

# ECONOMICS (ECONOMETRICS) - MASTER OF ARTS

Select 6 graduate credits of A ST (Applied Statistics) at the 500 level <sup>1</sup>	6
<b>Total Credits</b>	<b>12</b>

<sup>1</sup> Excluding A ST 505 Statistical Inference I, independent study, thesis, project and dissertation credits.

Candidates for the Master of Arts in economics must successfully complete a minimum of 30 graduate credits (concentrations may require more than 30 graduate credits). At least 12 credits beyond the core courses (AEEC 5120 Microeconomic Theory, AEEC 5130 Macroeconomic Theory, AEEC 5240 Econometrics) must be earned by taking courses taught by economics faculty members in the Department of Economics, Applied Statistics and International Business. At least two of the three core courses must be completed at NMSU. Twenty-one of the credits must have one of the four following prefixes: AEEC, ECON, ECDV, or AG E. At least twenty-four of the credits must be associated with courses numbered 500/5000 or above. All students must meet the requirements specified in the general regulations and requirements for admission to the Graduate School and to candidacy. Students preparing to enter the program are encouraged to complete the following:

1. one course in intermediate microeconomic theory and one course in macroeconomic theory with minimum grades of B;
2. one course in college-level calculus; and
3. one course in statistics, including simple regression.

Those students not having completed these courses may be admitted with the requirement that the deficiencies be completed at the beginning of the graduate program. Those students interested in the concentration in regulatory economics are advised to complete two courses in college-level statistics.

Teaching and research assistantships are available to qualified applicants; however, admission to the program does not imply or guarantee an assistantship. It is not necessary to have an undergraduate degree in economics to enter the graduate program nor to receive financial assistance.

**All students in the program must successfully complete a minimum of 30 credits including the following:**
