate program. Those students interested in the concentration in regulatory economics are advised to complete two courses in collegelevel statistics.

Teaching and research assistantships are available to qualified applicants: however, admission to the program does not guarantee an assistantship. It is not necessary to have an undergraduate degree in economics for admission to the graduate program nor to receive financial assistance.

ELAD 5310	Leadership for Social Justice and Equity	
	inor in Native American Studies (9 cr), Gender and -12 cr), or 9 credits of electives in Criminal Justice	9-12
Total Credits		30-33

This course is the final course that students are required to take after all other courses are completed.

### Education (Early Childhood Education) - Master of Arts (Online) **Concentration: Early Childhood Education** (without licensure)

The program with a concentration in Early Childhood Education (without licensure) is an on-line only graduate degree program for persons with a bachelor's degree in early childhood education or a related field who are already teaching or working in early childhood settings. This advanced degree prepares the early childhood professional for advanced practice in teaching education, engagement with applied research, staff development, work with families, program management and commitment to issues, analysis and advocacy related to early childhood education.

- This is an on-line program only
- · You must apply and be admitted to NMSU Graduate School and the School of Teacher Preparation, Administration and Leadership before you can begin taking ECED courses
- · Many specialized courses are not offered every semester. Please check with your faculty advisor to plan accordingly
- For additional information, visit the program website (https:// tpal.nmsu.edu/degree-programs/concentrations/eced.html)

### **Education (Early Childhood Education** Plus Licensure) - Master of Arts (Online)

#### **Concentration: Early Childhood Education** (plus licensure)

The College of Education's School of Teacher Preparation, Administration and Leadership at New Mexico State University offers a 42 credit Master of Arts in Education Plus Licensure in Early Childhood Education for individuals who have completed a bachelor's degree. The program is designed to meet the professional education course requirements for teacher licensure as a part of a Master of Arts in Education degree program. A full-time student in this program typically completes in 2 years.

Eligible Participants must:

- · Completed a bachelor's degree in a closely related field with a cumulative GPA of 2.75 or higher.
- Prerequisites may be required depending on BA degree coursework.
- · Be admitted to the NMSU Graduate School
- · Be admitted to the College of Education's School of Teacher Preparation, Administration and Leadership

### Education (Educational Learning Technologies) - Master of Arts (Online)

The Master of Arts in Education (Educational Learning Technologies – EDLT) is 30 credits, 100% online, and is designed for educators who:

1. are already licensed K12 teachers,

-----

- 2. work in higher education,
- 3. or who wish to be e-developers in a variety of contexts

This program prepares educators for 21st century teaching and learning in blended and fully online environments. The program covers integrating best practices in curriculum and instruction, culturally responsive teaching, online learning/educational technology, online pedagogy, and curriculum development for blended and online delivery using emerging technologies.

- Additional information regarding the Endorsement as an Information Technology Coordinator (https://webnew.ped.state.nm.us/ bureaus/licensure/adding-endorsements/information-technologycoordinator/) can be found at the New Mexico Public Education Department.
- Many specialized courses are not offered every semester. Please check with your advisor to plan accordingly
- For additional information about the program, visit the EDLT program website (https://tpal.nmsu.edu/degree-programs/concentrations/ edlt.html)

<sup>1</sup> Students will consult with an EDLT advisor on the program of study.

<sup>2</sup> Electives might include EDUC 5140 Research in Curriculum and Pedagogy for students who plan to continue with a doctoral program, EDLT 5992 Directed Study, or other approved EDUC/EDLT 5000 level course.

### Education (Elementary Licensure Prep) - Master of Arts (Online)

#### **Elementary Licensure Prep**

The School of Teacher Education & Educational Leadership at New Mexico State University offers an Elementary Teacher Education Program for individuals who have completed a bachelor's degree. The program is designed to meet the professional education course requirements for teacher licensure as a part of a Master of Arts in Education degree program.

#### **Program Completion Requirements:**

- Apply through NMSU Graduate School main webpage (https:// gradschool.nmsu.edu/). Select Intended major "Education (Elementary Licensure Prep)" as this is the concentration you will pursue
- After you receive an acceptance letter from the Department of Curriculum & Instruction, contact your faculty advisor within the first semester of enrollment
- 3. Complete the MATH 511 Fundamentals of Elementary Mathematics I prerequisite course
- 4. Complete the Core Courses listed below, before admission into the Teaching Education Program

#### Admission to the Teacher Education Program (TEP):

- Obtain application information at https://tpal.nmsu.edu/ admissions/tep-admission/ (https://tpal.nmsu.edu/admissions/tepadmission.html)
- 2. Make an appointment with the program director for a program of study prior to TEP portfolio
- Pass Praxis Core Academic Exams: Reading, Writing and Math. Information can be found at https://www.ets.org/praxis/nm (https:// www.ets.org/praxis/nm/)
- 4. Submit TEP portfolio to the College of Education Advising Center no later than 12:00 noon (MST) on the 3rd Friday in February for Spring, the 3rd Friday in September for Fall, or the 3rd Friday in July for Summer. TEP portfolio must be successfully reviewed prior to enrolling in Teaching Methods Courses.

#### **Completing Teaching Methods Block Courses:**

1. Fall Block (see below)

....

- 2. Spring Block (see below)
- Pass Praxis Elementary Education: Curriculum, Instruction, and Assessment before or during Block B https://www.ets.org/praxis/nm (https://www.ets.org/praxis/nm/)
- 4. Earn a grade of B or better in all courses

#### Student Teaching Entry Portfolio (STEP)

- 1. Obtain application information at https://tpal.nmsu.edu/degreeprograms/undergraduate-programs/stia.html
- 2. Make an appointment with the Program Director for a program of study

- 3. Before student teaching is approved, the Candidate must include passing scores for Praxis Elementary Education: Curriculum, Instruction, and Assessment.
- 4. Submit Student Teaching Packet (STEP) on the 1st Friday in March for Spring and the 1st Friday in October in Fall.

#### Student Teaching- must be completed during the final semester

- 1. Take EDUC 5811 and EDUC 5810 concurrently during student teaching (16-week Student Teaching Internship and Seminar)
- 2. Pass Praxis Principles of Learning and Teaching: Grade K-6 and Teaching Reading: Elementary exams during student teaching semester https://www.ets.org/praxis/nm (https://www.ets.org/ praxis/nm/)
- 3. Defend Evidence of Student Learning project during student teaching semester in EDUC 5811

### Education (Language, Literacy & Culture) - Master of Arts (Online)

The program with a concentration in Language, Literacy and Culture (Reading, without licensure) prepares educational leaders and scholars who understand reading, language and literacy education in complex and diverse ways; particularly as these relate to issues of social justice and equity. This program emphasizes the development of critical and expansive perspectives on language and multiculturalism with a focus on the relevance of these for PreK-12 public school students from diverse ethno-linguistic backgrounds. Participants are encouraged to engage in leadership and research activities in a variety of settings at local, state and federal levels.

- To add a Reading Endorsement to a New Mexico Teaching license, students need 24 credits in reading or related area. Please see specific requirements set forth by New Mexico Public Education Department (https://webnew.ped.state.nm.us/)
- · Courses with RDG prefix are not offered every semester. Please check with your faculty advisor to plan accordingly
- · For additional information about the LLC program visit the program website (https://tpal.nmsu.edu/degree-programs/concentrations/ llc.html)

Language, Literacy	y & Culture Courses <sup>1</sup>	

<sup>1</sup> Students seeking a Reading Endorsement can use an upper level reading course from their undergraduate degree as part of the required 24 reading credits. Please check with your faculty advisor to plan accordingly.

<sup>2</sup> This course is the final core course that students are required to take. EDUC 5120 Multicultural Education, EDUC 5160 Curriculum and Pedagogy, and EDUC 5140 Research in Curriculum and Pedagogy are prerequisites to taking EDUC 5170 Action Research Projects.

### Education (Secondary Licensure Prep) - Master of Arts (Online) Secondary Licensure Prep

The School of Teacher Preparation, Administration and Leadership (TPAL) at New Mexico State University offers a Secondary Teacher Education Program for individuals who have completed a bachelor's degree. This program is designed to meet the professional education course requirements for initial teacher licensure as part of the Master of Arts in Education degree program. All coursework must be completed before the final student teaching semester.

#### **Program Completion Requirements:**

- Apply through NMSU Graduate School main webpage (https:// gradschool.nmsu.edu/). Select Intended major "Education (Secondary Licensure Prep)" as this is the concentration you will pursue
- After you receive an acceptance letter from the Department of Curriculum & Instruction, contact your faculty advisor within the first semester of enrollment
- 3. Complete the Core Course Requirements listed below, before admission to the Teacher Education Program

#### Admission to the Teacher Education Program (TEP):

- Obtain application information at https://tpal.nmsu.edu/ admissions/tep-admission/ (https://tpal.nmsu.edu/admissions/tepadmission.html)
- 2. Make an appointment with the Program Director for a program of study prior to TEP portfolio
- Submit TEP portfolio no later than 12:00 noon (MST) on the 3rd Friday in February for Spring, the 3rd Friday in September for Fall. TEP portfolio must be successfully reviewed prior to enrolling in Teaching Methods Courses.

#### **Teaching Field & Other Course Completion Requirements:**

1. Complete all the requirements for a teaching field in Secondary Education (English Language Arts, Mathematics, Science, Social Studies) before student teaching.

- 2. Transcripts will be evaluated for any teaching field deficiencies at the request of your Program Director.
- 3. Complete all remaining coursework (see below) before the Student Teaching courses.

### Student Teaching Entry Portfolio (STEP)- one semester before student teaching

- 1. Obtain application information at https://tpal.nmsu.edu/degreeprograms/undergraduate-programs/stia.html
- 2. Make an appointment with the Program Director for an updated program of study before submitting the STEP application.
- 3. Before student teaching is approved, the Candidate must pass the Content Knowledge portion of the Praxis Assessment https:// www.ets.org/praxis/nm (https://www.ets.org/praxis/nm/).
- 4. Submit Student Teaching Packet (STEP) on the 1st Friday in March for Fall and the 1st Friday in October for Spring.

#### Student Teaching- must be completed during the final semester

- 1. Take EDUC 5811 and EDUC 5810 concurrently during student teaching (16-week Student Teaching Internship and Seminar).
- 2. Before completing student teaching, the candidate must pass the Praxis Principles of Learning and Teaching: Grade 7-12.

### **Educational Leadership** & Administration (Pk-12 Administration) - Master of Arts (Online)

The program of study for Pk-12 school administration includes all coursework and internships required by the New Mexico Public Education Department for Administrative Licensure. Students must earn a minimum of a "B-" grade in all required coursework. Students who receive a grade of "C+" or below will be required to retake the course. In addition, students must successfully complete a final department examination, generally done during the final semester of coursework. The department does not offer the thesis option.

### **Prerequisites**

Students interested in the Pk-12 school administration must have a current U.S. teaching license and three years of full-time teaching experience in the Pk-12 sector.

### **Program Delivery**

The department uses a hybrid distance education program combining both asynchronous and synchronous delivery technologies. The internships require attendance at monthly seminars that are held faceto-face on the Las Cruces campus. There is a mandatory face-to-face orientation in Las Cruces prior to the start of the spring semester, January. All other coursework in online.

### Electrical Engineering - Master of Engineering in Electrical Engineering (Online)

#### **Requirements and Options for the MEEE Degree**

The Program Educational Objectives for the Master of Engineering Program in Electrical Engineering are:

- 1. That graduates successfully apply advanced skills and techniques in one or more areas of emphasis.
- That graduates obtain relevant, productive employment with the private sector or in government and/or pursue additional advanced degrees.

The MEEE is a coursework-only option for obtaining a master's degree. The requirement is a total of 30 credits of graduate course work, including passing with a grade of B or better six Graduate Expanded Core Courses from at least three different areas of emphasis. No oral exam is required for the MEEE.

#### **Total Credits**

- <sup>1</sup> The graduate expanded core courses must be passed with a grade of B or better. Note--a grade of B- (or lower) in a graduate expanded core course will not satisfy completion of that course for the MEEE.
- <sup>2</sup> This course is one of the MSEE Graduate Core Courses. Students pursuing the MEEE who wish to pursue the Ph.D. in the future are encouraged to select three courses from this subset of courses to satisfy one of the requirements for the Ph.D. Qualifying exam (see https://ece.nmsu.edu/grad-study/phd-qualifying.html) for more information.
- <sup>3</sup> This course is included in multiple areas of emphasis. Students may use this course to satisfy **one** area of emphasis.
- <sup>4</sup> E E courses must be numbered 500 or higher. Non-E E courses must be numbered 450 or higher. Credits of E E 590 Selected Topics which are not subtitled are limited to a total of 6.

Other limitations and requirements that apply to all master's degrees are described elsewhere in this catalog.

#### **Included Prefixes**

Graduate course work credits from the following prefixes are permitted for the MEEE degree. If a graduate course outside this list of prefixes logically fits into the MEEE program, see your graduate advisor about requesting an exception.

C S 468	Software Development Transition	3
C S 469	Data Structure and Algorithms Transition	3

New Mexico State University master's accelerated program provides **the opportunity for academically qualified undergraduate students** to begin working on a master's degree **during their junior and senior years** while completing a bachelor's degree. Typically, a bachelor's degree requires four years to complete, and a master's degree requires an additional two years. The master's accelerated programs allow students the opportunity to complete a graduate program in an accelerated manner. Students can take up to 12 credits of E E graduate courses and get dual course credit that can be applied to both an undergraduate and master's degree. You can also check NMSU's catalog for additional information about our programs.

#### **MAP Requirements**

- The Graduate School allows qualified junior or senior students to substitute its graduate courses for required or elective courses in an undergraduate degree program and then subsequently count those same courses as fulfilling graduate requirements in a related graduate program.
- Undergraduate students may apply for acceptance to the accelerated master's program after completing 60 semester hours of undergraduate coursework of which a minimum of 25 semester credit hours must be completed at NMSU.
- The grade point average must be at a minimum of 2.75.
- Students must receive a grade of B or higher in this coursework to be counted for graduate credit. If a grade of B- or lower is earned, it will not count toward the graduate degree.

#### Accepted MAP Courses

The following courses are accepted for use in the MAP program, any other E E 500+ course that is taught concurrently with an E E 400+ course may be considered after a consultation with an advisor. An exception will need to be made to the degree audit in order for the additional course(s) to be included on both the Undergraduate and Graduate degrees. E E 450+ courses are not eligible for dual course credit nor are E E 500+ courses that are not taught concurrently with an E E 400+ course.

Prefix	Title	Credits
E E 510	Introduction to Analog and Digital VLSI	3
E E 528	Fundamentals of Photonics	4
E E 542	Power Systems II	3
E E 562	Computer Systems Architecture	3
E E 565	Machine Learning I	3
E E 596	Digital Image Processing	3

### Electrical Engineering - Master of Science in Electrical Engineering (Online)

## **Requirements and Options for the MSEE degree**

The Program Educational Objectives for the Master of Science in Electrical Engineering are:

- 1. That graduates successfully apply advanced skills and techniques in one or more areas of emphasis.
- That graduates obtain relevant, productive employment with the private sector or in government and/or pursue additional advanced degrees.

Note-the following degree requirement tables outline the **minimum** requirements for an MSEE. As many students must register for a minimum of 9 credits each semester to remain full time, a student will often take more than the minimum of 6 credits of E E 599 Master's Thesis or 3 credits of E E 598 Master's Technical Report to complete their degree.

#### **Thesis Option:**

Prefix	Title	Credits
Graduate Core Course	s (choose 2-3 from 2-3 different areas) <sup>1</sup>	6-10
Electromagnetics		
E E 515	Electromagnetic Theory I	
Microelectronics/VLSI		
E E 523	Analog VLSI Design	
Photonics/Optics		
E E 528	Fundamentals of Photonics	
or E E 529	Lasers and Applications	
Electric Energy Systems	5	
E E 543	Power Systems III	
Digital Signal Processin	g	
E E 545	Digital Signal Processing II	
Computer Engineering		
E E 562	Computer Systems Architecture	
Communications		
E E 571	Random Signal Analysis	
Controls & Robotics		
E E 551	Control Systems Synthesis

### English (Technical and Professional Communication) - Master of Arts (Online)

Students electing this concentration take core courses in the theory, praxis, and application of technical and professional communication. All courses are offered online.

Students conclude their program by composing a portfolio of work completed in the program and by passing an oral examination.

Prefix	Title	Credits
<b>Required Coursework</b>		
ENGL 502	Critical Conversations in Technical and Professional Communication	3
ENGL 597	Internship in Technical and Professional Communication	3
ENGL 585	Advanced Writing Workshop: RPC Capstone	3
Technical and Profess	ional Communication Core	
Select six courses from	n the following	18
ENGL 478	Document Design	
ENGL 503	Web Design and Development	
ENGL 504	User Experience and Assistance	
ENGL 512	Graduate Study in Writing in the Workplace	
ENGL 531	Technical Editing	
ENGL 543	Multimedia Theory and Production	
ENGL 560	Proposal and Grant Writing	
Rhetoric Core		
Select three courses f	rom the following	9
ENGL 507	Special Topics in Rhetoric and Technical and Professional Communication	
ENGL 518	History of Rhetoric	
ENGL 519	Graduate Study in Modern Rhetorical Theory	
ENGL 568	Rhetoric and Cultural Studies	
ENGL 578	Topics in Rhetoric and Technology	
ENGL 590	Master's Seminar in Rhetoric	

**Total Credits** 

### Family and Consumer Sciences (Hotel, Restaurant and Tourism Management) - Master of Science (Online)

The concentration in Hotel, Restaurant and Tourism Management combines both coursework and research to expand the student's

knowledge, abilities, and problem-solving skills. Students begin the program by learning about the current trends in a wide range of hotel, restaurant and tourism academic research areas. Students also take graduate classes that apply to their chosen area of specialization. Some students focus on general hospitality management. However, most choose an area of interest such as tourism, foodservice, hotel operations, culinary arts, destination management, revenue management, sales and marketing, hospitality or culinary education, beverage management, vacation ownership, hospitality information systems, or human resource management/training.

New Mexico State University master's accelerated program provides **the opportunity for academically qualified undergraduate students** to begin working on a master's degree **during their junior and senior years** while completing a bachelor's degree. Typically, a bachelor's degree requires four years to complete, and a master's degree requires an additional two years. The master's accelerated programs allow students the opportunity to complete a graduate program in an accelerated manner. You can also check NMSU's catalog for additional information about our programs.

Please talk to your HRTM Faculty Mentor about your MAP plan and develop a course plan in consultation with the advisor.

#### **MAP Requirements**

- The Graduate School allows qualified junior or senior students to substitute its graduate courses for required or elective courses in an undergraduate degree program and then subsequently count those same course as fulfilling graduate requirements in a related graduate program.
- Undergraduate students may apply for acceptance to the accelerated master's program after completing 60 semester hours of undergraduate coursework of which a minimum of 25 semester credit hours must be completed at NMSU.
- The grade point average must be at a minimum of 3.00.
- Students must receive a grade of B or higher in this coursework to be counted for graduate credit. If a grade of B- or lower is earned, it will not count toward the graduate degree.

#### Accepted MAP Courses

The following courses are accepted for use in the MAP program, any other courses may be considered after a consultation with an advisor. An exception will need to be made to the degree audit in order for the additional course(s) to be included on both the Undergraduate and Graduate degrees.

Prefix	Title	Credits
HRTM Required and E	lective Classes Taken At Graduate Level <sup>1</sup>	
HRTM 492	Special Problems	1-4
HRTM 510	Hospitality Cost Control	3
HRTM 512	Beverage Management	3
HRTM 536	Sustainability in the Hospitality Industry	3
HRTM 532	Hotel Revenue and Sales Management	3
HRTM 535	Resort Management	3

Other courses may be used for the MAP requirements with the consent of instructor, including HRTM 501 The Hospitality Industry and Sustainable Competitive Strategy, HRTM 502 Advanced Hospitality Services Management, HRTM 506 Contemporary Global Issues in Hospitality, and HRTM 598 Special Research Programs but will require a degree audit exception through the department/graduate school.

For additional information, please see MAP requirements at:

https://honors.nmsu.edu/for-students/masters-accelerated-programmap.html

# Industrial Engineering - Master of Engineering in Industrial Engineering (Online)

The Department of Industrial Engineering offers the Master of Engineering (M.E. in IE) as the <u>coursework-only</u> degree. It is a <u>Professional Master's degree</u> targeting a working professional who wants to pursue a Master's degree in Industrial Engineering at New Mexico State University.

The program of study leading to the M.E. in IE degree consists of 30 credits. At least 50% of the course work must be taken from the Approved IE Department Course List. This means that students can take up to five electives from engineering disciplines outside the department and/or other areas of interest outside the college.

The M.E in IE degree is also offered by distance education for qualified applicants. The courses with section numbers M70 - M79 are designated as online.

Although there is no oral exam, students will be required to complete an exit interview with an IE faculty member.

Note that NMSU reserves the right to change the program requirements without prior notice. Information in the NMSU Graduate Catalog takes precedence over any other information.

#### Admission

Students seeking regular admission to graduate study in Industrial Engineering must meet departmental admission requirements in addition to those of the Graduate School (https://catalogs.nmsu.edu/nmsu/ graduate-school/). The departmental requirements are listed below:

- A student holds a bachelor's degree in Engineering from a school accredited by the Accreditation Board for Engineering and Technology (ABET) and has taken a course in calculus-based probability and statistics, or a student holds a bachelor's degree from an accredited school and meets the math prerequisites of the Department of Industrial Engineering. The prerequisites are: 9 hours in calculus; 3 hours in differential equations; and 3 hours in calculus-based probability and statistics. All students must have a grade point average of 3.0 or above (based on A=4.0) during their last 60 hours of undergraduate study.
- A letter of intent should be written providing the department with information why the student wants to pursue a graduate degree, and professional and academic plans/goals.

Note that up to 15 credits may be transferred in if the student was enrolled in an approved graduate program. An applicant should meet or correspond directly with the IE graduate faculty as a first step in determining his or her specific admission status.

#### Procedure

Upon being admitted to graduate work in the department, the student will be assigned a temporary advisor until a permanent advisor is selected. Students should contact the department prior to the time of registration, so that preliminary advising can be done without pressure or haste.

#### Selection of Advisor

During the first 12 credit hours in the Industrial Engineering Graduate Program, all master's degree students must select a permanent advisor. This must be done prior to registration for the fifth course the student takes. In selecting an advisor, the student should communicate with several members of our graduate faculty to discuss specific program objectives. The student should also use these contacts to become familiar with faculty research projects that are currently in progress. The faculty member must consent to serve as the student's advisor in writing. A list of the graduate faculty of the department with their areas of interest is found on the IE web page at http://www.nmsu.edu/~ie/.

#### Submission of Programs

After completing 12 credits of graduate coursework, a permanent "Program of Study" form must be submitted to the Graduate School. Acceptance of this program admits the student to candidacy for the degree.

## Industrial Engineering - Master of Science in Industrial Engineering (Online)

The Department of Industrial Engineering offers the Master of Science (M.S.) in Industrial Engineering with focus areas of manufacturing, operations research and engineering management. Students may choose

one of two options for completing their M.S. degree and the requirements for each option are listed below:

- Thesis option: 24 credits of course work plus 6 credits of I E 599 Master's Thesis.
- **Project Option:** 27 credits of course work plus 3 credits of I E 598 Special Research Programs.

Whether students write a thesis or complete a project, the program of study leading to the M.S. degree consists of 30 credits. At least 50% of the course work must be taken from the Approved IE Department Course List. This means that students can take up to five electives from engineering disciplines outside the department and/or other areas of interest outside the college.

Note that NMSU reserves the right to change the program requirements without prior notice. Information in the NMSU Graduate Catalog takes precedence over any other information.

#### Admission

Students seeking regular admission to graduate study in Industrial Engineering must meet departmental admission requirements in addition to those of the Graduate School (https://catalogs.nmsu.edu/nmsu/ graduate-school/). The departmental requirements are listed below:

- A student holds a bachelor's degree in Engineering from a school accredited by the Accreditation Board for Engineering and Technology (ABET) and has taken a course in calculus-based probability and statistics, or a student holds a bachelor's degree from an accredited school and meets the math prerequisites of the Department of Industrial Engineering. The prerequisites are: 9 hours in calculus; 3 hours in differential equations; and 3 hours in calculus-based probability and statistics. All students must have a grade point average of 3.0 or above (based on A=4.0) during their last 60 hours of undergraduate study.
- You must write <u>a statement of intent</u> describing your intended research. This statement should be 200-300 words and should discuss your graduate research interests and suggest a faculty member who might advise your research. Refer to the research interests of IE graduate faculty for possible advisors. You will not be admitted if you do not submit this statement, as it is part of your application for admission.

Note that up to 15 credits may be transferred if the student was enrolled in an approved graduate program. An applicant should meet or correspond directly with the IE graduate faculty as a first step in determining his or her specific admission status.

#### Procedure

Upon being admitted to graduate work in the department, the student will be assigned a temporary advisor until a permanent advisor is selected. Students should contact the department prior to the time of registration, so that preliminary advising can be done without pressure or haste.

#### Selection of Advisor

During the first 12 credit hours in the Industrial Engineering Graduate Program, all master's degree students must select a permanent advisor. This must be done prior to registration for the fifth course that the student takes. In selecting an advisor, the student should communicate with several members of the IE graduate faculty to discuss specific program objectives. The student should also use these contacts to become familiar with faculty research projects that are currently in progress. The faculty member must consent to serve as the student's advisor in writing. A list of the department graduate faculty along with their areas of interest is found on the IE web page (https://ie.nmsu.edu/).

#### Submission of Programs

After completing 12 credits of graduate coursework, a permanent "Program of Study" form must be submitted to the Graduate School. Acceptance of this program admits the student to candidacy for the degree.

The optional courses outside the department and/or the college should be previously approved by the academic advisor. See your advisor for more detailed information about selecting elective courses.

#### **Requirements for Graduation**

It is the responsibility of the student to complete all forms before submitting them to the IE department. Blank forms will not be accepted.

- 1. Application for Diploma (Degree) At the start of the semester in which you are to graduate you must file an Application for Diploma (Degree) and fee with the NMSU Registrar Office. To find the application as well as deadlines, log onto MyNMSU (https://my.nmsu.edu/) and click on the Student and Financial Aid tab, then under QuickLinks select Student Records. Filing dates are on the Graduate School Calendar that is maintained on the Graduate School web site.
- Program of Study After you have completed 12 NMSU credits, you are required to complete a form entitled Program of Study and Committee for Master's Students (http:// gradschool.nmsu.edu/wp-content/uploads/sites/5/2015/04/ masters\_program\_of\_study.pdf). This form is found on the NMSU Graduate School Forms (http://gradschool.nmsu.edu/graduateforms/)web page.
- 3. Schedule Your Master's Exam Whether you write a thesis, complete a project or take all course work, you must schedule a final examination during your last semester of course work/research. Examination committee rules are in the Graduate Catalog and schedule dates are found on the Graduate School Deadlines (http:// gradschool.nmsu.edu/deadlines/deadlines.htm) page. You should plan to have your adviser, a second IE graduate faculty member, and an external (outside the IE department) faculty member. The external member will also serve as the Dean of the Graduate School's Representative. To ensure that a Faculty Member is currently a member of the Graduate Faculty and their appointment expiration date please visit http://gradschool.nmsu.edu/gradfac1.htm
- Other Forms Additional forms can be found on the Graduate School website (http://gradschool.nmsu.edu/).

#### To schedule and take your exam:

- Schedule a 2-hour time block that is convenient for you and your selected faculty committee. Students are responsible for contacting and scheduling their committee.
- Schedule use of the IE Conference Room, Room 279 EC III, with the Industrial Engineering Secretary. At that time, if you are presenting a project or thesis, schedule the use of any equipment you may require such as the In Focus projector, laptop, etc.
- Complete the Master's Final Examination Form (http:// gradschool.nmsu.edu/wp-content/uploads/sites/5/2015/04/ masters\_final\_examination\_form.pdf). You must schedule your exam a minimum of 10 working days in advance. This means your form must be at the Graduate School at that time.
- Consult with your adviser to discuss your examination. This can be by phone or e-mail.
- Be on time for your examination. If you're using equipment for presenting research, you should arrive early to set up.

Please plan to attend, with your family and friends, the College of Engineering's Sociedad de Ingenieros ceremony that is held to recognize our engineering graduates. This ceremony is held the Friday evening before Graduation. New Mexico State University master's accelerated program provides the opportunity for academically qualified undergraduate students to begin working on a master's degree during their junior and senior years while completing a bachelor's degree. Typically, a bachelor's degree requires four years to complete, and a master's degree requires an additional two years. The master's accelerated programs allow students the opportunity to complete a graduate program in an accelerated manner. Students can take up to 12 credits of approved I E courses and get dual course credit that can be applied to both an undergraduate and master's degree. You can also check NMSU's catalog for additional information about our programs.

## **MAP Requirements**

- · The Graduate School allows gualified junior or senior students to substitute its graduate courses for required or elective courses in an undergraduate degree program and then subsequently count those same courses as fulfilling graduate requirements in a related graduate program.
- Undergraduate students may apply for acceptance to the accelerated master's program after completing 60 semester hours of undergraduate coursework of which a minimum of 25 semester credit hours must be completed at NMSU.
- The grade point average must be at a minimum of 2.75.
- · Students must receive a grade of B or higher in this coursework to be counted for graduate credit. If a grade of B- or lower is earned, it will not count toward the graduate degree.

## **Accepted MAP Courses**

The following courses are accepted for use in the MAP program, any other I E 500+ courses may be considered after a consultation with an advisor. An exception will need to be made to the degree audit in order for the additional course(s) to be included on both the Undergraduate and Graduate degrees.

# Information Technology - Master of Information Technology (Online)

The objective of this program is to provide opportunities for working professionals and traditional technology students to increase their knowledge and skillsets in the growing field of Information Technology. The professional Masters of Information Technology (M-IT) degree is a non-thesis, 100% online, professional development degree offered by the Department of Engineering Technology and Surveying Engineering (ETSE) in the NMSU College of Engineering. This degree is designed for working IT professionals and students interested in pursuing an advanced technology degree. Topics include system architecture, computer networking, development and application of software tools, cybersecurity, and virtual systems in the context of enterprise IT decisionmaking.

There are two paths to completing this degree. The first is a traditional program of 30 credits of masters' level course work for students who currently hold a baccalaureate degree. The second is a baccalaureate to master's accelerated track. In this track, undergraduates will successfully complete the first three years of an undergraduate baccalaureate program, which coincides with the requirements of the Engineering Technology BS degree in Information Engineering Technology (IET) or the BICT degree in Information and Communication Technology (ICT).

The accelerated track master's degree in engineering is not available to students who have already earned an undergraduate degree. Upon approval from the Graduate School, in the final year, up to 12 credits of IET/ICT degree's required or elective courses numbered 450 and above may be considered "dual credits" applying to both the baccalaureate and the M-IT degree. When the student completes the baccalaureate degree and after admission to the M-IT program, the completed dual credit courses will be applied to the Master's requirements. The final M-IT degree requirements will be chosen to complete the 30 credit requirement. Students will begin taking graduate-level classes when they have junior or senior standing (up to 9 credits). These courses double count, fulfilling requirements for both a baccalaureate and the M-IT degree.

## **Academic Advisor and Final Exit Survey**

Newly admitted Mechanical Engineering Masters of Engineering (online) students will be assigned the Graduate Program Coordinator as an academic advisor.

All students must take Professional Master's Degree Exit Survey to graduate, which will be conducted by the Graduate Program Coordinator and will be taken after completing all coursework.

New Mexico State University master's accelerated program provides **the opportunity for academically qualified undergraduate students** to begin working on a master's degree **during their junior and senior years** while completing a bachelor's degree. Typically, a bachelor's degree requires four years to complete, and a master's degree requires an additional two years. The master's accelerated programs allow students the opportunity to complete a graduate program in an accelerated manner. You can also check NMSU's catalog for additional information about our programs.

Please talk to an MAE faculty advisor about your MAP plan and develop a course plan in consultation with the advisor. The faculty advisor should preferably be from the MAE area of your interest.

### **MAP Requirements**

- The Graduate School allows qualified junior or senior students to substitute its graduate courses for required or elective courses in an undergraduate degree program and then subsequently count those same courses as fulfilling graduate requirements in a related graduate program.
- Undergraduate students may apply for acceptance to the accelerated master's program after completing 60 semester hours of

undergraduate coursework of which a minimum of 25 semester credit hours must be completed at NMSU.

- · The grade point average must be at a minimum of 2.75.
- Students must receive a grade of B or higher in this coursework to be counted for graduate credit. If a grade of B- or lower is earned, it will not count toward the graduate degree.

#### Accepted MAP Courses

The following courses are accepted for use in the MAP program, any other courses may be considered after a consultation with an advisor. An exception will need to be made to the degree audit in order for the additional course(s) to be included on both the Undergraduate and Graduate degrees.

# Nursing Leadership and Administration - Master of Science in Nursing (Online)

The Master's of Science in Nursing (MSN) provides graduatelevel education and training in the field of Nursing Leadership and Administration. Students enrolled in the Nursing Leadership and Administration MSN program acquire the knowledge and experience to assume leadership positions in a wide range of healthcare systems and fulfill the fundamental requirements to secure middle and top-level administrative positions in healthcare agencies. The MSN in Nursing Leadership and Administration degree option is available to nurses who possess an RN license and a Bachelor of Science degree in Nursing (BSN). Courses for this degree are delivered through distance education (i.e., online), which allows nurses to advance their careers while working and remaining in their communities.

For application information, visit the School of Nursing website (https:// schoolofnursing.nmsu.edu/) or contact the Nursing Graduate Advisor for more information about application and admission requirements at (575) 646-2772.

Additional Require	ements	
PHLS 5998	Field Experience	3
Electives <sup>2</sup>		6
Integrative Learnin	ng Experience <sup>3</sup>	
Total Credits		42

<sup>1</sup> PHLS 5210 Foundations & Techniques of Public Health Education is a pre-requisite for PHLS 5250 Evaluative Approaches in Public Health for HBHP students, but not required for HMAP students. The student will need a prerequisite hold released for registration.

- <sup>2</sup> Elective courses may include other 5000-level courses from other departments. Some PHLS 5000-level courses are crossed listed with PHLS 4000 level courses (e.g PHLS 4640 Rural Health Issues and PHLS 5640 Rural Health Issues). Students who have previously taken one of these 4000 level courses at NMSU, may not take the corresponding 5000 level PHLS course for degree completion credit. Select elective and optional courses may also be available during summer sessions.
- <sup>3</sup> Non-Thesis students must complete an Integrative Learning Experience (ILE) that allows them to demonstrate a synthesis of foundational and concentration competencies. This also serves as the final exam for Graduate School Requirements.

All MPH students must comply with the Student Code of Conduct for the Department of Public Health Sciences. This can be found online at the Department's web page.(http://publichealth.nmsu.edu (https:// publichealth.nmsu.edu))

<sup>2</sup> To provide flexibility, PHLS 5998 Field Experience can be done in Spring 2 or Summer 2.

New Mexico State University's master's accelerated program allows academically qualified undergraduate students to begin working on a master's degree during their junior and senior years while completing a bachelor's degree. Typically, a bachelor's degree requires four years to complete, and a master's degree requires an additional two years. The master's accelerated programs allow students to complete a graduate program in an accelerated manner. You can also check NMSU's catalog for additional information about our programs. Please talk to the PHS Graduate Coordinator about your MAP plan and develop a course plan in consultation with that person.

## MAP Requirements

- The Graduate School allows qualified junior or senior students to substitute its graduate courses for required or elective courses in an undergraduate degree program and then subsequently count those same courses as fulfilling graduate requirements in a related graduate program.
- Undergraduate students may apply for acceptance to the accelerated master's program after completing 60 semester hours of undergraduate coursework, of which a minimum of 25 semester credit hours must be completed at NMSU.
- The grade point average must be at a minimum of 3.00.
- Students must receive a grade of B or higher in this coursework to be counted for graduate credit. If a B- or lower grade is earned, it will not count toward the graduate degree.

#### **Accepted MAP Courses**

The following courses are accepted for use in the PHS MAP program; other courses may be considered after consultation with the Graduate Coordinator. An exception will need to be made to the degree audit in order for the additional course(s) to be included on both the Undergraduate and Graduate degrees. Other Cultural Foundation courses (PHLS 5600-5699) may be substituted when offered.

Prefix	Title	Credits

PHLS 5620	Cross-Cultural Aspects of Health	3

# Social Work - Master of Social Work (Online)

The requirements for the Master of Social Work degree include 60 credits of designated graduate courses (30 credits of designated graduate courses for those accepted for advanced standing); a cumulative gradepoint average of at least 3.0 on a 4.0 scale in all courses and practicums.

Note that all social work courses must be taken in sequence. Successful completion of course work for each semester is a prerequisite for the course work of the following semester.

An integral part of a graduate social work program is completing practicums. For those enrolled in the two-year and three-year programs, two practicum placements totaling 950 hours will be required. For those students entering the program with advanced standing, one practicum placement is required, totaling 500 hours in the field. Students are offered a wide range of practicum sites from which to choose. Students should be prepared to travel some distance and be responsible for their own transportation costs.

## **Application Deadlines**

The early decision deadline for completed applications is December 1 for fall admission. The priority deadline for completed applications is February 1 for fall admission. The final deadline for completed applications is April 1 for fall admission. Late applications, if completed, will be reviewed only on a space-available basis.

## **Course of Study**

	Total Credits	60

This requirement can be completed with either an SOWK 5000-level course or any active 500-level course (for any prefix) within the catalog.

#### Related Outside Elective Examples (choose one graduate level)

SOWK elective courses not listed above, Sociology, Anthropology, Psychology, Health Science, Family and Consumer Science, Counseling and Education Psychology, Economics, Management, Government, Statistics, Women's Studies, Criminal Justice.

## Sociology - Master of Arts (Online) **Non-Thesis Program Requirements: Coursework Only**

Students who choose this option will take a minimum of 36 credit hours of graduate work distributed as follows:

Prefix	Title	Credits
Requirements		
SOCI 5110	Perspectives on Sociology <sup>1</sup>	3
SOCI 5163	Issues in Advanced Quantitative Analysis <sup>1</sup>	3
SOCI 5165	Seminar in Classical Social Theory <sup>1</sup>	3
SOCI 5153	Seminar in Sociological Research <sup>1</sup>	3
SOCI 5157	Seminar in Qualitative Research Methods <sup>1</sup>	3
Select an additional 21 credits from 5000 level Sociology course work to be taken in consultation with the sociology graduate student's advisor.		21
Final master's writter	examination covering all general coursework.	
Total Credits		36

To be taken within the first 27 hours of graduate credit. A grade of B- or better is required to receive credit for each of these core courses.

### Admission Requirements

To apply for admission to the Online Sociology MA Program and the Graduate School, applicants must meet the following criteria and submit the following through https://apply.nmsu.edu/apply/.

- Application form and any applicable fees
- An undergraduate cumulative GPA of at least 3.0 on a 4.0 scale.
- · A record of professional, ethical, and collegial behavior.
- · Official undergraduate and graduate transcripts from all colleges and universities attended.
- · A well-written statement of purpose from the candidate addressing graduate school objectives and interests.

Failure to meet any of the above criteria may result in the student not being accepted into our program. However, in cases when an otherwise outstanding student does not meet the GPA requirements, the student may be accepted provisionally into the program.

The GRE is not required for admission. Students may be required to take prerequisites before gaining admission.

The department admits students on a rolling basis.

# Spanish - Master of Arts (Online)

The degree plan requires a minimum of 36 credits in Spanish, of which at least 30 must be earned at the 500 level, and the remainder above the 450 level. The courses should be concentrated in the student's chosen area of study (linguistics or literature) as each student will be tested on a reading list that corresponds to each area study. A thesis is optional. Students authorized to complete a thesis may count a maximum of 6 credits of thesis work toward the degree. At the present time, the thesis option is not available for online-only students. There are no required core courses at this time and a student should work closely with his/her advisor and the Graduate Director to establish an appropriate individual degree plan.

All students in either the on-campus or online program may complete a minor at the master's level by taking 9 credits (3 courses) at the 500 level or above, in another area (department) of study, or within the department itself. For instance, a student studying linguistics may wish to obtain a minor in literature or a student studying literature may wish to obtain a minor in linguistics. In either case, the minor credits count as part of the 36 total credits required for the degree. In all cases, the student should work closely with the Graduate Director to ensure his/her particular plan of study is acceptable to the program.

## **Area of Study: Linguistics**

Prefix	Title	Credits
Select 12 courses from	n the following:	36
SPAN 507	Technology Enhanced Language Learning	
SPAN 508	Teaching Literature with Technology	
SPAN 509	Teaching Culture with Technology	
SPAN 510	Assessing the National Standards	
SPAN 540	Introduccion a la Linguistica	
SPAN 545	Advanced Dialectos del Espanol	
SPAN 558	Bilinguismo	
SPAN 561	Advanced Spanish Phonetics	
SPAN 562	Advanced Spanish Phonology	
SPAN 570	Advanced Study in Technical Translation	
SPAN 580	Research Methodology in Spanish Linguistics	
SPAN 584	Spanish Morphosyntax	
SPAN 589	Spanish Sociolinguistics	
SPAN 591	Advanced Study in History of the Spanish Language	
SPAN 592	Advanced Structure of Spanish	
SPAN 594	Theory and Methodology of Spanish Pedagogy	
SPAN 597	Advanced Strategies for Teaching Spanish for Heritage/Native Speakers	
Total Credits		36

**Total Credits** 

## Area of Study: Literature

Prefix	Title	Credits
Select 12 courses from	n the following:	36
SPAN 500	Methods of Research and Literary Criticism	
SPAN 512	Contemporary Spanish-American Poetry	
SPAN 520	Adv. The Art of Storytelling	
SPAN 521	Advanced Culture and Literature of New Mexico	
SPAN 528	Advanced U.S. Latino Culture and Literature	
SPAN 547	Advanced Hispanic Film	
SPAN 548	Advanced U.SHispanic Film	

Т	otal Credits		36
	SPAN 588	Contemporary Spanish-American Drama	
	SPAN 587	Contemporary Spanish-American Short Story	
	SPAN 586	Contemporary Spanish-American Essay	
	SPAN 583	Advanced Study in Spanish-American Women Writers	
	SPAN 573	Advanced Study in Creative Writing	
	SPAN 567	Advanced Study in Chicano Literature	
	SPAN 566	Contemporary Spanish-American Novel	
	SPAN 564	Advanced Post-Modern Hispanic Literature	
	SPAN 563	Advanced Study in Mexican Literature	
	SPAN 552	Advanced Literature of the Mexican Revolution	

Courses that may apply to either area include SPAN 590 Advanced Special Topics (see subtitles in schedule of courses to confirm subject of the course) SPAN 598 Independent Reading, Research, and/or Creative Writing, SPAN 599 Master's Thesis (both courses require a course proposal and prior approval).

#### Additional Language Requirement

For both the on-campus and online degrees, the department requires that students fulfill a second language requirement (in addition to English and Spanish) by following an approved course of study. Typically, this is completed by taking a four-semester course of study, but may vary according to the languages available.

Options for completing this requirement include taking classes at a local Community College or University, or online. Some students have met this requirement by studying abroad through NMSU. Students should consult the Graduate Director to establish a plan and discuss how this requirement will be met. Note: evidence of fulfilling the second language requirement must be provided to the Graduate Director BEFORE taking final examinations.

#### **English Language Requirement**

International students are required to demonstrate proficiency in English and meet all international admissions requirements prior to beginning their program of study. Please see the section of the Graduate Catalog on international admissions requirements and scores required for either the TOEFL or IELTS exam. Note: evidence of fulfilling the English Language Requirement must be provided to the Graduate Director AND the Graduate School BEFORE taking final examinations.

#### **Final Examinations**

Students must successfully complete a final department examination (generally during the final semester of coursework) that is partially written and partially oral. Please consult the Graduate Director for specific information on dates and format for these exams. Final examinations are only available during the Fall and Spring semesters.

#### Areas of Interest/Reading List

As stated previously, each student needs to select an area of interest: Linguistics or Literature. At the end of the student's degree, the final examinations (written and oral) will be based on the readings from the readings list in the student's selected area of study. For example, a student that has opted to specialize in literature is responsible for reading all the materials on the Literature Reading List. Likewise, a student that has opted to specialize in linguistics is responsible for reading all the materials on the Linguistics Reading List. The student is responsible for the reading list that was in place the year he or she started the program.

Each student is responsible for covering the reading materials listed. Please contact the Graduate Director for a detailed reading. Note that the list is dated, so make sure to refer to the correct list that covers the year/ semester the student started the program. The student is responsible for covering ALL the readings even if the student did not cover them as part of work done in class.

#### **Graduate Assistantships**

For the on-campus program only, the department awards graduate assistantships to qualified students. For this financial assistance, the student works up to 20 hours a week in departmental programs, chiefly in the teaching of elementary and intermediate Spanish courses in either the Heritage Language sequence or Spanish as a second Language sequence. Students interested in being considered for an assistantship should clearly state this interest in their introduction letter during the application process. The department offers a limited number of assistantships, and students should remember that not everyone that applies for this award receives one. Maintaining the award depends on the student's successful performance both academically and in the classes he/she teaches and is evaluated on a semester-by-semester basis. Students who receive an assistantship are required to take SPAN 594 Theory and Methodology of Spanish Pedagogy (see course description) as part of their degree plan in order to help them prepare for teaching classes at NMSU.

# **Special Education - Master of Arts** (Online)

#### **MA in Special Education Pathways** MA in Special Education (Initial License)

This route is 42 credits including student teaching and provides preparation for the New Mexico pre-K-12 Special Education license. Candidates must be admitted to the Teacher Education Program before completing practicum and student teaching experiences.

There are two course prerequisites that may be required, SPED 5105 Introduction to Special Education in a Diverse Society and SPED 5230 Advanced Curriculum for Diverse Exceptional Learners. If these are required they must be taken in the first semester they are offered.

Prefix	Title	Credits
<b>Course Requirements</b>		
SPED 5210	Introduction to Assessment of Diverse Exceptional Learners	3
SPED 5120	High Incidence Disabilities in a Diverse Society	3
SPED 5110	Low Incidence Disabilities in a Diverse Society	3
SPED 5130	Reading for Elementary Exceptional Learners in a Diverse Society, K-6	3
SPED 5860	Current Issues in Special Education for Teaching in Culturally Responsive Society	3
SPED 5140	Reading for Secondary Exceptional Learners in a Diverse Society, 7-12	3
SPED 5850	Current Research in Special Education	3
SPED 5160	Technology and Exceptionality in a Diverse Society	3
SPED 5811	Field Experience in Education, Equity & Cultural Diversity <sup>1</sup>	3
SPED 5810	Student Teaching SPED <sup>2</sup>	6
Total Credits		33

- <sup>1</sup> Admittance to TEP is required before registering for SPED 5811 Field Experience in Education, Equity & Cultural Diversity, which must be taken the semester before student teaching.
- <sup>2</sup> Admittance to STEP is required before registering for SPED 5810 Student Teaching SPED, which is the culminating course.

#### MA in Special Education (Prior General Ed. Licensure)

This route requires 30 credits of special education coursework and provides preparation for a second license, in Special Education, for students who already have an initial license in another area such as Early Childhood, Elementary, or Secondary Education.

There are two course prerequisites that may be required, SPED 5105 Introduction to Special Education in a Diverse Society and SPED 5230 Advanced Curriculum for Diverse Exceptional Learners. If these are required they must be taken in the first semester they are offered.

Prefix	Title	Credits
<b>Course Requirements</b>

SPED 5850	Current Research in Special Education	3
SPED 5160	Technology and Exceptionality in a Diverse Society	3
SPED 5811	Field Experience in Education, Equity & Cultural Diversity <sup>1</sup>	3
SPED 5220	Classroom Management for Diverse Learners	3
Total Credits		30

<sup>1</sup> SPED 5811 Field Experience in Education, Equity & Cultural Diversity is taken during the final semester of coursework

#### MA in Special Education (Alternative Licensure)

This route includes 39 credits. It begins with completion of alternative licensure components, which includes 21 credits of state-approved coursework and two semesters of university supervision while concurrently employed as the special education teacher of record in a classroom. After completion of the alternative components, students complete the remaining coursework (18 credits) and degree requirements.

# Note: Alternative Licensure requires concurrent employment as a special education teacher.

SPED Elective Courses	,1	24
Total Credits		30

<sup>1</sup> Electives are selected in consultation with an advisor, who will make recommendations based on prior coursework and individual student interests.

# MA in Special Education (emphasis in Visual Impairment)

This route requires 30-36 credit hours in visual impairment and special education coursework and prepares for licensure in teaching school-aged children/infants/toddlers and/or orientation and mobility. Students who meet qualifications and are interested in visual impairment may elect to pursue licensure only, rather than a master's degree, with 15-27 credits leading to a Blind and Visually Impaired Teaching License or National Certification in Orientation and Mobility.

# **Curriculum & Instruction - Doctor of Philosophy (Online)**

The Doctorate of Philosophy (PhD) are rigorous degrees requiring an intellectual and personal commitment. The academic course of study for both degrees is the same. The PhD doctoral program requires students to demonstrate competency in the computer tools or second language sequence. (See below in program descriptions). For the PhD program 66 credit hours is only the minimum and students may be asked to complete additional hours as per their advisor and committee recommendations.

The degree require a dissertation based on original research, inextricably grounded with an array of primary and secondary sources. The degree has required courses of study, but are additionally individualized based on

those scholarly and academic expectations set by the doctoral student in collaboration with their Dissertation Committee.

## **Options and Concentration**

Currently there are four Options and one concentration for the Doctoral Program of the Department of Curriculum & Instruction. These are:

#### **Options:**

- 1. Bilingual/TESOL
- 2. Critical Pedagogies
- 3. Early Childhood Education
- 4. Language, Literacy & Culture

#### **Concentration:**

1. Educational Learning Technologies

## **To Apply**

- Apply to the NMSU Graduate School (http:// gradadmissions.nmsu.edu/) (Select Intended major "Curriculum and Instruction" and then concentration you will pursue);
- Apply to C&I by submitting your Application Portfolio by December 15th (via the Graduate School Application portal)
  - See the sections, "Applying to the Doctoral Program," "Doctoral Intake Application Instructions" and the "C&I Doctoral Student Checklist" in the Doctoral Handbook (https://tpal.nmsu.edu/ academics/graduate-programs/graduate-program-handbooks/).
  - NMSU Doc Portfolio Example C&I (https://tpal.nmsu.edu/ files/2018/05/ma-handbook-portfolio-2013-1.pdf) (If the Sample portfolio does not open automatically, try a different browser or try saving the portfolio to your desktop before opening it.)

NOTE: Potential students who have written successful portfolios will be invited to interview with the Doctoral Qualifying Committee (a committee of C&I faculty)

Once Applicants Are Accepted

- Attend the applicable Doctoral Orientation Meeting your first semester of classes
- · Meet with your Interim Advisor during your first semester of classes
- · Get to know our faculty (https://tpal.nmsu.edu/faculty/)
- Read the Doctoral Handbook (https://tpal.nmsu.edu/academics/ graduate-programs/graduate-program-handbooks/) and the sections of the NMSU Graduate Catalog that apply to you (this is your responsibility)
- Follow the Doctoral Program Checklist from the C&I Doctoral Handbook (https://tpal.nmsu.edu/academics/graduate-programs/ graduate-program-handbooks/)

# Nursing - Doctor of Nursing Practice (Online)

The DNP is a doctoral degree for nurses at the highest level of nursing practice. The American Association of Colleges of Nursing (AACN) has proposed that the DNP degree will be the level of entry for all advanced practice nurses by 2020. Practice-focused doctoral nursing programs prepare leaders for the highest level of practice and is the terminal practice degree. The post-MSN to DNP track is for advanced practice

registered nurses (APRN's) who wish to earn the terminal clinical degree in nursing.

For application information, visit the School of Nursing website (https:// schoolofnursing.nmsu.edu/) or contact the Nursing Graduate Advisor for more information about application and admission requirements at (575) 646-2772.

New Mexico State University is a full member of the National Council of State Authorization Reciprocity Agreements consortium (SARA). Students will need to check the NMSU SARA website (https://online.nmsu.edu/state\_authorization/Check%20Your %20State.html) before application to determine if NMSU has a reciprocity agreement with their home state before application is made.

# Nursing Practice (Family Nurse Practitioner)- Doctor of Nursing Practice (Online)

The **Doctor of Nursing Practice (DNP)** is a doctoral degree for nurses at the highest level of nursing practice. The American Association of Colleges of Nursing (AACN) has proposed that the DNP degree will be the level of entry for all advanced practice nurses by 2020. Practicefocused doctoral nursing programs prepare leaders for the highest level of practice and is the terminal practice degree. The core DNP courses prepare the DNP graduate for Population Health Leadership. Although the coursework for these programs is web-based, the clinical component consists of over **1000 contact hours**. Anyone interested in pursuing a nurse practitioner doctorate must ensure they can accommodate the intensive time commitment these programs require. The **Family Nurse Practitioner** track prepares nurses for advanced practice through a course of study focused on families' health care across the lifespan. The courses in this specialty focus on advanced health assessment, pathophysiology, pharmacology, and management of acute and chronic illness in families. These courses are combined with specialty seminars and clinical experiences that emphasize the physiological and psychosocial impact of illness on the patient and family. Graduates are prepared to sit for the Family Nurse Practitioner certification exam.

In order to complete the DNP program, each student is required to generate a project that reflects their advanced coursework in leadership, research translation, and clinical knowledge and skills.

New Mexico State University is a full member of the National Council of State Authorization Reciprocity Agreements consortium (SARA). Students will need to check the NMSU SARA website (https:// global.nmsu.edu/check-your-state/) before applying to determine if NMSU has a reciprocity agreement with their home state before applying. State Boards of Nursing may regulate NMSU's ability to have APRN students in clinical practice in the home state of out-ofstate students. Please refer to the National Council of State Boards of Nursing's APRN Distance Education Requirements (https:// www.ncsbn.org/13662.htm) website and contact Nursing Graduate Advisor to confirm eligibility for clinical training in states outside of New Mexico.

For application information, visit the School of Nursing website (https:// schoolofnursing.nmsu.edu/) or contact the Nursing Graduate Advisor for more information about application and admission requirements at (575) 646-2772.

## Nursing Practice (Population Health Leadership) - Doctor of Nursing Practice (Online)

The DNP is a doctoral degree for nurses at the highest level of nursing practice. The American Association of Colleges of Nursing (AACN) has proposed that the DNP degree will be the level of entry for all advanced practice nurses by 2020. Practice-focused doctoral nursing programs prepare leaders for the highest level of practice and is the terminal practice degree. The Population Health Leadership concentration is a post-MSN to DNP track for master's prepared nurses who wish to earn the terminal clinical degree in nursing. APRN's and non-APRN's can apply.

For application information, visit the School of Nursing website (https:// schoolofnursing.nmsu.edu/) or contact the Nursing Graduate Advisor for more information about application and admission requirements at (575) 646-2772.

## Nursing Practice (Psychiatric/Mental Health)- Doctor of Nursing Practice (Online)

The **Doctor of Nursing Practice (DNP)** is a doctoral degree for nurses at the highest level of nursing practice. The American Association of Colleges of Nursing (AACN) has proposed that the DNP degree will be the level of entry for all advanced practice nurses by 2020. Practicefocused doctoral nursing programs prepare leaders for the highest level of practice and is the terminal practice degree. The core DNP courses prepare the DNP graduate for Population Health Leadership. Although the coursework for these programs is web-based, the clinical component consists of over **1000 contact hours**. Anyone interested in pursuing a nurse practitioner doctorate must ensure they can accommodate the intensive time commitment these programs require.

The **Psychiatric/Mental Health Nurse Practitioner** track prepares nurses for advanced practice focusing on mental health issues across the lifespan. The curriculum builds upon four core PMHNP competencies: advanced health assessment (physical and psychosocial); diagnosis (diagnosis of mental disorders, pathophysiology, and neurophysiology); psychotherapy (individual, group, and family); and medication management (pharmacology and psychopharmacology). Other courses develop competencies in healthcare systems, bestpractice research utilization and translation, and healthcare quality improvement. Graduates are prepared to sit for the Psychiatric/Mental Health Nurse Practitioner Exam.

To complete the DNP program, each student is required to generate a project that reflects their advanced coursework in leadership, research translation, and clinical knowledge and skills.

New Mexico State University is a full member of the National Council of State Authorization Reciprocity Agreements consortium (SARA). Students will need to check the NMSU SARA website (https:// global.nmsu.edu/check-your-state/) before applying to determine if NMSU has a reciprocity agreement with their home state before applying. State Boards of Nursing may regulate NMSU's ability to have APRN students in clinical practice in the home state of out-ofstate students. Please refer to the National Council of State Boards of Nursing's APRN Distance Education Requirements (https:// www.ncsbn.org/13662.htm) website and contact Nursing Graduate Advisor to confirm eligibility for clinical training in states outside of New Mexico. For application information, visit the School of Nursing website (https:// schoolofnursing.nmsu.edu/) or contact the Nursing Graduate Advisor for more information about application and admission requirements at (575) 646-2772.

# **Early Childhood Education Alternative Licensure - Graduate Certificate (Online)**

## **Alternative Licensure**

The Public Education Department of New Mexico offers a nonrenewable, 2-year license granted to allow a person to simultaneously teach and complete teacher education course work at an approved university or community college. The Alternative Educator Prep Program is a stateaccredited post-baccalaureate program for obtaining your New Mexico Level I Teaching License.

## **Early Childhood Education Alternative** Licensure Certificate

The School of Teacher Preparation, Administration & Leadership at New Mexico State University offers a 21-credit alternative licensure program in early childhood education for persons who hold at least a baccalaureate degree but have not completed a traditional teacher preparation program. This program is part of NMSU-Online.

Eligible Participants must:

- · Meet minimum state requirements of at least a bachelor's degree and course requirements of 30 undergraduate credit hours (6.60.3.7 NMAC) in the teaching field with a minimum 2.75 cumulative undergraduate GPA
- Be hired and submit a copy of a current teaching contract from a school district in New Mexico that indicates the candidate is the teacher of record in grades PreK to 3rd
- · Be admitted to the NMSU Graduate School
- · Be admitted to the School of Teacher Preparation, Administration and Leadership

All licensure courses are eligible for transfer into a Master of Arts in Education Plus Licensure in Early Childhood Education in the School of TPAL.

Other Program Requirements to be completed by the end of the two-year program:

- Maintain a 3.0 minimum GPA throughout the program
- Teach with a provisional/intern license throughout the program and provide annual verification of continued early childhood education employment at a New Mexico school district
- Participate in two semesters of four observations by a University Supervisor, with a fee for each semester
- Students can apply for a Level I Teaching License with New Mexico Public Education Department by submitting their Early Childhood Alternative Licensure Certificate and proof of passing scores for Praxis Exams: Core Academic Skills in Reading, Writing, and Math and Education for Young Children. https://www.ets.org/praxis/nm (https://www.ets.org/praxis/nm/)

# Family Nurse Practitioner - Post-Masters Certificate (Online)

**Post Graduate APRN Certificate Program:** This program is for currently certified Master's or doctorally-prepared nurse practitioners, certified nurse midwives, and certified registered nurse anesthetists who wish to obtain the coursework needed to sit for certification in another specialty. The Post-Graduate certificate consists of 18 credit hours, including a minimum of 500 clinical hours. When applying to the Post-Graduate APRN Certificate program, please select "Graduate Certificate" in the application system. Please note that the clinical hours are "required" for national certification and cannot be waived or negotiated.

The **Family Nurse Practitioner** track prepares nurses for advanced practice through a course of study focused on families' health care across the lifespan. The courses in this specialty focus on advanced health assessment, pathophysiology, pharmacology, and management of acute and chronic illness in families. These courses are combined with specialty seminars and clinical experiences that emphasize the physiological and psychosocial impact of illness on the patient and family. Graduates are prepared to sit for the Family Nurse Practitioner certification exam.

For application information, visit the School of Nursing website (https:// schoolofnursing.nmsu.edu/) or contact the Nursing Graduate Advisor for more information about application and admission requirements at (575) 646-2772.

## Online Teaching and Learning -Graduate Certificate (Online)

The Online Teaching and Learning Graduate Certificate (OTLGC) is fully online certificate for professionals in business, government, education, or other settings who want to develop their knowledge and skills in online teaching and learning. Prime candidates for the OTLGC program are individuals with a need to explore online teaching and learning techniques and the willingness to engage in collaborative learning projects.

The OTLGC utilizes technology-based environments to actively engage students in designing formal educational projects that meet professional objectives. The four courses (3-credits each) are sequences to provide an intense immersion in a dynamic online environment.

Current NMSU graduate students can take the OTLGC program. These graduate students should consult with their graduate advisor before starting the OTLGC program. If completing a OTLGC concurrently with another graduate degree, students must apply for graduation at the same time for both the OTLGC and their other graduate degree.

Notes

- Certificate students must complete 576 hours of supervised clinical practicum hours. 1 credit in a clinical course = 64 hours of clinical practicum
- For PMHNP certificate students, NURS 514 Psychopharmacology for Advance Practice is optional because the New Mexico Higher Education Department limits graduate certificates to 18 credits. However, it is strongly recommended that students take this course to prepare them to meet the prescriptive practice and medication management competencies on the PMHNP certification exam.

New Mexico State University is a full member of the National Council of State Authorization Reciprocity Agreements consortium (SARA). Students will need to check the NMSU SARA website (https://online.nmsu.edu/state\_authorization/Check%20Your %20State.html) before application to determine if NMSU has a reciprocity agreement with their home state before application is made.

# Public Health - Graduate Certificate (Online)

The graduate certificate program in public health is not an official graduate degree offered by NMSU but rather a focused collection of courses that enrolled students complete in public health. These courses are designed to provide and/or enhance students' knowledge of and skills in public health practice. Those students who successfully complete the previously listed courses receive a certificate of completion statement on their official transcript and a formal certificate from the university.

Total Credits		15

<sup>1</sup> For those who have not had any statistics courses it is strongly recommended that they complete PHLS 5120 Biostatistical Applications in Public Health as their elective.

Note that students who complete the Graduate Certificate are eligible to sit for the Certified Public Health (CPH) examination.

Apply online at http://gradschool.nmsu.edu (http:// gradschool.nmsu.edu/)/. International students are required to contact the Center for International Programs at (575) 646-5480.

## Graduate PH Certificate: 1 Year Plan

# Public Utility Regulation and Economics - Graduate Certificate (Online)

The certificate in Public Utility Regulation and Economics (PURE) is a professional educational program designed for post-baccalaureate students pursuing a career in the utility sector, with an electric utility company, natural gas utility, water distribution utility, or with a government agency regulating these types of companies. PURE students must meet the general regulations and minimum requirements for admission to the graduate school and complete 12 credit hours including

Prefix	Title	Credits
ECON 571	Regulatory Policy and Industry Analysis: Electricity I	3
ECON 572	Regulatory Policy and Industrial Analysis: Water and Natural Gas	3
ECON 573	Regulatory Policy and Industry Analysis: Electricity II	3
ECON 574	Advanced Seminar Regulatory Policy and Industry Analysis	3
Total Credits		12

For details see https://business.nmsu.edu/degree-programs/minors/ certificates/grad-cert-pure.html

# Systems Engineering - Graduate Certificate (Online) Program Availability

This distance education program is available to working professionals who have undergraduate degrees in engineering, engineering technology, and related fields. It is also an option for persons with graduate degrees who seek career renewal. Systems engineering provides a unique opportunity for working professionals to integrate their work experience with advanced coursework.

#### **Program Objectives**

The objectives of this program are:

- To provide technical professionals an opportunity to advance their careers through advanced education in systems engineering.
- To develop and improve relationships with the College of Engineering's constituencies by offering a program that addresses a known need for professional graduate-level development.
- To provide an opportunity for non-traditional students to consider advancing their education in areas that will foster their career development.
- To enable program students to become aware of current faculty research in systems engineering areas.

#### **Requirements**

A 3.0 minimum cumulative GPA in four courses as described below will be required for award of the Systems Engineering Graduate Certificate Program.

#### Admission to the NMSU Graduate School

Students must apply and be admitted to NMSU as a non-degree student to take classes. For more information, contact:

NMSU Graduate School Box 30001, MSC 3G Las Cruces, NM 88003 (575) 646-2736 http://gradschool.nmsu.edu/ (http://gradschool.nmsu.edu)

To complete the Certificate Program, students must be admitted to the Graduate School as certificate students. If you are considering pursuing a degree in electrical or industrial engineering, you should contact that department for admissions requirements and advising.

#### **Academic Content**

Prefix	Title	Credits
<b>Required Courses</b>		6
I E 537	Large Scale Systems Engineering	
I E 590	Selected Topics (Systems Engineering)	
Electives (six credits	from the following):	6
Track 1- Modeling, Sim	nulation & Decisions	
I E 490	Selected Topics	
I E 533	Linear Programming	
I E 535	Discrete Optimization	
I E 545	Characterizing Time-Dependent Engineering Data	
I E 567	Design and Implementation of Discrete-Event Simulation	
Track 2 - Applications		
E E 460	Space System Mission Design and Analysis	
I E 525	Systems Synthesis and Design	
E E 585	Telemetering Systems	
E E 590	Selected Topics	
Track 3 - Systems Ana	lysis	
I E 466	Reliability	
I E 515	Stochastic Processes Modeling	
I E 522	Queuing Systems	
I E 571	Advanced Quality Control	
Total Credits		12

Other courses may be substituted by the approval of your advisor and the program director.

# **Teaching English to Speakers** of Other Languages - Graduate **Certificate (Online)**

## **Requirements**

Prefix	Title	Credits
BLED 5320	Second Language Acquisition	3
BLED 5420	Pedagogy of TESOL	3
BLED 5330	Assessment in Culturally & Linguistically Responsive Teaching	3
BLED 5990	TESOL Practicum	3

## **Common Course Numbering** Crosswalk

The Post-secondary Education Articulation Act (https://hed.state.nm.us/ resources-for-schools/public\_schools/nm-course-numberingsystem/) charges the New Mexico Higher Education Department with establishing and maintaining a common course numbering system, in consultation with faculty. To this end, the common course numbering system includes both equivalent (Common) and unique courses.

- · Common Course: is any course that is offered at multiple institutions throughout the state, has the same prefix/number combination, the same title, the same description, and at least 80% of the learning outcomes for the course are the same.
- Unique Course: is any course that is unique to the institution (the • NMSU system), has a prefix/number combination, title, description and learning outcomes that are unique to the institution (the NMSU System).

The table below shows the previous NMSU System-wide course prefix/ number combination, the future Common Course Numbering prefix/ number combination, and an indicator of whether the course is deemed Common or Unique throughout the state.

# Student Resources NMSU Global Campus Online Tutoring Services

As an NMSU Global Campus student, you have unlimited, accessible, and convenient online tutoring options through NMSU Campus Tutoring Services. We offer individual and small group tutoring online via NMSU Zoom.

Campus Tutoring Services, led by subject expert student peer tutors, will enhance your academic studies, giving you control over learning process by developing your confidence and commitment to learning. Campus Tutoring offers a strong and integrated academic support service to students led by experienced and nationally accredited student peer tutors. CTS Peer Tutors are the only College Reading and Learning Association (CRLA) certified tutors that serve the entire NMSU campus.

Online Tutoring is also available through BrainFuse.com

(https://www.brainfuse.com/highed/helpNow.asp?

a\_id=BACE164E&ss&r&fbclid=IwAR0YCNKXKYCDetiRUY8bimyDUPSQ0E804gmiHqQMWhhqNvVHG471winvD4) seven days a week from 2pm-11pm MT:

To set up an appointment with Campus Tutoring Services (https:// campustutoring.nmsu.edu/) or visit us in Corbett Center Student Union, Room 206, (575) 646-6050.

# Books, Supplies, Parking and Transportation

The New Mexico State University bookstore and parking office are both conveniently located at the corner of Jordan Street and University Avenue. The bookstore provides an avenue for students to obtain assistance with purchasing required books and supplies, along with spirit wear and numerous tech and specialty items. The Parking & Transportation office assists with parking permits and transportation services questions.

## NMSU Global Campus Online Career Exploration and Job Search

Are your ready to find the career of your dreams? NMSU Global Campus is here to guide you with exceptional career advising that incorporates career planning, job shadowing and internship opportunities. NMSU Global Campus career guidance will prepare you to be ready to meet the demands of highly skilled job positions and career fields now in the 21<sup>st</sup> century!

You will launch your career plans through Handshake – our online NMSU Career Management system that offers a comprehensive array of career programs and services: https://nmsu.joinhandshake.com/login (https:// nmsu.joinhandshake.com/login/)

We understand as an online student, developing job experience and finding employment while attending college can be tricky. The following programs will develop your career goals and experience and may offer face to face or online/remote positions in your area:

- On-Campus Employment: Information is available for part-time employment through work-study, regular student employment, and graduate level programs. Available opportunities are advertised on Handshake at https://nmsu.joinhandshake.com/login (https:// nmsu.joinhandshake.com/login/)
- **Off-Campus Employment:** Part and full-time jobs in Las Cruces, requiring general or very specific qualifications, are listed on Handshake and candidates may contact the employers for referrals.
- Cooperative Education, Internship Programs and Experiential Education: Information is available in Handshake on Cooperative Education and Internship opportunities offered by government, nonprofit organizations and business/industry. If you are interested in experiential education please register with the Cooperative Education & Internship Program Coordinator any time after your first semester on campus.
- Career Fairs: Watch for future Information on NMSU Global Campus Online Career Fairs. Students can meet employers online and discuss job opportunities several times a year or by attending a Career Fair on the Las Cruces campus. https://oel.nmsu.edu/career-events/careerfairs-future-dates.html
- Career Exploration and Advising: Schedule a meeting with a career advisor online to explore career and major options as well as develop job search materials such as resumes and cover letters. For information about career advising: https://oel.nmsu.edu/ Academic Online Advising - Center for Academic Advising and Student Support

We understand our NMSU Global Campus Online students may need to meet with an academic advisor on their own time schedule in the online environment. The Center for Academic Advising and Student Support (CAASS) is the central location for academic and career advising online and on campus.

CAASS advisors teach undergraduate students how to define and achieve their academic, personal, and career goals for college. Not only do academic advisors help students plan for registration each semester, the primary focus of guidance and advising is supporting students as they navigate the university by explaining degree requirements, clarifying policies and procedures, and informing students of resources that will support their success. All undergraduate degree-seeking students will be assigned a CAASS academic advisor.

Contact: https://online.nmsu.edu/advising/index.html (https:// online.nmsu.edu/advising/), or visit NMSU Educational Services, Suite 200, or call 575-646-2941. Current NMSU Online students can use Navigate (https://nmsu.navigate.eab.com) to schedule academic advising appointments with their advisor. Schedule your online academic advising meeting with NMSU Global Campus Academic Online Advisor here: https://online.nmsu.edu/ advising/index.html (https://online.nmsu.edu/advising/)

### **Cooperative Education and Internship Program for NMSU Global Campus**

NMSU has a national reputation for its Cooperative Education (Co-op) and Internship Program. Today's competitive employment market highly encourages you as a NMSU Global Campus student to participate in an experiential learning experience connected with your major as you complete your college degree. By participating in the Co-op / Internship Program, you will integrate academic theory and practical application in an actual job and potential career. Co-op / Internship assignments provide an array of work experiences with employers in business, industry, government and nonprofit organizations.

We understand as an NMSU Global Campus online student, developing job experience and finding employment while attending college can be a challenge. A COOP or Internship offers valuable career training experience. Check with The Office of Experiential Learning for possible face to face or online/remote positions in your area.

Continuing full-time students are eligible for all Co-op / Internship work assignments and must be completed prior to graduation. For each semester (spring, summer, & fall) that a student completes an approved Co-op / Internship, a notation is placed on his/her official academic transcript.

To earn the permanent official notation on the academic transcript, required documentation must be completed and turned in on time to the Cooperative Education & Internship Program Coordinator before and after each Co-op / Internship assignment.

You may register full-time for one or more Co-op / Internship positions throughout the U.S.; and each Co-op / Internship position will last the duration of an academic semester. While on a full-time Co-op / Internship, you will have full-time academic status with NMSU, which protects enrollment status, financial aid status, scholarship status, and other student eligibilities.

You may also register part-time for a Co-op / Internship position, also known as a parallel Co-op / Internship. Employers are generally located within commuting distance of the university. While on a part-time Co-op/ Internship, students work approximately 20 hours per week concurrently with full-time academic enrollment.

If you are interested in cooperative education or an internship, register with the Cooperative Education and Internship Program, and complete all registration requirements. Required activities include accessing the student's NMSU Handshake Account and completing an online orientation session. NMSU Global Campus students are responsible for submitting required enrollment forms, a mid-semester follow-up, and a program evaluation by both you and the employer. International students participating in a Co-op / Internship must follow the application and approval process for Curricular Practical Training (CPT) through the International Student and Scholar Services office along with the Cooperative Education and Internship Program process.

For additional information regarding the Cooperative Education and Internship Program contact or visit us online at: https://oel.nmsu.edu/ internships/internships.html Visiting the NMSU - Las Cruces campus? We are located in the Garcia Center, 3024 Locust St. Room 224,

- Phone: (575) 646-4115

- Website: https://nmsu.joinhandshake.com/login

# **Corbett Center Student Union**

If you live near or are visiting the NMSU Las Cruces campus, Corbett Center Student Union (CCSU) serves as the center for campus life, providing programs and services for students and other members of the university community. CCSU is a place to study, relax, meet with student groups, eat, work or play, CCSU offers students, faculty, staff and visitors a variety of services and activities. The student union is home to several student focused administrative offices including Student Involvement & Leadership Programs, Conference Services, Associated Students of NMSU (ASNMSU), Housing & Residential Life, Campus Dining Services, Dean of Students, the Tutoring Center, the student operated radio station, KRUX-FM, and the Round Up newspaper. Services offered at CCSU include an auditorium, meeting rooms, multiple dining facilities, ATMs, a computer lab, study areas, post office, and game room.

For more information contact:

Corbett Center Information Desk

1600 International Mall MSC CC, PO Box 30001 Las Cruces, NM 88003 Phone: (575) 646-4411 Email: ccsu@nmsu.edu or http://ccsu.nmsu.edu

# **NMSU Global Campus**

The Office of Digital Learning administers NMSU Global Campus, extending the reach of New Mexico State University (NMSU) beyond face-to-face traditional programs to provide opportunities for students to meet, their academic, professional, and personal learning goals. NMSU Global Campus is designed to remove geographic divides nationally and internationally to meet the needs of the adult and post traditional learner looking to complete a degree. All programs are offered 100% online.

NMSU Global Campus offers 70+ programs available across the five NMSU System campuses with Associate, Applied Associate, Bachelor, Master and Doctorate degrees as well as Certificates and Graduate Certificates. NMSU Global Campus programs are delivered 100% online, and in technology-mediated formats.

# **Education Abroad**

Education Abroad, a unity within the Office of Experiential Learning, assists colleges and departments with integrating education abroad into the undergraduate and graduate curriculum. Learn more here: . (https://oel.nmsu.edu/educationabroad/).

# **ID Card Services**

The NMSU Aggie ID Card is the official identification card that provides access to services offered at NMSU. The Aggie ID Card serves as a membership card for Aggie Cash, Aggie Print, proof of eligibility for access to athletic events and allows for other student services. This information is added to Aggie ID Card after registration for classes. Please visit **idcard.nmsu.edu** for more information.

Aggie Cash is a pre-paid account that allows you to use your Aggie ID Card to make purchases at locations all over campus. The NMSU Enhanced Aggie ID Card is your Aggie ID and Wells Fargo bank account all in one! The Parking & ID Card Services Office in the New Mexico State University Bookstore has the information to link your Wells Fargo account to your Aggie ID. For more information please contact us at (575) 646-2306.

# Information and Communication Technologies

Information and Communication Technologies (ICT) provides the university community with the computing and communication resources and services that support the educational, research, and public service missions of the university. These resources include NMSU's central computing systems, the network that supports the systems and the wired and wireless functionality through which the Internet is accessed. ICT operates the student computer labs found throughout the Las Cruces campus; maintains and manages laptop, camera, and projector checkout and rental for students; provides network registration of internet connected devices which is required for access to the NMSU network; and provides student printing known as Aggie print. Information about specific resources are available at https://studenttech.nmsu.edu/ ICT also provides support for all NMSU technology users through the ICT Help Desk.

For further information, contact:

Information and Communication Technologies (ICT) MSC 3AT, PO Box 30001 Las Cruces, NM 88003-8001 Phone: (575) 646-1840 email: help@nmsu.edu

ICT's web homepage can be found at http://ict.nmsu.edu. ICT's Helpdesk webpage can be found at https://inside.nmsu.edu/help/The helpdesk is located in room 105 of the Hardman and Jacobs Undergraduate Center. ICT's Student Technology and Planning Department's webpage can be found at https://studenttech.nmsu.edu/.

# **National Student Exchange Program**

Learn more here (https://oel.nmsu.edu/educationabroad/nationalstudent-exchange.html)!

# **New Mexico State University Library**

The New Mexico State University Library offers access to research and general collections in two library facilities located in the heart of the campus. Zuhl and Branson libraries house over millions of items and provide electronic access to scholarly journals, databases, and digital collections for general academic and discipline-specific research. The Archives and Special Collections Department at Branson Library holds unique research archives and rare books related to the history and cultural heritage of New Mexico, the U.S./Mexico border region and the Southwest, as well as the original records of the university. A professional team of faculty and staff dedicated to student success provides reference assistance and research support. A variety of quiet work areas, collaborative group spaces, and private study rooms offer a safe environment conducive to study and research. More information may be found at http://lib.nmsu.edu.

# **Office of Experiential Learning**

The Office of Experiential Learning (OEL) provides comprehensive and quality hands-on learning opportunities that assists students with their experiential educational and career goals. OEL encompasses a variety of programs including Corporate Relations and Career Events, Cooperative Education and Internship Program, Education Abroad and National Student Exchange, Community Engagement and Outreach, and the Passport Acceptance Facility. Corporate Relations and Career Events and the Cooperative Education and Internship Program seek to foster selfdirection and personal responsibility as well as assisting students with their career and employment goals by increasing knowledge through real life experiences in order to obtain gainful employment upon graduation.

Community Engagement and Outreach focuses on assisting students with opportunities to apply what they have learned in the classroom into real life settings, which lends to develop soft skills in areas such as demonstrated complexity of understanding, problem analysis, problemsolving, and critical thinking, which leads to greater academic learning, leadership skills, and personal efficacy. When used as a way to give back through service learning and volunteering, community engagement and outreach aims at improving social responsibility and citizenship skills with hopes of Aggies continuing to have greater involvement in community engagement after graduation.

Education Abroad and National Student Exchange provides Aggies an exciting opportunity to continue their education inside and outside of the continental U.S. Studying abroad is great way to learn in an immersive environment as is studying in other areas in the U.S. through National Student Exchange. It is so much more than what students learn in a classroom. Education abroad gives students the opportunity to take classes in a new context as well as provides the opportunity for students to learn and understand different cultures and nationalities. Students who take advantage of education abroad experience academic and personal growth. The Office of Experiential Learning also provides students with an on campus Passport Acceptance Facility Office which provides ease of access to obtain a U. S. Passport to experience the world abroad.

Our goal is to continue to research and introduce innovative initiatives that will offer increased opportunities for Aggies to attain well-rounded experience. For more information about services offered by the Office of Experiential Learning, please call (575) 646-1631.

# International Students and Scholar Services

The Office of International Students and Scholar Serices has more information here: https://isss.nmsu.edu/

Prohibition of All Forms of Unlawful Discrimination

For more information: https://arp.nmsu.edu/3-25/.

To report an incident, go to: https://equity.nmsu.edu/home/incident-report.html

# **Disability Access Services**

In compliance with the federal regulations outlined in Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 2008, NMSU is committed to providing accommodations and academic adjustments to ensure equal access for students with disabilities. Students who wish to request an accommodation or academic adjustment for face-to-face and online classes, practicums and internships must follow the established procedures for self-identification by completing the intake process with Disability Access Services (DAS). Our office also receives and processes housing accommodation determinations for students residing in student housing.

For more information, please visit our website or come by the DAS office in Corbett Center Student Union:

Room. 204 MSC 4149, PO Box 30001 Las Cruces, NM 88003-0001 (575) 646-6840 Email: das@nmsu.edu http://das.nmsu.edu

# **Student Success Centers for NMSU Global Campus Students**

The Student Success Center provides services to assist NMSU Global Campus students in reaching their academic potential. The Student Success Center provides study skills assistance in such areas as: time management; memory; concentration; note taking; reading; test preparation; test taking; math; science; speed reading; critical thinking; financial wellness, as well as graduate school and professional skills test preparation. In addition, the Student Success Center provides careerfocused services such as resume/cover letter reviews, mock interviews, and assistance with completing Handshake profiles. The services are available to students in the following formats:

- 1. Individualized consultations are provided to any student who walks in at the Student Success Center
- Learning strategies, study-skills and career-focused workshops provide quick assistance in one-hour presentations offered throughout the semester.
- 3. Professional and graduate school workshops provide development in such areas as speed reading, preparing for graduate school, preparing for the GRE Test.
- Student Success Center staff provide outreach presentations on learning, study-skills and career-focused topics to classes, programs and organizations on campus.
- 5. Individual and group financial wellness services are provided through the Nusenda Center for Financial Capability which is housed in the Student Success Center.

For comprehensive information on all programs and services offered by the Student Success Center please visit us at the Hardman and Jacobs Undergraduate Learning Center Room 128, call (575) 646-3136, or review our services online at http://ssc.nmsu.edu (http://ssc.nmsu.edu/).

# Testing Services for NMSU Global Campus Students

NMSU Global Campus offers Testing Services for all online students.

Test information and registration materials are available for the following tests:

- · American College Testing Assessment (ACT);
- · College Level Examination Program (CLEP);
- High School Equivalency (HSE) (GED/HiSET);
- Graduate Record Exam (GRE);

- Miller Analogies Test (MAT);
- Pearson VUE Test Site;
- PRAXIS Series;
- Pre-Professional Skills Test (PPST);
- · New Mexico Teacher Assessments;
- and others.

For more information contact:

DACC/NMSU Testing Services MSC 3DA, PO Box 30001 Las Cruces, NM 88003 Phone: (575) 528-7295 https://dacc.nmsu.edu/student-services/admissions/testingservices.html

# **Tutoring Services**

NMSU Global Campus students unlimited, accessible and convenient tutoring options to supplement their academic experience for our most in-demand courses on campus. Campus Tutoring offers individual and small group tutoring in-person and online via NMSU Zoom.

Campus Tutoring Services, led through a peer tutor model, enhances student's self-belief, giving students control over learning processes and developing confidence and commitment to learning. Campus Tutoring offers a strong and integrated academic support service to students led by experienced and nationally accredited peer tutors. CTS Peer Tutors are the only College Reading and Learning Association (CRLA) certified tutors that serve the entire NMSU campus.

For more information on Campus Tutoring Services, please visit us in Corbett Center Student Union, Room 206, call (575) 646-6050, or review our services at **campustutoring.nmsu.edu** 

## **TRIO Student Support Services Program for NMSU Global Campus Students**

The TRIO Student Support Services program offers academic and social support to ensure that program participants succeed at New Mexico State University. TRIO SSS uses a holistic approach in providing essential services to participants. Services include tutoring, mentoring, and strategies to assist participants in reaching their academic potential. Tutors and Mentors are certified by the College Reading and Learning Association and assist participants with tutoring, developing study strategies, adjusting to college, learning and using campus resources, developing effective study skills, accessing financial aid, using academic peer pre-advising, staying motivated and dealing with personal issues associated with college.

To qualify for the program, students must be a first generation college student (neither parent received a four-year baccalaureate degree), meet income guidelines set by the US Department of Education, demonstrate an academic need or have a learning or physical disability. Admission to the TRIO Student Support Services is highly competitive with only 350 slots available for eligible students.

For comprehensive information regarding services offered by the TRIO Student Support Services Program please visit at the Student Success Center located in the Hardman and Jacobs Undergraduate Learning Center Room 128, call (575) 646-1336, or visit our website at http:// triosss.nmsu.edu

# **Course Listings**

New Mexico State University is currently undergoing a renumbering initiative to align with a State regulatory change. While this process is occurring courses will appear in two ways, a four-digit number or a threedigit number.

# **Course Numbering:**

#### Four-digit Course

ASTR 1120G The Planets Lecture & Laboratory (4 credits (3+3P))

- **Course Prefix-** the four letter code that represents the subject of the course and where the course can be located in the Courses A-Z list below.
- · Course number- (1120) indicates the course is a freshman course.
- · Course Title- will appear after the prefix and number
- · Suffix- will appear at the end of the number
  - Suffix (G)- indicates a New Mexico statewide General Education course.
  - Suffix (V)- indicates a Viewing a Wider World course.
  - Suffix (H)- indicates a Honors courses outside of the Honors prefix.
  - Suffix (L)- indicates a Laboratory course.
  - Suffix (M)- indicates a Multicultural course.
- **Credits** The unit of university credit is the semester hour. In the example the course can be taken and will be charged for 4 credits. The numbers that appear in the parenthesis indicate the number of credits for lecture hours (3) and the number of credits for practicum/ laboratory hours (3).

#### **Three-digit Course**

AERT 105 Aerospace Engineering PLTW (4 credits (2+4P))

- **Course Prefix-** the four letter code that represents the subject of the course and where the course can be located in the Courses A-Z list below.
- Course number- (105) indicates the course is a freshman course.
- Course Title- will appear after the prefix and number
- · Suffix- will appear at the end of the number
  - *Suffix (G)* indicates a New Mexico statewide General Education course.
  - Suffix (V)- indicates a Viewing a Wider World course.
  - Suffix (H)- indicates a Honors courses outside of the Honors prefix.
  - Suffix (L)- indicates a Laboratory course.
  - Suffix (M)- indicates a Multicultural course.
  - Suffix (N) indicates when the course credits are not applicable to the baccalaureate and specified associate degrees and is only added to developmental coursework.
- **Credits** The unit of university credit is the semester hour. In the example the course can be taken and will be charged for 4 credits. The numbers that appear in the parenthesis indicate the number of credits for lecture hours (2) and the number of credits for practicum/ laboratory hours (4).

# Designation

- 100-299/1000-2999 Lower Division (Las Cruces and Community College Campuses)
- 300-499/3000-4999 Upper Division (Las Cruces Campus)
   450-499/4500-4999 Senior and graduate courses (Las Cruces Campus)
- 500-799/5000-7999 Graduate courses (Las Cruces Campus)

All undergraduate students must demonstrate Basic Academic Skills in both English and mathematics before enrolling in any upper-division course (numbered 300/3000 or higher). These requirements ensure that each student in the upper-division courses has the ability to succeed without compromising the learning experience of other students.

## **Course Descriptions:**

The course description will follow the prefix, number and credit hours. The description will explain what the course entails and will display any restrictions that the course may have that will be enforced during the registration process.

#### ASTR 1115G. Introduction Astro (lec+lab) 4 Credits (3+2P)

This course surveys observations, theories, and methods of modern astronomy. The course is predominantly for non-science majors, aiming to provide a conceptual understanding of the universe and the basic physics that governs it. Due to the broad coverage of this course, the specific topics and concepts treated may vary. Commonly presented subjects include the general movements of the sky and history of astronomy, followed by an introduction to basic physics concepts like Newton's and Kepler's laws of motion. The course may also provide modern details and facts about celestial bodies in our solar system, as well as differentiation between them - Terrestrial and Jovian planets, exoplanets, the practical meaning of "dwarf planets", asteroids, comets, and Kuiper Belt and Trans-Neptunian Objects. Beyond this we may study stars and galaxies, star clusters, nebulae, black holes, and clusters of galaxies. Finally, we may study cosmology--the structure and history of the universe. The lab component of this course includes hands-on exercises that work to reinforce concepts covered in the lecture, and may include additional components that introduce students to the night sky.
